NEW ADVERTISEMENTS. A. H. POTTER-Mineral waters. J. C. WHITTY-Cider Mills, etc.

Journal Ministure Almanac. un rises, 4:44 | Length of day, sun sets, 7:18 | 14 hours, 84 minutes. Moon sets at 4:88 a. m.

Mr. A. H. Potter has received and put in machinery for bottling ginger ale.

The M. E. Church Working Society will meet at the residence of Mr. F. Ul-

Mr. L. J. Moore and family left for Virginia yesterday morning to spend the summer months.

The steamer Goldsboro arrived from Baltimore yesterday with a cargo of general merchandise.

Nine steamers were at our wharf yesterday loading and unloading Irish potatoes and other products.

The sloop Nellie May, of Beaufort, the property of our townsman, Geo, N. Ives, is on Howard's ship railway for

The steamer Stont sailed at noon yesterday for Baltimore with a cargo of cotton seed oil, rice, naval stores and 93,000 feet of lumber.

We wrote that the new boat for the Neuse River Transportation Co. was nineteen feet wide, and not nine, as it appeared in yesterday's issue.

Mr. C. E. Slover is continuously receiving and opening choice family groceries, and he says it would astonish the natives to know how low he is selling them. His sparkling champaigne cider is a delicious drink.

Mineral Waters.

Mr. A. H. Potter advertises in this issue Vichy and Deep Rock mineral waters which he receives in blocked tin lined barrels direct from Oswego and Saratoga, N. Y. They are highly recommended for diseases of the kidnevs and bladder.

Trip to Pink Hall.

Mr. J. L. Bryan, manager of Kornegay's machinery branch house of this city, has just returned from a trip to Pink Hill, Lenoir county, and gives a good account of the crops in that section. He says Mr. John K. Noble has the best cotton he has seen. Mr. Bryan went up to put a grain separator in order which his firm had sold in the neighborhood which he did with his usual promptness.

A Useful Conductor.

Capt. E. R. Page, the polite and accommodating conductor on the A. & N. C. R. R., hearing of some depredations on his farm in Jones, committed by one Luke Williams, left the city on for us to lose our stock, and we know Monday evening for Trenton where he got a warrant for Luke, conducted him before a magistrate, conducted the trial and was then deputized by the sheriff to conduct Luke to Craven county jail where he is to remain for thirty days and pay a fine of twenty-five dollars.

Mayor's Court.

Peace and quiet had reigned supreme in police circles until yesterday morning when John Reid was told to stand up and plead to the charge of loud and boisterous talking-cursing and swearing-on the public streets, thereby disturbing the peace. He pleaded not quilty, but the evidence rendered his pleading void and of none effect. He was fined \$3.00 and required to pay the

George Williams was then called upon the charge of assaulting John Reid; he was proven guilty, but it appeared that he acted under aggravating circumstances. He was fined twenty-five cents and required to pay the cost.

"Veritas" says he is not an alarmist He is evidently harping on that string. It is not absointely certain that a lease of the A. & N. C. Railroad would be binding upon the purchaser of the State's interest if the bondholders should sell it. A sale would as effectually take it out of politics as a lease, and the purchaser, if he bought for the purpose of making money, would certainly endeavor to work for the interest of the people from whom he would expect atronage. We are not oppose to the cheme which 'Veritan' is advocating, we only think he is putting his licks in the wrong place to accomplish the deat upon the Governor's allowing the will of the private stockholders and the people of this section to govern in the matter of leaning. We agree with "Veritas" that our home people should operate the read; the JOURNAL has adcorporation could do it much

The Goldsboro Graded School.

At an election held last Thursday the citizens of Goldsboro, by a vote of 378 to 2, increased the tax for their Graded School. Bro. Bonitz of the Messenger says but few, if any, towns or cities in North Carolina can boast of having made greater advancements in all that is considered essential and necessary to build up a thrifty community than Goldsboro, but the establishment, two years ago, of the Goldsboro Graded and High School was the greatest stride onward and forward the city has ever made. The result of the election has induced Prof. Moses to remain, notwithstanding he has been offered a better salary at Columbia, S. C. His salary has been raised \$1,500, by the Board of Trustees of the Goldsboro School.

We hope soon to be able to lay before our readers the result of the first year's work done in our Graded School. We are satisfied that when the President of the Board of Trustees makes up his report it will show as good work for the first session as any cchool in North Carolina. What we have to fear is that our people are so well satisfied with the success of the school they will conclude that no further effort is required. We need the same enthusiasm that moved our people to put the school in motion, to begin the erection of a suitable building to teach

Facts to be Considered. EDITOR JOURNAL:-Two short year's up our control of the A. & N. C. R. R. unless our people take steps to effect a lease. We are truly rejoiced that the new syndicate now formed meet in Kinston Machine Shops. Goldsboro to-day to determine as to their future course, and New Berne will be represented by some of her best and night, and night, day, just so sure will sheaves. the control of the road slip from us into the hands of aliens, who are strangers to us in every thing except language, unless the syndicate now formed secure a gang; but the report proved to be only lease of the road. The State stock is which are believed because incredible. pledged for the redemption of the construction bonds, and in two years they will mature; they are held in great part mother of States and statesmen, also of railroad sharpers and cent per cent capitalists. The people of the east must not allow these outsiders to get control of this property; if they do, we may squirm and kick, they will bid us defiance, and can with truth say to us that we are their bonded slaves, and will rule the east as they have the west, and will, if their interest demands it, shape our legislation to suit them. The people have paid for their stock in the road; the State has repudiated her share of the debt; we think that it would be hard that Gov. Jasvis has our interest too much at heart to allow this thing to happen. The road is now under excellent management, but how long will it continue? The next change in the administration of the affairs of the State may oust the present managers from office. We wish to prevent these changes, and not to have the road used as a political machine. VERITAS.

which fired the fatal shot. H. H. Swindell says when they both shot it frightened the deer and she stumbled; tell down and stuck some sticks in her side and rolled over in the ditch and drowned. M. V. Benson shot one twice and never killed. C. F. and M. V. took two shots each at one and never killed. They are considered first class marksmen. Think they had better shut one eye when they shoot again.

Core Creek Items.

Not much news this week, as every body is so busy chopping grass. Mr. C. L. Wetherington has the nicest corn I have seen this year.

I see our light horse trader in a big hurry to get his potatoes off to market. Our postoffice has gone down for some cause and it is a bad chance to mail a

Mr. Alonzo French is making preparations for putting up a big saw mill right away. There have been Irish potatoes shipped

from the Core Creek depot every day for the last two weeks. Mrs. Maria Ipock is confined to her

room with the rheumatism, but I hope she will soon be out again.

Rev. Alpheus McCullen preached at Ashberry Chapel on the 10th inst. and he had a large congregation and among them was Mr. H. Lane from your city. Mr. R. A. Ditlon has exercised the people of Core Creek about shipping their truck this year. I think the Rail-road Co. would be advisable in making a freight agent of him at Core Creek.
