The senior editor is rustivating at Nag's Head.

It was reported in the city yesterday that a man had been knocked down in Boston, but he saved his money as he had taken the precaution to cork it up in a bottle. Wonder if he was from New Berne.

Mr. J. L. Rhen shipped yesterday on steamer *Shenandoah* 2030 watermelons. They were all the same color—rattlesnake—and very fine. He has fifteen acres off of which he expects 10,000 shipping melons.

There will be an ice cream festival at the residence of Mr. Jas. W. Walker, Wednesday evening, commencing at 7 o'clock, held by the Girls Working Society for the benefit of the Baptist church. All are cordially invited to be present.

**Noted.**  
Near Swan Quarter, Hyde county on the 10th inst., Mr. Benj. W. Williams in the 35th year of his age, after a long and painful illness of twelve months of Dyspeptic Diarrhea.

**Marrah for Hyde.**  
Our agent, Mr. C. C. Taylor, returned from Hyde yesterday. In our last week's work we gain 103 new subscribers—all from Hyde and all, save four, paid in advance up to the 1st of November. That is the best week's work the JOURNAL has ever done; but we think it is deserved, for we are now publishing a better paper than ever before.

**It Pays.**  
It isn't always that one can see the direct benefit of advertising, although all good business men recognize the fact that printers' ink pays handsomely in the end. The departure yesterday on the *Shenandoah* of ten Kinstonians for Nag's Head, is a direct return to the advertisement of both Hotel and Steamer. Not one of them would have gone over but for the notices heretofore contained in the JOURNAL.

**Educational Meeting.**  
A meeting of the members of the Educational Association of New Berne, will be held at the rooms of the Board of Trade on this Wednesday evening at 8 o'clock. All who have subscribed to this object, and also all who desire to connect themselves with the movement, are cordially invited to attend, and assist in the permanent organization of this society.

GEO. ALLEN, Chm'n.  
CLEMENT MANLY, Sec'y.

**Passengers by the Shenandoah.**  
The *Shenandoah* brought in yesterday morning Messrs. W. E. Carhart, Walter Cohen, and Maj. Robt. Bingham. On her outward trip were the following:  
For Nag's Head, J. W. Grainger and family, Geo. F. Parrott and lady, J. F. Parrott, John A. Parrott, John B. Hill, W. A. LaRoque, A. Mitchell, W. F. Roultree and family, J. W. Harper and J. V. Williams. For Elizabeth City James Redmond.

**Mayor's Court.**  
Richard Tucker, was arraigned for loud and boisterous talking on the public streets, thereby making a breach of the peace.

The evidence was, in substance, that Richard went to Frederick Green who was sitting on a goods box near Humphrey & Howards and began to abuse him and talked loud enough to attract the attention of the people in the neighborhood.

At the conclusion of the evidence, Mr. Whitford, counsel for the defense, argued that this was not a case covered by the ordinance in regard to what constitutes a breach of the peace. He contended that simply loud talking, or talking in an animated manner did not necessarily constitute the offense. He alluded to one Wiggins who was in the Legislature and talked so loud that if he was put on Pilot mountain to make a speech he could be heard in Eastern North Carolina. "If it is held that this defendant is guilty then Wiggins, if he was in this part of the State would be brought before the court for a breach of the peace."

His Honor held that Wiggins' case was not a parallel one; that in his judgment he was clearly guilty, and he would fine him \$5.00. Richard attempted to get in a speech but the court told him it was no use. After consulting counsel notice was given of an appeal. A bond of \$100. was required and defendant left in the hands of the Marshal until it was given.

**To the Seaside.**  
The eastern bound train carried quite a crowd to Morehead City last night. Among those from New Berne we observed, Mrs. McAdams, Mrs. Ira E. Hicks, Miss Minnie Bryan, Miss Corinne Harrison, Master Ralph Gray, Col. J. W. Andrews, Mr. J. P. Caddigan and Mr. D. N. Kilburn and lady.

**Your Name in Print.**  
Dr. W. T. Kennedy and lady of Stone-wall, took the train for Glen Alpine on Tuesday.

Capt. O. S. Dewey is visiting his daughter, Mrs. Leo Heartt of Raleigh. W. E. Clarke Esq. left for Wilson yesterday morning. The regular delegates to the Convention preceded him on a special train.

**A Sweet Consignment.**  
The firm of W. P. Burrus & Co. received on consignment on Monday several "caps" of fine honey comb from Mr. Thomas P. Pugh of Hyde county. The "cap" is a box about ten inches square and ten deep placed on the top of the hive over a hole made for the bees to enter and fill it with honey. When filled they can be taken off and an empty one put on without disturbing the bees. Ye reporter tips his hat to the popular firm for the "cap" sent around, and we can bear testimony to its being exceedingly fine and pleasant to the taste.

**Liberal Meeting at Trenton.**  
A Mass meeting of the Independents and Liberals met at the Court House in Trenton Saturday July 15th.

Upon motion, Capt. W. J. Rasbury was called to the chair and J. L. Kinsey requested to act as Secretary.

Capt. Rasbury explained the object of the meeting in a very forcible manner, particularly calling the attention of the people to the present system of county government as being unjust, unfair and not what the people wanted. On motion, a committee of three was appointed by the chair to draft resolutions expressive of the sense of the meeting. Whereupon the Chairman appointed the following committee: W. J. Perry, Madison Perry and F. A. Casper, during the absence of the committee, F. D. Koonce being called, responded in a speech of about one hour and a half, criticizing the present system of county government, and that they were not in accordance with the spirit and genius of our government. That officers not being elected by the popular vote were not responsible to anyone for their actions. That the county government in its present form is often dictatorial and arbitrary. After the closing of Mr. Koonce's speech, Capt. E. R. Page and J. F. Scott spoke at some length endorsing the liberal movement.

After which the committee reported with the following resolutions:

Resolved, 1st That we heartily endorse the platform of the Liberal party as passed by the convention held in Raleigh on the 7th day of June last, and pledge ourselves to support the nominations of said convention in the ensuing election.

Resolved, 2d, That we, the Liberals of Jones county, believe it right and just that taxation and representation should go together, that such is the spirit and meaning of our government and that we are opposed to rings and cliques, and we believe in the people assembling and choosing unbiased by either.

Resolved, 3d, That we will support no one for office who does not endorse the Liberal platform and its principles. Moved and carried that the proceedings of this meeting be forwarded to the New Berne JOURNAL for publication, Daily and Weekly.

W. J. RASBURY, Chm'n.  
J. L. KINSEY, Sect'y.

**For the Journal.**

**The Jewels on Monday.**  
The day has been a noted one in the history of the Jewels. The English and Egyptian embroglio has engrossed most the attention of the "Panel." One member expressed himself as not surprised that the forts did not stand the English fire, as he heard the minister read yesterday that "Mr. Farrow's" said he "wouldn't give straw for them bricks the Israelites were making."

There was a short discussion on the old question of Jonah being swallowed by a whale. No definite conclusion was reached, as there was no account furnished as to what became of the whale, nor how he effected the landing of Jonah—two very important omissions.

"Higgins" was noticing the reading yesterday about the bricks, and said he thought of them forts at once, and when he heard that "Mr. Farrow" said, "Ye are idle, ye are idle," he thought of the "Panel." This brought on his head a severe rebuke for not letting his mind dwell upon better things when in meeting.

The "Panel" is now anxiously awaiting events at the "seat of war." They are deeply interested in the movements of Turkey.

Some apprehension, however, is felt in regard to the prophecy that on November next the El Mehdi or Messiah will come there, and the "Panel" is not anxious to get in his way. One arm of his is to be longer than the other, and they would like to know which arm. They wish to shake hands with the longest one, if indeed his mission to crusade against the adoption of European customs does not forbid such civility.

The wealth of ancient Alexandria was elaborated by a member—the funeral of Alexander the Great graphically described—and the profusion of gold there (then) was breathlessly listened to.

Without some startling news from El Mehdi the "Panel" will likely make a move for Turkey about the last Thursday in November—and a military organization will probably be effected at an early day. A member will proceed to Raleigh to look after the Quaker Bridge Road matter among the earliest steps of the proceedings. No use to mobilize a force with no road to move on.

The departure of the *Tiger Lily* and *Trent*, as also the arrival of the *L. H. Cutler*, was approved.

No visiting statesmen were present to-day.

A deep seated indignation at British treatment was evident, as a love of Turkey was exhibited at the close of the "debate."

**Reply to the Nut Shell**

ED. JOURNAL.—The voluminous reply of the *Nut Shell* to my article of the 10th inst. is before me.

Modesty forbids that I should ask of you sufficient space to reply at length were I disposed to do so; besides this, the arguments relate to a period anterior to my official connection with the Society.

Bro. Pittman's expressions of confidence, as well as his complimentary allusions to the society, are duly appreciated, and if the friendly controversy has begotten in the *Nut Shell* a new spirit of enterprise, then its patrons are benefited and I am delighted.

Very respectfully,  
W. M. WATSON.

Saturday, August 26th, is the day fixed for holding the Lenoir county Convention to nominate Republican candidates for county officers.

Samuel Loftin, Esq., wishes to spend a part of next winter in Raleigh as Republican representative from Lenoir county in the Legislature.

Dr. John A. Pollock, of this place, was called to-day to attend Wm. F. Foy and his sick family in Jones county. The reputation of this young physician is extending to adjoining counties.

Joe Lassiter, the unequalled horse tamer and manager, returned home last week from an extended trip into New York and Pennsylvania, attending the great horse races and examining the fine stock of those States.

Frank H. Darby, Esq., the Liberal nominee for Judge in 3d judicial district was in this town last week. He is a good lawyer, a sober and pleasant gentleman and a "survival of the fittest" in the line of judicial evolution.

It is written over the entrance to Dante's Hell, "He who enters here, comes not back again." This forbidding inscription, with truth and propriety, might be placed over the door of our county jail. It is refreshing, however, to know that the late grand jury has presented our county commissioners for tolerating the abominable nuisance of this jail and its surroundings.

Capt. Thos. L. Hartsfield, of General Ransom's river force, is here on a visit to his family. This force is now at work a little below Smithfield in Johnson county, where the river is choked up with logs and sand. The river lands where he is at work is the best he ever saw. Hon. W. A. Smith owns two thousand acres of these lands—two hundred of which are now in corn cultivation, planted about a month ago, and will make ten thousand bushels of corn. So the monies spent in the improvement of Neuse river are coming back in the "staff of life."

J. Y. Joyner, County Superintendent of public instruction spent three days of last week in Kinston, examining applicants for teachers in the public schools. The Superintendent seems to understand and perform well the duties of his position, possessing all the patience and attainments to make an efficient

examiner. Miss Agnes Grady, of this place, obtained a first grade certificate and Miss Zobia Davis of Pink Hill, a second grade certificate. E. J. Baker, colored, of Woodington, a second grade and W. E. Baker, F. R. Nunn and L. W. Cox, colored, third grade certificates. The examiner says a little studying and reviewing, in the line pointed out to the applicants, these third grade certificates.

The masons, painters and carpenters will be put to work this week on the Collegiate Institute property, repairing, repainting and refurnishing it for the beginning of the fall session which opens on the last Monday in August next. The Principal has secured the services of a popular and successful teacher for his assistant. Miss Robey, daughter of Rev. W. M. Robey of the Methodist Church at Goldsboro, will have charge of the department of music. She has the reputation of being one of the most efficient and accomplished music teachers in the State. The owners of this property are men of means and are liberal with their money in this direction. The Institute promises still to be useful and to prosper in its usefulness.

**Morehead City Items.**

The bark *Wintour* with steel rails for the Midland is at the dock.

Gov. Jarvis went off this morning bound I think to Elizabeth City to open political ball with Judge Bennett. Col. Keenan was also on the train having located his wife at the Atlantic for the summer.

Our farmers will commence on Wednesday to ship their melons North. There are now two fine looking and trim built Northern vessels in port and two or three others are expected soon whose captains and owners buy their melons. They are paying seven cents apiece for primers or melons that will measure 21 inches in circumference and three cents apiece for culls.

Mr. Ertok.—Our little village is full of strangers and every one seems to be enjoying themselves finely. Your town is well represented. Mr. J. A. Bryan and family, Washington Bryan and family and Mr. Geo. Dail at the Atlantic; Mr. D. Stimpson and family at Mrs. Fall's; Mr. Slover and family at their summer residence; Messrs. Roberts Bro. and families at their new summer home which is not quite completed yet; Mr. B. Bell and family, L. J. Moore and family, Mrs. Claypoole and family, Mr. Clark and family, Major Hearne and wife at the San Souci that I know of.

On Saturday night, or Sunday morning rather, Mr. Lydie a gentleman from Lynchburg, Va., who was keeping bar for Mr. Miller, jumped off or fell from the second story of the bar-room building, a distance of about twenty or thirty feet, and laid where he fell until 4 o'clock Sunday morning when he was found. He remained unconscious until one o'clock this morning when he died. His remains were carried off on this morning's train. One of his legs was broken but his body did not show any signs of being bruised except on the left side and it is supposed he struck a post in his fall and this blow killed him. He was a fine looking man, hearty, and from what I could see bid fair to live to a good old age.

**Jones County Items.**

Nearly all the farmers have laid by their corn.

Mr. D. L. Gooding reports crops very good upon Beaver creek.

We have had at last about as much rain all over the county as is needed.

We are certainly very glad to know that the present prospect is so promising for an abundant harvest this fall.

Another treat for Trenton—"N. Teet's Great United States Concert" will give an exhibition in Trenton Saturday afternoon and at night.

Mr. Thomas Gillett of White Oak in this county, tells us that the crops are better this year on White Oak than they have been in the last twenty years. Glad to hear it.

The mass meeting of the Liberals came off last Saturday. W. J. Rasberry Esq., was called on to preside over the meeting and J. L. Kinsey acted as Secretary. Mr. Rasberry, upon taking the chair, explained the object of the meeting, and said he was in full sympathy with the Liberal movement in North Carolina.

well hoping him much success and also that all his political aspirations may be realized even to the extent of Register's office or a member of the Legislature which offices, rumor says, he is aspiring to. But I hardly think the republicans yet, will be deceived by liberal democrats; like the ass in the lion's skin their ears stick out.

While Mr. Koonce was speaking, it was announced that Mr. W. W. Clark from New Berne had arrived and would address the meeting and a committee was immediately appointed to wait on him, and said committee very soon reported that Mr. Clark was only passing through town; apparently very much to the disappointment of chair and Secretary. M.

**Hyde Jottings.**

Mr. Joseph Hodges near Lake Forest has the finest sweet potato field in the whole country.

Mr. A. B. Swindell is building a fine new store at Lake Forest. His increasing business has made this necessary.

Near Swan Quarter there is a man, a mason by trade, a mason by name (Jesse Mason), and a member of the Masonic order.

Your Reporter was struck with amazement at the mighty corn crops in the county. It is said that Dr. P. H. Simmons at Fairfield makes over \$2,000 a year, net, on his corn crop. Think of that ye cotton men.

The ladies at Fairfield on the nights of the 12th and 13th inst. gave a festival for the benefit of the brass band, clearing \$150. This band has been practicing only three months and makes really excellent music (ye Reporter knows whereof he speaks, as he himself has been "one of the boys.")

**Greene County Items.**

The marrying fever continues to rage, regardless of the weather.

I also understand that there is two more being contracted for the same purpose.

The L. O. O. F. was re-organized in Snow Hill a short time ago with twenty-five charter members.

Our countymen are becoming enthusiastic over politics, we anticipate a lively campaign this fall.

Several of our teachers got back from the Normal School, held at Goldsboro and seem not to regret having attended.

Mr. J. D. Grimsley is alive at his business again and has not stopped making brick yet—notwithstanding although—

Mr. Luby Harper, Sheriff of this county captured and returned three escaped convicts to the penitentiary last week.

The crops of Greene at present are looking promising, the only complaint being bad stands. The wheat crops of this section turned out badly.

Mr. Lem, Hardy and Olin Bell (both of this county) are building a steamer to run from Snow Hill to New Berne and will when loaded not draw more than two and a half feet of water.
