## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
WM. J. & WM. E. CLARKE—Dissolut'n.  
WM. J. CLARKE—Law card.  
MOORE & CLARKE—Law card.  
YORK—Rally Republicans.

**Miniature Almanac.**  
No. 540 | Length of day,  
12:28 | 12 hours, 46 minutes,  
at 2:45 a. m.

Car, No 88 has just been  
at the railroad shops.

Dr. Robinson for the  
alleged murder of one Lauchlin last  
September a year ago, closed at Smith-  
field yesterday, the jury returning a  
verdict of not guilty.

That was a handsome turnout yester-  
day that went down the street, all de-  
corated with dogwood blossoms and other  
forest flowers, besides the arimated  
beauties of creation.

Sabre Carter, an old colored woman,  
in the county jail, was visited by the  
county physician, Dr. Long, on yester-  
day and pronounced insane. She will  
probably be taken to the asylum at  
Goldboro in a few days.

The chairman of the various com-  
mittees on the Exposition met at the  
Board of Trade rooms on yesterday and  
decided that the President of the Asso-  
ciation should visit Raleigh and learn  
what space can be given in the main  
building for exhibit from this section.  
As soon as this is ascertained the com-  
mittees will go to work vigorously, and  
see that the entire country tributary to  
New Berne is fully represented.

**"Innocents Abroad."**  
Mr. F. Ulrich left on the *Shenandoah*  
yesterday for Plymouth.

**New Law Firm.**  
We call attention to the law card in  
this issue of Moore & Clarke. They are  
both well known in this entire section.  
Mr. Moore, a fine jury lawyer and Mr.  
Clarke, an indefatigable worker, will  
make a good team.

**Boat Launched.**  
The annex to the Clyde Line—that is  
the freight clerk's—yesterday launched  
their new row boat from the stocks of  
the builder at their wharf. The bottle  
of wine has not yet been broken at the  
christening, but the cabalists A. M. A.  
has been given her, and the Daniel to  
interpret it is Mr. Harry Stevenson.

**North Carolina Hog.**  
Messrs. C. E. Eby & Co. shipped a day  
or two since a North Carolina ham to  
Westminster, Md. It was shipped to  
Mr. G. B. Hawes who has been in the  
city several days, and striking a well  
cooked N. C. ham at the Gaston House,  
he was so well pleased with it that he  
went straightway and had one shipped  
to his family. He is the same that  
wrote us sometime ago about the facili-  
ties for manufacturing furniture at this  
place, and says our comments on his  
letter was the biggest advertisement he  
ever had, as he received numbers of  
letters from all parts of the country  
about it. We regret that we were not  
in when he called to see us a few days  
ago. Come again.

**Don't be Alarmed.**  
If an unusual sound of musketry  
should be heard, this morning, in the  
vicinity of the city, there need be no  
alarm, as it will be the unerring shot  
of a number of sportsmen out shooting  
Doves; and arrangements have been  
made that they are not to shoot this way  
without first giving notice to the au-  
thorities to remove non-combatants.  
Persons fond of bird pie will be grati-  
fied to learn that it is the purpose of  
these gentlemen to distribute the pro-  
ceeds of this hunt among their friends,  
and the "catch" is expected to be "quite  
considerable."

The JOURNAL office will be the re-  
cipient of a string of picked birds in  
compensation for this notice; that is  
provided the thing "pans out" as it is  
hoped it will.

**He Chose the River.**  
On yesterday morning Canady  
Daniels, colored, discovered the body of  
a dead man in Neuse river near Wil-  
liams' shingle yard which, when taken  
out, was identified as Robert House, the  
man who escaped from Constable Moses  
Mason on Friday night of last week.  
The Coroner, Dr. H. G. Bates, sum-  
moned a jury of inquest who examined  
the body and returned the following  
verdict:

"The said Robert House was accidently  
drowned while trying to escape from an  
officer who was pursuing him."

Dr. Bates examined the body himself  
and states that there was no sign of foul  
play, from a pistol or any other weapon.  
Constable Mason says he had arrested  
House for burglary and was taking him  
to jail when he broke and ran, that  
when he fired on him he did not intend  
for his shot to take effect but fired in the  
air for the purpose of frightening him  
into a halt. Other witnesses testified  
that he fired in the air.

**Personal.**  
D. S. Carraway left yesterday morn-  
ing for Plymouth, where he takes a  
situation as druggist with W. S. Daven-  
port & Co.

Maj. John Gatlin, of Raleigh, was in  
the city yesterday.  
Sheriff Jones and Levi T. Oglesby,  
Esq., of Carteret, were in the city yester-  
day.

**Boats from Hyde.**  
Mr. W. N. Pugh, who has been making  
an extended trip through Hyde,  
reports the following:

The season has been very wet and  
farming operations much retarded.  
Farmers, though behind, are still cheer-  
ful and hopeful, and from the amount  
of push and vigor displayed seem deter-  
mined to make up for the deficiency of  
last crop.

The dredge on Lightwood creek canal  
is idle; attaching dipper; think they will  
make better headway. Assistance by  
some of the transportation companies  
could be made very profitable.

The people are well pleased with the  
prospect of a new mail route.  
Episcopal convocation at St. George's,  
pastoral charge of Rev. Mr. Thorpe,  
convened on the 28th March. Quite a  
number of the clergy in attendance.  
Very interesting occasion, beautiful  
ladies, and hospitable people.

**The Atlantic and North Carolina Rail-  
road.**

We surrender our editorial space to-  
day to the article from the Raleigh  
*Register* on the history of the Atlantic  
and North Carolina Railroad Company.  
It will be seen that there are outstand-  
ing two hundred and forty-seven thou-  
sand dollars of the original, or "con-  
struction" bonds issued by the State,  
and one hundred and ten thousand of  
the "loan" bonds. Suits have been  
brought by the holders of these bonds,  
and no matter what the decisions of the  
courts may be the State should see to it  
that the road is not sacrificed. If her  
creditors will not accept her offer of  
compromise, she should make the best  
terms possible. If she has the whole  
amount to pay, principal and interest, it  
will be nothing more than Craven county  
is doing.

When the State has settled this matter  
with her creditors, we see no reason  
why the stock in this old bone of con-  
tention should not at last become of  
some value to its owner. If the views  
taken of the pending suits by the *Regis-  
ter* are correct, then the holders of this  
hitherto worthless stock should not be  
in a hurry to get rid of it.

**City Improvements.**  
New Berne is not a dead town, the as-  
sertion of some dead beats to the con-  
trary notwithstanding. In a walk about  
the city yesterday we noted the follow-  
ing improvements:

J. A. Meadows, Esq., is erecting a  
hay warehouse near the one recently  
burned. He will soon begin the erec-  
tion of a new warehouse near his mill.

Mr. T. A. Green is having his dwell-  
ings on East Front painted.  
A neat new fence has been erected  
around the Justice residence on East  
Front.

A new dwelling is going up on Queen  
street, near the depot.  
A new fence has been erected around  
Mr. U. S. Mace's dwelling on the corner  
of Metcalf and Broad streets.

Mr. Geo. Henderson is having a neat  
and handsome little dwelling built on  
Broad street.

Mr. H. Staub's new dwelling on  
Broad street is about completed, and  
he is preparing to occupy it.

These, in addition to other improve-  
ments recently noticed, are living wit-  
nesses against any one who may be silly  
enough to think that New Berne is a  
dead town. Besides, the hum of ma-  
chinery at the saw mills, and oil mill;  
the lively songs of the oyster shuckers;  
the roar of the trucks on the railroad  
and steamer wharves; the shrill whistle  
of the steamers; the rattling of drays on  
the fine shell roads; the chattering of  
over a thousand school children; the  
lively discussions at the Cotton Ex-  
change, and the number of business  
cards and advertisements in the col-  
umns of the JOURNAL, all show that the  
old town is preparing to put on a new  
growth, and will soon be more inviting  
for trade, pleasure seekers and business  
men than ever before.

**Married.**  
STREET—KORNEGAY—At the residence  
of the bride's father, H. R. Kornegay,  
Esq., in Kenansville, N. C., Wednes-  
day, April 2nd, 1884, at 10 o'clock a. m.,  
Dr. N. H. Street, of Pollockville, N. C.,  
to Miss Victoria J. Kornegay, of New  
Berne, N. C. Mr. Gibbons officiating.

The attendants were: P. H. Pelletier  
and Miss Belle Southerland, and Dr. G.  
W. Southerland and Miss Agnes Grady.

May their days always be illumined  
by the sunshine of love and happiness,  
and their lives a continued scene of  
peace and prosperity.

**FIELDS—DAVIS**—At the residence of  
the bride's father, Daniel Davis, Esq.,  
of Craven county, on Wednesday eve-  
ning, April 3rd, by Rev. D. W. Porter,  
Mr. Lam H. Fields, of La Grange, to  
Miss Christina Davis.

**Trip from Snow Hill.**  
Contentnea creek, or as it is some  
times called Moccasin river, is as crooked  
as the reptile after which it was named;  
its crooks, bends and turns are numer-  
ous; but since a few thousand dollars  
has been judiciously used by Gen. Ran-  
som's force, it has been made navigable  
for steamboats.

We came down on Thursday from  
Snow Hill to New Berne with Capt.  
David Styron, on the steamer *Snow Hill*,  
and had an opportunity of viewing for  
the first time the creek from Snow Hill  
to its mouth. The bends and turns are  
long and short; they are round and  
square; there are the knees, elbows,  
pothooks and other bends; the angles  
are square, obtuse and acute, and it is  
almost wonderful that the steamboats  
can make the runs they do; for near the  
mouth of the Contentnea are what are  
called The Narrows, which are about  
three times more difficult to navigate  
than any other portion. But Capt.  
Styron proved himself equal to the  
difficulties and brought the *Snow Hill*  
through. While we were steaming  
through the cypress of the Lower Nar-  
rows we thought that as a great general  
would control a mighty army against  
a superior foe and come forth victorious,  
so did Capt. Styron battle and contend  
with an army of tall cypress, large gums  
and overhanging limbs, and brought his  
steamer through all the difficulties safe-  
ly to the mouth of the creek and into  
Neuse river, where it was fair and  
smooth sailing.

Capt. Styron claims to have made the  
quickest run from New Berne to Snow  
Hill and return on record. He left New  
Berne on Wednesday morning at six  
o'clock, went as far as Hookerton that  
night, there he anchored until day; he  
then went up to Snow Hill, arriving  
there about nine o'clock, left at eleven  
for New Berne, where he landed at  
nine, making the run through from  
Snow Hill to New Berne in ten hours,  
including all the stops and other diffi-  
culties that are in the way of successful  
navigation.

**Bright and Interesting.**  
The New Berne DAILY JOURNAL has  
begun its third year. It is a bright and  
interesting newspaper, and we draw  
upon it often for our departments. It  
carries an independent lance and is not  
afraid to have opinions of its own. We  
honor it.—Wilmington Star.

In the last twenty years the gov-  
ernment has paid for interest on  
the public debt the enormous sum  
of \$2,089,000,000, a sum which would  
defray all the expenses of the gov-  
ernment, excepting interest on the  
public debt, for nearly nine years  
to come, at the present rate of ex-  
penditure; and for nearly thirty-five  
years if expenses could be limited  
to what they were in 1860.

**Cotton Mill Owners.**  
AUGUSTA, GA., April 3.—A meeting  
of owners of cotton mills throughout  
the South was held here to-day, for the  
purpose of discussing the question of  
the supply of and the demand for  
cotton goods. It was stated in a  
circular issued by the Augusta mill  
men, who originated the call for a  
convention, that it was their belief  
that the purchasing power is not equal  
to the supply, and that for the benefit  
of all concerned it was of the greatest  
importance that some plan should be  
agreed upon to reduce the production  
of cotton goods.

President Hickman, of the Granite-  
ville manufacturing company,  
called the convention to order  
and welcomed the manufac-  
turers to Augusta. J. F. Hanson, of  
Macon, was elected president and A. H.  
Twitchell, of Clifton, secretary.

Mr. Hanson said the manufacturers'  
interests just now were in anything but  
satisfactory condition, and he hoped  
that united action would result in favor  
of the manufacturers of the South.

**A Mute Evidence of Refinement**  
is a row of well polished teeth. People  
of vulgar instincts are very apt to ne-  
glect theirs. Cleanliness demands care-  
ful attention to the teeth, and expe-  
rience indicates Sazodout as the safest  
and surest means of retrieving their  
losses of beauty and vigor. It removes  
impurities upon and between them; im-  
pairs to soft or shrivelled gums the

in almost every case throughout my  
practice I have had entire success. I  
have used and prescribed hundreds of  
bottles since the days of my army prac-

**WATSON & STREET,**  
Stock Brokers  
AND  
REAL ESTATE AGENTS.

Shares of Bank, Railroad, and Steam-  
boat Stocks a Specialty.

Yielding to the popular demand for an  
Agency for the purchase and sale of Local  
Stocks and Real Estate, we have concluded to  
add this new feature to our business of

**GENERAL LIFE AND FIRE INSURANCE,**  
and would respectfully tender our services to  
the public in that capacity.

The increasing demand for our farming  
and timber lands among capitalists abroad  
who are being attracted hither by the splen-  
did investments offered, creates, we think, a  
necessity for an Agency of this kind which  
has not been felt heretofore.

The great success which has attended the  
efforts of our Steamboat Companies and other  
enterprising corporations in our midst, has  
caused a demand for these Stocks which  
has made them an article of every-day purchase  
and sale.

We respectfully refer to the National Bank  
of New Berne, and to business men of New  
Berne generally.
