to all prominent physicians and druggists for  
the standing of Salicylica.

**SECRET.**  
The only discoverer of the poisonous uric acid  
which exists in the blood of rheumatic and  
gouty patients.  
**SALICYLICA** is known as a common-sense  
remedy, because it strikes directly at the  
cause of Rheumatism, Gout and Neuralgia,  
while so many so-called specifics and sup-  
posed remedies only treat locally the effects.  
It has been conceded by eminent scientists  
that outward applications, such as rubbing  
with oils, ointments, liniments and soothing  
lotions, will not eradicate these diseases,  
which are the result of the poisoning of the  
blood with Uric Acid.  
**SALICYLICA** works with marvelous effect  
on this acid and so removes the disorder. It  
is now exclusively used by all the celebrated  
physicians of America and Europe. Highest  
Medical Academy of Paris report 85 per cent.  
cures in three days.

**REMEMBER**  
that **SALICYLICA** is a certain cure for Rheu-  
matism, Gout and Neuralgia. The most in-  
flaming pains subside almost instantly.  
Give it a trial. Relief guaranteed or money  
refunded.

**THE JOURNAL.**

NEW BERNE, N. C., FEB. 21, 1883.

**STATE NEWS.**

Gleaned from our Exchanges.

**Greensboro Patriot:** A hen has  
laid an egg measuring 8 1/2 inches  
the long way and 5 1/2 inches in cir-  
cumference, and weighing 5 ounces.  
And yet there are people in this  
ancient city who are not satisfied  
with the way things are going and  
talk about Greensboro being "a  
one-horse, slow going, 'old, old  
town."

**Washington Watch Tower:** Dr.  
Bryan is very much exercised over  
the idea of having to let his Dutch  
net rest this season. The doctor is  
the most scientific fishermen in the  
Pamlico waters, and the embargo  
raised by the Legislature forestalls  
his enterprise and paralyses a lu-  
crative business. We are by no  
means interested in the question  
only so far as justice is involved; but  
how the Legislature can pass such a  
bill and oppose class legislation is  
hard for us to see.

**Charlotte Journal:** Out of thirty-  
four prisoners now in jail, about  
twenty will be tried by the Inferior  
Court, which opens to-morrow.  
The gin-house of Mr. J. R. Cuth-  
bertson, who lives near the village  
of Matthews was destroyed early  
yesterday morning by fire. It was  
covered by insurance, but to what  
extent we could not learn. The  
roof of the New Baptist Church on  
Northeast Tryon street has been  
finished. It is made of a fine qual-  
ity of slate and is molded after the  
latest style for churches.

**A Fine Farmer.**

**Tarboro Guide.**  
On Sunday 4th, we were visiting  
and old and respected friend near  
Rocky Mount, when R. H. Ricks,  
one the most intelligent and suc-  
cessful of our younger farmers came  
in. The discussion turned on farm-  
ing. The old gentleman thought  
the country was ruined, colored  
labor wouldn't do, cotton couldn't  
be raised at present prices etc. Capt.  
Ricks heard the old gentleman  
through; then replied; "why I can  
raise cotton profitably at 5 cents a  
pound." "Impossible," thought  
the old gentleman, "how will you  
manage it?" "I would raise my  
own manure, or come as near it as  
possible, manure my corn land as  
well as cotton and, in short, culti-  
vate nothing that I could not ma-  
ture well and tend well. I would  
raise my own meat, bread, oats,  
etc., and to spare. The surplus I  
could find a ready market for on  
my own place, and at a remunerative  
price. Thus, I could make some  
money and sell my cotton at 5 cts.  
per pound. This is the key to the  
whole case. Hog and hominy.  
Capt. Ricks every year practices  
what he so eloquently preached.

**Self-Made.**

**Boston Globe.**  
"Do you see that old man near the  
frog pond on the Common?"  
Thirty-two years ago that old  
man came to Boston with one sus-  
pender and a sore toe. He also had  
a basket of apples which a farmer  
in Lexington had given to him.  
He peddled apples on Washington  
street and netted eighteen cents  
the first day. How much do you  
suppose he's worth now?"  
"A million and a half," said  
one.  
"Two millions," cried another.  
"Six millions three hundred  
thousand," was estimate of a  
third.  
"I give it up," remarked No. 4.  
"How much is he worth?"  
"Not an infernal cent, and he still  
owes for the basket."  
**It Came High, But he Had it.**  
A certain young man bringing  
his affianced down from the country  
to see the sights, noticed in a win-  
dow placard bearing the announce-  
ment, "Ice cream—\$1 per gal."  
"Well," said the young man, as he  
walked into the saloon, "that's a  
pretty steep price to charge for a  
gal, but Maria, I'll see you through  
no matter what it costs. Here's a  
dollar, waiter; ice cream for this  
gal."

**How to Propose.**

Nothing is ever lost by being  
pleasant and agreeable. You ask  
for two pounds of steak—no more,  
no less. One butcher growls that  
he can't cut off just two pounds,  
and you leave him, thoroughly  
vexed. At the next stall, the man of  
meat hears your request with muf-  
fled visage, cut off a pound and a  
half, slaps it into the saddle and out  
again in double quick time, rolls it  
up neatly, and says, with a smile:  
"Just two pounds, ma'am." He is  
the man who succeeds.

**Making Sense.**

A story is told of an old gen-  
tleman who always took notes of  
his minister's sermon and on one  
occasion read them to the minister  
himself. "Stop, stop!" said he at  
the occurrence of a certain sen-  
tence. "I didn't say that." "I  
know you didn't," was the reply, "I  
put that in myself to make sense."

about one-third of the time and expense than  
at any similar College in America. Nearly  
5,000 successful graduates of the above College,  
together with the leading Educators of Amer-  
ica, attest the superiority of its Course of  
Study and Training, as being Thorough, Prac-  
tical and Complete—embracing Book-keeping,  
Business Arithmetic, Commercial Law, Mercan-  
tile Correspondence, Penmanship, etc.  
The regular Course for the Fall Session

**Fayetteville Observer.**

On Thursday, February 23rd, 1883, the under-  
signed will revive the publication of the  
**FAYETTEVILLE OBSERVER.**  
The Observer will be a large 28 column  
weekly newspaper, and will be mailed to  
subscribers, postage paid, at \$2 per annum, al-  
ways in advance. It will give the news of the  
day in as ample form as its space will permit,  
and both regular and occasional correspond-  
ents will contribute letters from the Capital  
on State politics and affairs.  
Dedicated in politics, the Observer will  
labor, first of all, to assure the prosperity of the  
Town of Fayetteville, to develop the vast  
agricultural resources of its own and the  
neighboring counties, and to promote all that  
concerns the welfare of the people of North  
Carolina.  
Opposed to such innovations on the homely  
ways of our fathers as, in the guise of pro-  
gress, harm society, the Observer will be  
found in full sympathy with the new things  
born of the changed condition of the South  
which sound judgment or cultivated expe-  
rience find to be also good.  
As to the rest it will strive to deserve the  
reputation of the name it inherits.
