Report of observations taken at New Berne:

May 17, 1884—6 P. M.		
Max.	Min.	Rain.
79	56	00
New Berne, J. W. Webb, Observer.		

Pamlico Superior Court convenes to-morrow. Judge Gudger will preside.

Our market is well supplied now with sweet potatoes, onions, turnips, peas, blackberries, etc.

Rev. Mr. Joyner, Editor of the *Church Messenger*, will preach at Christ Church this morning.

Mr. John O. Gardner says that Benjamin F. Butler will be the next President of these United States.

The foundation of the graded school building is about complete and the walls are going up. Let the good work go on.

Electric bells have been placed in all the rooms of the New Berne House at Morehead City, in fact Fred Perry is determined to have everything in apple pie order for summer visitors.

The excursion train will leave for Morehead City this morning at 9:30 o'clock and return to-night. Fred Perry will serve the best of the season for dinner at the New Berne House.

A series of meetings will begin to-day at the Baptist church, Dr. Theo. Whitfield, of Goldsboro, assisting the pastor. Meetings will be held each night through the week. Everybody will be welcomed.

The Ebenezer Presbyterian Sunday School will picnic at Pollockville on Tuesday, the 20th inst. They have chartered the steamer *Trent*, which will leave at 8 o'clock a. m., returning about 7 o'clock in the evening. The Star Band will accompany them and a pleasant time is expected. Fare for the round trip 25 cents.

City Finances.
We think it time to shut down on correspondence about the city finances unless some one could tell the tax payers something definite about the amount of the city debt. Criminations and re-criminations accomplish no good. It is no time for wrangling. We want peace, harmony and a united effort to build up our city. We want

"The City Council to settle down and do something for the dear old town."

And then we can say "we told you."

Home-Made Fertilizers.
We have received several reports from Jones county that the farmers were manuring their crops better for this year than they had for several years, and furthermore that they were manuring with home-made fertilizers. We have a report now from W. E. Ward, Esq., near Quaker Bridge, who has a tenant in the person of Frank Wincoff, who has put out on ten acres of cotton land 1500 pounds of compost and 30 barrels of ashes. This is the best evidence of a successful farmer and we predict that Wincoff will have something left after squaring accounts next fall.

Trial by Jury.
This opera was repeated at the theatre on Friday night, and its rendition was very much superior to the former presentation. The play of itself, has little merit, but we venture the opinion that not even professionals could have rendered it better than it was on this occasion presented. The costuming and acting was admirable, and all that was possible to make the piece entertaining was done by the management and participants.

The first part of the entertainment, consisting of solos, duets, quartets, etc., was simply delightful, and we refrain from particularizing because it is impossible to discriminate.

The entertainment as a whole was admirable, and the large and intelligent audience gave frequent manifestations of their appreciation.

Church Services To-day.
Methodist Church—Services at 11 a. m. and 8 p. m. by the Pastor, Rev. Dr. Burkhead. All invited. Seats free. Pledge unless.

Follock street Chapel—Sunday school at 9 a. m. Prayer meeting at 5 p. m.

Presbyterian Church—Services by the Pastor, Rev. L. C. Vase, at 11 a. m. and 8 p. m. Sabbath school at a quarter before 9 p. m.

Christ Church—V. W. Shields Rector, 5th Sunday after Easter. 8 a. m. Holy Communion. 11 a. m. morning prayer and sermon. 5 p. m. Sunday school. 8 p. m. evening prayer. The public are always invited to attend the services of this church. Fishers at the door.

Corn Killers.
We have received a box of curlew bugs from Pamlico county, and the news comes along that they are destroying the young corn to an alarming extent. They look bad enough to kill anything they come in contact with.

Personal.
Mr. William Manly, of Baltimore, who has been visiting his mother, Mrs. Judge Manly, for a few days, left for his home yesterday morning, accompanied by his brother, Capt. Matt Manly. He took part in "Trial by Jury" while here and contributed much to its success. The duet by him and Clement Manly, Esq., on the last night was pronounced admirable by competent judges.

Officers Elected.
At the session of the Right Worthy Grand Encampment, I. O. O. F., held at Winston-Salem the past week, the following officers were elected for the ensuing year, viz:

Right Worthy Grand Patriarch—Dr. H. G. Bates, of New Berne.
Grand High Priest—T. L. Love, of Raleigh.
Grand Senior Warden—J. T. Cobb, of Wilson.
Grand Junior Warden—Junius Slocomb, of Goldsboro.
Grand Scribe and Treasurer—Ed. Zoeller, of Tarboro.
Grand Representative to the Sovereign Grand Encampment—C. M. Busbee, Esq., of Raleigh.
The Grand Patriarch made the following appointments, viz:

Grand Marshal—W. M. Crowell, of Charlotte.
Grand Sentinel—W. T. Mabry, of Raleigh.
District Deputy Grand Patriarchs and Installing Officers:

Campbell No. 1.—G. M. Altafer, of Wilmington.
Pine No. 2.—W. C. Troy, of Fayetteville.
Calumet No. 4.—Edward Gerock, of New Berne.
Paisly No. 10.—I. H. Harris, of Greensboro.
Rapiton No. 13.—E. V. Zoeller, of Tarboro.
Rowan No. 14.—S. R. Harrison, of Salisbury.
McKee No. 15.—W. T. Mabry, of Raleigh.
Wilson No. 16.—R. T. Stevens, of Wilson.
Goldsboro No. 17.—Junius Slocomb, of Goldsboro.
Salem No. 20.—W. A. Walker, of Winston.
Catawba River No. 21.—W. M. Crowell, of Charlotte.

Walk! Walk!
EDITOR JOURNAL:—Bicyclist seems surprised at the new Mayor's order restricting the use of bicycles in the city, and perhaps justly so, as no ordinance appears upon the subject, but then he must remember that there is walking ahead and Bicyclist must not object to take a turn with the FOOTMEN.

Showing Hands.
EDITOR JOURNAL:—Capt. Gray calls upon the "majority of the last Board" to "show their hands"; as we have done nothing that requires concealment we are perfectly willing to show ours. He says that it was proposed by "some of the members" that the debt contracted during the last months of the year should be left for the next Board to pay. We think that he is mistaken there. The remark was made that if the last year's debt must come on us, the bills for our last month should go on the next Board—certainly not all on our Board. If he wishes to contradict our last statement let him do so with figures, not suppositions. Our treasurer pleads guilty as to his failure to post a monthly statement, but claims that he was following the footsteps of his predecessors. That clause in the charter, like the State law prohibiting the holding of two offices of trust or profit at the same time, seems to have been forgotten, and we think that he, a private citizen, might well be excused when some of our most prominent public men overlook these things.

JAMES W. MOORE,
W. F. ROUNTREE,
J. H. HACKBURN,
ALEX. MILLER,
A. G. ODEN.

City Finances.
MR. EDITOR:—In your issue of the 18th Capt. S. H. Gray in an article headed "City Finances," says: "That over \$3000 of the issue of vouchers by the Board of 1883-'4, which was contracted for by the Board of 1883-'3 was kept back and lapped over into the next Board is a fact, as they make it appear, and it could be for no other purpose than to make a low estimate of their expenditures in 1883-'4."

This is a gross injustice to the Board of 1883-'3, for they kept back no expenditures for any such purpose. In 1883-'3 were collected in taxes, rents, etc., and paid over to the Treasurer, \$11,894.51. The vouchers issued for the same year amounted \$10,104.53. \$1,773.08 of the balance on hand was applied to the last payment on the engine. This is a plain statement and if anything further be necessary this Board paid \$1,000 more for former Boards than the Board of 1883-'4 claim to have paid for them.

S. W. SMALLWOOD,
ALEX. MILLER,
JAMES W. MOORE.

Excursion to Morehead.
A train will leave New Berne on Sunday morning at 9:30 o'clock and return at night. Fare for the round trip \$1.00. A pleasant trip for a little money.

Special Meeting of City Council.

New Berne, May 17, 1884.
A special meeting of the Board was held this morning to take action in regard to the resignation of Mayor H. R. Bryan.

Present—Councilmen Gray, Wood, Street, Simpson and Styron.

The resignation of Mr. Bryan was read as follows:

NEW BERNE, N. C., May 9th, 1884.
To the Board of Councilmen of the City of New Berne, N. C.:

Gentlemen—I hereby tender you my resignation as Mayor of the city of New Berne. The main reason impelling me to this step is the doubt I entertain of my eligibility to the said office while I am a director of the State penitentiary. I regret that I feel that I cannot comply with the earnest desire expressed by some of the members of your Board, that I should continue as Mayor. The election to the office was to me most unexpected and certainly unsought for. I therefore appreciate more highly the honor conferred. Thanking you again for your partiality, I am,

Your obedient servant,
HENRY R. BRYAN.

On motion of Councilman Wood, the resignation was accepted.

On motion, Mr. S. R. Street, jr., was appointed Mayor *pro tem*.

The resignations of Messrs. W. F. Rountree and J. H. Hackburn were read, and on motion, action was deferred until the next regular meeting of the Board, in compliance with section 3 chapter 13 of the City Ordinances.

On motion of Councilman Gray, Mr. Rountree was requested to confer with his constituents and present at the next regular meeting of the Board the names of such persons as they may desire to act as Councilmen in his place.

On motion, the Board adjourned until 8 p. m. for the election of a Mayor.

JOHN H. BELL, City Clerk.
At the meeting held at 8 p. m. Mr. E. H. Meadows was elected Mayor.

Literary Notices.

ONWARD AND UPWARD.—The *University Monthly* of June 7th will contain, among other things, the portrait and commencement address of Hon. Henry Waterson and thirty-seven sketches of the University's most illustrious sons. The issue will contain sixty pages. Send a dollar for a year's subscription beginning with this issue, and encourage the boys in their laudable work.

The *North American Review* for June opens with an article on "Harboring Conspiracy," by Prof. Henry Wade Rogers, who examines, in the light of international law, the diplomatic history of the United States and the national constitution, the question as to how far our government may and must go in suppressing plots against governments with which we are at peace.

Henry D. Lloyd, in the same number of the *Review*, shows how every branch of production is coming under the control of "Lords of Industry," corporations and monopolies. Elizabeth Stuart Phelps has an article marked by rare philosophic force upon the "Struggle for Immortality." Other articles of not less importance are: "Sociological Fallacies," by Prof. W. G. Sumner; "The Rise and Fall of Authority," by President J. C. Welling; "Walt Whitman," by Walker Kennedy; and a symposium on "Expert Testimony," by Rosette Johnson, Dr. W. W. Godding, T. O. Conner Sloane and Dr. Charles L. Dana.

The Fish Hatchery.

Mr. W. J. Hollingsworth, of Fayetteville, who has been in charge of the fish hatchery started here by Fish Commissioner Worth, has completed his work for the season, picked up his jars and other things and will leave for home to-day. The success of the experiment of fish hatching here was quite as marked as could have been expected under the circumstances. It was the first introduction of the plan here, and of course it was not understood by our fishermen and others. Mr. Hollingsworth has taken great pains to explain all the hidden mysteries of the art and to instruct the fishermen in the method of securing the spawn. As the season advanced, and they became more thoroughly acquainted with all the methods and plans for operating a hatchery, their interest in the matter proportionately increased, and another season they will doubtless enter into the undertaking with far more spirit than they did this. Of course much depends upon our fishermen for the success of the experiment, and we are assured by Mr. Hollingsworth that they will receive liberal compensation.

During the season just closed 215,000 young shad were hatched and turned loose in the Cape Fear, which is a good showing considering the difficulties and drawbacks which had to be encountered and overcome during the first season of the experiment.—*W. J. Star*.

Colored Graded School.

The closing exercises of this school will be Monday evening. The Superintendent, Hon. J. S. Long, being absent, the Address, History of the School, and the Valedictory were postponed until Monday evening, May 19th. Received seats 10 cts., gallery 5 cts. Performance begins at 8 o'clock sharp. Come one, come all.

J. A. SAVAGE, Principal.

Kinston Items.

A bald-headed man gets off this: Jersey waists are all the go. The ladies like them because they hug so nice.

The Disciples Sunday School carried up to Smithfield a very large crowd of pioneers last Friday. The cars were crowded with pleasure seekers, even though it was raining when they left.

A Kinston pastor is trying to put a stop to Sunday night courtin'. It is the belief of the Kinston boys that "he might as well try to comb out the starled mane of the raving ocean with a fine tooth comb."

Gov. Jarvis, President Whitford and Gen. Lewis remained over in Kinston last Thursday night. They are inspecting the A. & N. C. Railroad, with the view of making quicker time on the road. They expect to make an average run of thirty miles an hour during the summer season, allowing only one minute for stoppage at stations.

The new mayor and town commissioners seem to have more backbone than any set Kinston has known in many days. They have resolved to put the town in "apple pie" order in every respect, and have imposed a "horizontal tariff" on all trades, professions and callings. Voting taxes on a people is a bold act, but often a just and necessary one, and we are glad to know the town now has a government equal to its growing importance.

Wendell Phillips, the noted New England orator, now dead, is reported to have uttered the following prophecy on the future of the South: "The handwriting is so plain on the wall that none but a fool need mistake it. New England is doomed just as sure as natural laws will produce fixed results. New England has no soil worth mentioning, and her wealth has been derived from her manufactures. These are gradually leaving her, and eventually they will all go—some to the West, but most to the South, where the advantages for profitable manufacturing are all located. The coal and iron in the South are easily gotten at and inexhaustible in amount, and the iron mills, foundries and machine shops can go to them better than they can be carried to the shops. Then the cotton and woolen mills must go there for the raw materials are there, and are to be produced there more cheaply, uniformly and better. Then look at the advantages of the extra hours of daylight in a year's run. As the South grows stronger and stronger, the wealth, culture and power of the country will be centered there, until she will become, not alone the mistress, but the central empire of the world."

La Grange Items.

Dr. Gates of Kinston is in the city visiting Dr. Hodges.

Wm. Coward reports the stand of cotton had in his section.

D. M. Stanton will have a self-binder on exhibition one day this week.

Lee Hargrave of Snow Hill, a former student in Davis' school, was in town Friday.

Several of our citizens availed themselves of the cheap excursion rates, and visited Smithfield Friday.

Dr. Hadley is off to Baltimore attending the General Conference of the M. P. Church, of which he is a delegate.

Shade Wooten, of our place, has bought the house and lot of L. J. Edwards, on North R. Street, for \$1,800.

The board of town commissioners, at their meeting Monday night, elected A. J. McIntyre mayor for the ensuing year.

Excursion season has opened. "All aboard," said the captain; "bring on your bar-room," said the excursionist.

The good stand of cotton reported last week was a mistake. Great complaints of bad stands are being made by the farmers generally.

Some of the farmers who have planted peanuts extensively this season have plowed up and planted in cotton; others are complaining of the bad stand.

Our streets during the week have the appearance of being deserted. Saturday afternoon evenings things up a little, and drives away the blues. Farmers at home attending to business.

Miss Mary E. Paris left our place Friday to take charge of a school at William Edwards, in the vicinity of Hookerton, Green county. Miss Paris has had considerable experience in teaching and will no doubt give satisfaction.

The members of the M. P. Church in town held an informal meeting, Wednesday, to consider the building of a house of worship here. There was no definite action taken or plan proposed, but we feel authorized to say that a church for this congregation will be built in the near future, from the fact that one is needed, and the members are undoubtedly able to meet the expenses.

Beaufort Items.

(From Telephone.)
There was a public administration of the ordinance of baptism, by immersion, in this place, Sunday before last. Rev. W. T. Jones officiated. Seven or eight persons were baptised.

The old piazzas have all been torn away from the Ocean View Hotel, and new ones throughout are being built, in their places. The sheriff intends to have it safe as well as pleasant.

The money-penny on Saturday the 10th, was well attended as usual. A number of the "bankers" changed hands. We notice that Bro. Furney invested a small sum in horse flesh for up-country use.

We challenge the most highly favored town or village in the State to present a more lovely and refreshing appearance than does our own "city by the sea."

Standing at the intersection of Ann and Turner streets and looking north and west, the rows of elms in heavy green foliage present to the eye of the beholder a scene of surpassing loveliness and beauty. And this is merely a specimen of the many attractive views by which the place is adorned. [Come to the *2nd City* and see something.—*Ed. JOURNAL*.

A Delicate and Wholesome Aroma

agreeably unlike the rank perfume of an ordinary essence, is perceptible to those who inhale the odor of Socodent, a chemically pure botanic adjunct of the toilet, which finds the greatest favor in those refined circles where personal comeliness and the graces which elevate the tone of society are held in deserved esteem. Besides arresting the decay of neglected or abused teeth, and removing tartar and other impurities which causes them to become dim and lustreless it purifies the breath and remedies canker in mouth.

Notwithstanding much has been said about the importance of a blood-purifying medicine, it may be possible that the matter has never seriously claimed your attention. Think of it now. If, by the use of a few bottles of Ayer's Sarsaparilla you avoid the evils of scrofula, and transmit a healthy constitution to your offspring, thank us for the suggestion.

Of the very choicest tobacco leaf—choicest because the firm can command it—is made Blackwell's Durham Long Cut. Gentlemen may regale themselves with a pipe or roll it into fragrant cigarettes. Either way it is the most luxurious of all tobaccos. Trade-mark of the Durham Bull.

By land or at sea, out on the prairie, or in the crowded city, Ayer's Cathartic Pills are the best for purgative purposes, everywhere alike convenient, efficacious and safe. For sluggish bowels, torpid liver, indigestion, bad breath, flatulency, and sick headache, they are a sure remedy.

To Whom It May Concern:

SEC. 2. Every occupant of a lot on any street shall keep the footway clean and the gutter open and free from obstructions as far as such lot extends. If any rubbish, dirt, filth or other thing be placed or left without lawful authority on such footway or in such gutter, the occupant of the lot shall remove the same. If twelve hours elapse after notice by the marshal, by the mayor or one of the council, without removal, the occupant shall upon proof of the same be fined three dollars.

SEC. 3. Every owner of a house on a street which has a cellar door, vault or pavement of wood, stone or brick, shall keep the same in repair. If he shall, after being notified to do so by the mayor, a member of the street committee or by the marshal, fail for the space of five days to repair the same, he shall be fined five dollars. And every day which shall elapse thereafter until the repairs are made shall constitute a distinct offence. If there be several owners of such house it shall be sufficient to give the notice to any one of them; if the owner be a non-resident the notice may be given to his agent or to the occupant of the house.—CITY ORDINANCES.

These ordinances will be rigidly enforced after the 1st of June.
JOHN M. HARGETT,
City Marshal.
