Hard-worked men—the petit jury in the present United States Court!

The *Shenandoah* made her usual trip yesterday from Elizabeth City taking out cotton.

An article on the "Demarara team" of Pitt Inferior Court will appear in our next issue.

Who wishes to buy a steamer? One will be sold in this city to-morrow. See the advertisement.

Several hundred bushels of rice in market yesterday. Prices ranged from 90 to 95 cents per bushel.

Mr. Frank Myer is leading the race this week among the cotton buyers, being the largest purchaser up to date.

Mayor Howard says the city is still quiet. The rowdies are off picking cotton. When they gather a little money then we will have court.

Maj. Dennison was promptly on hand at the railroad cotton yard yesterday morning where the burnt cotton was to have been sold. For some cause the sale was postponed until to-day.

The Trustees of New Berne Lodge No. 448, K. of H., paid to Mrs. J. G. Whaley on yesterday the Benefit Fund, amounting to \$2,000, which she is entitled to according to the constitutions and by-laws of the order.

The Missionary Anniversary of Sharon and Edwards' Chapel (Lenoir county) will take place at Sharon church on Friday next, 27th inst. exercises beginning promptly at 10 o'clock. Rev. L. S. Burkhead, D.D., of New Berne, will deliver the address.

Theatrical

Amusement at the Theatre next week. See the new advertisement. We are pleased to learn that the Managers of the Theatre are corresponding with Miss Clara Louise Kellogg with some hope of getting her to give us a call.

Your Name in Print.

Maj. Fred Harding, one of the judges of the Inferior court of Pitt county, arrived on the *Contentnea* yesterday evening.

Mr. and Mrs. E. G. McDaniel of Trenton are in the city.

Change of Schedule.

We learn that the Midland railroad contemplate making a change in the schedule during the present week by which the western train will arrive here at about 9 o'clock, a. m., and the eastern about 3 p. m. This will certainly be more satisfactory to the postmaster, express agents and the mailing clerk of the JOURNAL.

U. S. Court.

Nothing of importance before the Court yesterday. By consent verdicts of guilty were entered against J. D. Williams and Thos. Batts of Wilson in two cases: one for selling liquor and another for selling tobacco contrary to the provisions and safeguards imposed by the general government. Mr. F. C. Patrick of Greene county submitted to a verdict of guilty on the same unfortunate tobacco question.

River Steamers.

The steamer *Neuse* from up Neuse with five bales of cotton.

The steamer *Contentnea* from up Neuse with 30 bales of cotton, 150 bushels of rice and 9 passengers.

The *Cutter* from Trenton with 160 bales of cotton and 2 passengers.

The *Trent* from Bayboro with 39 bales of cotton and 9 passengers.

The *Kinston* cleared yesterday at 1 o'clock for Kinston with a good cargo of merchandise and a number of passengers.

Cotton Yesterday.

The morning telegrams on Tuesday showed futures for October off 13 points, but it moved up a little during the day, regaining 5 points. Spots were unchanged and steady; futures barely steady. The market here ruled about the same as Monday. 163 bales changed hands, bringing from 10 to 10 20.

Mail Route to Hyde.

The letter of Major Hearne on opening mail communication between New Berne and Hyde county points deserves consideration. A steamboat company now stands ready to carry these mails, and if the matter is properly brought to the attention of the Postal authorities we think a route can be established. If the people in Hyde will sign a petition and send to their Congressmen, Mr. Latham, he can, with Mr. Hubbs' co-operation, easily get this mail. As soon as the election is over let a move be made in the matter.

New Berne and Other Cotton Markets.

We have taken pleasure a number of times this season, in calling attention to the fact that New Berne is the best cotton market in the State, save Wilmington, and in confirmation of the statement again quote the markets of the leading cities of the State for Oct. 21—all of same date:

KINSTON, N. C., Oct. 22d, 1882.

MESSRS. EDITORS:—An article in your paper of this date, under "Kinston Items," states: "The old fire-sorehead Republicans are still on the war path." They have brought out a "ticket" in which my name appears for the Senate. Now, sirs, so far as I am concerned, they can not bring me out by my consent. I wish no office, and do not want any person to vote for me in this election. If I had been regularly nominated, I should have been compelled to decline, on account of bad health. I am not, however, a "Sorehead Republican." But there are evidently a few that failed to get nominated, who undoubtedly have very sore heads, but they are few and far between.

Both political parties have regular nominated candidates in the field and it is unjust to both parties to attempt to get up a ticket to accommodate the few "Soreheads."

Please insert this in your paper and oblige.

R. W. KING.

The T. R. Transportation Co.

MESSRS. EDITORS:—I see in to-day's JOURNAL a communication from Mr. John Pearce of this place, in which he brings certain charges against the Trent River Transportation Company, some of which reflect upon the agency at this place. He says that the company will only receive cotton at this place on Wednesdays and Saturdays, these being the days in which the steamers arrive and receive freight departing at 2 p. m. This is true only for those parties who can get their cotton to the wharf in one day. Those having more than they can get here on the steamers' days are allowed to store it in the warehouse if there is room, if not it is put upon the wharf and a watchman employed to guard it at night.

The employment of the watchman is done by me without the authority of the company and is for the accommodation of the shippers. I think I can explain why Mr. Pearce has attacked the T. R. T. Co. Last Thursday a colored man brought a bale of cotton to the wharf from Mr. P.'s gin, stating that it was the joint property of himself and Mr. P. and wanted us to take care of it along with another bale until Saturday. As there was no room in the warehouse to store the two bales, I told him he had better let them remain at the gin until Wednesday when he could easily get them here in time for the boat, as Mr. P.'s gin is only half a mile from the wharf. So I did not receive the cotton on that day, as it would hardly pay to employ a watchman at one dollar per night to watch two bags of cotton from Thursday until Saturday. I have informed all the shippers that if they have more cotton than they can get here on steamer's days, I will receive it on the day before, even if I have to hire a watchman to guard it, but when they can get their cotton here on these days we hardly see the use of hauling it here two or three days before-hand, thus putting the company to extra expense to take care of it. As agent for said company I shall try to save it all unnecessary expense, but when needed I shall employ a half-dozen watchmen.

As to the other charges, I will leave for those who establish the rates of tariff to answer. Respectfully, etc.,

A. G. BARRIS.

Ag't. T. R. T. Co.

The Midland and Hyde County Steam Line and a Mail Contract.

STAMER TIGER LILY.
NEW BERNE, Oct. 24 1882.

EDITORS JOURNAL:—In reply to the frequent allusions of yourselves and correspondents to the necessity of a mail route by steamer to Hyde county, permit me to say that the Midland Company proposed to the Post Office Department to carry the mail from New Berne to Hyde county, daily, tri-weekly or weekly, at a moderate compensation, guaranteeing the delivery of the New York mails at Swan Quarter in thirty hours.

In respect to the irregularities in our schedule of late, we were compelled to run into Bay River while there was business there for us and none in Hyde, but now that the Pamlico Company (friends and allies of ours) have a steamer on Bay River we withdraw and after this week resume our regular semi-weekly run to Hyde county points.

We should be infinitely obliged to you and any of your correspondents if you would suggest how we can get a mail contract, or in any manner influence one for us. I myself, last summer, drew the draft of a petition for circulation in Hyde and requested those people to interest themselves in the matter, but I have not heard from it.

Yours etc., W. A. HEARNE,
Soliciting Agent.

Kinston Items.

Dr. W. A. J. Pollock has a big run for No. 7. Says he is selling ten times as much as he ever sold before.

Daniel Taylor, the champion fox hunter of Vance township, says that Bennett fox was glass-eyed—the only one of the kind he ever caught out of 1,200 or 1,500. Many people stop to see his hide out of curiosity.

Fountain Williams Esq., residing in the upper part of Jones county, heretofore true Republican, has declared for the Democratic ticket and extended the right hand of fellowship to John W. Worley and W. A. Jones, two "Bourbons" of Pink Hill township.

Superior court convened on Monday, Judge McRae presiding. During the day Henry Kennedy, col., was arraigned for killing Louis Croom, col. The case was set for Wednesday at 2 o'clock p. m., and a special venire ordered to be summoned. The defendant was represented by Messrs. Wooten and Gray and A. J. Loftin. Solicitor Galloway prosecuted.

The following cases were disposed of on Monday:

State vs. W. J. Warters, —A. & B—Submits. Judgment suspended on payment of cost.

State vs. Joseph Bryan—larceny—discharged on payment of cost.

State vs. Peter Hicks—removing crop—guilty—judgment not given.

State vs. Arthur Dagherty—carrying concealed weapons—submits. Judgment suspended on paying cost.

While the court was in session on Monday, Bob Spellman had a spell of hallowing, much to the annoyance of the court, which resulted in a spell of ten days in jail. Whiskey is too noisy sometimes.

W. W. Dunn, the Republican candidate for Clerk of the Superior Court, says they always take a snap judgment on him right on the eve of an election by making him foreman of the grand jury. The Lewis Grady and Kilby Jones ticket must be giving him some trouble.

La Grange Items.

Glen, daughter of Julius E. and Nan Sutton, died this (Monday) morning of that much to be dreaded and fatal disease diphtheria.

Pompey Moy was made lame by the accidental discharge of a pistol cartridge on yesterday (Friday). The ball struck the knee pan but did not enter the flesh.

Cesar Isler, a colored man, living in this township, 67 years old, says he has had four wives, and that he is the father of 50 children. It is a wise father that knoweth his children.

W. J. Horton, the independent candidate for constable in the "Neck" township, against the regular Republican and Democratic candidates, expects to sweep the "Neck" by the largest vote ever polled in the township.

Probably it will be news to Justice Coleman that the Democrats have a movement on foot to induce Major Barrett to withdraw from the canvass, and that the party support the "Squire" as an independent. The chief justice is regarded at Republican headquarters, as a Simon pure Democrat.

It is a crying shame that the Magistrates and Commissioners of this county refuse to assist in building a bridge across Neuse river for the benefit of the people of the south side section. The

citizens of this and Trent townships have subscribed about \$800 for this purpose, and if the county refuses to supply the deficiency, they show a perfect disregard for the wants and wishes of the tax payers.

The independent Republican ticket, I suppose, caused Messrs. Perry, Davis and Dunn to visit our town to-day. The visit was not expected, and in the absence of their Democratic opponents laid things to themselves. They electioneered long and often and after the dinner hour and the disposal of the dinner, it was fully determined to spoke a speech. Sheriff Davis led off, and merely announced himself a candidate for re-election. Dan E. Perry followed and fearfully "belly-bored" (belabored) the Democratic party, showed the "hidra-headed monster"—the present county government system—from Dan to Beersheba. A humble suggestion is here given. If Mr. Perry would use his efforts in showing the good done by the Republican party while in power, and the splendid and unsurpassed good workings of the Republican county government system, it might be better. The labor would be greater, but the pay to Perry would be greater. Mr. Dunn next mounted the box. Those who have heard "Billy" on former occasions, have an idea of his speech. His remarks were directed mainly to the colored people, and was the "old, old" story—an appeal to the passions and prejudices of the negro. Mr. Dunn is no novice at electioneering, as his success in getting the nomination for Clerk, abundantly proves, but he who can't find and present enough good in his party principles, to entitle him to the support of the people, deserves to be shamefully consigned to political oblivion. But little interest was manifested—so little that one asked what was being sold.

Stonewall Items.

Politics still booms and it will take the 7th of November to stop the bubbling.

Mr. Wm. Jacob's saw mill at Smith's Creek, is about ready for duty (don't you say stop.)

Mr. Seth Muse has his new steam power in full blast ginning cotton and grinding corn into meal.

Rain, Rain, to the discount of rice threshing and cotton packing. We have had nearly 5 weeks of easterly wind and high tides, without an intermission. Hope the 7th prox. will make a change.

The steamers *Tiger Lily* and the *Trent* were both at our wharf last Thursday; quite an era in our history, and on the same day Mr. Wm. Midyette had in our market some fine mackerel as the mesh of a net ever tangled.

F. F. Cherry's cotton cleaner is working finely and draws cotton far and near. This gin is giving perfect satisfaction. Mr. C. H. Fowler's gin is also in full operation, and so was the Pamlico *Enterprise* power in full blast last Thursday night.

Eugene Alfred, a small son of Mr. F. E. Alfred dec'd., about 5 or 6 years old, died yesterday at the residence of Mr. Jas. B. Turner in Bayboro who has had charge of the child since the death of its mother. Congestive chill was the cause of its death.

Mr. John R. McCotter has his new steam power fully occupied in ginning cotton, grinding corn and threshing rice, and he, Mr. McCotter, is after Mr. C. H. Fowler in the race for County Treasurer; both are good men and the county funds would be safe in either hand.

Mr. Geo. Whealton has one of the Oneida 6 horse steam power lately purchased of Mr. Whitty of Jones, and it is a perfect beauty, working with full capacity threshing rice. Mr. S. B. Lane and Jesse F. Sawyer have their horse power also working to their full capacity at the same business, and so does the Messrs. Gattin, Hudson & Co., and O. D. Lewis and Nathan Hooker & Sons also have their steam power fully occupied; and you see there must be work on hand.

The farmers report their rice much below their expectations. Mr. W. Clayton near here only got 36 bushels per acre where he expected 50, and so others report about about the same shortage; and while on rice what is the reason you newspaper men do not report the price? Are you all in the ring against the farmers? So it looks and so say a great many, and the question is daily and hourly asked why it is that no paper will report the market price of rough rice. All the answer I can give is I suppose the buyers pay the paper more than their subscribers or the rice producers. If I am wrong please explain for there are many who wish to know, and I do not wish to make a false impression. The country people expect to learn from their papers all such news and if they cannot away goes the paper.

COMMERCIAL.

NEW BERNE MARKET.
