

## LOCAL NEWS.

**Journal Miniature Almanac.**  
Sun rises, 6:30 | Length of day,  
Sun sets, 4:57 | 10 hours, 27 minutes.  
Moon sets at 12:05 a. m.

Next Wednesday is the time.  
Prepare to illuminate your houses on  
the night of the 14th.

The market dock was full of boats  
yesterday evening. Seed cotton, rice,  
oysters and sweet potatoes constituted  
their cargoes.

On Tuesday the rice mill of Mr. Elijah  
Ellis, in this city, began work and is  
turning out, as usual, a beautiful sample  
of cleaned rice.

A light shower of rain on Tuesday  
night laid the dust, and on Wednesday  
the beautiful weather of the last ten  
days reappeared.

The Board of City Council, at their  
meeting on Tuesday night, declared the  
14th to be a public holiday and the peo-  
ple allowed to fire off fireworks.

The steamer *Defiance* sailed yester-  
day with a full cargo of cotton. The *Ex-  
periment* left Norfolk for this port on  
yesterday morning and is expected this  
morning.

The *JOURNAL* staff acknowledges with  
thanks a rare treat of oysters on the  
half shell from the saloon of Mr. J. T.  
Swindell. They were fine and he has  
more of the same.

The county commissioners examined  
the receipts and vouchers of D. N. Kil-  
burn, County Treasurer, for the year  
1882-83, on Tuesday, found them all  
right and gave him a clean slate.

Mr. E. F. Sanderson, of Jones was in  
the city yesterday, and though on the  
shady side of fifty, says he saw a sight  
on Tuesday night that he never saw be-  
fore at night—a rainbow. He had  
evidently forgotten the old adage:

Rainbow at night,  
Shepherd's delight.

The steamer *Defiance* brought in on  
Tuesday night a lot of new empty bar-  
rels for Mr. Ellis' rice mills. This looks  
like carrying coal to New Castle. North  
Carolina has just convinced the world  
at Boston that she has every variety of  
timber, and in abundance. Then why  
should we have to go to Baltimore for  
barrels to carry off our products? If  
there is any profit in making barrels,  
why not keep it at home.

**Important Lectures.**  
We are pleased to announce that Dr.  
W. H. Barker will soon deliver in this  
city a course of lectures for the benefit  
of the Graded School Library. The  
themes embraced in the course are  
highly important to every body, young,  
old, married and unmarried and will  
prove beneficial as well as interesting  
to those who attend and hear them. The  
object in view—to increase the little  
Library started for our school—is a com-  
mendable one, and sufficient to at once  
awaken the interest of all our good citi-  
zens. Tickets are now on sale, and the  
time will soon be announced.

**More Life Insurance Paid.**  
Messrs. Watson & Street, General  
Insurance Agents of this city, are still  
at the good work of paying life insur-  
ance benefits. Has it not been truly  
said that life insurance is a great public  
blessing?

Messrs. Watson & Street, General Insur-  
ance Agents:  
GENTLEMEN.—As a beneficiary of my  
late husband, Francis J. Fulford, I  
acknowledge the payment of two thou-  
sand five hundred dollars, being the  
amount for which he was insured in  
the Mutual Reserve Fund Life Associa-  
tion of New York for the benefit  
of his said minor child.

Respectfully,  
IDA D. FULFORD.

Messrs. Watson & Street, General Insur-  
ance Agents:  
GENTLEMEN.—As guardian of Joseph  
C. Fulford, minor child of the late  
Francis J. Fulford, I am pleased to  
acknowledge the receipt of two thou-  
sand five hundred dollars, being the full  
amount for which Mr. Fulford was in-  
sured in the Mutual Reserve Fund Life  
Association of New York for the benefit  
of his said minor child.

Very truly yours,  
F. M. SIMMONS.

**Election News.**  
The telegrams last night brought bet-  
ter news for the Democrats than those of  
the previous evening.

In New York the Republicans have the  
Legislature, but the Democrats carry the  
State by about 30,000, except Mr.  
Maynard, who was scratched, it is re-  
ported on account of prohibition pro-  
clivities. This is not as well as we ex-  
pected, in view of Gov. Cleveland's  
tremendous majority at the last election,  
but then with one of the leading can-  
didates having an unpopular air sur-  
rounding him, must have affected the  
whole ticket to some extent.

Virginia has covered herself with  
glory and squashed bossism in true  
style. At this result we are truly  
rejoiced and now hope to see the Old  
Dominion take the position in the line  
of States to which she is so eminently  
entitled.

Maryland and New Jersey go Demo-  
cratic, while Pennsylvania and Con-  
necticut are Republican.

**A Unique Job.**  
Mr. J. K. Willis has just placed on  
his marble yard a neat, beautiful and  
unique job of marble work in the form  
of a cradle. The bed slab is of white  
Rutland marble, the bottom base for the  
tablet, the sides and the foot piece are  
of Rutland blue marble, elaborately  
trailed; the foot piece forms a part of  
a segment with a white dove resting upon  
it, and the sub-base and tablet are of  
pure white Rutland marble.

**The Danville Riot.**  
From the different statements made  
concerning the cause of the Danville  
riot an investigation must necessarily  
follow when the passions of good men  
have cooled down and they take the  
second sober thought. The news has  
been flashed all over the land of the  
riot, resolutions have been adopted de-  
nouncing Mahone and his co-conspirators,  
holding them responsible for the blood  
spilled, while the Mahone organ, the  
*Whig*, calls it "A riot all one way"; a  
concerted St. Bartholomew's Eve; a  
cruel and inhuman massacre of innocent  
and flying negroes."

Red hot politicians are not the proper  
ones to declare who is to blame and  
what ought to be done under such cir-  
cumstances. The causes of the riot are  
undoubtedly exaggerated by both sides,  
and when a calm investigation is made  
it will be found that much has been  
said that ought never to have been said.

**Railroad Meeting.**  
E. F. Martin, Superintendent and  
general manager of the Wilmington,  
Wrightville and Onslow Railroad, ad-  
dressed the colored people of this city  
last night at the court house in the in-  
terest of his road. He had a very re-  
spectable meeting which was presided  
over by B. W. Morris, and his remarks  
were well received. In the course of  
his remarks he stated that he was  
the first negro mail contractor in North  
Carolina and not being able to hire a horse  
with which to carry it he walked to the  
post-office, threw the mail bag across his  
shoulder and walked to Jacksonville,  
returning a day ahead of time. He must  
have seen and felt the necessity of  
this railroad while carrying this mail.  
He says he has six miles of his road  
graded and he is determined to build it.  
His plan is feasible, and if he could succeed  
in arousing one-half the enthusiasm  
for it that a shrewd candidate for the  
nomination for Congress can at the  
beginning of a political campaign the  
road will be built.

perintendent of the New Berne Graded

Wright, driver of the Atlantic

his salary. On motion of Councilman  
Moore, the salary of the two drivers,  
John Wright and John Stamps, was in-  
creased from \$5 to \$6 per week.

Mr. John Dunn being present, stated  
that he was before the Board to report a

Mr. Bull, and hoped the Board would

On motion of Councilman Moore, the  
matter was referred to the Mayor with

On motion of Councilman Moore, the

holiday and the public allowed to

## THE ELECTIONS.

Special Dispatch to the *JOURNAL*.  
VIRGINIA.

RICHMOND, Nov. 7. Prominent Read-  
justers here acknowledge their defeat  
in both branches of the general assem-  
bly if Democratic gains continue in  
proportion to those already received.  
Their popular vote may reach 18,000.  
The Democrats claim a majority of 3 in  
the Senate and 20 in the House of Dele-  
gates, making a majority of 23 on joint  
ballot. The Democrats here intend to  
have a grand jollification and torch  
light procession.

RICHMOND, Va., Nov. 7.—The result  
of the election yesterday so far as heard  
from gives the Democrats 23 members  
of the Senate, Readjusters 16 with one  
more district in doubt. For the House  
of Delegates the Democrats have elected  
55 members and the Readjusters 89,  
with 16 counties still in doubt. In the  
event that they all go Readjuster, which  
is highly improbable, the Democrats  
would still have a majority of sixteen  
on joint ballot. The Democrats' popular  
majority will probably reach 30,000.

PENNSYLVANIA.  
PHILADELPHIA, Nov. 7.—The Republi-  
cans carry the State by a small majority.

MARYLAND.  
BALTIMORE, Nov. 7.—The Democrats  
carry the State.

NEW JERSEY.  
TRENTON, Nov. 7.—Abbett, Democrat,  
is elected governor by a good majority.

CONNECTICUT.  
HARTFORD, Nov. 7.—The Republicans  
carry the Legislature.

NEW YORK.  
NEW YORK, Nov. 7.—The Sun to-day  
says: "By the election in this State yester-  
day the Democrats elected their ticket  
with a majority of about 30,000, ex-  
cept in the case of Mr. Maynard for  
Secretary of State whose vote was  
greatly reduced by cutting, chiefly in  
the large cities. The Legislature will  
probably be Republican in both  
branches."

MASSACHUSETTS.  
BOSTON, Nov. 7.—The Republicans  
carry Massachusetts. Ben Butler is  
badly beaten.

OFFICE INLAND COASTING COMPANY,  
BEAUFORT, N. C., Nov. 6, 1883.

EDITOR *JOURNAL*.—This Company has  
been doing the transportation of Bogue  
sound and White Oak river since the  
18th of October, nine days after its  
organization.

I wrote you last week that the Com-  
pany would this week move upon New  
river and its tributaries for the products  
of that section, a territory hitherto tribu-  
tary to Wilmington; the naval store  
product of which is large; and our ar-  
rangements and facilities are such that  
hereafter we can offer to New Berne  
the bulk of this trade, if she will afford  
the market to attract it. And the same  
may be said of the cotton product of  
New river—Onslow. If New Berne will  
furnish the market the Inland Coasting  
Company will supply the transportation  
for all the New river products, as well  
as those of White Oak, Bogue sound  
and their tributaries.

Very respectfully,  
WM. A. HEARNE, Supt.

past ten years sold several boxes of Dr.  
WILLIAM HALL'S BALM FOR THE  
LUNGS. I can say of it what I cannot  
say of any other medicine, I have never  
heard a customer speak of it but to  
praise its virtues in the highest manner.  
I have recommended it in a great many  
cases of Whooping Cough, with the hap-  
pily effects. I have used it in my own  
family for many years; in fact, always  
have a bottle in the medicine closet
