Ripe grapes have appeared in market. Some fine bunches of Isabella's were in yesterday.

The steamer *Goldboro* arrived yesterday morning with a cargo of general merchandise.

Fresman Ernal reports six acres in corn, only six weeks old, that will hide his horse, Judge Buxton.

Don't forget the excursion to Pollockville today. Steamer *Trent* will leave this morning at 8 o'clock.

Moses Banks, col., a maniac, was arrested and lodged in jail yesterday evening by the city marshal.

Mr. E. Hubbs, the former Postmaster in this city, now special agent in the treasury department, is in the city.

The schooner *Ada*, from Elizabeth City, discharged a cargo of 2,000 bushels of corn at Meadows' mill on yesterday and sailed on her return trip.

The new buildings on the burnt lot are being weatherboarded with corrugated iron. If covered with the same material they would be pretty safe from fire.

The body of Kate Clayton was found yesterday and coroner's inquest held. The verdict was that she had a fit on the river bridge, fell off and was drowned.

The schooner *Melvin*, which sailed for Philadelphia several days ago with a cargo of lumber, arrived here on the evening of the 26th, and will return to this city with a cargo of coal.

Prof. Geo. W. Neal will be at the Academy to-morrow to organize a class who may desire to pursue any special study during the vacation of the Graded School. He proposes to devote two hours per day, from 8 to 10 o'clock, to this work.

We print on our editorial page to-day the memorial and resolutions upon the death of our late partner, J. W. Harper, adopted by the Press Convention. There was a resolution that a copy of the memorial be sent to the *JOURNAL* and *Kinston Free Press* for publication, but we have never yet received a copy, so we copy them from the *Free Press*.

We met to-day an excellent friend, Capt. Jones, of the steamer *Goldboro*, and we were very glad to learn that he has recovered the use of his hand which had sustained some injury while hauling Doctor Blackball down from the clouds by means of a trout line that had trailed from the balloon car in which Doctor Blackball was seated while on his aerial voyage. The reader may have forgotten that Doctor Blackball had been carried up against his will in a balloon.

Rev. F. W. Eason will preach his farewell sermon in the Baptist Church to-night. He goes from here to Charleston, South Carolina. Mr. Eason has been in New Berne as pastor now about five years, and during the time he has proved himself to be a great preacher. His sermons are generally short, but always interesting and impressive, and therefore preached to large congregations. The members of the Baptist Church at this place very much regret to lose so valuable a pastor and preacher, and his friends which can be counted by large numbers regret to see him leave.

One batch of the new issue of Magistrates—Joe T. Richardson, J. H. Humphrey and Freeman Ernal—appeared before Probate Judge Carpenter yesterday and were sworn in. One of them asked for his books, but books are out of the question for the newly elected. The Legislature thought a man who had never served as a magistrate would gladly buy his own books for the first year. But laying all joking aside, how are magistrates to know when a law is violated unless the laws are furnished them? The neglect of the General Assembly to provide for the laws to be furnished to each magistrate is inexplicable.

George Dams, of Goldboro, will preach in the Baptist Church to-day at 11 o'clock. He will preach at the morning and evening services.

Rev. J. W. Eason will preach in the Baptist Church to-day at 11 a. m. and 8 p. m. in the morning, by request, at 7 o'clock to-night. Farewell sermon.

A good wheat crop. We learn that the crop of wheat in Newbold, S. C., is about 100,000 bushels. This is a good yield and a gain to the farmers of that section.

Floral Present.

Foreman A. W. Wood, of the Atlantic Fire Company, received per express on Friday night a beautiful bouquet for the Company, present by Mrs. Henry Reed, Florist, through Foreman A. Adrian, of the S. F. E. Co. It is arranged in the shape of a horse shoe, which means "Good Luck." It is made up with considerable taste and reflects credit on the fair donor, and adds another memento to the many that have been treasured up in the minds of the Atlantic Firemen which time will not soon obliterate.

Mrs. Stonewall Jackson.

That the name of the most brilliant, and dashing genius of the war between the States is still green in the memories of all our citizens, was evidenced by them when the news reached the city on yesterday that his widow, Mrs. T. J. Jackson and daughter would pass down on the evening train for Morehead City. Steps were immediately taken to give them a serenade at the depot, and to remind them in a becoming manner of the strong affection and high regard cherished by the citizens of this city for the illustrious husband and father. The silver cornet band with a large crowd of our citizens, including the *JOURNAL* force, several of whom had followed the departed hero in many hard fought battles, assembled at the depot. Mrs. Jackson and daughter, Miss Julia, accompanied by Mr. Christian, were escorted by President Whitford in a private car. Upon the arrival of the train the band played a well selected piece, after which Mrs. Jackson and daughter, by request of Col. Whitford, stepped upon the platform of the car, when the Colonel in a few very appropriate remarks introduced them. Three hearty cheers were given, the ladies bowed and retired. While the band continued to discourse sweet music, Mr. J. R. B. Carraway, New Berne's florist, was admitted to the car with a beautiful basket of flowers, which he presented to Mrs. Jackson.

Mrs. Jackson is a native of Charlotte, and appears much younger than we had anticipated. This is her first trip to Morehead City and, consequently, the first opportunity our citizens have ever had of paying their respects which they did with a hearty good will. Stonewall Jackson will ever live in the hearts of those who followed him through many privations and danger and knew his real worth.

The District Conference.

MOUNT OLIVE, July 26th, 1883.

DEAR JOURNAL.—Mount Olive is a pleasant little town of five hundred inhabitants, on the W. & W. Railroad, fifteen miles South of Goldboro. Three nice churches, viz., Methodist, Presbyterian and Baptist. The pastors of these three churches reside in the town, Rev. Marable, Presbyterian; Rev. Sandlin, Baptist; and Rev. Briston, Methodist. Although I have been passing through this town for many years, this is my first visit to the place. I am here at the call of duty to attend the "NEW BERNE DISTRICT CONFERENCE."

The Conference was called to order to-day at 10 o'clock a. m., by Bro. J. E. Mann, P. E., who read the 12th chapter of Romans, announced the 594th hymn and prayed. The roll was called and a fair number of the ministers, and lay delegates, were present at the opening session.

Rev. N. M. Jurney was elected Secretary, on motion of Dr. Burkhead, by a unanimous vote.

Then, on motion of Rev. N. M. Jurney, lay delegate W. A. Darden was elected Recording Secretary.

On motion of Dr. Burkhead, the Conference resolved to meet at 9 a. m. and adjourn for preaching at 11 a. m., and to meet at 4 p. m. and adjourn at will.

On motion, the Presiding Elder, Bro. Briston and Bro. English were appointed a committee on Public Worship.

The P. E. then addressed the Conference in a short and appropriate speech in reference to the work of the District Conference.

On motion of Rev. Y. W. Jenkins, Bro. Briston, Darden and West were appointed a committee to audit the report of the Presiding Elder in reference to District Patronage.

Rev. F. H. Wood, Rev. J. C. Crisp and Rev. S. D. Feller, of the Wilmington District, Rev. B. B. Culbreth, of the Raleigh District, and Rev. M. L. Wood, President of Trinity College, were introduced to the Conference.

The Presiding Elder called *Goldboro* District, Rev. B. B. Holder, Pastor. Bro. Holder reported the spiritual condition of his charge hopeful. Attendance on public services good. Family worship much neglected. Sacrament of the Lord's Supper well attended. Prayer-meetings held at most of the churches. Class-meetings not well attended. Sunday Schools doing well.

265 members in this charge. Completed two new churches this year, one costing \$800 and the other \$700.

Pastor's salary, \$335.00
" " paid, 85.00
P. Elder's claim, 50.00
" " paid about, 20.00
Assessed for missions, 58.50
" conference collection, 15.00
" church extension, 7.00
" Bishop's salary, 4.00
This is a new circuit and the outlook is good.

Conference adjourned to hear preaching.

Rev. J. C. Crisp, pastor of Topsail Circuit, Wilmington District, preached a fine sermon: Psalms 8:4, "What is man?" This sermon was striking and able.

AFTERNOON SESSION.

Rev. J. E. Mann, P. E., in the chair. Religious services by Rev. B. B. Culbreth.

Jones Circuit, Rev. L. L. Johnson, pastor. Church in good condition. New parsonage. Six Sunday schools. Kinston Station, Rev. W. C. Gannon, pastor. Church in growing condition; lines advancing.

Beaufort Station, Rev. N. M. Jurney, pastor. Church in fine state; fine Sunday school; finances up.

Cartaret Circuit, Rev. A. D. Betts, pastor. 555 members, 14 Sunday schools; no deaths; finances only about one-fourth paid; no parsonage.

Core Sound Mission, Rev. T. J. Brownings, pastor. Good revivals; 35 additions to church; arrangements for building two churches; a fine outlook for glorious work.

An interesting discussion in reference to Sunday School Conference sprang up and was participated in by Rev. W. C. Gannon, Rev. A. D. Betts and Dr. Burkhead.

Rev. F. H. Wood of Wilmington preaches to-night.

I am the guest of Mr. Joseph A. Shine—elegant home. B.

Kinston Items.

Col. George C. Moses, the best and most successful farmer of either Jones or Lenoir county, exhibited to us on the 26th instant an open cotton boll.

A young colored woman of this county applied last week to Judge Fields for divorce from her husband, on the ground that he had discovered since marriage she was a "boy girl." Judgment nisi, for divorce granted.

The newly appointed justices of the peace qualify on the 2d proximo. They are making preparations for the discharge of their duties. The long-legged justice of the Neck township—one of the new issue—enquired of a justice of the old issue what Form Book would he recommend. "None," said the old issue, after the manner and learning of the great Judge Pearson, "nobody but a d—d fool ever needs one."

The Episcopal Convocation of Edenton assembled at St. Mary's Church in Kinston last Friday. The following Clergymen were present: Rev. N. C. Hughes, sr., and Rev. N. C. Hughes, jr., of Beaufort county, Rev. B. S. Bronson of Wilson, Rev. G. W. Dame of Goldboro, Rev. R. B. Drane of Edenton, Rev. E. N. Joyner of Pittsboro, Rev. V. W. Shields of New Berne, Rev. T. M. Thorpe of Hyde county, Rev. N. Harding of Washington, and Rev. Israel Harding, Rector of St. Mary's, Kinston. There were also present several delegates from various portions of the district. The Convocation will continue until Sunday night, the 29th instant, with morning and evening services—twice a day. The business of the Convocation will be conducted in the afternoon.

Stonewall Items.

Mr. Jas. H. Gaskins and one of his little boys are quite sick with bilious fever.

Farmers are leaving their crops behind them. One more week will close the working of crops with us.

Miss Benny Bishop, of your city, came down on the last trip of the *Edin City* to spend a few days with Mrs. Dr. Attmore. The young gents say send along all such that you have to spare.

Mr. Jno. E. Davis and his son-in-law, Mr. Thel. Beaton, of Wayne county, passed through our place on yesterday on their way home, having been down in the lower part of our county on a business tour. They report crops in their section as only ordinary. Crops with us are showing rapid improvement, and if we can have a favorable August and fall, cotton and rice will make a fair crop, and all who have a stand of corn will do likewise, but they are few and far between.

The killed snappers are getting to be quite prevalent. I have heard of three deaths, and two other ones on hand at

the present writing. The best remedy I know of is to give the horse afflicted, as soon as found out, one pint of pure liquor reduced with water to the proper strength, and one hundred grains of quinine or cinchonidia, and repeat every two hours, reducing the quantity a little each time, and rub the limbs to promote circulation and apply bottles full of hot water until reaction takes place. Do not let the animal lie down if possible, to avoid it keep him moving, and if he should get uncontrollable give chloral until quieted. If it can be had a hyperdermic syringe is the best way to administer it. I give this for the benefit of those who may perhaps be in need of help. By no means bleed a drop.

La Grange Items.

A young child of Everett Blizzard's died near this place on 25th.

Rev. J. D. Carpenter left for the District Conference on Thursday morning.

Dr. Sasser, of Wayne county, paid Dr. Hughes, of your place, a visit Thursday.

Our beef market opened two or three weeks ago. Beef sells from 6 to 10 cents per pound.

The family of Mr. Noah Rouse and a few others had a picnic at Seven Springs last Wednesday.

Miss Bettie Kinsey is visiting Miss Effie Rouse, daughter of Noah Rouse, Esq., near this place.

Hand seining is the order of the day in fishing. Judging from the past, one pays right dear for the whistle, or fish.

J. J. Dancy and Mrs. John Cherry and daughter passed our place one day last week on their way to Seven Springs.

Jim Holland eat five boxes of sardines and crackers in proportion. Jim says he had been unwell for some time but is better now.

A beautiful gold watch was presented to Prof. J. Y. Joyner, of our place, a day or so ago, by Mrs. Judge Faircloth, of Goldboro.

Rev. Mr. Jenkins and Capt. W. A. Darden, of Greene, passed here Wednesday en route to Mount Olive and the District Conference.

Dick Suggs says he killed a snake one night last week as large as his neck, and that it weighed eleven pounds. You must remember Dick is very truthful.

M. H. Wooten, Esq., has shipped from his place, for himself and others, about 1500 bushels of wheat. The highest price received was \$1.20 delivered in Wilmington.

Joshua J. Herring, jr., was set upon some days ago by three foxes. Mr. Herring says that they came within a few feet of him and showed a disposition to take hold.

Reuben Attmore penned nine cows one night last week. They had been predepreting on his corn. They were released upon the payment of damages, without registering.

The paint brush is being applied to the front of Whitfield's bar room. It seems to be needed in other places, and I believe would pay. The town has a very aged appearance.

The news of the blow in Kinston on Tuesday night did not reach here till Thursday, the one in New Berne on the same night was heard of Wednesday. So much for a daily newspaper.

Capt. McIntyre has equipped his gin with platform scales. The wagon or cart can be driven on the platform and weighed, unloaded and the empty vehicle weighed and deducted. A seed cotton elevator is to be attached and the fixtures will be complete for the present.

Frank Hawley left here very unceremoniously some time ago, leaving a wife and child unprovided for, and some months rent due a poor widow. Mrs. Hawley has been taken home by her father and cared for, but the widow's rents are still unpaid. This much for the present, with the compliments of the "Frog Pint Judge."

The Gullett Magnolia Cotton Gin.

In our paper to-day will be found the advertisement of that justly celebrated cotton gin—the "Gullett Magnolia." We have traversed within the past six months the entire cotton belt from Texas to Virginia, and throughout the States examined in that district the reputation of this noted gin is beyond cavil or question. It stands first and foremost with all in mechanism, durability and perfection. And, indeed, no enterprise could fail of success, conducted as is the business of this company. Originally under the control of Benjamin B. Gullett, a man familiar throughout the South, at his death its management devolved upon one whose name is itself a tower of strength—Albert Baldwin, Esq. To his side this gentleman has called as a general manager, Mr. Geo. A. Peete, than whom, in executive ability, none abler can be found. Truly in this establishment a home institution, everything used in the construction of the machines, even to the castings and saws, being made at their own factory; while the majestic magnolia and long-stem yellow pine, of which their gins are manufactured, grow thick on their own immediately adjacent lands. In fine, the "Gullett Magnolia," as a gin, cannot be excelled, and all who use it sound its praises ever afterward.
