### Have you registered?

Overcoats were comfortable yesterday.

The only sure way of keeping up a public school is by taxation.

John Dunn mixed one hundred pounds of candy for the May-day picnic.

The Republicans of the 2d ward, will meet to-night at the Mechanic's engine house at 6 o'clock.

The huge pile of oyster shell at the cannery is being rapidly moved away and placed upon the streets.

Let every man who is friendly to the Graded School register and vote, and see that his neighbor has registered also.

The Graded School Picnic Committee will please meet at my office this morning at 10 o'clock. W. H. OLIVER.

A vote for schools is a vote for the education of hundreds of poor children who are not able to educate themselves.

Mr. J. C. Echard is at the Central Hotel, and is prepared to extract corns without pain and insure lives with pains.

In the competitive examination for the naval cadetship at Goldsboro on Tuesday, Thos. Washington of Goldsboro carried off the honors.

It has been proven beyond a doubt that educated communities make more money and are more prosperous than uneducated communities.

A vote against schools will be taken by outsiders as an indication that our Graded School is not a success. Let every friend of education cast his ballot on next Monday for schools.

Mr. J. L. Rhem received 1900 empty barrels on steamer *Goldstone* on Tuesday night. He has accumulated about 8,000 of these and will send them North full of Irish potatoes and other truck. By the way we have not seen our statement that Mr. Rhem is the largest trucker in the United States denied. A Florida paper gives it up.

Nearly every town of any size in North Carolina is moving for a Graded School to be supported by taxation. New Berne already has as fine a school as there is in the State. Will the Athens of North Carolina allow this noble institution to fail for want of support? Let's have a tax and settle the question of its sustenance; then we will appeal to our citizens for voluntary contributions for the erection of a building.

### Schooner Arrivals.

The *Gov. Vance*, Capt. S. H. Spencer, from Engelhard with corn consigned to Burrus & Co.

J. H. Potter, Capt. Adams, from Wysocking with corn to W. P. Burrus & Company.

The sloop *Thos. G. Hunt*, the property of our townsman Geo. N. Ives, is in port.

### Steamboat Rumors.

We learn that Maj. W. A. Hearne, who has been in the steamboat business upon the Neuse river for some time past, is talking of coming to Wilmington and putting a boat on the river between this city and Smithville. In fact, it is said that he has negotiated with parties at the North for a large excursion boat suitable for the purpose. —*W. H. Star.*

### Tax Deeds.

Our tax collector takes us to task for telling the delinquent tax payers that his deeds to the city treasurer will prove to be invalid on account of his not having complied with the law, and upon inquiry we find there is a difference in collecting under the city charter and under the general law for the collection of taxes. The collector is of the opinion that the delinquents had better not depend upon this supposed deficiency in the deeds, and we reckon he is right.

### On Trial.

On Wednesday Mr. William Robinson, of the West Point Engine Machine Co., was in the city for the purpose of putting on trial the friction valve engine kept for sale by Mr. J. C. Whitty. The engine was an eight horse power boiler and engine, and was taken to the engine yard, situated on a 65 inch diameter and was surrounded by the unscrupulous dealer, raising all the while, it would grind a bushel of corn into good flour in about ten minutes, doing the work of an ordinary horse power boiler and engine. The vibrating valve is something new and Mr. Robinson is here to show its merits.

### Cotton Market.

New York futures off a few points, closing barely steady, sales of 219,000 bales. Spots steady. New Berne market firm. Sales of 12 bales at 9 5-8.

### Your Name in Print.

J. W. Walker, of the firm of Mills & Walker, tobacco manufacturers, left for the tobacco region yesterday.

Philemon Holland, Jr., of the firm of Holland & Guion, is off to Kingston on professional business.

Chas. H. Foy and lady, of Trenton, are in the city.

Mr. Andrew Gooding, of Cypress Creek, is in the city and has promised to give us the news to-day.

P. M. Pearsall, Esq., of Trenton, is in the city.

Col. Thos. B. Long, special agent of the Post-office Department, who had been in the city a few days, left on the evening train yesterday.

### Col. Cole's Visit.

We made mention a few days ago of Col. Cole's visit to the city for the purpose of going out to the Quaker Bridge Road, and that he could find no one to take him out to the work. In this we were slightly mistaken as Mr. Simmons, the chairman of the board of commissioners, informs us that as soon as he heard of Mr. Cole's being in the city he looked him up and would have taken him out but he knew it was a better and nearer route from Kingston to the place where the convicts are now at work. Mr. Simmons has given much of his time to this work without compensation but is still willing and ready to render any assistance to the penitentiary authorities who may desire to visit and inspect the work.

### Graded School Exhibition.

The exhibition of the Graded School will take place to-morrow evening. Extensive preparations have been made by the pupils and the people of New Berne may expect something good—among many other attractive features, the Wand-drill will be presented by twenty young ladies, and also the Dumb-bell exercises by twenty others, all in uniform. Costumes and motive songs will be interspersed with speeches, dialogues, and tableaux. All the school children will be admitted free of charge, and the gallery reserved for them. Others will pay an admittance fee of 50cts. Reserved seats can be secured at the usual place after 12 o'clock to-day. The proceeds of the entertainment will be devoted to the Graded School Library.

### City Council Proceedings.

Tuesday evening, May 1st, 1883. The regular meeting of the Board was held this evening, Mayor Howard presiding. Present Councilmen, Willis, Bell, Miller, Moore, Simpson, Morris and Crawford.

A petition from Messrs. Moore & Brady was read, asking an extension of time for opening and canning oysters. On motion the time was extended to May 31st, they agreeing to give all shells after the 15th of May to the city.

A petition from J. T. Hall was read, asking permission to remove his cook house and replace it with a new one. On motion the petition was granted.

The Mayor's report was read, showing costs collected \$5.45; fines \$5.00. The Marshal's report was read, showing cost of street work \$34.70; pumps \$24.00; special police \$3.50. Total \$67.20. Fines collected \$5.00; costs \$5.65.

On motion, the Clerk was instructed to have tickets printed for the election to be held May 7th, for Schools, or Against Schools, and the Registrars are requested to furnish a separate box at each precinct for said election.

On motion, the Ordinance prohibiting persons from keeping hogs within the city limits from May 15th to November 15th is so amended as to allow hogs to be kept within that portion of the city running north of Queen street to George, west of George street to Neuse, north of Neuse to Berns, west of Berns to Lawson's creek and north of Lawson's creek to the limits.

The bills were allowed, the minutes read and adopted and the Board adjourned till Tuesday morning, May 8th, at 8 o'clock a. m.

A. W. Wood, City Clerk.

At the meeting of the Athletic Club last night the old officers were re-elected, and the vacancy in the Board of Directors, caused by the death of J. W. Harper, was filled by appointing J. T. Poole.

### Shooting at Robersonville.

On Thursday morning, April 26th, five shots were fired by Mr. Badger, the photographer, and M. A. Roberson of the village. The latter was seriously wounded, but not fatally; the former was scarcely hit. Mr. Roberson makes the following statement to your correspondent:

"Not long since, Mr. B. took some pictures for me. Not thinking them good, I threw them in the cook-stove of the restaurant. Some of them dropped below the grate, and failed to burn. On the evening previous to the shooting, I found one of them on his show-board with these words: 'Two hundred of this kind for one cent.' I took it off and destroyed it. Soon after he asked me if I did it. I told him I did; and he began to curse me very insultingly. He was drinking and I said but little to him. Next day we met; I demanded of him to make some amends for what he had said and done, on which he attempted to draw his pistol but I caught his hand. He stepped off a few steps and began to abuse me, holding the pistol in his hand. I told him to put his pistol in his pocket. Several words passed, and I called him a grand vagabond, and he shot me instantly through the chest, the ball being extracted under the right arm. Having my hand upon my pistol I drew it from my pocket and shot at him instantly. He ran off two or three steps, whirled and shot, missing me. I snapped at him at the same time. He ran into the bar-room, threw his face and hands from behind the door and shot, striking me just above the right knee, and the ball was extracted from the calf of the leg. At the same time I shot at him." C.

### Jones County Items.

Home again, after an absence of several days, which were most delightfully spent by me.

Most of the cotton made last year in this county has been shipped. There is not much now behind.

Preaching at Trenton on Sunday, the 29th inst., by Rev. Mr. Johnson, Methodist. A good congregation is expected.

The river is too full to catch shad, therefore many are disconsolate—many people we mean—the shad are not, we presume.

Catharine Lake, Onslow county, is a lovely sheet of water, as clear as crystal, in a beautiful country. There are several stores there, and each seems to be doing a good business.

Your correspondent was out at Jacksonville at Onslow court. It was a lively court, and everything passed off quietly. The farmers seem to be making good headway on their crops.

The farmers of Jones complain of being behind in their crops, on account of the big rain on Monday last. The ground is too wet to plant cotton, and nearly all of them are ready for planting.

We found our old friend, Mr. Henderson Kinsey at Jacksonville as lively and industrious as ever. We met him at early morn at peep of day going to his work. He says "a man cannot do a day's work and commence at 8 o'clock." If the old maxim, "labor conquers all things" applies, then he is entitled to his reward.

Some of the young ladies from Jones who have been visiting friends abroad in other counties, have returned, and some are on their way. Thus one by one they slowly return to the parent fold again.

No more to wander,  
No more to roam,  
After a long absence  
From "home, sweet home."

Mr. William Murrill, of Jacksonville, lost a house by fire on Friday night of court week. It was occupied by a colored man and his family at the time. He it seems had awaked at some time during the night, built a fire and afterwards gone fishing. He was the first to discover the fire. He hastened to his home and found the house enveloped in flames. His family escaped with difficulty. The house was covered by insurance.

Trent river is higher than it has been since the large freshet of '77. Although it has been so full, we hear of no overflow of any consequence of the lowlands up the river. The cause is due to the dredging of the river below Trenton. Thanks to Uncle Sam for the money appropriated and spent for that purpose. Hope he will do us so again, and again until the steamers can be able to leave their wharves at New Berne and explore the windings of the beautiful Trent to their source at Tuckahoe.

Thousands of sheep, in all parts of the State were drowned by the great floods last week. Between dogs and water the poor sheep are in truth "twixt the devil and the deep sea." —*New-Oberseer.*

### Beaufort Items.

Mr. David Morse has been elected delegate to the Grand Lodge of I. O. O. F.

Mr. A. C. Davis, Collector of Customs, has been confined to his room for some weeks.

Miss Sarah Davis' new house will be completed by 1st June. It will nearly double her capacity for summer guests.

Already they are beginning to come. Mr. F. G. Goddard, wife and daughter, of St. Louis, Mo., are at the Davis house.

The revival, which has been in progress at the Methodist Church for a month, conducted by Rev. N. M. Jurney, closed Sunday night. Quite a number professed faith in Christ, and 80 joined the Methodist Church.

Court convened on the 29th April. Judge McKoy's charge to the Grand Jury was in advance of any I ever heard. Quite a number of lawyers are present—Mr. Isler, of Goldsboro; Messrs. F. M. Simmons, Stevenson, Manly, Bryan, Holland, and Judge Thomas from New Berne; Mr. C. R. Thomas, jr., of Beaufort, and Mr. Pelletier of Carteret county. This would indicate much business.

## Valley Mutual Life Association of Virginia.

HOME OFFICE. . . STAUNTON, VA.

## INSURANCE WITHIN REACH OF ALL.

This Company is winning fresh laurels every day. It has been in existence nearly five years, has a membership of about six thousand members, has paid every death loss promptly, has taken nearly one million dollars of insurance in North Carolina since the 1st of January. On the 23rd of March last \$3,000 was paid to Mrs. R. M. Oliver, of Milton, N. C., on the death of her late husband. This is the second loss of \$3,000 paid in Milton in the last six months past. We also see from the Daily Evening Globe, of Hagerstown, Md., that J. C. Echard, Agent at Large, paid \$3,000 on the life of F. D. Henbert one month before it was due. This speaks well for this excellent company, and shows that it meets its death losses promptly. Policies are guaranteed for their full face value. You can know how much a policy will cost you in an expected lifetime. One assessment on members pays now five deaths before you are assessed again; twice as many deaths paid from the surplus money than is assessed, for this Company has large stock and reserve fund which is invested in U. S. Bonds, which is bound for the policy holder besides the assessment fund. We have had but nineteen assessments since the Company was chartered, nearly five years ago, furnish insurance at about one-third the cost of old line companies. This Company furnishes insurance at actual cost. This Company is patronized by the most leading men in Virginia and North Carolina. We take great pleasure in commending this company to the consideration of every person that can take out insurance in this Company. Mr. J. C. Echard, Agent at Large, is here at the Central Hotel, and will canvass the city and surrounding country. The small sum of \$2 will secure a policy for \$1000, \$15 for \$2000, \$24 for \$3000. For further particulars call on J. C. Echard, Agent at Large. Don't put off till to-morrow what you ought to do to-day. Make the best investment you can make for the same amount of money. Mr. Wm. G. Brinson is the Local Agent at New Berne, N. C. may3-d1w-wlm
