### Palm Sunday.

The county commissioners meet tomorrow.

Mr. C. Erdmann can beat any man in the city opening clams.

No marriage licenses issued during the past week in this county.

The steamer *Goldboro* arrived on Friday night with a cargo of general merchandise.

The steamer *Trent* arrived last evening from Pollockville with a cargo of twenty-five bales of cotton.

The schooner *Melvin* sailed for the West Indies on Friday morning with a cargo of shingles and staves.

It is reported that Maj. Geo. Credle is taking "hippocane" if having been recommended as a remedy for tired feelings.

The schooner *Gov. Vance*, Capt. S. H. Spencer, arrived from Engelhard on Friday night with a cargo of corn for W. F. Burrus & Co.

Judge Shepherd and Solicitor Galoway arrived last night, and will go to Trenton tomorrow to hold court. Also Rom. M. Johnson, of the *Messenger*.

The three masted schooner *August Flower*, Capt. Dole, from Philadelphia, arrived yesterday morning with a cargo of hay for R. O. E. Lodge, discharged it and put down the river for a cargo of lumber.

On the street, yesterday, a white and colored boy undertook to settle some dispute between them by hurling bricks at one another in a very reckless manner. Some of the missiles came near hitting passers-by, and others were thrown with terrific force against dwellings. Where are the police?

Chairman Coke calls a meeting of the Democratic Executive Committee of the State to be held at Raleigh on the 16th of April. A. J. Galoway, E. B. Peebles, Benj. Askew and Henry R. Bryan compose the committee of the 2nd district. Appleton Oaksmith, John D. Stanford, H. B. Short and D. H. McLean are the committee in the 3rd district.

The fire bell on Friday night about 12 o'clock turned about one thousand people out of bed and caused the fire department to rush out. An unoccupied house on Change street being on fire caused the alarm. One or two buckets of water arrested the fire. Aunt Liza, an old colored woman, got on the first water-dashing on a tub of soap suds.

The *Western Sentinel* wants us not to understand that it favors Mr. John S. Long for Superintendent of Public Instruction, but only spoke of his fitness. Well, now, when you are merely giving a man a puff always add these words: He is not a candidate, but if nominated would carry the full strength of the party, and if elected would reflect honor upon it and the State.

**Wanted.**  
Any person having a copy of "Trial by Jury" by Gilbert & Sullivan, will confer a favor by handing it in at this office. Several copies are wanted at once.

**The Riots Over.**  
The appearance yesterday of a colored soldier on the street assures us that the riot at Cincinnati is over. He was clad in one of the uniform coats of the New Berne Grays, which showed evidence of hard service by having "narry" brass buttons left on it.

### The Greenback Candidate.

Mr. John O. Gardner wants General Benjamin F. Butler to be the nominee of the National Greenback Labor Party for the Presidency. He says it is true that a report has been circulated that old man Ben stole a great many spoons, but he says the \$70,000 of illegal bonds fixed on North Carolina in the building of the A. & N. C. Railroad would have bought a great many spoons. He says with Butler for President and David Davis for Vice-President, the Greenback Party will create rattling among the dry bones of the old parties.

### Children's Meeting.

Yesterday morning a delightful meeting for children and youth was conducted in the Presbyterian Church, by Rev. H. T. Darnall. He made a very tender appeal to them to begin the service of God at once, and enforced the plea by several very beautiful incidents from his own experience. Mr. Darnall has been preaching several days for Rev. L. C. Vasa. His sermons are full of fine thought and clear exposition of Scripture, and are edifying, and also delivered most impressively. He will preach this morning and to-night in the Presbyterian Church, and we hope will have large audiences.

### Important Sale.

The sale of the Hubbard plantation near Dover, a valuable tract of land with good buildings, and the brick dwelling with four rooms, good cistern, etc., in this city, takes place tomorrow at 12 o'clock, at the court house door.

### Lawn Tennis Club.

The younger gentlemen and ladies have organized the Elm Wood Lawn Tennis Club with twenty-five members. The following are the officers: President, R. L. Burkhead, Vice-President, Miss Mollie Heath; Secretary, B. B. Neal; Treasurer, Miss Mamie (Stimson); Referees, Misses Mamie Amyette, Myra Burrus and Mr. Wm. Hollister, jr. Regular meetings, 1st Tuesday in each month. Field day, Wednesday of each week. Uniform for girls, tamoshanta blouse; for boys, white tennis shirt, white knee pants, red stockings, red belt, red cap and tennis shoes.

### Church Services.

**Christ Church**—V. W. Shields, Rector. Sunday next before Easter. Services at 11 a. m.—Holy Communion—and at 7:30 p. m. Sunday school at 3:30 p. m. The public are always invited to attend the services of this Church.

**Presbyterian Church**—Services at 11 a. m. and 7 p. m. Sermons by Rev. H. T. Darnall, of Durham, N. C. Sabbath school at a quarter before 3 p. m. The public are invited to attend these services.

**M. E. Church**—Services at 11 o'clock a. m. and 7 p. m. by Rev. C. W. Byrd.

**Baptist Church**—Rev. C. A. Jenkins, pastor. Services at 11 a. m. and 7 p. m. Seats free, and the public cordially invited to attend.

### Truck Notes.

Mr. J. J. Wolfenden reports a thirteen acre field of cabbage looking well and heading. His peas are also looking well.

Mr. S. S. Fisher sends us a couple of pods with half grown peas. He expects to ship some next week.

Mr. J. L. Rhem reports truck looking well. He has peas that were planted too late for the cold snap.

Mallett Bros., of Riverdale, report peas looking well.

Wooten & Cohen report considerable damage to peas by wet weather.

Mr. Geo. Allen estimates ten thousand boxes of peas instead of forty thousand and expected from the land seeded.

Irish potatoes and beans are looking well considering the late thrashing by the severe winds.

Radishes are still being shipped every Tuesday and Friday per *Shenandoah*.

### Died.

In this city, April 4th, 1884, Benjamin Franklin, only son of Eugene and Christiana Tucker, aged 4 months, and 17 days.

The relatives and friends of the family are respectfully invited to attend his funeral, from the residence of his parents, corner of Broad and Fleet streets, at 4 o'clock this afternoon.

All is dark within our dwelling,  
Lonely are we here to-day,  
For the one we loved so dearly,  
Has forever passed away.

### For Superintendent of Public Instruction.

**EDITOR JOURNAL**—Doubtless many of your readers have thought of the subject of this sketch as a man in every particular fitted for the high and honorable place to which so many wish to call him.

Geo. W. Neal is our candidate for Superintendent of Public Instruction. He is a man in every particular fitted for the place. He is a scholar of high and classical attainments; a man of deep Christian conviction; of vast experience in life, and especially in educational matters; a student, a practical teacher and a man of unquestioned intelligence.

Craven county will give him her vote. The name of George W. Neal has been much talked of for this place and we cheerfully suggest his name to the public.

### The Orphan Asylum—Superintendent Elected.

We learn that the Board of Directors of the Oxford Orphan Asylum, at their meeting April 1st, elected to the responsible position of Superintendent of that institution B. F. Dixon, M. D., of King's Mountain, N. C. Dr. Dixon comes recommended by some of the highest authorities of the State as a person every way qualified for the office. He leaves a large and lucrative practice to engage in a labor of love. The orphan children of the State must be cared for, and the people must do it. Let your benevolence flow out with exceeding liberality, so that the good now being done may be greatly augmented in opening the doors of this charity yet wider to the many continually making application.—*W. L. Star.*

### Kinston Items.

St. John's Lodge, No. 98, of Kinston, will conduct burial service over the remains of the late W. C. Pittman, at the residence of John Gray, in Jones county, on the 13th of this month. Masons of good standing are invited to attend.

All hail, leap year! Another "poor lone widow" of Lenoir has been made happy through the privileges of the year and the aid of the parson. Mrs. Sarah J. Wood and John W. Tilghman were married at Kinston on the 2d instant.

The Republicans of Greene county say U. S. Commissioner, D. E. Perry, must put on the Senatorial robes which F. B. Loftin, Esq., has laid aside by his removal from the 11th district. He will wear such honors worthily and becomingly.

It is said that harmonizing influences are at work among the Republicans of Lenoir, and that all independents will be re-baptized and admitted into the true fold as soon as warm weather will permit, when a united front will be presented to the enemy.

A colored man, whose name is Reuben Hill, has recently been committed to our jail for abandonment of his wife. He says America is, in many respects, like Siberia, where you can buy the best wife for eight dogs and be worse off than when you had the dogs.

An enterprising youth, who has an eye on the position of town constable, has just taken the sense of the people for the next mayor. There are 373 voters; 187 are for Col. George C. Moses; 78 for the present incumbent, and 18 for any body who can beat the other two.

"Trifles light as air" often result in good to mankind. The cackling of a goose is said to have saved the "Eternal City" from ruin; and the demand for an eye-opener—an early dram—last Thursday morning saved Kinston from one of those fires which build up a town.

At Everett R. Rouse's place, about three miles north of Kinston, two small negro children, the offspring of George Hill, were burned to death last Wednesday night. The father and mother had gone to church at night, in the neighborhood, leaving their children asleep in the house. On their return the house was burned down and the children destroyed with it.

### La Grange Items.

W. H. Whitfield is said to be improving.

Mayor McIntyre is so far recovered as to be on the streets.

The condition of G. W. Capell is said to be yet very critical.

The Bizzell house in Wayne county, near the Bizzell mill, was burned last Monday.

Last Wednesday, Wednesday night and Thursday was a windy night, more like March than April.

Neuse river has, during this week, been higher than at any time this year. It was falling when last heard from.

An operation was performed on Jesse Aldridge, last Tuesday, by Drs. Hadley and Hodges, for necrosis of one of the leg bones.

During the wind Wednesday the fire "got out" and burned over one hundred panels of fence for Noah Rouse, Esq., near here. The loss is right severe at this season of the year.

A trip to White Hall, or Seven Springs, last week. The town shows some signs of improvement, notable among which is the new two-story store of O. K. Uzzell. Mr. Uzzell has been doing business in the place some time, and has built up considerable trade. His new store presents quite an imposing appearance, and is in every way arranged with a view to convenience as well as elegance. The upper or second story will be used as a town hall, lodge room, etc. The arrangement of the corner window is such as to afford a complete display of fancy and millinery goods, while it adds to the outside appearance of the store. Taken all in all, the building is an ornament to the place, and shows the proprietor to be a man of "push and energy."

This county has no lack for candidates for the Legislature as well as for sheriff, and the Democracy is fully represented. The "stock law" has aroused the talent of the land, and many imagine that the only thing necessary to have that obnoxious law repealed is to send them to the Assembly. They forget that they are a host.

Who would some power the giffle gie us,  
To see ourselves as others see us?  
Only three or four anti-stock law Democratic candidates in the field, and eight or ten townships to hear from.

### Pollockville Items.

Our town has in part been moved. Friday was a general day of improvement upon our streets.

Lodge No. 175, A. F. & A. M., met on Wednesday in their regular meeting. We are sorry to chronicle that Mrs. S. J. Hudson has been sick for the past few days. We hope that she may soon recover.

April has come, being accompanied by the March winds which has been equally distributing the dust through our town.

A grand hop at the residence of Mrs. Mary Perry on Friday night, complimentary to Miss Agnes Grady. Jim Sanderson and Blount Barry making music in such beautiful strains that one could not withhold himself from joining in the gallop of the hour.

Dr. N. H. Street arrived on Thursday with his bride. We congratulate the Doctor upon his good judgment in selecting a life companion and wish him much happiness. Miss Agnes Grady, one of Kinston's fairest ones, after being in— all day, arrived in company with the Doctor and his bride and will remain a few days in our town. We hope that she may have a pleasant stay and come again.

### STATE NEWS.

#### Cleared from our Exchanges.

**Snow Hill Telegraph.** We regret to learn that Miss Florence, the accomplished daughter of Dr. F. M. Rountree, is quite ill at the house of Mr. John Sugg, where she is on a visit to her friend, Miss Hokee Freeman.—Mrs. S. D. Pool, the mother of Mr. H. C. Pool, writes him that while the English papers were giving long and sensational stories about the doings of Miss Julia Jackson in London, Miss Jackson was in New Orleans. Miss Jackson has not been to London. While the great Northern dailies may be more rapid in transmitting news than we are, we shall always endeavor to be more accurate than they.

**Wilson Advance.** We regret to learn that the dwelling house of Mrs. F. A. Gorham, on Goldsboro street, was entered on Wednesday night and robbed of some very valuable articles. A fine diamond ring, an elegant gold watch, and other jewelry amounting in the aggregate to over \$800 dollars were stolen.—Mr. E. J. W. Finch, of Nash happened to the misfortune to have a fine horse and mule killed by lightning on Tuesday night of last week. They were valued at \$250. The mule took the premium last year as the finest at the State Fair. We sympathize with Mr. Finch in this heavy loss.

**Beaufort Telephone.** Three thousand and sea mullets, whiting or king fish were caught from one shoal in Cove harbor at Cape Lookout on Monday last, and were sold to Mr. J. H. Potter, agent for Geo. N. Ives.—Mr. Lockhart Gibbs seems to take more interest in trucking than any other who resides near Beaufort. He brought us on Tuesday, the 1st inst., a bunch of very fine spring turnips and last week he was selling radishes which would have attracted attention for size and beauty in the Northern markets. Had he the youth and strength of some of our people who can make no money farming, he would give notoriety to Beaufort as a shipping point for early vegetables.

**Chatham Record.** In less than two weeks the cars on the C. F. & Y. V. Railroad will be running from Fayetteville through to Greensboro and the hopes of years at last realized.—We are pleased to learn that the prospect of an abundant fruit crop is very promising. It is said that there is always a good fruit crop every year, and it is thought that this year will be no exception to the rule.—We are credibly informed that a few weeks ago a tramp went through the western part of this county and was seen at two or three places to drive the buzzards away from the carcasses of dead animals that they were eating and himself eat the putrid flesh. When questioned he would not answer, and no one could find out anything about him, but because of his depraved taste they called him "the buzzard."

### The Great Forest Fire.

FAYETTEVILLE, April 4.—The fire is spreading east of here. Quantities of timber and cross-ties have been burned. The house of Mr. McNatt, a mile south of here, has been burned. At Broadway two churches and a number of houses have been destroyed.

### Total Net Receipts of Cotton.

New York, April 4.—The following are the total net receipts of cotton at all the ports since September 1, 1883: Galveston, 580,465; Mobile, 244,983; Savannah, 643,195; Charleston, 418,061; Wilmington, 90,163; Norfolk, 587,023; Baltimore, 41,577; New York, 1,055,063; Boston, 151,498; Providence, 2,288; Philadelphia, 81,091; West Point, 176,639; Brunswick, 7,884; Port Royal, 11,088; Pensacola, 82,064; City Point, 2,889; Indianola, 8,370; Newport News, 3,124; minor ports, 21,115; total, 4,607,631.

"How are we ever going to go through our spring and summer's work? We are all run down, tired out before it begins." So say many a farmer's family. We answer, go to your druggist and pay five dollars for six bottles of Ayer's Sarsaparilla. This is just the medicine you need, and will pay compound interest on the investment.

**A Mute Evidence of Refinement** is a row of well polished teeth. People of vulgar instincts are very apt to neglect theirs. Cleanliness demands careful attention to the teeth, and experience indicates Sododont as the safest and surest means of retrieving their losses of beauty and vigor. It removes impurities upon and between them; imparts to soft or shrivelled gums the hardness and rosinness of coral; makes the breath fragrant and lends to feminine lips an additional charm.

**The Testimony of a Physician.**  
James Beecher, M. D., of Sigourney, Iowa, says: "For several years I have been using a Cough Balsam, called Dr. Wm. Hall's Balsam for the Lungs, and in almost every case throughout my practice I have had entire success. I have used and prescribed hundreds of bottles since the days of my army practice (1863), when I was surgeon of Hospital No. 7, Louisville, Ky."

**AND REAL ESTATE AGENTS.**  
Shares of Stock, Railroad, and Steamboat Banks a Specialty.  
Yielding to the popular demand for an Agency for the purchase and sale of Local Stocks and Real Estate, we have concluded to add this new feature to our business of GENERAL LIFE AND FIRE INSURANCE, and would respectfully tender our services to the public in that capacity.  
The increasing demand for our farming and timber lands among capitalists abroad who are being attracted hither by the splendid investments offered, creates, we think, a necessity for an Agency of this kind which has not been felt heretofore.  
The great success which has attended the efforts of our Steamboat Companies and other enterprising corporations in our midst, has caused a demand for these Stocks which has made them an article of every-day purchase and sale.  
We respectfully refer to the National Bank of New Berne, and to business men of New Berne generally.
