News Council No. 1, Order of Chosen Friends, meet to-night.

The farmers say that the cold snap has set cotton back considerably.

Through freight and passenger trains to the mountains is what the people want.

The M. E. Church Working Society meet to-night at the residence of Mrs. J. E. Taylor.

The magistrates, at their meeting Monday, elected a first-class auditing committee.

It is rumored that the light extinguished a short time ago at Harbor Island is to be re-established very soon.

Three jury cases in the Superior Court on yesterday consumed considerable time, and the calendar was not cleared.

"Go bang" is the new and popular game in our city; it is played between the banana peel and the unwary pedestrian.

Happiness reigned supreme in many a household yesterday because the head thereof was not a candidate before the Chicago convention.

Miss Willie Bell, one of Jones county's fair daughters, passed through the city a few days ago on her return from Greensboro Female College.

R. O. E. Lodge gives notice that a five pound ice ticket can be bought at the same rate as that of a hundred pound ticket. Three quarters of a cent per pound.

Miss Nellie Long, daughter of John S. Long, Esq., left on the steamer *Shenandoah* yesterday for Baltimore, where she will spend the summer with her sister, Mrs. Willett.

At the last session of the University Normal school of Nashville, Tennessee, there were forty-eight seniors. Out of this forty-eight there were fourteen Honor students, and among this number, we are pleased to note, is one of New Berne's accomplished daughters, Miss Mamie A. Ulrich. The object of the University Normal is to prepare teachers, and many of the best teachers in the land hail from there.

The Old Dominion wharf was a busy place yesterday. Potatoes and beans were brought in up to the last minute, and the *Shenandoah* went out with a full load. It is wonderful how a little advance in the price will make a difference in the handling. Last week when the price was very low everything seemed to move slowly about the wharf. Yesterday the price was up and everybody appeared to be in a big hurry. Beans brought from \$1.00 to \$1.25, potatoes \$1.50 to \$2.50.

### Ice and Hay.

We call attention to the advertisement on fourth page, of Watson & Daniels. Those who wish to keep cool and have fat horses should read it.

### Found Dead.

Alexander Howard, colored, who lived on South Front street, was found dead about 11 o'clock on Sunday last in the kitchen adjoining his house. Dr. Bates summoned a jury of inquest who gave as their verdict that the deceased came to his death from causes unknown to them.

### The Chicago Convention.

Several days before the assembling of the Chicago convention we tried to make arrangements with the Western Union Telegraph Co. for the press dispatches during the sitting of both the Republican and Democratic conventions, but the superintendent refused to accommodate us either for love or money. A special was received late yesterday evening announcing that Arthur's close friend, John B. Lynch, was elected temporary chairman of the convention. We don't know Lynch, but it is quite likely that he is ex-Congressman Lynch, colored, of Mississippi.

### Accident to a Steamer.

The steamer *Thomas Collier*, from New York for Brunswick, Georgia, came up to the city yesterday to have her rudder repaired, having met an accident to it in coming through the Chesapeake and Albemarle Canal.

The *Collier* was running down the coast with the purpose of making the trip outside all the way, but off Chincoteague, experienced heavy weather, which caused the captain to turn in at Norfolk and take the inland route, and in the passage through the canal the rudder became disarranged and it became necessary to run up here, as related above.

### Frost in Pamlico.

Mr. F. L. Rice, of Goose creek, Pamlico county, was in the city on Tuesday and informs us that there was a sharp frost in that section one night last week, killing the potato tops badly. He also complains of the curlew bug killing the corn, and that there is a poor stand of cotton. He boasts, however, of fine strawberries, having some that measured five inches in circumference.

A. C. AVERY, Judge.

### Democratic County Convention of Jones.

The convention was called to order by J. A. Smith, chairman of the county executive committee.

On motion, Mr. Thos. Wilcox was chosen temporary chairman, and Mr. K. F. Focote, secretary.

A committee on permanent organization, consisting of P. M. Pearsall, Dr. F. A. Whitaker, and S. Hudson, Sr., was then appointed; also, a committee on credentials, composed of E. M. Foscoe, Lewis Bynum and Benj. Brock, Jr. The committee on permanent organization reported J. B. Stanly for chairman and R. A. Whitaker secretary. The report was adopted, the gentlemen conducted to their seats and a few pointed remarks were made by the chairman.

The committee on credentials reported that each township was properly represented, whereupon an election of delegates to the State convention was gone into and resulted in the election of P. M. Pearsall, R. A. Whitaker, J. A. Kinsey and P. H. Pelletier. Alternates, T. C. Whitaker, Col. J. N. Whitford, W. E. Foy and E. Y. Perry.

A motion was then made and carried that the delegates elected to the State convention also act as delegates to the Congressional convention.

The convention recommended Hon. J. A. Gilmer for Governor, Major John Hughes Lieutenant-Governor, and Capt. W. A. Darden for Auditor.

Polksville was then recommended as the place for holding the Senatorial convention.

On motion, it was ordered that proceedings of the meeting be sent to New Berne *JOURNAL* and *Raleigh News and Observer* for publication.

The convention then adjourned.

### Kinston Items.

There are no material changes in the market this week.

These cool nights are bringing cotton into the "sere and yellow leaf" and if they continue to July 1st, as Vennor predicts, cotton will not be king this year.

The "solitary horseman" of Kinston takes his superb exercise only when the sun shines. It is then that he can behold his shadow and see the fine figure he casts.

The Democratic county convention, at Kinston last Saturday, was a harmonious gathering of the clans. With a new head popped up for anything, it "was shot on the spot."

The Democracy everywhere this year seek harmony and reconciliation. They propose to get both by nominating the "old ticket" from the presidency down to "the dollar and forty cents convertible."

Judge Sutton, of La Grange, was with us last Monday. He appeared to cheer up immediately after the election of the new board of county commissioners. There is no danger in the way of the dog's tail now.

Rev. D. B. Clayton, Universalist, will fill the following appointments: Woodington, Lenoir county, 3rd Sunday in June. Kinston, Monday night, June 10th. Cross Roads, Pitt county, fourth Sunday in June. People everywhere are requested to come out and learn the "faith once delivered to the Saints."

It seems that both parties in Lenoir county "set their faces" solidly against all aspirants for State offices. The last Republican county convention gave a Republican aspirant for attorney-general a "black eye" and again last Saturday, at Kinston, the Democratic convention walked away with all the tall feathers of our Democratic aspirant for superintendent of public instruction.

It was punishment of Sisyphus, who, like our "old jug campaigner" kicked up a fuss because he was tardy in obtaining "a bar'l of flour," that he had forever to roll a huge round stone up an impossible hill. The "old campaigner's" punishment is somewhat similar. He is doomed to the perpetual attempt to put a bushel of wind in a half bushel bag. He always falls, but he keeps at it with a pluck that deserves commendation.

There is a report, founded on good authority, that after the meeting of the next Republican county convention to nominate county officers, the "old jug campaigner," the Loftin-Fields' decoy for sheriff, will cut Senator Loftin and John Fields, jr., up into small white grub worms and deal them out for fish bait. This is the way he intends to get even with these thin angel worms who promised him the sheriff's office and gave him only a small 22 gallon cask of whiskey.

The Board of Magistrates met at Kinston last Monday and legislated for "we the people" as follows:

They kindly bid the old board of county commissioners "good by" and put forth this slate for the next two years:

For County Commissioners—James A. Pridgen, C. T. Barwick, R. B. Taylor, James Herring, and W. B. Nunn.  
Inferior Court—John C. Wooten, sr., J. M. Mewborn, and E. J. Brooks. C. F. Harvey, Clerk, and A. J. Loftin, Solicitor.

Finance Committee—E. F. Cox, J. W. Grainger, and L. Harvey.

County Superintendent of Public Instruction—Capt. W. S. Bird.

The county commissioners were authorized to establish two new townships, dividing up Woodington township for that purpose. The proposition to establish a county poor house was agreed to.

### STATE NEWS.

#### Gleaned from our Exchanges.

**Greenville Reflector:** Mr. J. D. Myers tells us many Irish potatoes are being shipped from Washington. He said fifty barrels, raised by Mr. J. J. Laughinghouse of this county, were at the Boyd's Ferry landing yesterday, to be taken to Washington and shipped North.

**Winston Sentinel:** Several fine specimens of gold have been found near Germantown, Stokes county, recently.—Hail stones as large as hens eggs are reported to have fallen in some portions of the county Tuesday evening.—Over two hundred scholars were enrolled at the graded school on Monday and the number is daily increasing.

**Chatham Record:** On the 16th of this month as Mr. J. W. Goodwin, of this county, was travelling from Asheville to Lenoir he saw two large eagles near the road devouring a lamb. Having a pistol with him he slipped up to within twenty steps of them and shot the largest one, which weighed 85 pounds and measured 84 feet from tip to tip.

**Rocky Mount Reporter:** Mr. D. Abram informs us that the potato bug has made his appearance in this section. Mr. A. says they have been playing sad havoc among his potatoes, and that he has killed a great many in his garden, but still they come. It is said that Paris Green sprinkled on the vines will kill them.—During the sitting of the superior court at Louisburg, we learn that there was a darkey caught stealing cotton on Wednesday at 4 o'clock. At 6 o'clock he was before a magistrate and bound over and sent on to the grand jury

then in session, at 12 o'clock he was arraigned before the court and at 2 o'clock the case had been argued, sentence passed, and the prisoner was a convict to the penitentiary for ten years.

**Fayetteville Observer:** A friend happened on Tuesday last in the office of one of our worthy justices of the peace at a time when an interesting trial was going on between a baptist friend and a methodist preacher, (not the preacher in charge of the church in this place). It became necessary for our baptist friend to be placed on the stand as a witness. After being sworn the reverend gentleman reminded him that he had been sworn on the Holy Evangelist of Almighty God to tell the truth, the whole truth, and nothing but the truth. Yes, sir, said the witness, I understand that, thereupon the reverend gentleman said to him "remember, too, that the case will also be tried in the high court of heaven." "Stop, stop," said the justice, "there must be a trial and judgment in this court before an appeal can be taken to that court."

**Raleigh News and Observer:** Mr. J. C. Scarborough says that at the closing exercises of Ore Hill school, Chatham county, Thursday over 2,500 people were present. It was a great gathering.—Mr. Moore, of New York, is here with a view of establishing a factory in Raleigh for canning fruits and vegetables. He has been for some time in correspondence with parties, his attention to North Carolina having been secured by the New York City agency of the department of agriculture and immigration. Mr. Moore is looking at various points around the city, in order to choose a site for the factory. He will be here some days.—The department of agriculture is in receipt of advices from all sections of the State, that not the least damage was done in North Carolina by the cold snap of last week. There was no frost anywhere, even at Waynesville. None of the glorious crops of tobacco, of small grain, of corn, and none of the great fruit crops are at all injured. This is indeed good news. This will be a great year for North Carolina.
