

THE DAILY JOURNAL.

VOL. II.

NEW BERNE, N. C., THURSDAY, MARCH 27, 1884.

NO. 306

LOCAL NEWS.

Journal Miniature Almanac.
Sun rises, 5:53 | Length of day,
Sun sets, 6:19 | 12 hours, 36 minutes.
Moon sets at 7:34 p. m.

The beacon recently put in at Ferry point, below the city, has been knocked down by some boat.

According to the fish dealers stories the shad and herring season so far has been a failure.

The Graded School now numbers 500 pupils. At the same date last year there were 497 enrolled.

Good beef is scarce in this market at the present time. With such as we get now the grinders have plenty to do.

The colored Graded School paraded the city yesterday. In single file the ranks stretched over nearly a half mile.

Maj. Credle says he is tired of giving three postage stamps for five cents; that hereafter persons buying stamps and failing to make the right change will have to take the change in taffy. It has been said that the Maj. was born tired and cannot stand long to sell stamps even at an advance much less at a discount. Take taffy and let him rest.

Another New Paper.
Mr. John Spelman announces that he will on or about April 2nd resume the publication of the *State Journal* in the city of Raleigh. Then we will have two of the ante bellum papers, the *Register* and the *State Journal* revived. Who will revive the *Standard*?

Bell Festival.
The congregation of Rue's Chapel, colored, will hold a bell festival to-night at Drayton Hall, the proceeds to be applied, we suppose, to the purchase of a bell. They invite the attendance of all denominations and no doubt will furnish an entertainment in accordance with the noble object they have in view.

A Rush for the Dentist.
A runaway mule yesterday made an effort to get to the office of Dr. Shackelford, the Middle street dentist. Whether he wanted teeth extracted or wished to be extracted from the cart is yet unknown; but the Doctor would rather have a short notice of such visitors and would not object to a more respectful and deliberate approach.

Stock Brokers.
It will be seen by an advertisement elsewhere that Messrs. Watson & Street have opened a stock exchange, and will buy or sell railroad, steamboat, or any other stocks that may be offered on the market. This is something that has been long needed here, and we know of no one better prepared or better qualified to conduct the business than these gentlemen. We have several steamboat companies, Athletic Club, which is a stock company, a railroad, and it is hoped we will soon have a stock company for a new hotel. Anyone having stock to sell, or wishing to buy, in any one of these will do well to put the matter in the hands of Messrs. Watson & Street. They also sell and buy real estate.

Republican or Democratic.
"Good bye to the Democratic party in a few years," said a prominent Republican yesterday as he stood looking at the colored Graded School children pass on their parade. But if these children are being properly educated they will learn to think for themselves, and, thinking for themselves, it will be almost impossible for them all to think alike. They will learn that the very party which the Republicans would have them hate and vote against is the one that is furnishing them the means of education. And if that education will not help them to exercise the privileges of the elective franchise with some degree of intelligence and independence, then the education of the negro is indeed a failure.

Important Suggestion.
While we have had no intimation from either of the gentlemen that such a thing is desired, yet we have been requested to suggest that it would be both becoming and praise worthy should our citizens raise, by subscription, a sum of money for the aid of Messrs. Maxwell & Crabtree who have just sustained the loss of their shops. They are worthy citizens, good mechanics, and now the second time deprived of the means of prosecuting their business as they would wish, and we think that aid in such cases the most appropriate of benevolence. The amount might be tendered as a loan without interest or otherwise, as might be desired. It is a calamity to be burned out, and it is but little short of one for a man to have the city portion of his means destroyed by the means of pros-

Married.
At the residence of her parents, on the evening of 26th March, Mr. Henry French to Miss Sallie P. Willis, both of New Berne, in the presence of friends, relatives and acquaintances, the Rev. Geo. W. Neal officiating. May this happy couple have a clear and propitious sky in future life, full of hope, light and success, with Heaven's benedictions resting upon them.

Cyclone Near Tuscarora.
During the gale on Tuesday night a cyclone struck in sight of the railroad just above Tuscarora and demolished houses, trees, fences, etc. The houses of Messrs. Harrison and Ipeck were blown down and are total wrecks. A large tree was blown on the house of a Mr. Jones. Trees and fences were blown and scattered promiscuously in the track of the storm. No lives lost. The wind is reported to have blown very heavy here during the night by persons who were awake, but not generally noticed.

About Schools.
The city graded schools have now over one thousand four hundred pupils. Under the management of Prof. Mitchell they give general satisfaction and are patronized by all classes, the wealthy as well as the poor. This city has expended in buildings alone for school purposes twenty thousand dollars in the last year.

The above item is concerning the schools of Charlotte, and is from a correspondent in the first number of the *Raleigh Register*. We copy it for the purpose of encouraging our people in the erection of our school building. We have an advantage in the Academy property possessed by few towns in the State, and if we would only use half the energy, liberality and pride in erecting a building that some of our sister towns are displaying, we could eclipse them all and once more New Berne could be made an educational centre with advantages equal to any in the State. The work will soon begin on a new building on the Academy Green, but there is not money enough subscribed to erect a creditable building for such a city as New Berne. We know the people here are ever ready to do their duty. They will erect this building, such an one as we can feel proud of, but they have not yet learned the necessity of it.

A few days ago when Senator Vance was advocating the passage of Senator Blair's bill to give National aid to common schools, Ingalls, of Kansas, cited figures to show him that there was a greater per cent of illiteracy among the white people of North Carolina in 1850, before the negroes were free, than there is among the negroes to-day. This would indicate that the negroes of North Carolina are taking more interest in educating their children than was formerly shown by the whites. The whites are making rapid strides in this respect, however, and in a few years the State will take rank along side of her sisters who now boast of their learning. But if school buildings are to be taken as an index to the interest manifested by a people in their schools, and if Senator Ingalls were to come to New Berne and visit the school buildings would not he still be of the opinion that the negroes are more zealous in the cause of education than the whites? Let any one visit the buildings and judge for themselves.

ROLL OF HONOR.

TENTH GRADE.
Fred Thomas and Miss Mamie Allen.

EIGHTH GRADE.
Misses Hattie Dall and Alice Dixon.

SEVENTH GRADE.
Misses Lizzie Barrington, Leona Cox, Ella Hanks, and John Thomas.

SIXTH GRADE.
Walter Willis, Willie Hill, Nellie Pearce, Lottie Hubbs, Annie Lewis, Myra Burrus, May Burkhead, Katie Daniels, Fannie Jones, Mary Suter and Eula Nunn.

FIFTH GRADE.
Ada Burrus, Lillie Credle, Emma Staub, Rosalind Schwerin, Mary Howard, and Harry Hart.

FOURTH GRADE.
Fannie Burkhead, Nellie Wood, Sallie Kinsey, Jason House, Milton Hollowell, Chattie Credle, Bertha Cutler, Carrie Claypool, Annie Willis and Eula Nunn.

THIRD GRADE.
Rachel Brown, Jennie Burrus, Joanna Schwerin, and George Dall.

SECOND GRADE.
May Bell, Rosa Dall, Mary Hudson, Maud Kinsey, Freeman Maxwell, Jimmie Moore, Romulus Mann, John Richardson, Carrie Stumason, Sadie Vase, Mattie Wood, Johnnie Davis and Jennie Watson.

ADVANCED FIRST GRADE.
Theresa Higgins, Nellie Colgan, Myrtle Ross and Herbert Thomas.

FIRST GRADE.
Charlie Schaeffer, Bonnie Hanks, Freddie Richardson, Walter Williams, Clara Burrus, Mary Ann Post, Joseph, Julia and George Post, and Leah Ashby.

A Chat with the Jewels.

Well, gentlemen, I see that the Jewels have been in court, said a citizen of the village yesterday, as he extended his hand to take hold of the remnant of a five cent out of tobacco from which one the Panel had just taken a chew, and at the same time served a notice of discharge on an over-worked quid of the weed from his mouth. No sir, said a member of the Panel, as he felt for his knife with one hand while he reached for the same diminuted plug, with the other. The Jewels have not been in court. The report was an overdose and ought never to have been administered to the body politic on the eve of a municipal election. The nervous system is in no condition for it on such an occasion.

The facts of the case were these: The Panel had set on the case, but could never get the question properly before them, or it would never have gotten before a J. P.

The first representation by the alligator was to know in such cases, "Who has to pay back the money?" And then it was interrogated, in such cases, "Who has the money to pay back?"

This slight difference in intonation proved too difficult to be determined by the Panel just on the opening season of the State and National campaign, and it was deemed better to let the law take its course, than to neglect the important governmental affairs of fifty-two millions nine hundred and twelve people.

No sir, continued the member, the Panel is quite competent to handle any question of that moment or any other, provided it has the time, and good substantial seats.

We are also considering the Exposition matter just now, and have but little leisure on our hands, indeed we are the worst overworked body now on the globe. Yes sir, I know the ignorant think us idle, but then we are not responsible for what people don't know, our responsibility is for what we do know, and that is very great I assure you. Now who knows what the farmers ought to cultivate? Who knows who the Democrats ought to nominate? Who knows when the convention ought to congregate? Who knows when the people ought to recreate? And who knows when and where to expatriate?

You don't know! No sir, I don't suppose for a moment that you do; but any member of this Panel who could not answer all these questions on being aroused from a sound sleep, would be blotted from the Cluster instantaneously if not quicker.

A Card.
EDITOR JOURNAL:—Through your kindness I wish to make an announcement to my fellow-citizens of the 3rd Ward of this city.

For several years I have been a member of the Board of City Council. In this position to which I have been several times placed by your confidence, my earnest endeavor has been to perform my duty, and by doing so to merit your esteem and approbation. My name is mentioned as a candidate of the Democratic party in the coming spring election. I thank my fellow-citizens, and if elected will do my utmost for the citizen's interest and general welfare.

I should not have made any public announcement of my candidacy, leaving it now as heretofore to the party and my friends, but it is reported that I am opposed to Thomas S. Howard as Mayor. I cannot see from what has arisen such a statement. Mr. Howard, I think, will be as surprised as I am at this assertion, and to set myself before the public in the true light, which is due myself and my friends, I unhesitatingly say that in the past I have voted for Thos. S. Howard for Mayor each and every time, and holding the views I do now, as in the past, I can say that my election means two (2) solid votes for Thos. S. Howard as Mayor of New Berne.

ALEX. MILLER.

EDITOR JOURNAL:—We wish the merry readers of your valuable paper to know that we are yet alive, and are earnestly interested in paying up the present indebtedness of our new church.

On Wednesday evening, the 19th inst., our people, pursuant to arrangements, assembled at the festival room, where the table was spread and the good things of life placed upon it, by a well selected committee. Our white friends turned out quite largely, we are pleased to say. Also quite a number of ladies and gentlemen of Morehead City and Newport were with us and participated in all the amusements of the occasion. And, six notwithstanding the cry of the hardness of the times and the scarcity of money, we realized eleven dollars and forty-one cents clear of all expenses for our church, which you must know was not bad to take, etc. At the close of the festival a vote of heartfelt thanks was tendered to the working financial committee, and to the cooks, and to every contributor, white and colored.

Respectfully yours,
JAMES S. REED.

North Carolina Read Out, Too.

TO THE EDITOR OF THE SUN:—Sir: In the Sun of yesterday you say that the Morrison-Carlisle policy is to read New York, New Jersey, Connecticut, and Ohio out of the Democratic party. True, and you may go further. Permit me to call your attention to the following resolutions adopted by the Democratic Legislature of North Carolina in 1883:

That the internal revenue taxes of the United States ought to be repealed at once.

If Congress should deem it impracticable to modify the present tariff and at the same time abolish the internal revenue taxes, as the lesser of the two evils we prefer the retention of the former and the abolition of the latter.

That the Secretary of State is instructed to transmit copies of these resolutions to the Senators in Congress from North Carolina as an expression of the voice of the State on the issues to which they relate, and to the Representatives in Congress from North Carolina for their respectful consideration.

This has been Democratic policy in North Carolina for nearly one hundred years. The Legislature of 1790 adopted this resolution:

That they strenuously oppose every exercise and direct taxation law, should any be attempted in Congress.

So that North Carolina Democrats who favor the abolition of the oppressive and iniquitous internal revenue taxation are not Democrats according to the Morrison-Carlisle standard, and for adhering to a policy that has obtained in the State for nearly a century they are to be read out of the party.—Washington correspondent of N. Y. Sun.

The Exposition Building.

Yesterday a reporter was permitted to have a look at the plan of the exposition building, and a pretty one it is, and a serviceable, strong affair the structure will be. The building forms a square, each front being 300 feet in length. In each front there is a large entrance. There are rows of windows, and between each of these rises a flag staff. Each of the angles is pleasingly broken by a low tower with four turrets, from each of which rises a flag pole. Over the four great entrances there are nearly designed ornaments to further break any monotony in the line of the great building. The pitch of the building is sixteen feet, the framing of the roof gives an addition of nine feet, making the height from the floor level to the centre of the roof 25 feet. The building is in size equivalent to one 45 feet wide by 1,220 feet in length. In each of the four interior angles is a great court-yard. There will be 150 or more windows. The aim has been to obtain the maximum of light and air, and the result promises to be most successful. The building is one that visitors will like, that exhibitors will like, and which will answer all the varied requirements at a minimum of cost.—News and Observer.

SARAH A. JOHNSON.

The Mullein Plant.
Dr. Quillan, a celebrated physician of Dublin, has just written in an English medical journal of his wonderful experimental results with the common mullein plant upon lung and bronchial affections, citing cases where he had given it to consumptives with the most astonishing result, and recommends its use by the profession. Referring to the above, we would state that TAYLOR'S CHEROKEE REMEDY OF SWEET GUM AND MULLEIN, made from the formula of the medicine men of the Cherokee Nation, is composed not only of the mullein plant, but has incorporated with it the sweet gum, the finest stimulating expectorant known, presenting an agreeable taste and a certain panacea for Coughs, Whooping Cough, Colds and all Bronchial Affections. For sale by all leading druggists at 25c. and \$1.00 per bottle.

Manufactured by WALTER A. TAYLOR, Atlanta, Ga., Proprietor Taylor's Premium Cologne. d&wpr14m

It would be folly to tamper with a tobacco whose peculiar flavor and inherent excellence are known among all nations. Blackwell & Co. recognize this in the manufacture of Blackwell's Durham Long Cut. To sustain the fame of the Durham Bull brand among pipe and cigarette smokers they must keep their tobacco pure—give it as nature gave it. Both policy and pride raise a perpetual guarantee of purity.

PURE COD LIVER OIL made from selected livers, on the sea-shore, by CASWELL, HAZARD & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market.

Job Work.
The JOURNAL office is prepared to print Bill Heads, Letter Heads, Envelopes, Cards, Tags, Circular Envelopes, etc., in neat and handsome style, and also at prices to suit the times. Give us a trial.

Chattel Mortgages, Real Estate Mortgages, Deeds, Lien Bonds, always on hand.

Blanks for the appointment of Overseers, and for making Overseer's report, on hand.

CHAPPED HANDS, FACE, EYEBLES, and rough skin, cured by using JUNIPER TAR SOAP, made by CASWELL, HAZARD & Co., New York.

The Doctor's Endorsement.

Dr. W. D. Wright, Cincinnati, O., sends the subjoined professional endorsement: "I have prescribed Dr. Wm. Hall's Balsam for the Lungs in a great number of cases, and always with success. One case in particular was given up by several physicians who had been called in for consultation with himself. The patient had all the symptoms of consumptive consumption—cold night sweats, hectic fever, harassing coughs, etc. He commenced immediately to get better, and was soon restored to his usual health. I also found Dr. Wm. Hall's Balsam for the Lungs the most valuable expectorant for breaking up distressing coughs and colds."

A Fair Offer.
The VOLTAIC BELT Co., of Marshall, Mich., offer to send Dr. Dye's Celebrated Voltaic Belt and Electric Appliances on trial, for thirty days, to men, old and young, afflicted with nervous debility, lost vitality, and many other diseases. See advertisement in this paper. d&w1w

For seven years Allen's Brain Food has stood the strongest tests as to its merits in curing Nervousness, Nervous Debility, and restoring lost powers to the weakened Generative System, and, in no instance has it ever failed; test it, \$1.00 for 5¢. At druggists, or by mail from J. H. Allen, 315 First Ave., New York City.

Prevent sickness by taking occasionally one of EMORY'S LITTLE CATHARTIC PILLS, a wonderful appetizer, an absolute cure of biliousness. 15 cents. 4

WATSON & STREET,
Stock Brokers

AND
REAL ESTATE AGENTS.
Shares of Bank, Railroad, and Steamboat Stocks a Specialty.

Yielding to the popular demand for an Agency for the purchase and sale of Local Stocks and Real Estate, we have concluded to add this new feature to our business of

GENERAL LIFE AND FIRE INSURANCE,
and would respectfully tender our services to the public in that capacity.

The increasing demand for our farming and timber lands among capitalists abroad who are being attracted hither by the splendid investments offered, creates, we think, a necessity for an agency of this kind which has not been felt heretofore.

The great success which has attended the efforts of our Steamboat Companies and other enterprising corporations in our midst, has caused a demand for these stocks which has made them an article of every-day purchase and sale.

We respectfully refer to the National Bank of New Berne, and to business men of New Berne generally.
