Prof. Thomas comes highly recom-mended, and we sincerely hope he may some up to the expectations which such such flattering recommendations have wrought. The selection of a suitable man to take charge of the Graded School of New Berne was no small responsibility resting upon the Board of Trustees, for we regard the success of this school of far more importance to New Berne than anything we can think of, not excepting even the election of a Governor of North Carolina.

Miss Carrow also comes highly recommended.

It provides for the election of a road supervisor for each township, and that and some appropriate remarks in re-ati able bodied male persons between gard to the success and peace of the conference, pronounced the Benedicthe ages of 18 and 45 shall do three days' work during the year or pay in cash \$9.50, and in addition to this provides for the levying of a tax not to exceed 8 cents on the hundred dollars and 24 cents on the poll to be applied to the keeping in repair of the public roads. with it may change back to the old.

The act applies to the counties of Forsyth, Pamlico, Orange, Durham, Bertie, Northampton, Cabarrus and Buncombes Pamilico being the only county in this immediate section included in the act, we hope the Board of Justices of that county will consider it and give it a fair trial. New Berne District Conference.

This has been the great day of the Conference. Much business has been done. I cannot go into detail, but only refer to the most important matters. Resolutions were passed, setting forth the importance of circulating good moral and religious literature, and thus crowding out the immoral and licentious stoff that is flooding the country. Our own Church publications: the Nashville Christian Advocate, the Sunday School publications of our Church and the Quarterly Review of the M. E. Church South, published at Macon, Georgia, and edited by that profound scholar and able Divine, Dr. J. W. Hinton, were warmly endorsed. The newspapers, owned, edited and published by members of the N. G. Conference were also commended as worthy of the patronage of our people. TRINITY COLLEGE

Was heartily endorsed and all our people urged to rally to its support. This College is the property of the N. C. Conference. This institution of learning is fully organized and the Faculty well equipped for doing honest and efficient work. The New President, Rev. M. L. Wood, A. M., was at the Conference and made a strong speech on education; and also set before us his plans and hopes in reference to the future prospects of the College. President Wood's address exhibited determination and pluck, in his new field. The new Professors, Rev. J. T. Bagwell, D.D., and Rov. J. F. Heitman, A. M., are gentlemen of culture and indomitable will-power, and will add much to the efficiency and success of the Faculty and the College.

The following gentlemen were elected Lay-Delegates to the Annual Conference: A. B. Miller, M. C., of Kinston; J. V. Williams, of New Berne; C. Price,

AFTERNOON SESSION.

Resolutions were offered and passed in reference to Greensboro Female College. They set forth the facts that the College had been sold. That it is now owned and conducted by a stock company. That this company pledges to conduct the College in the interest of the Methodist Church South, in the North Carolina Conference. And that it is therefore the proper place for Methodists to send their girls.

The President of the College, Rev. J.

M. Jones, D.D., presented the claims of the College in a speech of great beauty and force. This College is more prosperous now than ever before since the war. Various other resolutions were adopted. Then the Conference thanked the citizens of Mt. Olive for their elegant hospitality, the Presbyterians and Baptists for the use of their churches and the Railroads for reduced fare.

Davis, met informally and resolved to issue a call for a convention of Sunday School workers to meet in the Baptist Church at Kinston at 11 o'clock a. m. on Baturday, August 11th, 1883. The object of this meeting is to inaugurate means looking to the better organization, equipment and work of the Sunday Schools of the various denominations. A good attendance is earnestly desired.

Crops are suffering very much for rain in some sections of Jones...

One of the finest and most enjoyable pionics it has ever been our privilege to attend came off at the Free Bridge last week. The beauty, the wit, the intelligence and the elite of Jones county to a great extent were there, scores of hearts beat happily," "soft eyes looked love to syze that apake again, and all went merry as a marriage bell."

While up in the Cypress Creek section of this county last week we had the pleasure of spanding some time with Mesars Creagh & Hill, two handsome young bachefore with their sign and "wife needed" and stopped to think for what purpose, as everything seamed to be carried on as if the helm of domestic affairs was managed by a lady, and we concluded it was only for the purpose of completing their earthly bliss.

Wm. B. Becton, of Jones county, was seriously injured last Thursday by a kick from his horse. The horse was playing in the yard around Mr. Becton, when he playfully kicked at him, striking him on the upper lip, splitting it and breaking the under jaw bone. The wound was carefully and neatly dressed by Dr. Henry Tull and the patient is now doing well.

Last Thursday, the superintendents and teachers of Woodington Sunday School entertained their pupils and the public with a very pleasant picnic at Woodington Church. There was a large concourse of people gathered there.
Speeches were delivered by Dr. R. H.
Lewis and Dr. H. D. Harper, of Kinston, and by Rev. Henry Cunningham, of Trent. There seemed to be a general desire to see the Sunday School work more earnestly prosecuted. In order to give a renewed impetus in this direc-tion, representatives of the different detion, representatives of the different de-nominations, consisting of Messrs. C. A. Dudley, E. G. Tyndal, H. Mr. Thos. McCotter, of Vandemere, has the misfortune to lose his oldest daughter on last Sunday evening of malarial fever. She was some 10 or 12 years old and a bright and promising little girl. The parents have the true sympathy of all who knew her.

The Gullett Magnolia Cotton Gin.

The Gullett Magnolia Cotton Gin.

In our paper to-day will be found the advertisement of that justly celebrated cotton gin —the "Gullett Magnolia," We have insversed within the past six months the entire cotton belt from Toxas to Virginia, and throughout the States or mblined in that district the reputation of this noted gin is beyond cavil or question. It stands first and foremost with all, in mechanism, durability and perfection. And, indeed, no enterprise could fall of success, conducted as is the business of this company. Originally under the control of Renjamin D. Guilett, a man familiar throughout the South, at his death its management devolved upon one whose name is itself a tower of strength—Albert Baldwin, Esq. To his side this gentleman has called, as a general manager, Mr. Geo. A Peete, than whom, in executive ability, none abler can be found. Truly is this establishment a home institution, everything used in the construction of the machines, even to the castings and saws, being made at their own factory; while the majestic magnolia and longl-enf yellow pine, of which their gins are manufactured, grow thick on their own immediately adjacent lands. In fine, the "Guilett Magnolia," as a gin, cannot be excelled, and all who use it sound its praises ever afterward.
