No new cases of small-pox in Trenton.
The old cases are improving.

A new Mason & Hamlin organ has
been placed in the Baptist church.

Mrs. V. C. Sheppard, of Pollockville,
is in the city visiting Mrs. J. C. Whitty.

A little cutting and head cracking was
the excitement on Middle street yesterday.

The old fence on the east side of Cedar
Grove Cemetery is being replaced
with a new one.

The steamer *Kinston* arrived from
Kinston yesterday with cotton and
three hundred pounds of *News and Observer*.

The sun peeped out a little while on
Sunday and again yesterday, but, not
liking the appearance of things, soon
retired.

The steamer *Goldsboro*, of the Clyde
line, arrived on Sunday night from
Baltimore with a good cargo of general
merchandise.

The broken window lights in the
Theatre building have been replaced
with whole ones, and the rooms made
comfortable.

The schooner *T. & W. Seawell*, Capt.
Neal, arrived from Baltimore on Sunday
with one hundred and thirty tons
of kaint and guano.

The funeral of Mrs. Jane Ellis will
take place from the residence of Mrs.
Eliza H. Ellis, on Pollock street, this
Tuesday afternoon, at 3 o'clock. Friends
and acquaintances are invited to attend.

Mr. Hill Humphrey, who attended the
funeral of the Hon. John W. Shackelford
at Richlands last Saturday, in-
forms us that a large crowd was present.
The services were conducted by Rev.
T. Page Ricard of Wilmington. Appropriate
and touching eulogies were made by
Senators Ransom and Jackson and
Representative Leedom.

Josh Lovick was in our sanctum this
evening, having navigated the Content-
nea Creek on board of the fast stern
wheel steamer *Snow Hill*. B. T. Webb
owner and commander. He reports the
water as being very high, and the roads
leading to the various landings navi-
gable only by canoes. Also reports that
great good has been done the Content-
nea Creek by Gen. Ransom's corps, and
that Capt. Webb had no difficulty in
making most of the bends under a jingle
at 10 knots per hour. Capt. Webb,
missing his connection at the mouth of
the Creek, like a man of pluck rang for
steam, and arrived in this port with 61
bales of cotton and other produce, dis-
charged his load and put back im-
mediately.

Vaccinate.
Prof. Johnson earnestly requests that
all children attending the Graded
School be vaccinated at once.

Died.
On Monday morning last, at 3 o'clock,
a. m., at his residence, corner Broad and
Bernie streets, Frank J. Fulford, in the
29th year of his age.

Coal.
The Wilmington *Star* puts down the
price of coal in Charlotte at \$9.25 per
ton, and in Raleigh \$10.00 per ton. In
New Berne, though we have but one
dealer, the price is kept down to \$6.25.

Insurance Paid.
W. G. Brinson, Esq., paid on yester-
day to Hackburn Bros. \$948, the amount
of policy held against the Westchester
Fire Insurance company on their stock
of goods destroyed by fire. "The last to
adjust, but the first to pay" said Mr.
Brinson as he returned from the pleas-
ant task.

Skipped.
The case of State against Quash W.
Slade and John H. Brice, set for trial
before Justice Campbell, yesterday,
was called at the appointed hour, but
Slade was non est. It is reported that
he "girded up his loins" and left like
a woman—dressed in female attire. A
"writ" was issued for his bondsman
returnable to Justice Campbell to-day.
Brice was discharged.

Dr. Burkhead's Sermon.
The annual sermon delivered by Rev.
Dr. Burkhead before the Ladies' Be-
nevolent Society last Sunday night was
a very able one. It was a written ad-
dress, and was certainly well delivered.
The M. E. Church was well filled and
the Doctor commanded close attention.
The Society has done a good work dur-
ing the past year, having spent four
hundred dollars in relieving the suffer-
ings of the poor.

Order Granted.
Messrs. Clark & Clark, attorneys for
the A. & N. C. R. R., have secured an
order from His Honor, Judge McKoy
for the Midland Railway Co. to show
cause why a receiver should not be ap-
pointed. The order is made returnable
to Judge Phillips at Raleigh on the 13th
day of Feb.

Prisoners Remanded.
On Saturday night the "habeas
corpus" case against Sheriff Hahn in
behalf of Abraham Bryan and Wm.
Fisher was argued before Judge McKoy
at Goldsboro by Wm. Whitford, Esq.,
for the petitioners and M. D. W. Steven-
son, Esq., for the respondent. The
prisoners were remanded to the custody
of the Sheriff to be held by him, in de-
fault of bail in the sum of one thousand
dollars each, until the next term of
Superior court of Craven county to an-
swer such indictment as may be found
against them. In this decision Justice
Brinson is sustained.

Dangers of Vaccination.
A crowded meeting of the London
(Eng.) Society for the Abolition of Com-
pulsory Vaccination was held at the
Rooms of the Society December 18th, on
which occasion, W. J. Collins, M.D.,
read a paper, illustrated with diagrams
and tables, on the subject of the recently
issued Government Report of the Public
Inquiry into the cause of the death of
four, and injury to five children, vac-
cinated by the Public Vaccinator, of Nor-
wick, in June last. He said that of nine
perfectly healthy children vaccinated
by the public vaccinator, in less than a
month, four died of erysipelas, and five
were suffering from constitutional dis-
ease. Evidence was given to the effect
that pure lymph could convey erysip-
elas; and according to the testimony of
one medical man, erysipelas was a ne-
cessary accompaniment of true cow-pox.
Mr. Baker, barrister-at-law, moved a
resolution, "That the facts and evidence
elicited at the Norwich Vaccination in-
quiry, and set forth in the Parliamen-
tary Return No. 385, Session 1882, hav-
ing demonstrated beyond question the
dangers inherent in vaccination: "Re-
solved, that the enforcement of the
practice is a tyranny which ought to be
resisted by every lawful means." The
resolution was carried with but one dis-
sentient.

La Grange Items.

Rev. E. A. Wright, of Goldsboro, was
in town Friday.

A small child of Amos Dawson died
on the plantation of Mr. Noah Rouse, on
last Thursday.

J. D. Walters has moved from his
place in town to his new purchase—the
Nettles place near by.

Services at the Methodist church Sun-
day by the pastor, Rev. J. C. Carpenter.
Text, 1st Cor., 13 chap., 12 verse.

There was a show, or panorama, at
the Academy Friday night. I have
heard but little said, for or against it.

Some lawless person broke into the
stables of Sim Wooten one night last
week, No damage, except the cutting
of a few halters and turning loose a few
horses.

Mrs. J. A. Hadley died of consump-
tion at the residence of her husband in
Saulston Township, Wayne county, on
last Saturday evening. The burial took
place at the family burying ground on
Sunday, the Rev. Mr. Robey officiating.

J. C. Carter and Freeman Smith are
offering their real estate for sale, on ac-
count, it is said, of the prospects of the
passage of the no-fence law for the
township. Thus it is, what is believed
to be for the best by some, is regarded
as ruinous by others.

J. Y. Joyner, one of the principals of
the La Grange Academy, was confined
to his room, by indisposition, on Friday.
He was much improved on Saturday,
and it is to be hoped that he will be at
his post on Monday. Glad to see Mr.
Joyner out on Sunday evening.

That famous and self-sustaining sec-
tion, Bucklesberry, is now showing
itself in the meat business. I learn
from Thomas Sutton, of that place, that
a number hogs have been killed the
past week all of them very fine. Twen-
ty-five head slaughtered by him aver-
aged 171 lbs., net.

An Ice Palace in Montreal.
(Montreal Witness.)

Workmen began this morning to
build the ice palace in Dominion
Square nearly opposite St. George's
church. The ice is cut in the canal
near Black's bridge and each block
weighs about 500 pounds. The total
quantity of ice required will be about
40,000 square feet. About
fifty men will be employed in the
construction of the building. There
will, beside the center tower, be four
others rather lower, one at each
corner of the structure. The main
tower will be 120 feet high. All the
walls and the tower to a height of
over 80 feet will be of built solid
blocks of ice. When illuminated the
effect will be grand.

Cruelty to Animals.

In a case recently before an En-
glish court, where a man is tried for
cruelty to animals, the report of the
proceedings is headed: "Brutal
Treatment of a Cow." The man
tried to milk a cow, but the cow
kicked him and knocked him over
and he got up and kicked the cow
violently and went away. Kind-
ness to animals should not be al-
lowed to run away with our neigh-
borly affections. The cow began it
and the man did not kick over the
cow, therefore it should be "brutal
treatment of a man," and the cow
ought to have been fined for assault.
It is true that the man intended to
steal the milk, but a cow has no
right to take the law in her own
hands.

**What Happened to a Party of Em-
igrants.**
(Hawkinsville Press.)

On the night of December 19th
Mr. I. T. Padrick and family, from
Catharine Lake, N. C., and emigrating
to Florida, went into camp one
mile beyond Hawkinsville. About
eleven o'clock Mr. Padrick was
aroused by screams from the lady
members of the party, and at once
discovered that the large tent in
which they were sleeping was on
fire. In his efforts to stop the pro-
gress of the flames and remove the
burning tent from the bedding, the
hands of Mr. Padrick were burned
severely. The tent and greater
portion of the clothing belonging to
the ladies were consumed. Their
misfortune became known in town
and Mr. D. Rhodes soon had the
party comfortably quartered at the
Scarborough House. In his efforts
towards providing for the unfortu-
nate emigrants, Mr. Rhodes was
joined by Mr. W. M. Mason, of Ma-
con, who succeeded in raising by
subscription a sufficient sum of
money to purchase a new tent, etc.
Mr. Padrick is an intelligent gen-
tleman, and while the efforts made
in behalf of himself and party were
unsolicited, they were highly appre-
ciated. In fact he called at our of-
fice and requested that we express
his sincere thanks to Messrs.
Rhodes and Mason and to our citi-
zens generally for their kindness
and hospitality.
