what P. M. Draney has to say about the
Farmer and Farmer Girl Cook Stoves.

Pitt county appropriates four hundred
and ninety-nine dollars for the purpose
of securing a county exhibit at the State
exposition, Warren appropriates \$500.

James White was before the Mayor
yesterday morning upon the charge of
stealing cotton from the bales on the
platform. W. E. Clarke, Esq., appeared
for the defendant and Clement Manly
and O. H. Guion, Esqs., for the State.
He was held in the sum of \$800 for his
appearance at the next term of Superior
Court. Failing to give the required
bond he was remanded to jail.

John S. Long, Esq., has been invited
by the ladies of Washington to deliver
an address in that hospitable town on
the 4th of April for the benefit of St.
Peter's Church. He has accepted the
invitation and will deliver his address
on "Nineteenth Century Perils." The
Episcopalians of Washington are making
preparations to put their imposing
church building in good condition for
the convention of the New Diocese,
which will assemble there in May.

The Albemarle section has held a
meeting at Elizabeth City and resolved
that it was to the interest of the counties
composing the Albemarle region to
unite in their exhibits at the State ex-
position and appointed a committee of one
from each county to mature a plan and
confer with the boards of commissioners
of the several counties and secure
their co-operation. We suggested some-
time ago that the Pamlico section unite
in their exhibits and we hope yet they
may appoint this plan.

The Theatre Last Night.
The Guild of Dramatic Art gave
"Buffalo Bill's Last Shot" to a fair au-
dience last night. The acting was good
and appreciated by the audience. To-
night they appear in "Molly, a World
of Sorrow."

Personal.
Gov. Jarvis passed through last night
on his way to Morehead City.

Major Hughes returned last night
from Washington City.

Two hundred and eighty pounds of
the News and Observer arrived last night.

Seymour's Digest.
Messrs. Alfred Williams & Co., of this
city, will issue in a few weeks a "Sixth
Digest of the North Carolina Reports." The
book is prepared by Judge Augustus
S. Seymour, and his name insures the
most careful and competent work upon
the volume. Judge Seymour is one of
the ablest lawyers of the State and is
thoroughly acquainted with all the
needs of the profession and his digest
will no doubt be as perfect as it can be
made. The publishers are now taking
subscriptions for the volume and the
unusual rapidity with which names are
sent in is indicative of the great need
which exists in the State for the work.
—News and Observer.

The School Building.
The Supreme Court has decided the
injunction case in favor of the city of
New Bern. This settles the question
of raising by taxation a portion of the
money necessary to carry on the school.
This being established places the school
on a firm basis. The next question is a
building suitable for the purposes. The
subscriptions for the erection of the new
building amount now to about \$4,000.
In addition to this several have promised
to subscribe whose names are not in-
cluded in the list, which will swell up
the amount. It is important that all
should subscribe as early as possible, as
it will be necessary, in order to open the
next session of the school in the new
building, to commence work in April.
A subscription list has been left at Mr.
E. H. Meadows' drug store, and we
earnestly hope during this week that the
entire amount necessary will be raised.
It only requires now say \$5,000 to se-
cure such a building as all will be re-
luctant to see erected.

The Eastern Insane Asylum.

The board of directors of the Eastern
Insane Asylum held their regular an-
nual meeting on Wednesday last. The
following gentlemen constitute the
board: Dr. J. W. Vick, chairman; J.
A. Bonita, secretary; E. B. Borden, Dr.
Mat. Moore, Dr. J. D. Spicer, Dr. J. S.
Ramsey, Theo. Edwards, W. F. Roun-
tree and M. M. Katz.

The following standing committees
were re-elected: Executive committee,
Dr. J. W. Vick, E. B. Borden and J. A.
Bonita; Finance committee, W. F.
Rountree, M. M. Katz and Dr. Mat.
Moore.

The board is making arrangements to
have a building erected for the superin-
tendent.

There are now one hundred and
twenty patients in the institution.

Lowthrop.
The following letter has been received
by our Postmaster:

TRENTON, N. J., March 3, '84.

DEAR SIR:—Will you have the kin-
dness to inform me whether, to your
knowledge, there are any persons by
the name of Lowthrop residing in New
Bern or its vicinity? I have recently
come in possession of a letter written
by my grandfather to his brother, and
directed as follows: "Francis Low-
throp, Esq., New Bern, North Carolina,
America," dated May, 1806. He had a
son John at that time. If you can give
me any information relative to the said
person or his descendants, you will con-
fer a real favor.

Very respectfully yours,

F. C. LOWTHROP.

The gentleman alluded to in the above
letter was, we believe, many years ago
a prominent citizen of this city, a Mason
of high repute, after whom our present
theatre and Masonic building was
named, "Lowthrop Hall."

We hope some of our old citizens, Mr.
Jenkins, for instance, will give the re-
quested information.

The Exposition.
One after another the counties in
every section of the State are making
appropriations for the purpose of exhib-
iting their resources at the State ex-
position. The outlook for a successful and
creditable exposition is very encourag-
ing, and the fact that those counties
that make no effort to make an exhibit
will miss a rare opportunity of adver-
tising their resources is becoming more
apparent as the work progresses.

Craven has taken no action as yet,
but we can safely assure our sister
counties that Craven will be there. Our
taxes, on account of the heavy debt we
owe for the building of the A. & N. C.
Railroad, are very high, and for this
reason the county commissioners would
not be justified in making an appropri-
ation. But we have enterprising citizens
who will not allow the county to go un-
represented, and we hope yet to make
as fine an exhibit as any eastern county.

The Board of Trade and Cotton Ex-
change have called a joint meeting
next Monday night, and at that meet-
ing we hope to see some definite plan
set on foot to have, not only Craven,
but this entire section represented at
the exposition. Individuals who have
more lands than they want will see at
once the advantage of advertising this
section, and will contribute to the ex-
hibit. The Neuse & Trent River Steam-
boat Company will doubtless see the
advantage of advertising the country
along their line and will get up a dis-
play of their own if they do not join with
the counties to make a sectional
display. The best exhibits made at the
Atlanta exhibition were made by rail-
road corporations. The Richmond &
Danville Railroad Co. had a splendid
display from their line in the Piedmont
section. And what section in North
Carolina can make a finer display of
products, timbers, marls, rock, etc.,
than the one drained by the Neuse,
Trent, White Oak, New and Contentnea
rivers? And who can be more interested
in the development of the lands along
these rivers than the Neuse and Trent
River Steamboat Co.

Boulaville Items.
Dull season accounts for dull trade.
Messrs. J. W. Graham and I. J. Scott,
of the firm of Scott & Burton, have
gone to Wilmington for the purpose of
purchasing their spring stock.

At the close of Miss Anna Brown's
school at this place was given a nice
dinner to an audience of about 125 per-
sons. Good time dancing in the after-
noon. She again resumed her duties as
teacher on the 3rd of March, a picnic
being given on the 29th ult. Success to
Miss Anna.

In the Opinion of Physicians.
Teeth that are becoming defective or are
insufficiently cleansed, infect the food
and unfit it for the digestive process.
Health, therefore, as well as personal
attractiveness is promoted by the use of
Sesodon, pure in composition, agree-
able in flavor, prompt and effective in
its purifying action, and economic,
since only a few drops upon the brush
are needed at a time. The popularity
of this sterling preparation is based upon
long tested and professionally recog-
nized merit.

Swansboro Items.

Oysters are good, and Jim Smith is
going to attend to the wants of the peo-
ple in that line.

Louis K. says if Capt. L. don't open
that other barrel of corn whiskey there
is no telling what will happen.

We hope to have the hotel ready by
the first of May next. Nash says he
will do what is right; will some one
come and see?

Ban. Primer and Ed. Hill, from More-
head City, are here after fish. We
can't say much in favor of fish now.
We can hardly get a minnow. The
Morehead City boats get all.

It is pretty dull here now and every
one is looking out for himself, to see if
he can't beat the other out of a day's
work. Dave Ward and Major Russell
has swapped work every day for the
last two weeks, and now neither of
them don't know tother from which.

Mr. C. Frazell closed his school yester-
day at Bethlehem. Speeches and
dialogues by the scholars, and one of
the best school speeches by Dr. D. W.
Sanders, to the school and scholars, we
have heard of in a long time. Mr. F.
will take a school in Swansboro now
pretty soon, we reckon.

George Washington, col., stole a mule
and cart from Frank Mills, near Jack-
sonville, last week, and was captured
by Tom Henderson, near the cross roads,
Jones county, the next day. The negro
got lost and went down the river to Col.
E. W. Fonville, went in the lot and let
both gates open, then turned back, went
by Maj. L. O. Fonville's and asked the
way to New Bern. Some say the boy
was crazy and we reckon he was, from
the way he acted afterwards.

We heard two good sermons last Sun-
day, one by Rev. Mr. Cashwell, Mis-
sionary Baptist, the other by Rev. Jos.
Dixon, Methodist. The former's text,
Romans 2d chap., 4th verse; latter, Luke
14th chap. and 28d verse. Mr. Dixon
will preach in Swansboro every fourth
Sunday, at night. Go to hear him.
And Mr. Cashwell will preach every
fourth Sunday evening at 8 o'clock, at
Piney Grove, three miles from Swans-
boro. We say, also, go to hear him.

An accident of quite a serious char-
acter happened to Mr. Wm. Ballard, the
mail carrier, last Tuesday. While on
his way to this place his horse took
fright at a covered ox cart and run, up-
set the buggy, threw Mr. Ballard out
and dislocated his shoulder. Mr. E. H.
Barnum, of New Bern, happened to
come along at the time and brought
the mail on to Swansboro. Mr. Ballard
went back to Pollockville where his
wounds were attended to by Dr. N. H.
Street. We learn Mr. B. is getting on
very well. Mr. Barnum was on a visit
to our place, his former home. He is a
brother of the wife of Major Russell,
the boss mechanic, and we might say—
but we won't—something else.

Only one marriage this week as heard
from, but that was a good one. At the
residence of R. G. Ward, the bride's
father, on Wednesday last, by Esq.
Benj. Ward, Mr. Fumford B. Taylor,
of Carteret county, and son of Benj.
Taylor, Esq., to Miss Lina Ward, of
Brown sound, Onslow county, and on
the evening of the same day, at Mr.
Ben Taylor's such an infare you have
not seen for a season. Ben was as lively
as a 16 year old boy; he, Bob Hum-
phrey and George Dennis were the life
of the evening, but George—well, I
won't say what George did do, but if
you had seen him next morning you
might have judged what had happened
by his looks. Music and dancing all
night was the result of that wedding.
Another comes off next week—would
have been this week but the measles
prevented.

Hookerton Items.

Shad are getting to be a common dish
with our citizens.

We are having some as cold weather
as we have had this winter.

The weather is cold and the times are
hard, but still they will marry.

The health of this place is very good.
The doctors say it is very healthy.

Dr. Carmen, of Skiffleton, and Jos.
Dixon, of Fountain Hill, are dead.

The weather was so unfavorable that
Dr. Harper didn't preach at his last ap-
pointment.

There was a life insurance agent in
town this week; several of our citizens
had their lives insured.

Dr. Arrington, of Goldsboro, has
been here several days working at his
profession of dentistry.

We neglected to speak of the doctors
and lawyers of our town. We have
two doctors and one lawyer.

Elder Betts preached here last Sabbath
and also holds prayer meeting in the
Methodist church Thursday night.

Several of our townsmen went to
Snow Hill Thursday night to see
"Lucille" acted and reported it excel-
lent.

The storm last week, which was so
destructive, did not do any damage
here, though the wind blew hard and
the rain was heavy.

On the 28th of March, at the residence
of the bride's father, Dr. F. M. Jordan,
of Hookerton, to Miss Ida Sasser, of
Wayne county. Long and happy may
they live.

NEWS FROM THE OLD WORLD.

SUAKIM, March 3.—Gen. Gra-
ham will send the Egyptian troops
found at Tokar to join the garrison
at Suakim. The English troops
will be withdrawn to Teb, whence,
after receiving supplies of water,
provisions, and munitions, they
will advance to Tamineb. Before
the British renew the attack upon
the rebels Osman Digma will be
invited to a conference. The 5,000
rebels who fled from Tokar when
the British entered the town on
Saturday joined Osman Digma.
Only 1,000 of them are Soudanese,
being fanatics sent from Kordofan
and Darfour. If Osman Digma re-
fuses to surrender it is expected
that the rest of the tribes under
sheikhs will express their desire to
come to terms.

The people of Tokar kissed Gen.
Graham's hands as he entered the
town, and there were great rejoic-
ings. The enemy acknowledged
that 1,500 of their number were
killed.

LONDON, March 3.—The Times
says: "We understand that or-
ders have been sent to Gen. Gra-
ham to retreat forthwith from To-
kar, and to arrange for the im-
mediate return of the troops to Eng-
land and Egypt."

A lively scene occurred in the
House of Commons this afternoon.
Questions were put to the Govern-
ment regarding the condition of af-
fairs in Egypt which the Govern-
ment refused to answer, whereupon
great excitement arose.

The Marquis of Hartington said
it was not the proper time just now
to indicate the future policy of the
Government in Egypt. The main
immediate object, he said, was to
secure the safety of the remaining
Egyptian garrisons, and to provide
for the safety of Suakim, which was
threatened.

Sir Wilfrid Lawson, Radical
member for Carlisle, moved that the
House adjourn in order to discuss
the Soudan problem. He made a
violent attack upon the Govern-
ment, charging it with cowardice,
blood-guiltiness, butchery, and
Jingoism.

Mr. Gladstone replied to the
strictures of Sir Wilfrid Lawson,
and justified the policy which the
Government had been pursuing. He
asserted that it was necessary
to hold Suakim for the present, in
order to keep down the slave trade.

Sir Stafford Northcote said that
the lack of coherency in the Gov-
ernment's Egyptian policy had
caused the misfortunes in the Sou-
dan. It was the duty of the Gov-
ernment, he thought, boldly to state
their future policy.

Lord Randolph Churchill ex-
pressed the greatest astonishment
that the Ministry should not reply
to Sir Stafford Northcote.

The Marquis of Hartington said
that the British would retire from
Suakim as soon as it was compati-
ble with the safety of that town.

In the House of Lords to-day
Earl Granville, in reply to an in-
quiry of the Marquis of Salisbury,
said that the reports of the im-
mediate withdrawal of the British
troops from the Soudan were ab-
solutely untrue. This statement
was received with loud cheers.

CAIRO, March 3.—Capt. Speedy
has started for Abyssinia with a
letter from Queen Victoria to King
John. Capt. Speedy will probably
remain in Abyssinia as British
Resident.

STATE NEWS.

Gleaned from our Exchanges.

Greenville Reflector: The resi-
dence of Col. Harry Skinner, came
near being destroyed by fire on
Monday morning. The fire caught
from a fire-place in one of the rooms
on the second floor, and the mantle-
piece was burned before the fire
was checked. We congratulate
Col. Skinner on his lucky escape.

Scotland Neck Commonwealth:
Sixty-three healthy, robust Scotch
immigrants passed through Weldon
Friday evening on their way to
Western N. C.—While in Duplin
last week we noticed large quan-
tities of phosphate rock being shipped
to the Navassa Guano Company by
General Lewis. It will be ground
up and shipped to farmers who are
to give it a fair trial and report its
action upon the crops.

Elizabeth City Economist: Miss
Maggie Ballance departed this life
Thursday morning at 3 o'clock, of
consumption and was buried on
Friday evening in the Episcopal
Cemetery. Her sister died of the
same fell destroyer twelve months
ago. The body of the last was taken
from the vault where it had been
deposited and both were consigned
"dust to dust" together.

Our farmers are turning their atten-
tion more and more to stock rais-
ing. It is steering agriculturally
in the right direction.—Our peo-
ple are looking for Senator Vance
to call up his Tri-Centennial Reso-
lutions, now that the bloody shirt
committee has adjourned. We are
pleased to see the interest they
manifest in Sir Walter's colony.

Timothy grass, now so dis-
tinguished as a hay grass, was first
discovered in Perquimans county,
on the Belgrade farm in Harvey's
Neck. Elihu White, is looking up
the proofs of it and the traditions.

An Extraordinary Offer.

To All Wanting Employment.

We want Live, Energetic and Capable
Agents in every county in the United
States and Canada, to sell a patent
article of great merit, on ITS MERITS. An
article having a large sale, paying over
100 per cent. profit, having no competi-
tion, and on which the agent is protect-
ed in the exclusive sale by a deed given
for each and every county he may secure
from us. With all these advantages to
our agents, and the fact that it is an ar-
ticle that can be sold in every household,
it might not be necessary to make an
"EXTRAORDINARY OFFER" to secure good
agents at once, but we have concluded
to make it to show, not only our confidence
in the merits of our invention, but in its
salability by any agent that will handle
it with energy. Our agents now at
work are making from \$150 to \$500 a
month clear, and this fact makes it safe
for us to make our offer to all who are
out of employment. Any agent that
will give our business a thirty days'
trial and fail to clear at least \$100 in this
time, ABOVE ALL EXPENSES, can return
all goods unsold to us and we will re-
fund the money paid for them. Any
agent or general agent who would like
ten or more counties and work them
through sub-agents for ninety days,
and fail to clear at least \$750 ABOVE ALL EX-
PENSES, can return all unsold and get
their money back. No other employer
of agents ever dared to make such offers,
nor would we if we did not know that
we have agents now making more than
double the amount we guaranteed, and
but two sales a day would give a profit
of over \$125 a month, and that one of
our agents took eighteen orders in one
day. Our large descriptive circulars
explain our offer fully, and these we
wish to send to every one out of em-
ployment who will send us three one
cent stamps for postage. Send at once
and secure the agency in time for the
boom, and go to work on the terms
named in our extraordinary offer. We
would like to have the address of all the
agents, sewing machine solicitors and
carpenters in the country, and ask any
readers of this paper who reads this of-
fer, to send at once the name and address
of all such they know. Address at once,
or you will lose the best chance ever of-
fered to those out of employment to
make money.
