If the Democratic party had carried the State of New York in the last election all would have been plain sailing, but the victory in that State was not at all satisfactory, and now everything is in doubt. The Democrats must find a man that will carry New York or both Ohio and Indiana or the Republican party will stay four years longer. Much depends on the action of the present Congress.

A CLOCK which marks the hours from one to twenty-four has recently been completed by a Wilming- ference?" ton manufacturer. The most conspicuous innovations are in the marking upon the dial, and the movement of the wheels which run the hands. The minute hand, instead of making twelve revolutions to every revolution of the hour hand, as in the ordinary clock, makes twenty-four revolutions. The figures upon the dial are marked in Arabic instead of Roman numerals from one to twenty-four, the spaces between the figures thus being only half as great as those on the dial of the ordinary clocks. The minute ing look, as though to impart increasing at the rate of 19 or 20 a hand, therefore, marks the half minute as well as the minute.
