Nearly one hundred bales of cotton at the railroad wharf yesterday.

Mayor Howard was not able to be out yesterday. Consequently no court.

Capt. Dickson's steam derrick is clearing Maj. Dennison's dock of logs, old posts etc.

Seventeen bales of cotton sold at the Exchange yesterday at prices ranging from 11 to 14.

Summer Treadwell having repaired shoe painted the hull, will come off the ways this morning and go up Neuse to-day.

Rev. J. L. Winfield, the editor of the Watch Tower was in the city yesterday. The Watch Tower is constantly improving under his management.

We were pleased to meet in the city yesterday Mr. Potter of the Beaufort Telephone. He and friend Chadwick are making a good local paper.

Wm. Murrill, one of the largest colored farmers in Jones, will make, it is said, fifty bales of cotton and two hundred and fifty barrels of corn this year. He bought a gin of Mr. J. C. Whitty on yesterday.

George Walker, col., marketed the first bale of Craven county cotton on Thursday last. It classed middling and sold for 11½. George is running the farm of our townsman L. J. Moore, Esq., and is said to be a good farmer.

An old shanty on corner of Cedar and West streets was set on fire Sunday morning a little after one o'clock, and was soon consumed. There was no chance for the fire to spread, as both fire engines were promptly on hand, and the fire was under control before the reporter arrived. The Atlantic got on first water.

Miss Corinne Harrison was very much pleased and surprised, a few days ago, to receive from Miss Christina G. Rossetti, the poetess, a very graceful and interesting letter. Some unknown friend sent Miss Rossetti a copy of the JOURNAL containing a notice of a representation of one of her poems by Miss Harrison's school. The admirable poetess expressed her interest in Miss Harrison and her pupils, "wishing to her and to them many more successes more important and not less agreeable."

Revival.
A series of meetings are being held this week at Broad Creek church under ministrations of Revs. J. S. Winfield and J. B. Parsons. Several have made profession and the good work still goes on.

Sale of Real Estate.
The property situated on the corner of South Front and Craven streets, long occupied as the Banking House of Rountree & Co., was sold yesterday by G. F. M. Dail, agent for R. H. Rountree, to Messrs. E. W. and S. W. Smallwood for two thousand dollars cash.

Greenbackism.
Mr. I. P. Holton, the Greenback candidate for the Legislature in Pamlico, was in the city yesterday. He thinks his chance for a seat in the next assembly is exceedingly bright. He may be the dark horse, or draw enough from democratic and republican factions to secure his election.

Jute Factory.
The steamer Goldsboro of the Clyde line brought in on Saturday night machinery for Mr. Ephinstone who is superintending the erection of a jute factory at Vandemere, Pamlico county. The Tiger Lily took the machinery down on Monday. It is for the purpose of stripping the fibre of the jute. Mr. W. H. Oliver, who has labored for several years to get this industry started, tells us that this fibre is used in making the finest ladies' dress goods, broadcloths, doe skins etc. About ten or twelve inches of the butt of the stalk is used for making cotton bagging.

Col. Wharton J. Green's Appointments.

The following list of appointments of the Democratic nominee for the Third District will be of interest to our readers in Onslow and Carteret:

Richlands, Onslow county, Thursday, Sept. 29th.

Stamp Sound, Onslow county, Friday Sept. 29th.

Swansboro, Onslow county, Saturday, Sept. 30th.

Oak Grove School House, Carteret county, Monday, Oct. 2nd.

Newport, Carteret county, Tuesday, Oct. 3rd.

Mill Point, Hunting Quarter, Carteret county, Wednesday, Oct. 4th.

Temperance Hall, Swinnea, Carteret county, Thursday, Oct. 5th.

School House, Cape Banks, Carteret county, Friday, Oct. 6th.

Clover.
Mr. John Pearce, of Pollockville, was in the city on Monday. We recollect him, in Jones, as a clover man, and on inquiry learn that he has plowed up his clover patch and planted in corn this season. The corn bids fair to make 35 bushels per acre, and the land before sowing clover was an exceedingly poor spot—would not have made over 5 to 10 bushels per acre.

River and Marine.
The steamer Goldsboro of the Clyde line arrived on Saturday night with a large cargo of merchandise from Baltimore.

The Tiger Lily cleared yesterday evening for Bayboro and points in Hyde county with a full cargo of freight among which was an engine for Dr. Abbott at Vandemere and the machinery for the jute factory. There were quite a number of passengers aboard.

The L. H. Cutler cleared for Trenton yesterday with a cargo of general merchandise for merchants at Pollockville, Trenton and other points.

The schooner W. P. Davis, Capt. Moore, arrived on Sunday from Havre de Grace with a cargo of coal.

The Neuse arrived from Kingston last night with 181 bales of cotton through freight, 21 local freight and ten passengers.

Your Name in Print.

Mr. D. H. Davis and wife, Mr. Edward Midyette and family, Mrs. Burrus and child, returned on Sunday night from a trip to Asheville, and left for their homes in Hyde county on Monday.

E. H. E. F. Perry Esq., the Republican nominee for clerk of the Superior court of Jones county, is in the city.

Mr. A. H. Potter has opened a new confectionery store on Pollock street, next door to Mr. Geo. Allen's.

G. F. M. Dail's fine Alderney milch cow died to-day, valued at \$50. He wants another at a fair price.

Messrs. Joe Simmons and John Pearce, two crack farmers of Jones were in the city yesterday. They each killed a large fox squirrel on Sunday morning last. They didn't go hunting; the squirrels came to their houses.

Mr. W. F. Stanly, Kinston's energetic Mayor, is in the city.

Gymnasium Building.

The Directors of the Athletic Club have secured the services of Mr. Samuel Sloan of Philadelphia to draw plan and specifications for the Gymnasium building to be erected over the water at foot of Broad street. Mr. Sloan is the architect who revised the plan of our court house, and drew the original plan of Mr. James A. Bryan's handsome residence on East Front street.

His drawing and specifications of the Gymnasium are not completed but from outline sketch submitted to the Directors, it can be seen that it will be an elegant building, and an ornament to the city and the immediate neighborhood in which it is situated. It will be placed far out on the water so that no one living near will be inconvenienced by the noise inside.

The building is two stories; body of house 50x100 feet, surrounded entirely by a double verandah ten feet wide. The lower floor is divided into room for skating rink and gymnasium, 30x95, and a room for bowling alley, 60x20, with rear room for spectators 32x20. Up stairs is a reading room 32x30; a room 50x50 for social entertainments, with ladies' and gentlemen's dressing rooms attached.

Public Library.

MR. EDITOR:—There is a suggestion in a letter in the JOURNAL of Saturday, of the necessity for a public library in New Berne. As far as we are informed there is no library worthy the name in New Berne, either public or private, unless it be a professional one.

Would it not be well to form a Public Library Association, and endeavor to supply this great want, and encourage education by offering to the young, books that beget a love of learning.

A legitimate way of raising money for this purpose would be by a course of literary entertainments at the theatre. There is in North Carolina now a most accomplished elocutionist, Mr. Willoughby Rende, who might be induced to read for a sum that would leave a profit for the cause. Many others, readers, orators and lecturers, could be engaged.

Does any man ask what good, actual good, will it be to create a love for books. Of all human inventions none is to be compared to books in guiding us as we "climb the hill" of life, or consoling us when we "maun totter down."

[A good suggestion, and the "Reading Room" in the Gymnasium building will be the place for the Library. It is the design of the Athletic Club to have a library just as soon as possible, and to make the Gymnasium building as attractive for mental as for bodily recreation.—Ed. JOURNAL.]

The Democratic Convention in Jones.

On Saturday, Sept. 16th, the Democrats of Jones county assembled in Convention at Trenton for the purpose of nominating candidates for county officers and member of the Legislature.

J. A. Smith, chairman of the executive committee, called the meeting to order.

On motion, H. S. Nunn, of the New Berne JOURNAL, was requested to act as temporary secretary.

Moved and adopted that the chair appoint a committee, consisting of one from each voting precinct, on permanent organization and credentials.

The chair appointed the following:

White Oak, Cyrus Foscutt; Pollockville, H. C. Foscutt; Piney Grove, Dr. C. J. Mattocks; Trenton, Lewis King; Cypress Creek, Dr. A. F. Hammonds; Tuckahoe, F. M. Dickson; Chinquapin, A. Haskins; Beaver Creek, J. S. Beeton.

Hon. John W. Shackelford being present, was loudly called for and responded in a speech of about three quarters of an hour. He argued that there were in reality only two parties; the Democratic and the Republican; that the "Liberals" had no national organization—no national existence in fact—but those who claimed to be Liberals were nothing more nor less than Republicans. He favored a revision of the present tariff, and pointed out the hardships which it is working on the agricultural class. He favored abolishing the Internal Revenue system, pointed out its defects and the manner in which it is abused by the collectors. He said the Republicans could not justly claim the credit of defeating the prohibition bill; that it was not an issue, nor could it be made one; the Democrats could have adopted it if they had desired.

He regarded the Liberal movement as the last struggle of the Republican party in North Carolina, and predicted a tidal wave in November next in favor of the Democrats; the party in Onslow county, said he, is in better condition to-day than at any time since 1876. Mr. Shackelford was repeatedly applauded by the audience during the delivery of his speech. He was followed by

M. D. W. STEVENSON

in a very forcible speech of about half an hour. Mr. Stevenson discussed the relation of parties to the government and appealed to the people to take a business view of the matter of selecting a party to control public affairs. If people would look at it in this way, he could convince any man that the Democratic party in North Carolina has the greatest claims for his confidence. His speech was short but practical and pointed.

The committee on permanent organization and credentials reported the following delegates present: From White Oak, G. W. Summesill, Lewis Bynum, Q. Hay, T. W. Maids and E. H. Warters; Pollockville, S. Hudson, Jesse Moore, J. N. Foscutt, G. K. Dixon, R. Haskins, J. B. Banks, and R. N. White; Piney Grove, Dr. C. J. Mattocks and J. C. Parker; Trenton, J. W. Andrews, Abner Dawson, W. M. Hawkins, E. M. Foscutt, P. M. Pearsall, Jas. B. Stanly and J. A. Smith; Cypress Creek, Benj. Brock, A. C. Gooding, L. A. Haywood and J. M. Francks; Tuckahoe, F. M. Dickson, D. O. Farrier and Edgar Rouse; Beaver Creek, J. S. Beeton and Benjamin Huggins; Chinquapin, Wesley Small and A. Haskins. They reported for permanent officers of the Convention, J. A. Smith for chairman, J. N. Foscutt and H. S. Nunn of the JOURNAL for secretaries. They also recommended that the majority rule be adopted. The report was adopted.

The following committee was appointed on resolutions, White Oak, Q. Hay; Pollockville, G. K. Dickson; Piney Grove, J. C. Parker; Trenton, P. M. Pearsall; Cypress Creek, J. M. Francks; Tuckahoe, D. O. Farrier; Chinquapin, A. Haskins; Beaver Creek, Benj. Huggins.

The committee retired and on their return reported the following resolutions which were adopted.

Resolved, That we adopt the State Platform, and affirm the principles that govern the Democratic party of the State.

Resolved, That we, the Democrats of Jones county, in convention assembled, hereby endorse the Senatorial course of Hon. Mat. W. Ransom, and express our lasting gratitude for the substantial aid he has given in the material prosperity of the State which he represents with such ability, dignity and patriotism, and express a desire that our State will always be represented by such distinguished and honored statesmen.

Resolved, That we feel that Carteret county, in her county convention, did her duty in the endorsement of Col. J. N. Whitford for the Senate as our choice, and we ask our sister county, Onslow, to do the same, and that we pledge to him our undivided support.

Resolved, That we commend Col. Ben. Askew in offering his declination, and that his reasons, given in his article to the New Berne JOURNAL, are perfectly satisfactory to us, and we believe will cause him to live in the hearts of all true Democrats throughout the length and breadth of this Senatorial district.

Resolved, That we think the Democratic Executive Committee for this Congressional district should call a convention for the purpose of nominating a candidate for member of the next House of Representatives.

Resolved, That we earnestly recommend to the Democratic convention for this district, for nomination as the candidate for member of the House of Representatives in the Forty-eighth Congress, M. D. W. Stevenson of Craven, and request our delegates to give him their support in the convention.

Resolved, That we make no nomination for the office of Probate Judge, the present incumbent, Mr. T. J. Whitaker, having discharged the duties of his office faithfully and impartially. We therefore confidently recommend him to the people of Jones county irrespective of party.

That Mr. S. E. Koonce, the present Sheriff of Jones county, having faithfully and impartially discharged the duties of his office to the complete satisfaction of all parties. Therefore,

Resolved, That we make no nomination for the office of Sheriff and Register of Deeds, and cordially recommend them to the support of the good people of Jones county.

In addition the following resolutions were adopted:

WHEREAS, The Legislature of North Carolina has enacted that fifty convicts should be employed in cutting a public road through the great pocosin dividing the counties of Jones and Onslow; and after finishing the same should open up a road from Trenton in Jones county to some point on the Atlantic and North Carolina railroad;

And whereas, The Penitentiary authorities have persistently refused to carry out said law, alleging that it is unhealthy to work said convicts in this county, although in fact they are constantly employed on public works in and near Raleigh; Now therefore be it

Resolved, That we respectfully inform said Penitentiary authorities that Jones is a very healthy county, and that no more danger to health is to be apprehended here than in Wake or any other county in the State.

Resolved, That we earnestly appeal to the Penitentiary Board of Directors, who are composed of men in the central and western part of the State, not to slight the east by ignoring a plain act of the Legislature, but carry out a law that was intended, not only for the convenience of the people of this section; but for developing the swamp lands of the State which belong to the Educational interests of the State.

Resolved, That a copy of these resolutions be sent to the Penitentiary Board, and a copy be sent to the New Berne JOURNAL and Raleigh News and Observer for publication.

The following candidates were nominated.

For the Legislature, Dr. C. J. Mattocks for Coroner, Dr. Scarborough; for county surveyor, Benj. Brock.

Col. J. N. Whitford was called for and responded in a few remarks pledging himself to vote for returning Senator Ransom.

Moved and adopted that the proceedings of the meeting be published in the New Berne JOURNAL with request that Goldsboro Messenger and Beaufort Telephone copy.

Meeting adjourned.

The Entertainment at the Weinstein building last night, consisting of reading of essays and music, was conducted in a creditable manner. The music was first-rate.

Swansboro Items.

Nothing new; all quiet and all well and healthy.

Mr. Russell has bought a new engine, 8 horse power, Hamlin & Son's make, Greenville, Pa., to run his gin this fall, he is going to put in a grist mill, also.

Cotton picking is now the order of the day, and we are sorry to say that it will not turn out as well as was expected. Corn crops are tolerably good.

Capt. Joe Moore stood on the deck of his vessel the other day and caught 18 large mullets with a fish gig as a school was passing by going to sea, but then Capt. Joe is the best hand with a gig in the State, so said.

Things are not quite so lively as they have been recently. We have had a severe rain, and almost a storm of wind for several days, which has injured the prospects of our cotton materially, and has injured our fisheries too. Plenty of fish before the blow, but very scarce now.

A large brick yard has been established by Mr. Macon Porter, near Queens creek, and I hear (I have not been there since he commenced making) he is turning out some of the best brick ever made in this section anywhere. Hope he will succeed, for there is a great need of brick in this section of the country.

Politics are a little cool this week, getting ready for the county canvass; then for the fun; only about 25 candidates in the field now for the different offices. The rest have backed out of the race. Guess they will all be elected in some way; expect some of the nominees will get left at home this year; so far as being elected by the votes of the people,

and the independents take the place of the nominees, so says Mr. Jas. H. Foy, and guess he ought to know.

Two large revivals of religion has been going on in this place, and at Cow-head church this week; the former Methodist, under the management of Rev. Mr. Warlick, Onslow circuit, preacher, assisted by Revs. Mr. Dixon and Watkins; the latter under the management of Rev. Mr. Leary assisted by Revs. Messrs. Best and Cashwell, Mr. Leary was taken sick and had to go home early in the meeting. Several accessions to the churches on both sides and quite a number of penitents were the happy results of the meetings.

Turpentine is booming. Pittman has some 400 barrels on hand at his wharf in Swansboro and about as much more at the landing on the sound. Captains Dennis, Bloodgood, Moore, and Bell keep busy all the time. Seven vessels cleared at one time for Wilmington, loaded with the stuff. Mr. G. W. Smith, a prominent merchant in the county, buys turpentine also for Maj. Dennison. I believe, in Newbern. Smith is a go-ahead merchant and farmer too. Then there is E. B. Hargett & Bro. who own a large county store a few miles from Swansboro, and who have just returned from the North with a full stock of all kinds of goods. They too buy turpentine and cotton.

Kinston Items.

C. C. Taylor Esq., the JOURNAL agent, was here last Saturday in the interest of his paper.

Herman Bryan is still doing very well. The wound is suppurating and his fever is under control.

The first bale of new cotton received this season at Norfolk, Va., came from this place, having been shipped by W. F. Stanly and made by W. M. Parker in this county. For this shipment, Mr. Stanly has received from Adam Treadwell & Co., cotton merchants at Norfolk, an elegant silver butter dish, with sliding cover, bearing this inscription: "Presented to W. F. Stanly by Adam Treadwell & Co., Norfolk, Va., for shipping first bale of new cotton to them, season of 1882 and '83."
