Road had 80 cents per pair; bucks 40.
More shad than usual in the market yesterday.

D. S. Carraway, Esq., returned from Texas last night.

Capt. Gray received material for 3500 pea boxes from his plantation yesterday.

Mr. Geo. N. Ives received an order yesterday from Pittsburgh, Pa., for the Republican Banner, with E. E. Tucker as editor, has made its appearance.

The steamer *Kinston* arrived yesterday evening from Kinston with cotton, beef cattle and shad.

The steamer *Florence* arrived yesterday evening from Vanceboro with tar, lumber and cotton.

Mr. J. K. Willis is engaged in erecting a monument in Cedar Grove Cemetery to the late Dr. Isaac W. Hughes.

Quite a fleet of oyster boats came up yesterday, arriving just in time to keep the canning factory going. The stock is improving.

A meeting of the Ladies' Memorial Association will be held on Tuesday, March 11th, at 4 o'clock, p. m., at the residence of Mrs. Daves. The members are all invited to attend punctually.

Mr. A. B. Carroll, of Onslow, is in the city, and brought a specimen of phosphate rock found on his plantation near Mayeville, Jones county. He left sample of it at Mr. Geo. Allen's store and forwarded some to Dr. Dabney. He also thinks he has found the green sand marl.

Maj. Hughes, who has recently returned from Washington City, says the reported coalition between Randall and the Republicans for the purpose of defeating the Morrison tariff bill is all a hoax. Randall may vote against the bill but he will do it independent of the Republican party.

We are requested to call upon all who intend to subscribe to the new school building to call at Mr. E. H. Meadows' drug store and enter their names in the subscription book as early a day as is convenient. The trustees hope to open the next session of the school in the new building and to enable them to do so it is all important that the subscriptions should be made at once, as in them alone now depends the erection of the building.

Weather Observations.
Col. Jno. D. Whitford has a letter from L. H. Albrecht, observer in charge of the signal office at Wilmington, stating that he had been directed by the chief signal officer of the U. S. Army to establish a station of this service at New Berne for the benefit of the cotton growers and brokers of this section.

The Exposition.
A meeting of the Board of Trade and Cotton Exchange held at their rooms last night it was decided to appoint a committee of fifteen to consider the matter of making an exhibit of the resources of this section at the State Exposition. The chairman of the meeting, Mr. Geo. Allen, asked for time to select the committee.

An Old Souvenir.
Apropos of the lectures delivered here by Dr. Millburn, (one of the most interesting of which was that of "Aaron Burr") a gentleman in the city has a handsome china cup and saucer that was a bridal gift from Burr's friend, Blennerhassett, on the occasion of the marriage of the grandmother of our local friend, which ceremony took place upon the shores of the classic lakes of Killarney.

Thanks.
Mayor Howard has received the following letter:

NEWPORT, KY., March 6th, 1884.
HON. T. S. HOWARD,
MAYOR OF NEW BERNE, N. C.:
DEAR SIR:—Your kind letter of Feb. 24th last was received yesterday, with the check enclosed for one hundred and two dollars and twenty-eight cents. I thank you for your generous action, and the liberal donations of your community. Our food sufferers are recovering from the effects of the great disaster, and I assure you that the assistance you have tendered will do great good.

Very truly yours,
T. P. MARSHEN.

North Carolina in Massachusetts.
Our fellow townsman, John S. Long, Esq., has received a very interesting letter from Governor Long, of Massachusetts, who now represents the Old Bay State in Congress, making inquiries concerning the possibility of the Long family in this State. Governor Long says that his great-grandfather went from Adams, North Carolina, early in the last century. We know that North Carolina has furnished states and men for the whole country, but we did not know that Massachusetts was so indebted to her for the most popular of all her Governors.

STATE NEWS.

The Pea Crop.
It is difficult yet to determine the amount of damage to the pea crop by the late cold snap. The few warm, rainy days that followed the cold caused them to brighten up considerably, but in many places on the light soils there is not much sign of life yet. On yesterday we accepted an invitation from a friend to drive out and make an estimate of the amount of damages. Of course it is guesswork to a great extent, but as we drove along we jotted down the following impressions made from what we could see from the public road: Taking the road to the National Cemetery the first farm is Mr. Dunn's—not much of the pea crop seen, damages about two-thirds; E. R. Dudley, about two-thirds; McGowan, about three-fourths; Rodman's, about two-thirds. On all these the bottoms appear to be recovering pretty rapidly, but on the hills where the soil is very light there is not much green yet. Going over to Neuse road we note, Tisdale's, damage about two-thirds; Paul Jones, about two-thirds; Crockett, two-thirds; Arthur Jones, one-third. On Trent road, Justice, damage one-half; Paul Jones two-thirds; Crockett, two-thirds; Rhem's, two-thirds; Wooten & Cohen, not much damage, if really any. On Pembroke road, Hon. O. Hubbs, damages about one-half.

Glenned from our Exchanges.
Statesville American: Owing to the unfavorable weather and the consequent backwardness of the season, the farmers are behind hand in their work; they say, however, that the wheat and oats are exceptionally fine and promising. We learn that there was an unmarked box at the depot and had there remained unclaimed for the last seven years; one day last week curiosity prompted the agent to open it, and it proved to contain a seven gallon runlet of peach brandy. We, of course, belong to the temperance society, but our mouth will water just a little all the same.

Charlotte Home Democrat: The Statesville American, a Republican paper, says it "would be glad to see the Internal Revenue abolished at the very earliest practicable moment." That is right. Let us all join in a demand for the repeal of the miserable law.—The discovery of tin ore in North Carolina and New Mexico appears to have been nearly simultaneous. The matter of priority is important, as the government will pay \$50,000 for the first discovery.

We regret to learn that the venerable Edward M. Holt, Esq., of Alamance county, is lying very low at his residence near Haw river, and cannot live but a few days longer. He has suffered for two or three years with a lingering disease which has baffled the skill of physicians. The death of Mr. Holt will be a loss not only to the immediate section where he has spent such a useful life, but to the whole State.

Statesville Landmark: Mr. P. W. Eagle, of Olin township, the other day counted the pieces in a quilt which he bought some time ago from a mountain woman and found that they numbered 3,655. Who beats this?—Mr. N. P. Watts, of Cool Spring township, can beat the Wilkes county fat boy whom Mr. A. M. Vannoy recently found on Reddies' river. John Tucker, of Reddies' river, at 10 years of age, weighed 145 pounds. Miss Mullie Watts, of Cool Spring, at 10 years of age, weighed 153 pounds, and now at 10 years one and a half months, weighs 156 pounds by her father's scales at the mill. She is the champion heavy weight of the county. If Mr. Vannoy is as loyal to Wilkes as a true son ought to be, he will, before weighing Mr. J. Tucker next time, induce the young man to put a few rocks in his pockets.

Polkville Items.
Farmers have been delayed in their work the past few days on account of rain.

Mr. S. Hudson has had the upper part of town surveyed, and a plot made of the same.

Miss Mamie Edwards, of Kinston, is visiting her sister, Mrs. S. J. Hudson. Hope she may have a pleasant stay.

Our town in general will soon be able to bid defiance to the measles, as about all of the material has been worked up.

There were many long faces visible at the postoffice on Friday and many idle minds for a time—NO DAILY JOURNAL.

We are glad to note that a great improvement has been made upon our streets by the many trees that have been planted on all of them.

Mr. John Gillett is in town. He is on his way to visit his father and family. He is from the South, and has not been home for several years.

We notice with pleasure that the celebrated horse Adonis has arrived. This horse was brought here by Mr. Terry from Massachusetts, and has the appearance of being all that is claimed for him.

One of our prominent merchants was heard to say that "he did not intend to ever employ lawyers by the year any more," when a bystander in reply said, "I suppose they (the lawyers) have you by the year."

Regular meeting of the lodge of A. F. & A. M. on last Wednesday. Report says that they will soon commence the construction of a large and handsome two story building on a lot owned by them in town as a lodge and school room.

That plague, the measles, came in contact with your correspondent and got much the better of him, causing him to be prostrated for sometimes and praying and cursing alternately, but he has at last got the better of them and now bids defiance to their rampage. He returns thanks to Mrs. Bracher and Mrs. Perry for those appetizing dainties which they sent him.

If Lit Up by Fine Teeth,
the plainest face becomes attractive. Although ordinary dentifrices prove ineffectual to whiten and improve the health of the teeth, Bonodont is adequate to the task and does it thoroughly, besides banishing from the breath an offensive smell. Teeth strengthened and purified by Bonodont are not only whiter but show better than others. As the teeth improve through its use, eating becomes a delightful indulgence instead of a penalty.

Proceedings of the Board of Commissioners of Jones County.

At the Commissioners' court held for the county of Jones, at Trenton, on Monday the 3rd day of March, 1884; present: E. M. Foscoe, chairman; J. B. Banks, Quitman Hay, Wm. B. Becton and Isaac Brock.

Nancy Southerland	1.50
Betsy Koonce	1.50

The chairman was directed to pay to S. E. Koonce, Treasurer, the amount received from Lenoir county for keeping and conveying Emily Lane to the insane asylum, less \$30 paid T. J. Whitaker and \$4.20 for collecting same.

The sheriff was directed to grant license to E. F. May to retail spirituous liquors in the town of Trenton for twelve months, from the 1st day of February, 1884, upon payment of the lawful taxes.

B. B. Windley was released from payment of poll tax for 1883.

P. M. Pearsall, County Superintendent of Public Schools, was allowed \$9.00 out of the school fund for official services.

John Simmons, Edward Hicks, Wm. Loftin and John Hill were appointed school committeemen in their respective school districts.

Benjamin Huggins, J. P. Gray Bryan Berry were appointed a committee to condemn a school site for District No. 184, colored.

The following named persons were drawn as jurors for spring term, 1884, Jones Superior Court: L. H. Mallard, Daniel Koonce, W. H. Wetherington, Thos. C. Wilcox, S. A. Taylor, Zaek Brown, J. W. Robinson, W. B. Becton, Ivey Andrews, Salem Murphy, John P. Gray, John W. Bryan, J. H. Cumbo, Geo. H. Miller, J. H. Whitty, J. J. Ward, W. M. Ballard, Jesse L. Ballard, Amos Heath, N. F. Cox, Levi J.
