NO. 28.

## LOCAL NEWS.

**Journal Miniature Almanac.**  
Sun rises, 5:00 | Length of day,  
Sun sets, 6:48 | 18 hours, 48 minutes.  
Moon sets at 1:23 a. m.

**War Department, Signal Service, U. S. Army.**  
Report of observations taken at New Berns.  
May 1, 1884—6 P. M.  
Max. Min. Rain  
Temp. Temp. Fall.  
New Berns... 80 50 00  
J. W. WEBB, Observer.

The first of May was a lovely day. About now you may begin to look out for picnics. Shad are now selling for 30 to 50 cents per pair; herrings for 10 cents per bunch. We expected a special telegram from the Raleigh conventions last night, but received none. A colored excursion—the first of the season—was run on yesterday from this city to Morehead.

The jury in the election case from Pamlico had not reported at the time we go to press. The steamer *Elm City* on her last trip brought from Dail's mill 15,000 feet of ceiling for the new court house. An affray near the market yesterday resulted in John Slade being knocked down with the half of a brick from the hands of a negro boy. Capt. Swift Galloway's name has been mentioned for Lieut. Governor. His stentorian voice would enable him to be heard as a presiding officer. The mass meeting last night was well attended, and what was done was pointed and orderly. The proceedings will appear in to-morrow's JOURNAL.

The Wizard Oil Company has been entertaining the good people of Beaufort this week and is expected to return to this city this morning, where they will take shipping per steamer *Shenandoah*, North having closed the season in our State. A mail route has been ordered by the Postoffice Department to be established between Washington and Aurora, three times a week. Advertisement has been made for proposals and the route will be established properly on July 1st. This is the route that the *Gazette* has been advocating for some time, and we congratulate the people along the line upon its establishment. To Hon. T. G. Skinner, the postmasters and other gentlemen the people are indebted.—*Washington Gazette*.

It was noticeable on Wednesday that Judge Seymour was suffering with a severe cold and scarcely able to speak audibly, but we suppose, rather than delay jurors, witnesses and others in the business before him, he was disposed to hold court, though attended with much inconvenience and pain to himself. Yesterday, however, he had to adjourn the morning session, and was evidently too unwell for the duties of the afternoon.

**May Day at the Graded School.**  
The children of the Graded School observed the day by a procession around the Academy Green and crowning Miss Rachel Brookfield, teacher of advanced first grade, the Queen of May.

**Foyland Academy—Colored.**  
This school closed on the 25th April with examinations, tableaux, etc. Among the pleasing events of the occasion was the presentation of a wreath of flowers to Wm. Foy, Esq., school commissioner. Isaac H. Smith, the principal teacher, is spoken favorably of by the patrons of the school.

**Irish Potatoes.**  
From the present appearances, the Irish potato crop will be fine. Our Swainboro correspondent led off with the earliest; our neighbors Hancock and Green with the finest; but we are of the opinion that our friend Hill has the best, because we have tasted them. They were not only largest in size, but also in quantity. He is a regular potato Hill in vegetable culture.

**U. S. District Court.**  
The court met at 10 o'clock, but owing to the sickness of His Honor Judge Seymour, adjourned to meet at 8:30 o'clock. The afternoon session was consumed in the arguments on the election cases from Pamlico, upon which the evidence was taken on Wednesday. The case was argued by Assistant District Attorney Bagley for the prosecution, Geo. H. Brown, Esq., and Mr. B. F. Mayhew for the defence, and District Attorney Robinson making the closing address to the jury. After a clear and careful charge from the Judge—which, owing to his hoarseness, was read by Mr. Bagley—the jury took the case, and the court adjourned to this morning 10 o'clock.

**General Brightening Up.**  
The spirit of improvement has taken a fresh hold among the people of our city. In addition to several new buildings going up, there are a great many old fences removed and new ones erected, old porches pulled down to give place to better, while the whitewash and paint brush is spreading around somewhat promiscuously, and a general brightening up is the order of the day. Let the good work go on, say we.

**Shelling the City.**  
The shelling of the city by the authorities goes on with no let up. It is good for us that they use neither Greek fire, hot shot, nor the regular old bomb, but the useful and harmless oyster shell, which much improves the drive-ways and foot-ways of the city. Middle street is now furnished a full covering from the market house to the railroad depot, and Broad from Middle to Craven, which has been also shelled from the foot to that point.

**Mistaken in the Man.**  
Bro. Shotwell of the *Farmer and Mechanic* is mistaken in the man who made the speech in the Republican convention here the other day. He evidently thinks it was General R. D. Hancock of the State militia, which was not the fact. Gen. R. D. Hancock says he is a full blooded Democrat, now henceforth and forever, and cheerfully submits to the decisions of the Supreme Court of the United States and all other duly authorized courts in matters of civil and all other rights.

**Personal.**  
Judge Shepherd arrived yesterday afternoon from Carteret court on his way home for a day's rest. Walter P. Williamson, Esq., Postmaster at Tarboro, is in the city in attendance upon the District court. The late convention at Halifax selected him as the elector for this district on the Republican ticket at the approaching Presidential election, and it is advised to put our clever fellow citizen Clem Manly against him on the Democratic ticket. It is thought that they resemble each other so greatly that the voters could not make the distinction, and Clement might get in on his voice.

**Bad! Bad!**  
It was more than insinuated in the District court in the Pamlico county election case on yesterday that two of the judges of election had sold out. Last night it was boldly charged in the mass meeting that delegates to the late county convention did sell out. We protest against this wholesale charge of corruption among our Republican friends, and would suggest that family funds be more gently dealt with, and besides, if the impression gets well around that Republicans are ready to sell out, the Democrats will doubtless be as ready to shell out. Beware of the man with the bar!

**Memorial Day.**  
Below is the programme of the memorial services to take place on the 10th of May in our sister town of Washington, which we copy from the *Watch-Tower*:  
The Association of Ex-Confederate soldiers of Beaufort county will meet in the Opera House at 11 o'clock, a. m., Rev. W. H. Call acting as Chaplain. An address will be delivered by Mr. Geo. A. Sparrow, and a poem will be read by Prof. S. D. Bagley. Immediately after the service in the hall, the procession will form on Main street in front of the Opera House, in the following order:  
Washington Cornet Band.  
Washington Light Infantry.  
Speaker, Poet, Chaplain.  
Officers of the Association.  
Committee of Arrangements.  
Ex-Soldiers.  
Ladies Memorial Association.  
Professionals.  
Schools.  
Citizens.  
The line of march will be up Main to Gladden street, thence to the various churchyards of the city, where appropriate ceremonies will take place. They will then visit the public cemetery where the exercises of the day will be concluded. The procession will return to the Opera House, where it will disperse.

The musical entertainment will be furnished by the Ladies' Memorial Association.  
All of the teachers of the various schools are earnestly requested to bring their pupils in a body to join in the procession and assist in decorating the graves of our dead.  
The citizens of the county are cordially invited to participate in the ceremonies. All ex-soldiers in this and adjoining counties are especially requested to be present and join us in paying honor to our dead.  
A. C. LATHAM, Chairman Com.  
J. D. MYERS, Secretary.  
We would suggest Monday, the 12th, as the 10th will be Saturday, which would be inconvenient to many.  
Why suffer with MALARIA? EMORY'S STANDARD CURE PILLS are infallible; never fail to cure the most obstinate cases; purely vegetable.—35 cents. dwt

## Kinston Items.

Strawberries are here at 15 cents a quart. Whiskey is coming down. Unfortunately it is going down also. The farmers are "making hay while the sun shines" just about now. Four things are grievously empty—a head without brains, a wit without judgment, a heart without honesty, and a purse without money. There is no opposition yet to Col. Moses in his triumphant progress to the mayoralty of Kinston. Senator Vance and Col. Moses are the people's favorites.

Cut flowers are now carried in refrigerators from Italy to England, a journey of nearly two days, and reach their destination looking as fresh as if just cut from the parent stalk. We still advise our friend, Judge Sutton, to watch the county commissioners. They may shake hands affectionately, but we remember the only dog that ever bit us never stopped wagging his tail. "Mesmerism," as usually understood, involves the attainment of a super-sensitive nervous state, which cannot be taught, but may perhaps be evolved from the inner-consciousness through persistent efforts. This is Steacyism.

The inimitable Nowitzky, after hearing the fine charge of Judge Shepherd to the grand jury at Kinston, told him it was perfectly lovely, but that he would have made a different charge—would have charged them five dollars each and told them to go home. The yellowhammer prescription was a novel one indeed for a sick man. It is said to have been the prescription of Dr. Denny, of Tuckahoe—Kinston, the only physician in this locality who knows what it requires to cure the sick of Swamp Hollow.

Mrs. Morris Ketchum and Miss Anita Washington, daughters of George Washington, Esq., a former resident of Kinston, left here last Wednesday, the 30th inst., for New Haven, Conn., where their father now resides. They have been spending the winter at Kinston with their uncle, Col. John C. Washington.

**GENERAL NEWS.**  
PARIS, April 28.—An Irishman says that an emissary of the Clana-Gael has arrived in Paris from New York to buy a cruiser provided with torpedoes. Tynan is expected in Paris soon, where he and O'Casey will direct the dynamite and dagger campaign. An acting agent of the new party, which aims to unite all patriotic Irishmen, says that the party has already considerable funds with which to begin a campaign with cruisers provided with torpedoes. Revolving guns will protect the crews if attacked. These vessels will be employed against British men-of-war in various harbors.

The *Matin* (newspaper) publishes a report of an interview, in which it is alleged that "Number One" (Tynan) is somewhere in England. It alleges that the party from whom its information was obtained had recently interviewed Tynan in London, who stated that behind him was a force before which England would one day tremble. "There are," said Tynan, "men of high position and social and intellectual distinction among the Invincibles. I defy the English Government and its hirelings."

**YANKTON, Dakota, April 28.**—Under the indictment charging him with asking and receiving bribes as a United States officer, Gov. Ordway to-day gave bail in the United States Court, in the sum of \$10,000, for appearance at the next term of court, probably in June. The indictment refers to alleged bribery in the organization of Faulk county. The jury adopted lengthy resolutions, certifying under oath to the important character of the investigation. The resolutions and evidence show the necessity for an investigation, and that, while many points have been admitted which cannot be made public, the whole is sufficient cause for serious alarm over the methods of conducting public affairs.

**PURE COD LIVER OIL** made from selected livers, on the sea-shore, by CASWELL, HAZARD & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market. th-3

**CHAPPED HANDS, FACE, PIMPLES,** and rough skin, cured by using JUNIPER TAR SOAP, made by CASWELL, HAZARD & Co., New York. th-2

**DECLINE OF MAN.**  
Nervous Weakness, Dyspepsia, Impotence, Sexual Debility, cured by "Wells' Health Renewer." \$1. 1

## STATE NEWS.

**Cleaned from our Exchanges.**  
**Asheboro Courier:** In the final settlement made last week by the sheriff with the committee appointed at last meeting of commissioners it was ascertained that there is not a single insolvent in 12 townships of the county, and that there is a balance of over \$3,000 still in the sheriff's hands.—James Lowe, of Cedar Grove township, Randolph county, killed from his flock a two year old sheep a few days ago, the net mutton of which weighed 70 pounds. The hide with the wool on, weighed 12½ pounds, the tallow taken from it weighed 14½ pounds. Mutton buyers should inspect his flock, as he has a number of others for sale.

**Wilmington Star:** The operation of hatching young shad from the eggs is watched with a great deal of interest at the hatchery in the lower end of the market. In one jar we were told that there were fifty thousand eggs, and that the most of them hatch out young fish, the highest percentage being 90 and the lowest 65.—Messrs. W. E. Davis & Son had on exhibition yesterday, at the fish market, a monster specimen of the finny tribe known as the king of the shad, or "Tarpin." He weighed one hundred and seventy pounds. Several of these fish have been caught in our waters, but this is the largest ever taken. He will be preserved, we understand, and taken to the State Exposition. He was caught in the sound near Wrightsville Inlet.

**Statesville Landmark:** At the recent election on the stock law in a section of Sharpsburg township, the proposition was carried, there being but one vote against it.—Last week the track of the Western North Carolina Railroad between Statesville and Conover was laid with new steel rails, between Monday morning and Saturday noon.—Mr. A. L. Milligan, of Concord township, has a white oak on his place that measures 21 feet in circumference 6 inches above the ground, and a black gum which measures 9 feet in circumference.—Notwithstanding all the vicissitudes through which they have come, wheat and winter oats in this county are looking splendidly. Farmers seem not to attach much importance to the recent change in the color of some of the wheat. Our judgment is that one-third more wheat was sowed in Iredell last fall than the fall before, though the acreage last year was very large.—Mr. W. G. Hair, who lives in Chambersburg township, near the Rowan line, brought to this office Monday, a head of May wheat—the first exhibited here this season. He plucked it Sunday. Mr. J. R. Ritchie, of the same township, brought to us on Tuesday, several heads of Rare-Ripe wheat, which he took from his field Monday.

## Core Creek Items.

Mr. Daniel Davis has the finest Irish potatoes I have seen this year. Mr. Dan. Reed preached at Asbury church last Sunday at eleven o'clock p. m. We are having fine weather now for planting cotton, and the farmers are making good use of it. Mr. Lam H. Fields is very sick, but we hope he will be better soon, so he can return to his trade. Mr. R. A. Dillon, of Core Creek depot, says his Irish potatoes are so large they are bursting the tubs to pieces. The Core creek bridge on Dover road was let out last Saturday for repairs. Messrs. McCoy, Fields & Laster are the builders of the bridge. Mr. Fred White, of Core creek depot, has built a new store house, his old one being too small for his business. This looks prosperous for Core creek depot. Ayer's Cathartic Pills are the best medicine that can be employed to correct irregularities of the stomach and bowels. Gentle, yet thorough, in their action, they cure constipation, stimulate the digestive organs and the appetite, and cleanse, build up, and strengthen the system.

The "constantly tired-out" feeling so often experienced is the result of impoverished blood, and consequent enfeebled vitality. Ayer's Sarsaparilla feeds and enriches the blood, increases the appetite, and promotes digestion of the food, and the assimilation of its strengthening qualities. The system being thus invigorated, the feeling rapidly changes to a grateful sense of strength and energy.

**A Remarkable Tribute.**  
Sidney Ourchundro, of Pittsburg, Pa., writes: "I have used Dr. Wm. Hall's Balsam for the Lungs many years with the most gratifying results. The relieving influence of Hall's Balsam is wonderful. The pain and rack of the body, incidental to a tight cough, soon disappear by the use of a spoonful according to directions. My wife frequently sends for Hall's Balsam instead of a physician, and health is speedily restored by its use."

## COMMERCIAL.

JOURNAL OFFICE, May 1, 6 P. M.
