J. W. WENN, Observer.

Rehearsal of Trial by Jury Friday night 8:15 at the Theatre.

The Exposition Committee met at the Exchange building yesterday.

The Morrison bill has been defeated in the House by a vote of 150 to 154.

The steamer *Elm City* leaves Saturday morning for Swan Quarter via Bayboro.

The steamer *Goldsboro* arrived from Baltimore on Tuesday night with general merchandise.

The Directors of the Cotton Exchange were in regular session yesterday but not much cotton to exchange or direct.

It is hoped that the ex-Confederates and friends in the country will come in on Saturday in force to the Memorial services.

The election of Mayor Bryan yesterday was quite a surprise in political circles, as his name had not been mentioned as an aspirant to that position.

The railroad hands have commenced work on the track passing through the city. The old ties, what remains of them, will be taken out and new ones put in.

Lewis Washington is in the city with his machinery, moving houses. He landed one on the vacant lot at the corner of Hancock and Queen streets on yesterday. Lewis is at home when he gets an old house on wheels.

The shoe shop on Craven street, near the steamer wharves, attracts considerable attention, it being something new in that neighborhood. Messrs. Orrali & Ferrari propose to make up the best of goods in their line, and will give attention to repairing when desired. They also deal in second-hand shoes, which is a new feature in the business here, and one that will be of convenience to both buyers and sellers.

The site of the new school building was selected by the Board of Trustees yesterday. It will be north and east of the present Academy building, the southwest corner of the new being on a line with the northeast corner of the old, distant about 45 feet. Ground will be broken this morning at 9 o'clock, Mr. W. H. Oliver having been selected by the Board to throw the first shovelful of dirt. Those wishing to witness it will be on hand promptly at nine.

Elmwood Still Ahead.
Tennis game. Elmwood vs Pembroke. Twenty games played. Elmwood 13, Burkhead Bros.; Pembroke 7, Prof. Thomas and G. B. Guion. Come again next best.

The Nellie B. Day.
There is a fine little steamer of the above name on the marine railways of Mr. Howard, which was built at Core sound for the use of Messrs. Day Bros., of Beaufort. The model is pronounced by judges to be excellent for the navigation she is intended.

Schooner Arrivals.
The *Carrie*, Capt. Whitehurst, from Elizabeth City with corn for J. A. Meadows.
The *Mystery*, Capt. Jones, from Elizabeth City, with corn for W. P. Burrus & Co.
The *Bula Benton*, Capt. Chadwick, from Elizabeth City with corn for Burrus & Co.

Common Council.
The new Board organized yesterday. The following constitute the Board of Councilmen:
First Ward—S. H. Gray; associate, S. Street, Jr.
Second Ward—W. F. Rountree; associate, Joseph H. Hackburn.
Third Ward—A. W. Wood; associate, J. A. Simpson.
Fourth Ward—V. A. Crawford.
Fifth Ward—N. H. Styron.

An election for Mayor resulted in the election of H. E. Bryan, Esq., and upon being installed in office, other vacancies were filled.
City Tax Collector, John H. Bell.
City Treasurer, A. W. Wood.
Port Physician, Dr. F. W. Hughes.
Attorneys, Messrs. Simmons & Manly.
City Marshal, John M. Hargett; and J. W. Boyden, F. J. Hardison and J. D. Le Roy, us, policeman.

Reston Cedar Grove Cemetery, W. N. Ross.
Reston Greenwood Cemetery, Wm. Ross.

A Goldsboro Enterprise.

While your reporter was in Goldsboro on last Monday he visited the rice and planing mills of J. Strouse & Co., We were shown through the building by Mr. T. B. Hyman, one of the firm, and had an opportunity of seeing some of their work, and think we are prepared to say that their sash, doors, blinds, mouldings, brackets, etc., that they are now turning out will equal any we have ever seen in style and workmanship.

Remember the Tenth.
Saturday will be the 10th of May and on that day the usual memorial services will be observed.

The assembly will take place on the Academy Green at 5 o'clock, when prayer will be offered, and music will be made the special feature of the occasion.

A procession, which will include the children of the Graded School, will be formed and march to the cemetery, where the floral decorations will be made.

It is hoped that the attendance will be full, and that all who can, will take as many flowers as they can with them.

The Retiring Members.

Mayor Howard was not re-elected yesterday as was the expectation of many, and he retires at the end of an unexceptionable administration. During his term of office a number of fire wells have been sunk, the streets improved and shelled. The old sightless structures on the sidewalk near the market removed and a decidedly improved condition of affairs seems to have been attained.

Mr. Alex Miller, as chairman of the cemetery committee, has been zealous in his efforts to improve and beautify the cemetery and its surroundings and has given much of his time and attention to the same. His successor has a good example before him and it is hoped will emulate it.

James J. Howard has given strict attention to the duties assigned him and his services have been of value to his constituents.

J. W. Moore, Treasurer, has filled the office acceptably and with unusual attention to the interest of the city.

General Hancock has given good attention to the duties of Tax Collector and in the last year collected more closely than has been the case for several years heretofore.
A. Oden, the colored member retiring, has filled the position of Councilman with satisfaction to his constituents and associates we believe.
The City Marshal, J. E. Gaskill, has done his duties well, also have, so far as we know, the whole police force.

Annual Report of the Superintendent of Public Instruction.

Gentlemen of the Board of Education of Craven County, North Carolina:
At the close of another year of the public schools of Craven county it becomes my duty as a matter of public information, to submit my official statement of the educational work done during the last term.

Since the first Monday of last August I have examined into the qualifications and renewed the certificates of 81 teachers, 30 white and 51 colored. Of those, 41 obtained the first grade, 25 the second, and 15 the third. We have operated during the year 63 schools, 29 white and 34 colored. Notwithstanding the last Legislature made no financial provision for the visitation of the schools, and seemed to intend specially to disable and prohibit the superintendent from performing this most important part of his work, I have felt it my duty personally to visit and inspect every school district in the county. I am gratified to be able to say that our progress has been steadily forward and improved. The standard of scholarship and character among our teachers is constantly improving. The people of the county districts are everywhere being aroused on the subject of education. I have delivered public addresses wherever I could get an audience. Study, diligence, painstaking application are everywhere the watchwords of teachers and children. We have had no division or strife among our school officials, but the greatest concord and harmony from first to last. Although we have had only about \$9,000 to distribute among 63 schools, we have continued the most of them for a term of three months, and many of them for four. Nearly every school district, through the admirable wisdom and energy of our school committees, is now fitted out with new and excellent school houses, which are the property of the county. I desire especially to call your attention to the well-conducted graded schools of this city. I do not consider them perfect by any means, but we intend that they shall approach perfection before we are through with them. The white school under Professor Thomas, and the colored under Mr. Savage, have each about 500 scholars, the principals and teachers are competent and faithful, good work is constantly being done, and success is the only condition sought or acknowledged in either. By the beginning of another school year, the white graded school expects to be lodged in a magnificent new building. And if the Blair school bill shall have passed through the House of Representatives, we expect in the Good Providence of God to see the dawn of a brighter day for the school interests of North Carolina.

Very respectfully yours,
JOHN S. LONG,
Supr. Public Instruction.

GENERAL NEWS.

The Marine Bank of New York City, with a capital stock of \$400,000, has failed.

It is said that the Democrats of Ohio will send a colored delegate at large to the Chicago Convention.
Dr. Edward Siegle, of Newton, N. C., committed suicide near Charlotte on Sunday last by taking laudanum.

The general conference of the African Methodist Episcopal Church of the United States, representing 41 annual conferences and comprising nearly 300 members assembled at Baltimore on Monday last.

VIENNA, May 4.—The *Tagblatt's* Warsaw correspondent says that, owing to the discovery at Moscow of a plot to assassinate the Czar, the festivities designed in honor of the coming of age of the Czarévich will be held at St. Petersburg.

Gen. John B. Gordon publishes a statement that the movement to erect a home for disabled ex-Confederate soldiers by voluntary contributions is said to be spontaneous, and is receiving the hearty support of both ex-Confederates and men of the Union army.

The effective strength of the British army on the 1st of January last amounted to 158,029 men, and the total establishment to 165,386. The number wanting to complete was 7,588. The infantry numbered 100,818 effectives and an establishment of 106,630, wanting 5,812 to complete.

About one hundred stoats and weasels, which had been caught with considerable difficulty in different parts of Lincolnshire by a vermin catcher, have just been sent to New Zealand. They have been purchased by the government of that country for the purpose of destroying the rabbits which overrun the colony. One thousand five hundred live pigeons have been shipped for the consumption of the animals during the voyage.

MONTICELLO, May 4.—Edmund Bell of Meredith, Delaware county, loaded his gun on Friday to shoot a dog. The ramrod stuck in one barrel. Bell shot the dog with the contents of the other barrel, and then thought he would make the job more complete by firing the ramrod through the dog. He fired, and the barrel bursted near the breech. Bell's left hand was so completely blown to pieces that nothing but the thumb could be found. It was hanging on a bush several rods away. After recovering his thumb, Bell walked a mile to his home, and Dr. McNaught, of Delhi, amputated the mutilated member at the wrist joint.

CAIRO, May 4.—Majors Kitchener and Rundle and Col. Wortley, attacked the Egyptian army, have been ordered to ascend the Nile in a steamer on the 9th inst. for the purpose of making a reconnaissance. French reports of the surrender of Berber are in circulation here. An Egyptian soldier has been sentenced to ten years in penal servitude for inciting black troops to mutiny. When asked the meaning of his conduct, he replied that he was compelled to spread dissension and excite revolt. All efforts to make him divulge further were without avail, as he refused to make any additional statements.

At the hotels in Switzerland and Germany wine is the chief source of profit, and more is made on common than on high priced qualities. The former are much more largely consumed, and while a wine costing 80 centimes may be sold at two francs, a wine costing 5 francs cannot be sold at 10. There are very few hotel keepers who have not more sorts of wine on their *carte des vins* than in their cellars. The proprietor of a grand hotel recently confessed that he drew three sorts of Neuchatel wine from the same cask. "And when anybody," he said, "orders the cheapest of the three sorts, I feel myself very badly used."

MONTICELLO, May 4.—John H. Pitts, of this village was driving near Bridgeville on Friday. He discovered a large black snake sunning itself by the roadside, and stopping his horse, he alighted from his wagon to kill the serpent. He struck the snake with his carriage whip, but missed it. The snake resented the assault, and started for Pitts, with head erect. Pitts ran at full speed down the road for nearly a quarter of a mile, and the snake kept up the chase, and lessened the distance between it and its would-be slayer. Pitts turned off into the woods, and succeeded in climbing to the top of a large rock before the snake reached him. He then faced the serpent and as it was gliding up the rock to

join him he struck a blow with his whip that disabled the snake, and then he despatched it. It was a blue racer, five feet long.

THE LATEST NEWS.

FATHER POINT, QUEBEC, May 7.—The steamship *Titania*, from Glasgow, passed inward at 5:45 o'clock this morning. She has on board twenty-four of the crew of the steamship State of Florida, that vessel having been sunk by collision with a bark in mid-ocean. Out of 167 persons on board the State of Florida only forty-four were saved; and of the bark's crew only the captain and two of the men were rescued. One hundred and twenty-three souls went down with the steamer, and twelve with the bark, making the total loss of life 135. The survivors will probably be landed at Quebec.

NEW YORK, May 7.—The distance from Father Point to Quebec where the steamer *Titania* with the crew of the wrecked State of Florida is expected to make her next landing, being nearly three hundred miles, makes it doubtful whether the particulars of the disaster can be learned until a late hour to-night. Austin, Baldwin & Co., general agents of the State Steamship Co., received this morning a dispatch which was practically a duplicate of that received by the Associated Press.

NEW YORK, May 6.—The suspension of Grant and Ward has been announced at the stock exchange. The firm is composed of Gen. U. S. Grant, Jas. D. Fish, U. S. Grant, jr., and Ferdinand Ward. About six hundred shares of Cleveland, Columbus, Cincinnati and Indianapolis, Omaha and Alton and Terre Haute were closed out under the rule; also some Nickle Plate and mortgages.

New Berne and Pamlico Steam Transportation Co.

NEW BERNE, N. C., May 7th, 1884.
The steamer *Elm City* will run her regular trip Saturday, leaving her berth foot of Craven street at 8 a. m. She will take passengers for Swan Quarter, Hyde county, N. C., to attend court, leaving Bayboro Sunday morning, arriving at Swan Quarter same day. Fare to Swan Quarter, \$2.50.

RALPH GRAY, Agent.

A gentleman don't want tobacco that will foul the air, bite the tongue, or unstring the nerves. He wants only nature's exquisite flavors and delicate tonic. These are found nowhere in such perfect combination as in the leaf of the Golden Belt of North Carolina, of which Blackwell's Durham Long Cut, for pipe and cigarette smoking, is made.

"BUCHU-PATRIA."
Quick, complete cure, all annoying Kidney, Bladder and Urinary Diseases. \$1. Druggists.

If you suffer with Sick Headache, Constipation, Sour Stomach, or Bilious attacks, EMORY'S LITTLE CATHARTIC PILLS will relieve you.—15 cents. w3

The glory of a man is his strength. If you are weakened down through excessive study, or by early indiscretions, Allen's Brain Food will imperceptibly restore all lost vigor, and strengthen all the muscles of Brain and Body. \$1; 6 for \$5.—At druggists, or by mail from J. H. Allen, 315 First Ave. New York City. dw2

A Melodious Voice
ought to be accompanied by an agreeable breath. Words wafted by a pleasant one, especially if proceeding from a rosette delicately chiselled mouth, delight and unchain the male listener. Mark this, dames and demoiselles, and use Soudont which endows the teeth with the whiteness and hardness of alabaster, renders flabby, cankered, colorless gums firm and pink, and gives a healthier glow to pale, roughened lips. The breath becomes as sweet as a nosegay through its influence.

Many ladies admire gray hair—on some other person. But few care to try its effect on their own charms. Nor need they, since Ayer's Hair Vigor prevents the hair from turning gray, and restores gray hair to its original color. It cleanses the scalp, prevents the formation of dandruff, and wonderfully stimulates the growth of the hair.

The People's Remedy for Biliousness, Constipation, Piles, Sick Headache, Jaundice, &c., is Allen's Bilious Physic, a purely vegetable liquid remedy; large bottle, 25 cents. At all druggists. 3

PURE COD LIVER OIL made from selected livers, on the sea-shore, by CASWELL, HAZARD & CO., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market. th-2
