W. Erwin claims to have the nicest corn in Craven county.

Steamer Trent went up Neuse yesterday, taking up an engine and fixtures for a saw mill consigned to Dr. W. H. Carr, and one large engine and boiler for Mr. Hezekiah Davis, besides a good lot of general merchandise, and several passengers.

Steamer L. H. Cutler arrived from Vanceboro with lumber and cleared for Pollockville and Trenton after discharging, with a full lot of merchandise and several passengers. Among the freight was an engine and boiler for Mr. J. H. Banks' saw mill to be operated on the River below Trenton.

We have the Prospectus of the Fayetteville Gleamer, a 16 column semi-monthly paper, to issue Aug. 15th, and to be edited and published by William Hastings Brooks, a son of Rev. John R. Brooks who is so well and favorably known in this community. The subscription price will be fifty cents a year, and we hope the young gentleman may meet with much success.

**O'Hara in Northampton.**  
J. Moore Esq. received a letter from Jas. E. O'Hara yesterday in which he stated that on the 29th of July at Jackson, Northampton county, the County convention and a large mass meeting endorsed him as the regular Republican nominee for Congress.

**River and Marine.**  
The steamer Stout arrived from Baltimore on Wednesday night with a full cargo of general merchandise.

The schooner Sarah Midyette, Flavius Spencer Capt., arrived from Fairfield on Wednesday with a cargo of corn consigned to Burrus & Co. and J. A. Meadows.

**Hyde County Musicians.**  
Several members of the Fairfield Silver Cornet Band have been in the city this week. Among them we had the pleasure of meeting Mr. T. B. Gibbs, tenor; Mr. E. N. Spencer, B flat cornet; Mr. L. L. Rue, bass, and Mr. J. R. Sadler, baritone. Under the tutelage of Mr. T. Welsh they are becoming quite proficient. The bass drummer, Mr. H. C. Carter, is at Morehead City fattening and growing round like a drum.

**Making his own language.**  
"I make my term—careful," said councilman Crawford, on Tuesday night while discussing the motion to allow the Athletic Club to erect a building at the foot of Broad street.

**Old Paper.**  
Mr. J. M. Collier of Cedar Keys, Fla., who has been sojourning here for several months shows us a newspaper venerable with age. It was printed Jan. 4th, 1800, at Kingston, Ulster county, New York. It is a five column paper and is filled with grave national matters rather than frivolous personals. London news of Oct. 20th—seventy-two days old—was given as the latest foreign news. General Washington had just died and the inside of the paper is in heavy mourning, as well as descriptive of his death and burial. One of the advertisements runs into poetry and the following sample is given:

I with my brethren mean to live,  
But as for credit shall not give;  
I would not live to rouse your passions  
For credit here is out of fashion.

**Mayor's Court.**  
Jimmie Johnson, colored, took a hand in violating that greatly abused section of all the ordinances—11 of chapter 8—on Tuesday. He went home in a fury; wanted the razor to cut things to pieces; failing to find it, he searched for the gun; his wife, becoming alarmed, picked up one of the children and run down stairs, went out at the door and picked up a hoe; Jimmie followed her, took hold of the hoe and swung her around; she screamed out, whereupon two other ladies in the neighborhood came to her assistance. They tried moral suasion on him, but he cursed out the whole lot.

"Jim Johnson, stop this way. It appears that you did not strike this woman, but you cursed and used loud and

boisterous language. I shall fine you \$5.00 and the cost."

"All right, sir; come on less go git it." A case of firing off a gun in the city limits was up, but not proven against the individual charged with the offense. A witness by the name of John Slippery was introduced but his testimony was not slick enough to convict.

**Your Name in Print.**  
Mr. A. T. Jerkins and lady took the train for Company Shops yesterday morning. They are on a visit to their plantation in Alamance county.

Col. W. S. Carter and family of Hyde county took the train for Asheville on Tuesday morning.

Mr. J. B. Webb of Kinston, is in the city on his way to Hyde county, via the Tiger Lily to visit his daughter, Mrs. D. R. Midyette.

Mr. J. T. Rhem and daughter, Mrs. J. A. Patterson and lady, Misses Lidie Patterson and Bessie Planner, Cadette Jas. B. Hughes and Mr. J. J. Baxter of the city and Mr. L. Harvey, of Kinston, were passengers for Morehead last night.

Mr. and Mrs. F. W. Hancock leave this morning for Tarboro, where Mrs. Hancock will spend the remainder of the summer. Mr. Hancock will go from Tarboro to Winston to attend the Pharmaceutical Convention.

Mr. Jas. B. Banks of Jones county was in the city yesterday. He thinks his cotton crop with favorable seasons will yield 200 bales—as much as last year, but will be two or three weeks later.

Mr. Jas. H. Banks, an excellent farmer from near Kinston, says his cotton crop is fully as good as last year, but two or three weeks later.

Dr. Simmons of Hyde—now stopping at Morehead City—spent the day in the city yesterday.

**Cotton Statistics.**  
The cotton reports sent in to the Cotton Exchange of New Berne by correspondents from the adjoining counties, for Aug. 1st, 1882, are in and we collate some statistics from some of them. C. S. Wooten of La Grange reports "good weed but not so full of fruit as usual—about one fourth or one fifth to be taken off from usual yield on account of bad stand." W. H. West, from near Kinston: "Plenty of grass—recent rains have caused rapid growth, but don't consider it a very good indication." E. F. Sanderson, near Pollockville: "Labor plentiful and good—cotton running to weed since July rains set in." W. L. Kennedy, Falling Creek, Lenoir county: "Last ten days too wet; corn crop fine; oat crop 25 per cent. better than last season; wheat crop ten per cent. better, grain good and harvested in good condition; cotton growing rapidly but needs fair weather to make it fruit well." A. L. Heath, Croatan: "Crops 20 per cent. worse than last year—too cold in the spring and too wet in July." E. F. Carraway, Merrimon, Craven county: "Cotton is in bad condition; the heavy rains prevent plowing." Isaac Brown, Tuckahoe, Jones county: "Weed a little larger than last year, not so many bolls but fruiting rapidly; rather too much rain in the last two weeks, causing some of it on light lands to turn yellow." Cyrus Foscoe, Fowle, Jones county: "The rains have been excessive, so that the original stand has an abnormal growth; the crop cannot be anything like an average one, owing to bad stand and too much weed." Geo. N. Ennett of Cedar Point, Carteret county: "Crop commenced blooming as early as last year; a portion of our township on the coast was retarded in its growth by severe winds, which seemed to dwarf it, though it appears now to be fruiting as well or better than if it had not been checked." John Pearce, Pollockville: "Weather less favorable than last year; stand not so good; crop two weeks later; crop about 90 per cent compared with last year; great improvement in the last month, but bad stand keeps down the percentage." N. H. Banks, Grantsboro, Pamlico county: "Weather unfavorable; stand good and crop eight or ten days later." Geo. W. Ward, Swansboro: "Labor better than last year—less in quantity but more efficient." C. H. Fowler of Stonewall: "Crop four weeks late; labor scarce; excessive rains from 10th to 22nd of July has very materially cut off cotton, causing blooms to shed and young bolls to fall." E. B. Hargett & Bro., Silver Dale, Onslow county: "Crop two weeks late; labor scarce and inferior; don't think the heavy rains have damaged cotton materially, though if they continue much longer the forms will soon begin to shed." J. M. F. Rhodes, Comfort, Jones county: "Cotton looks fine; my crop is taller than it grew last year; I have cotton over 5 feet high, and it seems to be fruiting finely; I counted on a stalk 3 feet high, of the Dickson cluster, 75 bolls and squares; I can find stalks that have over 150 bolls and squares; the prospect was never brighter for a full crop; think I will make six bales on five acres."

**TRENTON, N. C., Aug. 2d, 1882.**

**MESSES EDITORS:**—That portion of the certificate in yesterday's JOURNAL purporting to be from myself and other delegates declaring "the Hon. O. Hubbs the regular nominee of the Republican party" is not true as to myself, and I disown and repudiate the same. In other particulars the certificate is correct.

Very truly,  
E. R. PAGE.

**BAUFORT, N. C., Aug. 1, 1882.**

**MR. EDITOR:**—The sharpie Lucia beat her own record yesterday, she took out to Cape Lookout, M. A. Parker of Raleigh, Adrian Daniels of Wilson, Bro. Journey and Geo. N. Ives who caught 240 Mackerel and Blue fish. This is the best fishing for several years and Bro. Journey is now happy.

The Lucia has been to Cape Lookout with fishing parties eight successive days—except Sunday—and has taken over 1200 Mackerel and Blue fish with trolling lines, the greater part being Mackerel. The wind has been from the South every day but one, making the trip on the ocean a rough one, but highly exciting and exhilarating. Come down and take a troll with us.

I. N. G.

**County Commissioners.**

**MR. EDITOR:**—An article in yesterday's issue on County Government, asks that a change of Commissioners be made, and suggests the names of several well known men as Commissioners for next year.

There is no doubt that the men there suggested are fully competent for the place, but unless we are greatly mistaken, not one of the persons named could be induced to serve on the Board.

A change is not always desirable, particularly when able and good men compose the Board. The magistrates will no doubt act wisely, and we trust that they will select competent men for the responsible position, and men who will accept the office.

**OUTSIDER.**

**Council Proceedings.**

**NEW BERNE, N. C., Aug. 1st, 1882.**  
Regular meeting of the Board was held this evening, Mayor Howard presiding. All the members were present. Councilman Miller presented a petition from Daniel Stinson and others, asking for the adoption of an ordinance to prevent pigeons from flying at large. Referred to Sanitary Committee.

Councilman Bell made a request from several citizens that the fire bell be used to denote the time of day. Referred to Fire Department Committee, with request that they consult the officers of the Fire Department.

Councilman Miller asked that more force be employed to cut down weeds on the streets.

A motion was made by Councilman Willis that the cows be turned out for sixty days, with a guard for each six cows. The yeas and nays were taken. Councilmen Willis, Morris and Crawford voting yea; Councilmen Miller, Smallwood, Simpson, Bell and Moore voting nay.

The chairman of the Finance Committee asked for further time on rent of buildings.

The chairman of the Committee on Wharves and Docks reported that they had interviewed several parties in regard to a lease of the dock at the foot of Broad street to the Athletic Club and made no recommendation. A motion was made that the property be leased to said Club. The yeas and nays being taken, resulted as follows: Willis, Crawford and Morris voted yea; Bell, Smallwood, Miller, Moore and Simpson voted nay. The motion was carried.

The chairman of the Cemetery Committee reported Cedar Grove Cemetery in splendid order and Greenwood in fair condition. He stated also, that the Sexton of Cedar Grove Cemetery had been sick for some time and that parties had requested him to intercede with the Board to get Mr. Russ appointed Sexton instead of assistant Sexton, and that Mr. Gaskins be allowed to do any work for private parties in the Cemetery that he could secure.

The chairman of the Finance Committee stated that this matter had been called to their attention, and moved the services of Mr. Gaskins be discontinued and Mr. Russ appointed Sexton.

Moved by Mr. Moore that after this date the Tax Collector be authorized to receive in payment of all taxes one half vouchers and one half cash till Nov. 15th, 1882. Carried.

The matter of collecting the old taxes due the city was referred to the Mayor, Tax Collector and City Attorney, to devise some plan to collect the tax.

The question of copying the Tax List was brought up and Councilman Miller stated that he thought the Clerk should be required to do the work without extra pay.

Mr. Smallwood moved that the Clerk

be instructed to copy the Tax List without pay. The motion was lost.

On motion of Councilman Moore, the matter was referred to the Finance Committee to employ some one to copy the Tax List.

The City Marshall's report was read, showing the street and pump work to cost \$107.36. Fines and costs collected \$42.39. The report was adopted.

Mr. P. Holland, Jr., stated that he had paid a tax of \$4 on property listed by him for Lewis Webb and that Mr. L. J. Moore had listed the same property and paid tax also. On motion the Tax Collector was ordered to refund the amount, if he found that double tax had been paid.

The time of meeting was fixed at 8 o'clock till October 1st, 1882.

On motion the bills were allowed, the minutes read and adopted, and the Board adjourned.

A. W. WOOD, City Clerk.

**LINES.**

**Addressed to Captain W. J. H. by one of his Relatives in Greene.**

Air:—"Dear Father Come Home."

O, Willis! dear Willis! come back to the fold,  
Your relatives are weeping for you,  
For we thought that in Jones your faith was pure gold,  
Neath the counsels of Col. Askew.

The Raspberry's have all met—have talked and have cried,  
For they knew you had always been true,  
And each one declared that the JOURNAL had lied.

In that statement it made about you,  
CHORUS:—O Willis! etc.

There's Jacob, Jonas, Doc, Alexander and Ed,  
Sam, Benjamin, Allen and Titus,  
Who were grieved when from the JOURNAL they read,  
That you had gone over to fight us.

CHORUS:—O Willis! etc.

Was it Page, Durant Harrison, "Tecumseh" or Scott,  
That caused you to leave the Democracy,  
And enlist with the Revenue man, Dr. Mott,

To follow "my son Oliver Dockery,"  
CHORUS:—O Willis! etc.

**Pink Hill (Lenoir Co.) Items.**

We continue to get good showers; since my last we have had two "gully washers." "The cotton will begin to shed now," is the cry of every one, but I reckon it is to keep up the old habit of grumbling, though I have seen signs of shedding on light lands.

B. G. Howard has some as nice cotton as I have seen this year. The weed is nice and is fruiting beautifully. His corn crop is splendid. He killed a deer the other day and the report says he was to set up with a few days. But I reckon he has got over the shock, as I heard him blow his horn this morning.

P. S. Ervin and Ed. Williams are to represent Pink Hill on the excursion to Morehead the 8th of August. We would not be surprised if some young ladies heard of the nice corn and rice on Beaverdam, as they are both young men and would be glad of an help-out, as well as an help-meet. They both have nice crops.

We were pleased to have company of Mr. W. H. Cox of Onslow a few nights ago, on a visit up to Kinston. We knew that friend Bill was a single man, and not wishing to make ourselves inquisitive, just concluded that he would have business with the Register of Deeds in a short time. He informed us that crops were looking well in Onslow.

Anthony Davis, Esq., has about four acres of the finest upland corn I ever saw. He believes in shallow plowing, altogether. He has been experimenting for the last few years in shallow plowing with good results. We regretted having to leave his company so soon, as he has most excellent ideas for young farmers.

A. G. Tyndall, A. J. Tyndall and Henderson Tyndall are digging marl on Wm. Howard's land. It is a most excellent manure for cotton, wheat and corn. It don't appear to be as strong as some of the shell marl. You can use a greater quantity to the acre without injury. They want one thousand bushels each. Bill has a quantity of this marl, and is a single man, but I think he is about to conclude that "it is not good for man to be alone."

Rev. H. C. Bowen preached a most excellent sermon to a large congregation at Pleasant Hill in Jones county on last fourth Lord's day. He stopped with us at night—gave us an account of his trip to the Normal School at Wilson and his visit to the Graded School while there, etc., all of which was very pleasant and entertaining. He expected to be at the Sunday School Convention of the Disciples, to be held at Old Ford on Friday before the fifth Lord's day in July.

Mr. J. W. Kinsey has cut off his beard; he is no longer known as "the

man that swallowed the gray horse and left the tail out." We don't see why the old man wished to part from his beard. We so remarked to a neighbor the other day. "Hav'n't you heard the cause?" he said. "No." "I'll tell you; he went to the picnic at Uzzell's last week and sought a partner among the young ladies for a dance and failed to get one. He concluded that his beard betrayed him as an old man. Whereupon he went home and cut off his beard and vowed he would never wear a white beard again."

**Stonewall Items.**

I heard last evening that Mrs. Lewis, wife of Wm. H. Lewis, Jr., was very low.

Mr. Jas. B. Casey had the misfortune a few months since to lose his wife. She left a pair of twin infants, and a few days since one of them passed over to its mother, and this morning the other passed over to her.

Weather hot, rain bountiful, crops doing well. Rather wet in some sections of the county. Those who planted jute are jubilant over their prospect; their reports are very flattering. The jute factory has not made its appearance yet. I have been reliably informed that the jute fibre shipped to New Berne by Dr. D. H. Abbott, of Vandemere, netted him 5cts. per pound.

The National Greenback party of Pamlico held their nominating convention last Saturday at Bayboro and the following gentlemen were their nominees: For Representative, Rev. Isaac P. Holton; Sheriff, Benj. Bennett; Clerk of Superior Court, J. S. Pasnight, and endorsed Mr. J. R. McCotter who is already an independent candidate, for Treasurer; T. J. Volivy, for Register of Deeds, and Zadoc Hollowell, for Coroner.

**STATE NEWS.**

**Clipped from our Exchanges.**

**Raleigh Visitor:** Ten new engines for the Western N. C. R. R., are en route from Patterson, New Jersey.

**Wilmington Star:** It is thought the Congress will adjourn this week. It must be very doubtful. The new Egyptian firm is Arabi and de Lesseps. They are in the canal business. The River and Harbor bill gives to North Carolina \$318,000. It is interesting, therefore, to know what Arthur is going to do about it.

**Durham Tobacco Plant:** The Graded School Committee are vigorously prosecuting the preliminary arrangements and the school will be opened for the reception of pupils on Monday, September 4th. The school will start with the following efficient corps of teachers: Prof. E. W. Kennedy, Superintendent; Chas. D. Melver, Assistant Superintendent; Mrs. M. E. Mahoney, Miss Lulu Freeland and Miss Bessie Panning. Other teachers will be added to the Faculty if, as we think most likely, the number in attendance should require.

**Greensboro Patriot:** Whether it was political sagacity in Chairman Coke to ignore Chairman Coker remains to be seen. If it results in defeating a joint canvass of the State it will be an unfortunate blunder. Rumor is busy with the name of another "prominent" Democrat. His name, when given, will surprise some people. For the present it is withheld. Two Wadesboro editors had an eye-gonging and hair-pulling match the other day. We hope that Cowan's handsome phiz was not disfigured.
