The schooner Charles will be about beautifully less until we have no rice harvest.—Carteret Telephone.

We think we can account for the nonloading of vessels at Beaufort with rice for Charleston in a different way, and one that is quite as satisfactory. The fact is the price paid for this product in fact is the price paid for this product in a type of the price paid for this product in fact is the price paid for this product in the price paid for the p New Berne will not justify any farmer at Warrington Navy Yard, Pensacola, Florida, last summer and fall. No one New Berne will not justify any farmer or dealer in shipping it to Charleston. We believe it is a better paying crop on the low lands of Eastern North Carolina than cotton, and, taking one year with smother, we believe it is just as safe. We think this is the experience of our best farmers, and that they will continue to plant a good portion of their bottom lands in rice. And when they make it we are satisfied they can not do better than market it in New Berne. We have here a mill for pounding; besides there are several buyers for outsides the dangers of the pestilence and are now doing well.

A visit to the Bucklesberry section on the 22d. I learned that many of the colored hands of that section were on a strike, or a disposition is shown not to work unless the land owners will sell teams to them. This seems to be foolish. for not one in ten, on an average, can pay one cent for the team, and in many cases, if they could, they have nothing to feed with. Such movements as these are what brings about mortgages, and will eventually bring something worse. Farmers should deal fairly with their hands, but should remember that they owe duties to themselves and also to the community.

AN OLD TIME COUNTY.

Interesting Discovery by the Secre-tary of State—How the County of Fee Dee was Dissolved and Auson Formed.

State, in looking over some old council city, LOW FOR CASH. journals a few days ago, searching for with primage & average accustomed— some facts by request of Gen. R. Bar-ringer, made the discovery that there Dee, covering part of this section of the State, embracing what is now Mecklenburg county. It brings to light an interesting bit of the early history of North Carolina, and we give the letter of Col. Saunders, bearing upon the subject, in full. Writing to Gen. Barringer, Col. Saunders says: "In looking over the council journals for another purpose. I found a record that will prove of some interest, viz: "At a council begun in New Berne, 29th September 1748, Captain Samuel Davis, Charles Robinson and Thomas Smith exhibited a petition in behalf of themselves and sundry other inhabitants of Pee Dee, which was read, being to the following effect: That by the great distance of that section from the county court of Bladen, and the badness of the ways, they were in a manner excluded from all benefit of said court; to which by reason of the bad behavior of many amongst them, they have frequent occasions of rethey have frequent occasions of fecourse. Wherefore they pray for a division and to be made a separate county. When (the now but few) they doubt not to increase to a competent number. There was also read a petition, with several names to it, in one and the same hand writing, as of inhabitants of Pee hand writing, as of inhabitants of Pee Dee opposing the aforesaid petition, in regard of the paucity and poverty of regard of the paucity and poverty of the inhabitants: whereupon His Excellency was pleased to interrogue the presenters of the first petition (no person appearing to the other) upon the subject of their petition, and it appear-ing to the satisfaction of His Excellency and the council that the number of white tithables upon the Pee Dee river and near the same, is between two and three hundred, and that the court house of Bladen county (in which county they have been hitherto included) is above one hundred miles distance from the nearest inhabitants of Pee Dee, and that Chocolate, Cream Drops, Cocoa, at some seasons of the year the roads between are very bad, if not impracticable. For the ease of the said inhabitants and to promote the settlement of said river His Excellency thought proper, by and with the advice and consent of the Majesty's council, to grant the petition for division of the county of Bladen, and making Pee Dee and the parts above a separate county, as aforesaid, and ac-cordingly it was ordered that that part of Bladen county which is known by the name of Pee Dee, together with the
