Examine the Situation.

Our esteemed contemporary, the Washington Gazette, in reply to what we said about the farmers and merchants at Yeatesville, Leechville, Makyleville and Pantego wanting transportation for their products to this city, suggest to us to examine the situation before coming to such a conclusion. This is exactly what our agent, Mr. Taylor, did before we said a word. Our friend of the Gazette has, himself, examined the situation and does not contradict Mr. Taylor's statement, then why should we examine again? Mr. Taylor learned by conversing with those people that they desired transportation to New Berne. The editor of the Gazette investigates and finds that they already have ample transportation facilities to Washington. Hence, Mr. Taylor was in error and should examine the situation fully. Funny conclusion.

Court Cost.

Judge Shepherd called the attention of the Justices who were present in the court house on Saturday, and remarked that he hoped those who were not present would learn of the fact, that the court cost paid by Craven county exceeds that of any county he has visited. He said from what he could learn from the docket there were two causes for this: one is, the justices recognize too many witnesses in cases that they send up and too frequently take straw bonds, the result of which was the witnesses would appear at court after court and prove their attendance while the defendants would never appear. "There are more defaulting defendants at this term of the court," said he, than any court he had yet held. We are glad His Honor has called attention to this matter. We have frequently alluded to it before. We are satisfied that the county attorney, H. R. Bryan, Esq., will use every effort to save the county unjust cost, but he must have the co-operation of every justice in the county, the county commissioners and the sheriff in bringing this burden to the tax payers within proper limits.

Correction.

In publishing the proceedings of the Superior court in yesterday's issue the names of C. Duffy, jr., and R. Berry for an affray appeared, as taken from docket, when it should have been C. Duffy, jr., and R. H. Berry.

Stockholders Meeting.

According to a resolution adopted by the stockholders of the A. & N. C. Railroad at their last meeting an adjourned meeting will be held at Goldsboro on the second Thursday in December, 1883, which will be the 13th day of the present month. If Mr. Christian does not succeed in obtaining his injunction against the stockholders we presume there will be the usual number of speeches on split stock and propositions to lease.

Superior Court

Court assembled on Saturday morning at 9 o'clock. The case of State vs. Thos. Franks for perjury was resumed. Holland & Guion appeared for the State and W. J. & W. E. Clarke appeared for the defendant. Franks was one of the jurors empanelled at the last term of the court in the case of State vs. George Waffington for the murder of Augustus Rohr. It will be remembered that after the jury had been empanelled, it was reported to His Honor, Judge Phillips, that the juror Franks and another by the name of Huckins had answered falsely to the questions put by counsel relative to their qualifications to serve as jurors, and upon investigation sufficient testimony was produced to warrant His Honor in ordering a mistrial. Thos. Franks was then indicted for perjury. After the testimony had been concluded for the State Judge Clarke moved His Honor to order a verdict of not guilty, claiming the evidence required by the Statute to make out a case of perjury had not been produced. Motion overruled. The defendant then introduced several witnesses and at the close of the testimony, Judge Clarke opened the case for the defendant. He was followed by O. H. Guion, Esq., the junior member of the firm of Holland & Guion. This was Mr. Guion's first speech before a jury in the Superior Court here and we note with pleasure that he was complimented by many older members of the bar. The readiness with which he replied to the arguments of Judge Clarke, who preceded him, showed that his was not a fixed up speech, but the spontaneous promptings of the occasion. He was followed by W. E. Clarke and Mr. Holland closed for the State. The jury returned a verdict of not guilty.

The following judgments were entered in cases heretofore tried:
Nehemiah Mattocks; Larceny. Judgment suspended on payment of cost.
Mr. J. F. Heath, of Swift Creek, came forward, paid cost and took charge of him.

Frank Wood; Assault with intent to commit rape, five years in penitentiary.
The following cases were disposed of: State vs. Emanuel Merrick; Assault: Not guilty.
State vs. Sheriff Hahn and Norris Green; permitting prisoners to escape. Postponed until Monday.
State vs. Matthew Byrd; False pretense. Continued by consent.
Court adjourned until Monday morning at 9 o'clock.

Report of the Grand Jury.

On Saturday evening the grand jury of the present term of the Superior Court of this county came into court and reported that their work was finished and handed in their reports of the condition of the poor house and jail. In regard to the poor house they reported that it was kept in good order, the overseer discharging his duty faithfully, but there was complaint of a lack of proper clothing for the inmates. His Honor directed the clerk to hand the report to the county commissioners and inform them that proper clothing must be supplied. The report on the jail stated that it was kept in a neat condition but was not sufficiently supplied with stores or heating apparatus to prevent suffering from cold weather. His Honor called the attention of the sheriff to this fact and directed that he remedy the evil complained of at once. We are gratified to see that Judge Shepherd takes a deep interest in the welfare of the poor and unfortunate of the county, and at the same time looks well to the interest of the tax-payers. We have not compared figures, but it would not surprise us if the money paid out by Craven county for court cost did not exceed that of the general common school fund. Justices of the Peace, County Commissioners, Sheriff, and all other county officers and all good citizens should put their heads together and try to change this thing.

Satisfactory Evidence.

J. W. Graham, wholesale druggist, of Austin, Tex., writes: "I have been handling Dr. Wm. Hall's Balsam for the Lungs for the past year, and have found it one of the most salable medicines I have ever had in my house for Coughs, Colds, and even Consumption, always giving entire satisfaction. Please send me another gross."

Kinston Items.

The receipts of cotton last Thursday and Friday were good for each day, averaging 250 bales a day and bringing from 9 to 9.70 for best.

The man who refused to pay his doctor says that the general understanding is that a patient is not out of danger until the doctor is discharged.

A certain man, who believed he could manage a mortgage, says he couldn't raise the mortgage on his building and so, poor man, without becoming blind, he loses his site.

A sympathizing old lady of this place says the most afflicted part of her house is the window. It is always full of panes and who has not seen more than one window blind?

The prayer of the turkeys—"From Thanksgiving day, good Lord deliver us"—availed the birds greatly in this section. Only two went up last Thursday for Thanksgiving dinners.

Jesse Jones, of Contentnea Neck township, an experienced and careful cotton ginner, was drawn into Jno. C. Wiggins' gin last week and severely mangled, causing death from the shock soon after the accident.

Two travellers, who had lost their bearings, approaching this place last week, enquired of a "knowing man" they met the distance to the town. He replied, that going the way they were, it was 24,998 miles, but if they would turn around, it would be only two miles.

The robbers, or some other invaders of man's rights seriously alarmed our Col. Geo. L. Kilpatrick a few nights ago, when he took down his breech-loader and fired at the noise, bringing to grief a venerable Sir William Goat. So the robbers will be heard of no more in Kinston soon.

"I will whip the man that did that," said Prof. Chandler, when his hand was caught in one of "Earle's double acting scientific rat traps" while feeling for a certain article on a high shelf in a store here last week. The clerk responded "rough on rats, ain't it?" and the professor departed, looking up a doctor and Grady's sword rifle.

La Grange Items.

Mrs. Cannon, wife of Alex. Cannon, in Falling creek township, died on last Tuesday.

Wm. W. Dunn, C. S. C. this county, was in town Thursday, and remained over till Friday.

Cotton is coming in freely. The little rise is the cause. Over 125 bales have been sold in the last two or three days at 8 1/2 to 9.

The bottle brought to town in the end of a bale of cotton was broken by the bale being thrown on that end. The owner didn't carry his dram home in that bottle.

C. S. Wooten, Esq., invited a number of our young folk to a thanksgiving dinner Thursday. Mr. Wooten is one of our most hospitable citizens, loves the good things of life, and particularly enjoys the company of his friends.

Dr. J. M. Hodges, assisted by Drs. Spicer and Reid, of Goldsboro, performed an operation on Mrs. Phelps, near this place, last Wednesday, for "Fibro Adenoma." The operation was quite difficult, but at last reports the patient was doing "first rate."

Thanks to the generous citizens of this place and vicinity, for handsome thanksgiving presents to the Orphan Asylum amounting to \$9.25 cash, and \$9.50 in kind. Nothing shows the generosity of a people more than remembering the fatherless.

Penny Parrott, colored, reports that some robbers came to her house last Wednesday night and wanted her turn them in. They also enquired for a place or two of business, and for one or two private residences. This may be correct, and if an attempt is made, the thieves will get a warm reception, and don't you forget it.

A man was hauling cotton to town, and wishing to give his hods a "smile," bought a half pint whiskey, which was put in four glasses. "Old man Sire Aldridge, who loves his toddy, and likes it well, seeing the situation, proceeded to confiscate the entire lot in less than two minutes, which is the fastest record we have up to date.

Dr. J. M. Hadley is attending the Annual Conference of the M. P. Church at or near Greensboro. The congregation at this place has been without a pastor since the death of Dr. Paris. It is proper that the Conference will make arrangements to supply this mission. Rev. Mr. Carpenter is also at Statesville attending the session of the M. E. Conference.

A cheap, efficient and sure, if not a safe way to trim the mustache, is to put kerosene in the stove, let it get hot and apply a match. So if you want to trim your mustache,

Trim your mustache,
Trim your mustache,
Pour oil in the stove.
Tune: "Old gray horse." For further particulars, apply to Brad Brown.

Last Wednesday night four negroes attempted to rob Abner S. Fields, just above Best's Station, in Wayne county. Mr. F. had been to Goldsboro, and when near the steam mill, on the A. & N. C. Railroad, the negroes came out and ordered him to halt, but instead of halting he laid whip, when three shots were fired, one of which passed through his coat near his left side. This section is getting up a notoriety for attempted robberies, and the sooner the villains are captured and strung to a limb the better.

A Fair Offer.

The Voltaic Belt Co., Marshall, Mich., offer to send Dr. Dye's Voltaic Belt and Appliances on trial, for thirty days, to men, young or old, afflicted with nervous debility, lost vitality, and kindred troubles. See advertisement in this paper.

The official bookshow that Blackwell & Co. pay nearly two-thirds of all the revenue collected on tobacco in their district. Their facilities for packing and storing, that the tobacco may not be hurried but may have time to cure and sweeten in a natural way, are the largest and finest in the world. These facts are mentioned to show that when you use Blackwell's Durham Long Cut in your pipe or cigarette you necessarily smoke a pure tobacco.

Disease, propensity and passion brings mankind numberless ailments, foremost among them are nervousness, nervous debility, and unnatural weakness of generative organs; Allen's Brain Food successfully overcomes these troubles and restores the sufferer to his former vigor. \$1. Buckingham Whiskey,

A Really Pure Stimulant.

This whiskey is controlled entirely by Venable & Heyman, N.Y. It is distilled in Maryland in the state water regions of that State, from the small grain grown there. The distillation is superintended by a gentleman who understands his business thoroughly. Nothing deleterious is allowed to enter into its composition, and none of it is allowed to be sold until it is fully three years old in order that it may be entirely free by evaporation from the fuel oil. Venable & Heyman offer these goods as perfectly pure to fill a long felt want for medicinal purposes. It is their own brand and they stake their reputation on the truth of this assertion.
