Bad News-Republican Innings. The Democrats have been having their good news, and now the Republicans are getting in theirs. The latest telegrams indicate that Latham is beaten in the First District for certain, Robbins is probably beaten in the Seventh, and Bennett is getting his majority whittled trouble, and for those who do we will down to a very fine point. The returns have to cut them off. We don't care to as they come in slowly from the West show heavier Republican gains than had been anticipated. Our latest telegram last night reads:

Will require official vote to decide State ticket."

Oliver was in the cotton very fairly and held back, waiting for midnight.

Build of Brick.

We expect to see handsome brick stores spring up on the burnt corner, in place of the old wooden shanties. We have two brick manufacturers near the city, Mr. J. F. Ives and Mr. R. Williams, and it is probable that brick will be put down in New Berne at reasonable figures. A fire in a city is not always an unmixed evil, and generally results in improved buildings. New Berne is entering upon a new era and wooden buildings for business should be discarded.

tion. There was also some stir about Vance township because the election returns showed three more votes than the registration book did; but it all ended in smoke.

The election Tuesday was the most quiet and peaceable of any held at this place for many years. The voters went to the box and deposited their ballots with a deliberation that said, "this is our business and we'll attend to it." The "bull-dogs" of the parties had but little to do, and with the exception of some illegality in the time of opening the polls and qualifying of the Regis-
