The water works turn loose on New Berne every evening.

The *Tiger Lily* leaves this morning at six o'clock for points in Hyde county.

Two bales of cotton at the Exchange yesterday. It closed low middling and went off at 11c.

The Durham Brass Band passed up from Morehead City yesterday morning. They "footed" a piece at the depot. It is a good band.

Mr. F. D. Koonce, a leading Liberal of Onslow, is in the city. He says the Liberals have swallowed the Republicans—Jonah has swallowed the whale.

The steamer *L. H. Cutler* returned from her first trip to Trenton yesterday. J. C. Whitty, Geo. Watson and family and Aaron Farnell were on as passengers.

The steamer *Neuse* arrived from Kinston yesterday evening with nautical stores, corn, watermelons and the following passengers: Miss Lizzie Biddle, Mr. Charles Sutton, J. L. Tucker, Wiljoy Ewell, W. Gaskins, Lafayette Kirkman, Haywood Hayes, Mr. Boyd and Dennis Carawan.

The *Tiger Lily* arrived from Hyde county on Wednesday night with the following passengers: T. W. Mayhew, H. G. McCloud, R. H. Tunnell, Jr., G. Weston, D. W. Wilkinson, S. J. Beckwith, J. D. Weston, A. L. Cradle, Mrs. L. C. Credle, Miss Sadie Swindell, C. Swindell, Mrs. Francis Swindell and servant.

Among the freights carried out by the *Shout* yesterday were 400 bushels of wheat from Falling Creek Lenoir county, 900 bushels of oats shipped by J. A. Meadows; 30 tons of cotton seed meal by A. R. Dennison, 400,000 wooden plates by Capt. S. H. Gray; 5,000 watermelons and a lot of naval stores from Smithfield—the first shipped via the Midland Railway.

Excursion.
An excursion train will run from Goldsboro to Morehead City on Tuesday, July 25th. Rates very low, and parties should avail themselves of this opportunity to visit the sea shore.

Return tickets good for ten days on regular train for a little more than excursion rates.

Wilson Wins.
In the great glove fight in Madison Square garden on Monday night between Sullivan, the American, and Wilson, the Englishman, both champion pugilists—Wilson pocketed \$1,000 of Sullivan's money and half of the gate receipt which amounted to about \$10,000 more. For this amount he took a pretty good pounding.

Sailing with Wind.
Mr. James Hancock, who lives across the river from New Berne, runs a scull and tipping lath by sail. Captain Thompson was out sailing yesterday evening, and seeing a revolving sail on the other side of the river, he made for it and upon arriving he found that Mr. Hancock was making better use of wind than he was.

News from Wilson.
From the telegrams given below all was not smooth sailing at the Convention at Wilson on yesterday. We turn the question over to the "Jewels" to decide who is nominated.

WILSON, N. C., July 20th.—O'Hara is nominated. The Hubbs delegates withdrew from the Convention and will nominate Hubbs.

L. J. MOORE.
WILSON, N. C., July 20th.—Hon. O. Hubbs is officially announced as being nominated by the Convention, having been endorsed by a majority of the legal delegates.

JNO. S. MANIX.

Two Candidates.
Mr. L. J. Moore arrived from Wilson last night and gave the following explanation of the telegrams given in another column in regard to the nomination for Congressman at Wilson. After the question of representation from the counties of Craven and Northampton had been settled, Col. Humphrey seeing there was no chance for him withdrew from the race. At this juncture, before any vote had been taken, Watson of Wayne got the floor and addressed the chair, stating that Col. Humphrey had withdrawn, and that O'Hara had 4 votes from Wayne, 2 from Greene, 4 from Halifax, 4 from Northampton and 3 from Edgecombe, making in all 17 votes which was sufficient to nominate him; he therefore moved that O'Hara be nomi-

inated by acclamation. This announcement brought such an outburst of applause that everything was thrown into confusion, and during this time O'Hara made a speech and accepted the nomination, declaring he would remain in the field until the sun set on the day before the election, while the chairman of the convention and the Hubbs delegates withdrew and nominated Hon. O. Hubbs.

The Greenback Nominations.
The National Greenback party of Craven county assembled at the court house on yesterday for the purpose of nominating candidates for county officers and members of the Legislature. The meeting was pretty well attended, there being thirty or forty of the party present—nearly all white—and about as many spectators. While the meeting was not a very enthusiastic one, yet, there was a good deal of earnestness in their deliberations, and we predict that they will give both the old parties some trouble about the vote in this county. The following proceedings were had:
The meeting was called to order by Thos. Stanly Esq.

On motion, Cicero Green was elected chairman, and O. H. P. Weatherington secretary with Thos. Stanly assistant.

The chairman stated that the object of the meeting was to nominate candidates for county officers and for members of the Legislature.

A committee of five, consisting of J. A. Jackson, R. J. Brock, J. T. Weatherington, Andrew Davis and Isaac Brock, were appointed to draft resolutions.

The committee retired and during their absence, Mr. Birch of Pamlico was called upon to report the condition of the party in his county. He came forward and in a few remarks stated that the party was thoroughly organized all over the county, and that if some good speakers would canvass the county they would be certain to carry it in the next election; he was hopeful of carrying it anyhow.

The committee returned and reported the following resolutions which were unanimously adopted:
We, the people of Craven county in the convention assembled, this 20th day of July A. D. 1882, do adopt the National Greenback labor platform as adopted at Chicago, as our platform.

Resolved, That the people of the State to the equitable control of all corporations and corporate interests within its limits in the just interests of all is absolutely invaluable.

Resolved, That all legislation in favor of and attempted granted of rights to corporations by which they are permitted to wrong or oppress the people, are usurpations tending to the destruction of a republican form of government and the establishment of a monarchy in its stead.

Resolved, That we demand the control by the State of all corporations and corporate interests within its jurisdiction to the extent of compelling them to perform their legitimate work of serving the public without discriminating for a just compensation for the service rendered.

The chair announced that the next thing in order was the nomination of candidates. The following were nominated: For the Senate, Cicero Green; for the House, Major Dixon, col.; for Clerk of Superior Court, J. A. Jackson; for Sheriff, Daniel Davis for Register of Deeds, J. T. Weatherington; for Surveyor, Harry Brown; for Treasurer, George Bishop; for Coroner, John H. Thomas.

The chair was authorized to appoint the delegates to the State and District Conventions, and to appoint the Executive Committee for the county.

Mr. J. A. Jackson being called on, addressed the meeting upon the principles which govern the Greenback Labor party. He was followed by James McDaniel, col., who made an enthusiastic speech and closed by saying his party would nominate a National President in spite of the State of North Carolina. The meeting adjourned.

The Jewels Overpressed.
Wednesday was an oppressive day, the thermometer over 86°, and the Panel with an overplus of cases and short of help, gave the "faithful few" an unusual day's labor.

The Wilson Convention bore heavily on their hands, and was a pretty question to discuss, especially in the absence of any information from the scene of action. The rumor that large sums of money would be used received serious consideration.

The Greenback Convention, to be held here, was announced to the Panel, and permission given to convene, and proceed to issue any amount of the precious currency without further reference to this body.

and if a vote had been taken the movement would have been "de... on the corner" having the decis...

The attention of the Panel was called to the imperfect reports of the Panel published in the JOURNAL. Complaint was made that many important decisions were not published at all, and the able arguments contemptuously omitted.

A motion was made to procure the services of a first-class paragrapher to furnish the "proceeds" of the Panel to the city press; also to see upon what terms they could be disposed of to the American Press Association and the Reuters of Europe. After some private discussion as to how to spell Reuter, some insisting on "Rooter," a vote was reached, and also the decision to have NUNN.

The organization of the Educational Association was introduced to the consideration of the Panel, and great indignation manifested at such a procedure without consulting the Panel. Great enterprises should have great "startings." The intimation that the projectors of this one had omitted to consult the Panel on account of their diplomatic engagements on the Egyptian war somewhat reduced the indignant temperature, and it will be considered at another sitting.

As the Panel is now frequently quite reduced in numbers, wealth and intelligence, a rule was made that all cases involving large amounts should be subject to a consideration of the "court in banc" before decisions were final. Small amounts—anything under two millions—would be disposed of without right of appeal.

The "store on the corner" having been twice struck by lightning in the past, a hasty adjournment generally precedes an approaching thunder storm, and this was the case to-day.

Kinston Items.

The United States Concert, a moral show, will perform at Kinston on Monday, July 24th instant.

Henry T. Richardson, of Sand Hill township, is after the Republican nomination for Register of Deeds.

Mr. Barney Stroud, a merchant of this place, died here of malarial fever, on the 19th inst. He had been sick about three weeks.

The city member of the Inferior Court says "to temper the wind to the shorn lamb" will always be his sweetest judicial pleasure. *The ladies shall be protected.*

Capt. W. G. Rasberry, the "lucky lawyer" of Jones county, is spoken of as the Liberal candidate for Solicitor in the 3d judicial district to fan out the "bull of the woods" from Greene county.

Jas. H. Banks, living near the Cobb Mills in Lenoir county, lost last Monday along the public road, his pocket book containing \$140. He afterwards found the book on the road but the money was gone.

Frank Brown, Esq., son of Isaac Brown of Jones county, is the Liberal candidate for State Senator in the 9th district, composed of the counties of Jones, Carteret and Onslow. These Brown boys "succeed like success."

The consensus of public opinion calls for Col. C. C. Clark to become a candidate for Congress in the 2d district. A shrewd Republican conversant with public sentiment, says, "If Col. Clark will announce himself a candidate for Congress and stump the district, discussing the county government system, he will win a seat in the next Congress of the United States in spite of the nomination of the Wilson Convention."

STATE NEWS.

Cleaned from our Exchanges.

Raleigh Evening Visitor: We have been shown by our friend Isaac W. Rogers, a ear of corn measuring about 35 inches from the stalk to the end. The ear itself measures about 18 inches. It was only ploughed once. This beats anything we have seen—

Mr. George W. Atkinson, at Apex, sowed eight bushels of wheat last fall, from which he realized one hundred and fifty bushels of wheat after it had been threshed. This was raised on ground where not a particle of manure had been placed. At the above rate it shows that each bushel of wheat sown turned out eighteen bushels and three pecks of the acre. Good yield. Can any of our readers beat it?

Greensboro Daily Eagle: The week beginning August 7, 1882, will be a remarkable one in the history of Greensboro. The first State Fruit Fair will be held here on the 9th and 10th. The Democratic Congressional convention will meet on the 9th. The stockholders of the Greensboro Female College Association will hold their first meeting and organize on the 10th. The stockholders of the Cape Fear and Yadkin Valley Railroad will meet on the 11th. This is clustering important matters. Won't we have a crowd in town that week? Besides all this we understand the Greys are seriously contemplating doing something.—We regret to learn that our venerable friend Wm. J. Long, of Randolph, has sold out with a view of moving to Minnesota. We did not think he could be induced to leave Woodstock.

J. Van. Lindley, on Saturday, gained his suit against

the Richmond & Danville Railroad for damage sustained in the delivery of fruit trees during the winter of 1880-81. This suit is one of a number and both parties agreed that it should be a test case—letting all the others depend upon the issue in this one. The verdict in this case was only for \$433 with interest; but the combined suits amount to nearly \$10,000. An appeal was taken by the railroad.

Wilmington Star: The Sumpter (S. C.) Light Infantry, under command of Capt. D. J. Auld, arrived here yesterday morning, on the 6:20 train from the South, for the purpose of going into their regular summer encampment at Smithville. They were met at the depot by the Wilmington Light Infantry, Capt. J. L. Cautwell, where the visiting military were welcomed and received in a neat speech by Lieut. E. A. Oldham, of the W. L. I., which was appropriately responded to by Capt. Auld, of the company.—A colored woman, named Frances Moore, was drowned last night at 12:15 o'clock, in the river at the foot of Market street. She is said to have been under the influence of liquor, was sky-larking with a colored man and chased him on board of the steamer *Minnehaha*, stumbled as she stepped on the boat, fell into the river, and sank to rise no more.—Mr. Lewis P. Newman is suffering severely from sunburn inflicted during the search for the bodies of the boys who were drowned off Fort Caswell last week. He together with Mr. W. S. Hardwick, of this city, and Mr. Dunbar Davis, of the Life Saving Station near the mouth of the river, and his boat's crew, spent a good portion of last week in vain search for the bodies, using a seine and other customary appliances. Mr. Newman came home Thursday evening in a very bad state, his lower limbs being so badly burned that it was not until yesterday that he could venture to use them. Mr. Hadwick was also badly burned.

The officers of the Revenue Cutter *Catfish* manifested a disposition to assist all they could in the search of the missing bodies, which it is now thought will never be recovered.

Raleigh News and Observer: The present membership of the North Carolina Pharmaceutical Association is one hundred and sixty-two.—Specimens of our North Carolina building stones have been sent to the National Museum at Washington, to the number of forty. Some more were sent yesterday, and more are being prepared. In all over 100 specimens will be sent.—A singular state of affairs now exists. Corn is higher than wheat, the first time such a thing was ever known heretofore. Corn now sells at \$1.15 and wheat at \$1 per bushel. A prominent merchant yesterday said that he believed corn would be down to fifty cents a bushel in ninety days.—The growers of fruit and vegetables complain that so great is the quantity of both that prices are down to a non-paying figure. Cabbages are selling at a cent to three cents per head, apples at ten and fifteen cents a peck, tomatoes twenty cents a peck, and so on. Well, it's a good thing for the people, who haven't enjoyed good vegetables in about three years.

To the Public.
To my great surprise I learn that the Greenback Convention which convened at the Court House on yesterday, nominated me for the office of County Treasurer, without my knowledge or consent. Having never affiliated with the party, I respectfully decline the nomination tendered.
Geo. Bishop.

To the Public.
The National Greenback party of Craven county in the goodness of their hearts, nominated me, on yesterday, for High Sheriff of said county, against my expressed wish, which nomination I declined, when officially notified. I am, and have been, a Republican since the formation of that party, and am a candidate for nomination to the above office before the Republican County Nominating Convention soon to be held in this place.
