Sun sets, 4:48 | 10 hours, 3 minutes.
Moon rises at 1:10 a. m.

Thanksgiving Day next Thursday.
New Berne Lodge No. 443, Knights of Honor, meet to-night.

Mr. W. F. Kornegay, of Goldsboro, was in the city yesterday.

The steamer *Show Hill* arrived from Contentnea creek with seventy-five bales of cotton.

The Dismal Swamp Lottery Company advertise another drawing for December 20th. See "ad."

Our city treasurer, J. W. Moore, has paid off about \$2,000 of the city indebtedness during the last week.

Our truckers are planting out cabbage. This vegetable is one among the few that yielded a profit last spring.

The steamer *Defiance* cleared yesterday morning for Baltimore with a full cargo of cotton, rice and naval stores.

The steamer *Trent* had an accident to her wheel on her trip from Trenton on Thursday, which was repaired yesterday.

Our Northern visitors, who were reported in the city last Sunday, are taking a view of the country between this city and Morehead City.

Mr. John C. Green tells us that he has procured a heater for the Theatre and the room will hereafter be comfortable no matter how cold the weather. Well done.

At a meeting of the Directors of the W. and W. Railroad Company held at Wilmington on Tuesday last, a semi-annual dividend of four per cent was declared.

L. J. Moore, Esq., returned from Pamlico court yesterday. He appeared as counsel in the case of George Washington, indicted for murder, which was removed from this county.

Philemon Holland, Esq., returned from Pamlico court last night. He says the case of George Washington was given to the jury at 12 o'clock and a verdict had not been rendered when he left at 4 o'clock.

Dr. Barker has concluded to give one more lecture, to-night, for males over sixteen only. Two of the finest heads will be phrenologized. Admittance 25 cents. Let's give him a rousing house on his farewell night.

Germany has 500 mills for the manufacture of wood pulp, and such a degree of perfection has been reached in its manufacture that even for the better qualities of paper it is a complete substitute for rags. Wood pulp constitutes 75 per cent of the paper stock used in that country.

Price Reduced.
R. Buist, Jr., & Co., have reduced the price of peas to \$9.75 per bushel.

A Prize Drawn.
Somebody has drawn a prize no doubt, as yesterday was the day for the drawing of the Brilliant Scheme of the Dismal Swamp Lottery Company at Norfolk, Va. We may hear who and we may not.

Gin House Burned.
Mr. J. R. Hargett, from Beaver creek, Jones county, arrived in the city yesterday evening and informs us that the gin house of Mr. W. F. Foy, in his neighborhood, was burned on Wednesday night with six or eight bales of cotton. The work of an incendiary.

Home Manufactures.
We are pleased to note the success of our enterprising townsman, Mr. John Dunn, in the manufacture of candy. Mr. Benjamin S. Guion is his traveling salesman, and the numerous packages being shipped by almost every train and steamboat are so many evidences of his good work and the superiority of the goods.

Another Reason.
Mr. John Pearce, one of the thrifty and industrious farmers of Jones county, was in the city yesterday and requested us to give as another reason why Northern men would not invest their money in farm lands in this section is because hogs are allowed to run at large, break in and destroy crops. He says we are right in saying that they want educational facilities for their children, and when they find that such a nuisance as hogs running at large is permitted it will be a more serious drawback still. Our friend may be right in this conjecture, but we fear that if our Northern friends who wish to invest money in our Southern lands should wait until we get rid of all our old fogy notions, they will never come. We want some of their good, practical farmers, those who know how to raise grass and stock, to come among us and show us how to make a living without raising cotton. Mr. Pearce, himself, is a very successful farmer; a few more such energetic men in the same neighborhood would make their influence felt. That is, their ideas about farming, stock, fences, etc., would soon spread and infuse themselves for some distance around.

Railroad Commissioners.
At the recent meeting of the stockholders of the Wilmington & Weldon Railroad Company, held in the city of Wilmington, the following resolution was adopted:

WHEREAS, in view of the evils which have grown out of the legislation of some of the Southern States, whereby stockholders have been practically deprived of the management of their own railroads, and of the dangerous agitation of the same subject in North Carolina:

Resolved, That all consideration of the subject of constructing a branch road from the Wilmington & Weldon road in the direction of Florence be for the present postponed.

This sounds like a sort of a threat to the General Assembly of North Carolina that if they persist in passing a railroad commission bill or indulge in any legislation that tends to impair or in any way diminishes the power of railroad corporations, that railroad building in North Carolina will cease for awhile. But if the members of the next General Assembly are wise they will examine this matter carefully and profit by the experience of other States and not be governed entirely by the above resolution. Of course if such legislation is detrimental to the material progress of the State it should be let alone. The resolution embodied the views of the Baltimore stockholders who appear to be in the majority.

Old Currency.
We have an old North Carolina Treasury note which reads:

No. Carolina Currency,
No. 2965,
State of North Carolina.

This bill entitles the bearer to receive twenty Spanish milled dollars or the value thereof in gold or silver agreeable to an Act of Assembly passed at Smithfield the 5th day of May, 1779.

Across one end "Death to counterfeits," and the other "TWENTY DOLLARS." In the left hand corner "Peace on Honorable Terms." On the back "TWENTY DOLLARS." Printed by Hugh Walker, 1779.

This valuable souvenir is the property of Sheriff Koonce, of Jones county, who purchased it at or near Richmond, Va., during the late war at the reasonable price of twenty-five cents on the dollar. Mr. Koonce prizes it highly and has it encased in an elegant gilt frame double glazed so that both sides may be read with perfect convenience, and still protected from atmospheric influence.

The note has been in existence now about one hundred and four years, supposing the Act passed, and it would seem that its present owner wishes it to be kept for at least that length of time in the future.

We would like for some one fond of calculating interest to give us the value of this note to-day, allowing it to have drawn 6 per cent per annum.

Kinston Items.

Cotton last Wednesday, 91 to 94.5.

Every evil has its compensating advantages. The presence of tramps and robbers here keeps our bad boys at home at night.

The contractor, Zadock Edwards, commenced work last Monday on the new road from Kinston to the river bridge below the town. The work is to be completed by January 1st, 1884.

Last Saturday night, in the locality of Wise Fork, Jones county, Lewis Rhodes, colored, hearing an unusual noise on his premises, went out to learn what was going on, and was shot in the bowels with small shot by some unknown marauding thief. The wounded man was attended by Dr. Tull, of this place, and is doing very well.

No robbers or burglars have yet been found under any of the beds in Kinston, but a few evenings since, a "gay Lothario" was chased around the cemetery, where it was expected he would be lost. He turned up, however, next morning, looking like a man who had bit off a cigar and could not find a match.

Sylvester Lawhorn, convicted at Duplin Superior Court, fall term, 1882, of shooting with a pistol Herman Bryan, at Kinston, in the summer of 1882, was taken from Wayne county jail last Monday, where he has been confined about six months, to Duplin court and re-sentenced to eighteen months imprisonment in the county jail of Duplin, making about two years in all.

An incendiary set fire to the gin house of Wm. Foy, Esq., living on Chinquapin, in Jones county, last Sunday night. Mr. Foy was absent, but "old Bart," of Kinston, was sojourning there and discovered the fire in time to prevent much damage, only about a bale of seed cotton getting singed. It was done about 10 o'clock at night. There were about seven bales of seed cotton in the house at the time.

The Code of North Carolina, prepared by W. T. Dortch, John Manning and John Henderson, containing the criminal and civil statutes up to and including the acts of 1883, is now being distributed among the law officers of the State. The Code forms two volumes, each of convenient size, arranged in consecutive sections, like the United States Statutes, firmly bound and neatly printed and is very creditable to the above named compilers, and to the publishers, Banks and Brothers, New York. Its cost is, for the two volumes, \$5.

STATE NEWS.

Gleaned from our Exchanges.

Elizabeth City Economist: The Lighthouse Board have recommended to Secretary Folger that an appropriation be made of \$25,000 for the Pamlico Point light station, and \$15,000 for the Croatan light station for the fiscal year ending June 30, 1885.—We understand that the steamer *New Berne* is to take her old place on the route between Elizabeth City and Washington. We welcome her back and extend to Capt. Short Pritchard the cordial greeting of our community.

Smithfield Herald: On last Thursday night the house of Mr. J. H. Abell, of this town, was entered by supposed burglars and \$40 in money taken from the pants pockets of Mr. E. S. Abell, and some other article also carried off. The house was entered through a window which had no shutter to it. This shows conclusively that there is a gang of thieves in our midst, and our chief of police should leave no stone unturned to detect and capture them. At the same time let our citizens keep a sharp lookout for all suspicious characters.

Charlotte Observer: Capt. Fred Nash, the city treasurer, yesterday paid off the graded school teachers for the past 30 days. The pay roll of the teachers amounts to over \$700 per month.—The steam shovel that has been at work filling up the trestles on the Carolina Central road, beyond Lincolnton, will be sent to Laurinburg to-day for repairs. It has been in constant use for about three years and the quantity of dirt it has removed is wonderful to contemplate. The first trouble it has ever yet caused, was on Monday evening when the engine pulling it jumped the track and caused a blockade, besides a long delay in the arrival of the Charlotte train.

Raleigh News-Observer: We hear that firms North are manifesting much interest in the proposed State exposition here next autumn. We were shown letters from several prominent firms instructing their representatives here to spare neither trouble nor expense in making full displays. These will be features of the exposition which will interest many people.—The colored people were so elated at the success of their fair that they held a meeting Monday evening, at which some speeches were made, and a gold headed cane was presented John H. Williamson, the secretary of the "Industrial Association," who certainly worked hard for the success of the fair. The cane bears the following inscription: "J. H. W., from the members of the North Carolina Industrial Association, 1883."—Mr. J. R. Warren, of Cary township, comes to the front as a champion corn raiser. He made seventy-eight barrels of corn, of which only three barrels were of short ears. The corn is white flint, the ears of great size, and the quality the finest possible.

Ashboro Courier: Last week the *Courier* noted the fact that Wm. Morris of Montgomery county had caught 28 'possums in five nights, which we thought took the "rag off the bush," but a man near Smithfield, in Johnston county caught 47 in two nights says the *Herald*. And here comes the *Rocky Mt. Reporter* which says that a man in Nash county caught 65 in one night. Next!—Mr. M. G. Johnson, of Oakland township, showed us a few days ago a pair of pants belonging to one of his tenants, an old colored man named Caswell Alston, that were 53 years old and are without rent or patch. They are made of white drilling, which Caswell bought here, 53 years ago, at 10 cents a yard and were worn by him when courting his wife. *Chatham Record*. This reminds us of our old friend J. M. Davis of New Market township who called our attention a few days ago to a pair of boots he has been wearing since 1879. He has been wearing the boots aforesaid continuously for fourteen years, and they are still in good condition.

Try POTTER'S COUGH DROPS.

Allen's Brain Food botanical extract strengthens the brain and positively cures nervous debility, nervousness, headache, unnatural losses, and all weakness of generative system; it never fails. \$1 pkg. 6 for \$5. At druggists, or by mail from J. H. Allen, 315 First Ave. New York City.

Satisfactory Evidence.
J. W. Graham, wholesale druggist, of Austin, Texas, writes: "I have been handling Dr. Wm. Hall's Balsam for the Lungs for the past year, and have found it one of the most salable medicines I have ever had in my house for Coughs, Colds, and even Consumption, always giving entire satisfaction. Please send me another gross."

Washington Items.

From the Gazette.

The cotton seed oil mill of John Myers' Son will soon be in operation. The last of the machinery is daily expected.

There has been some talk about the Old Dominion steamers at this point connecting again at Elizabeth City. Mr. Myers, the agent here, has heard nothing of it, however.

Rev. Mr. May is reported as having said in a recent sermon that the people of Washington are very timid about the use of the word "hell" but that if they don't do better they will become more accustomed to it. So, look out.

The death of Mr. Oliver Jarvis, of this town, on last Sunday morning, though expected by his friends, was still a sad surprise. He had been suffering for more than a year with what we will term for want of the technical name, a disease of the throat and lungs. For some time before his death he could hardly speak above a whisper and finally lost altogether the power of articulation.

The new steamer being built by Capt. A. W. Styron at Myers' ship yard was launched on Tuesday at noon. The steamer was christened with the proverbial bottle of wine by little Margie, daughter of Capt. Styron, after whom she will be named. Capt. Styron assures us that the *Margie* will soon be completed. She will probably become the property of the New Berne, Beaufort and Onslow Inland Coasting Company, and will run on New and White Oak rivers, in Onslow county, to Beaufort and Morehead City. So our friends in that section may look for the sound of her whistle soon. In this connection we learn that Capt. Styron will commence the building of a steam yacht to be placed on the same route.

For many kinds of throat trouble doctors recommend a pipe. They mean that you shall select a perfectly pure, daintily fragrant tobacco, like Blackwell's Durham Long Cut, and get relief that way, by toning the membranes into new life and activity.

A Fair Offer.
The VOLTAIC BELT Co., of Marshall, Mich., offer to send Dr. Dye's Celebrated Voltaic Belt and Electric Appliances on trial, for thirty days, to men, old and young, afflicted with nervous debility, lost vitality, and many other diseases. See advertisement in this paper. d&wlv

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affections, etc.? It is simply because they will not come and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin, watery and impure. Impure blood carries weakness and distress in every part of the body. Supply this lack of iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains, and general ill-health.

PURE COD LIVER OIL made from selected livers, on the sea-shore, by CASWELL, HAZARD & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market. th-2

Eat Candy BUT EAT IT PURE.

All Kinds of French Candies Made Fresh Every Day.

SPECIALTIES:
Chocolate, Cream Drops, Cocoa, Bonbons, Buttercups, Cream Cocoanuts, Molasses Taffy, Sugar Taffy, Caramels.

Cocoanuts grated for our customers free of charge. nov22dtf

Dissolution of Copartnership.
The firm of BARRUS & HAY has this day dissolved co-partnership by mutual consent, quitman they retiring from the business. The business will be continued as before, A. G. Barrus settling all accounts. Pollockville, Nov. 20th, 1883. A. G. BARRUS, QUITMAN HAY.

In accordance with the above agreement I will continue business at my old stand and respectfully ask my old customers to continue their patronage. A. G. BARRUS. wfd22nov22

Buckingham Whiskey, A Really Pure Stimulant.

This whiskey is controlled entirely by Venable & Heyman, N. Y. It is distilled in Maryland in the single water regions of that State, from the small grain grown there. The distillation is superintended by a gentleman who understands the business thoroughly. Nothing deleterious is allowed to enter into its composition, and none of it is allowed to be sold until it is fully three years old in order that it may be entirely free by evaporation from the fusel oil. Venable & Heyman offer these goods as perfectly pure to fill a long felt want for medicinal purposes. It is their own brand and they stake their reputation on the truth of this assertion. For sale by nov22dtfwm

Oysters.
A. E. KIMBALL has opened a FIRST CLASS OYSTER SALOON at south end of People's Market—Moore's Old Stand—and is prepared to furnish orders in any style. Families supplied at their homes if desired. nov17dtf
