Messrs. Watson & Daniels are prepared to keep men cool and warm, and horses in good order. Read their "ad" in this issue.

At Raleigh, Tuesday evening, there will be the first grand ratification rally by the Democrats. Gov. Jarvis, Gen. Scales and a number of other leaders will speak.

Persons who have been careful enough to preserve their Tilden and Hendricks banners can bring them out and only have to insert Cleveland to make them useful again.

We don't know why it is so, but in an experience of two years and a half, we are sure that the JOURNAL office was visited by more beggars yesterday than in any whole week of that time. There must be a failure in the berry crop.

Cleveland and Hendricks, Scales and Stedman. Well about twenty thousand majority ought to go to Cleveland, you know, is used to large majorities— one hundred and ninety thousand in New York for Governor, two to one in the State delegation and nearly four to one against all opponents combined in the National convention, with the electoral college still to hear from.

It has been suggested by some of the Democrats of the city that a meeting be held at the court house on Tuesday night next at 8 o'clock, for the purpose of organizing a campaign club.

Winston and Henderson have each the first club in the State and it will never do for New Berne to be too far in the rear in this matter. If any formal call is necessary it may be made through our columns on Tuesday morning.

The Wheat Crop.

It is estimated by careful observers that the injury to the wheat crop of the State, by the long rainy season will not exceed five per cent. It is also said that the crop is two and a half times as large as that of last year.

No Fault of the Moon's.

The failure to have the moonlight excursion last night was a great disappointment to our young people. The failure was unavoidable and was due to the inability of the young men to get a boat for the occasion.—Greenville Standard.

As a firm friend of the moon, we are glad to see it was in no way at fault in this matter.

Come, Gentlemen!

The National Convention is over, the State Convention is long past and it is now time for the workers to take hold and pitch in.

In the language of Mr. Powell, the matter is now *relegated* to you gentlemen of the Democratic party. Will you take?

Mayor's Court.

Mayor Meadows presiding. Morinda Morris, Mary and Lucy Williams were each arraigned on the charge of keeping disorderly houses and were each allowed to contribute \$5 and cost of work on the streets 30 days.

Charles Holland, who was charged with disorderly conduct, will answer on Monday.

The above parties are all colored, and the above cases had failed to reach the ear of our reporter when he prepared his felicitous report of the courts for the day.

An Important Order of County Commissioners.

It has been ordered by the Board of County Commissioners that all witness and jury tickets issued by the clerk of the court in cases where the county has to pay the costs, and that all vouchers issued by the Register of Deeds shall be endorsed by those officers respectively.

"Good against Craven county for—dollars and cents, provided the party to whom it is issued has paid his or her taxes to said county of Craven."

It will be well for persons who purchase this class of paper would do well to make a note of this.

Personal.

Dr. H. G. Bates left on Friday for a trip north, on a visit to a daughter who he has not seen in nineteen years.

Mr. Borch, of the Silsby Manufacturing Company, is in the city on business for his firm.

Rev. C. A. Jenkens has returned from his visit to Baltimore and will occupy his pulpit to-day.

A. M. Baker left yesterday for Asheville.

Miss Mamie Ellis and Miss Nannie Roberts returned yesterday, the former from Old Point, and the latter from Chapel Hill.

Capt. Matt. Manly has returned from a Northern tour.

Mrs. C. Ivey left yesterday for a visit to Henderson.

Passengers by Steamer Trent.

Capt. David Roberts, L. G. Roberts, David Styron, Mrs. D. Styron, Samuel Parsons and family, Mrs. Parsons, Jesse Lassiter and wife, C. C. Taylor, wife and daughter, Mrs. F. Willis, Miss Mollie Fulford, Mr. Mann and daughter, Chas. H. Blank, A. S. Hudson, H. F. Fleetwood, Miss Duncan, W. K. Styron and E. T. Roberts.

Organizing.

Cleveland and Scales Clubs are rapidly forming. Winston has the honor of being the first to organize one. Kingston had a jollification last night, and Raleigh has a grand time next Tuesday evening. Thinking that the Democrats of New Berne desired to be foremost in all good works we threw out the suggestion that they assemble at the court house on Friday night, ratify the nominations and organize a Club, but somehow they didn't catch on.

For Portsmouth Sports.

The steamer Trent left last evening for Portsmouth with an excursion party for that delightful seaport. Among them Mr. C. C. Taylor, who takes with him an amount of fishing tackle, a double-barrel shot gun and forty rounds of cartridges. He is prepared for game by land and sea and we anticipate great results from his skill and ability in this duplex sportmanship.

Beacon Island is historic and deeply so to him, as it was upon that important defense during the war of 1812 that his grandfather contracted disease from which he never recovered. Mr. Taylor kindly promises not to shoot this way if he can help it.

Church Services To-day.

Baptist Church—There will be services at 11 a. m. and at 8 p. m. Holy Communion at morning services by the Pastor, Rev. C. A. Jenkens. Seats free and public cordially invited.

Christ Church—V. W. Shields, Rector. Fifth Sunday after Trinity. 8 a. m. Holy Communion. Other services at 11 a. m. and 6 p. m. Sunday School at 5 p. m. The public are always invited to attend the services of this church.

Presbyterian Church—Services at 11 a. m. and 5 p. m. by Rev. I. M. Rose, of Goldsboro.

Methodist Church—Rev. J. E. Mann, P. E., will preach to-day in the M. E. Church at 11 a. m. and at 8 p. m. All are cordially invited to be present.

On to Morehead.

Quite a crowd from Raleigh were on the train for Morehead City last night. Among them were Mrs. Gov. Jarvis, Mrs. Geo. H. Snow and four children, General and Mrs. W. P. Roberts, Mr. A. B. Stronach, Mr. V. B. Moore, Maj. W. H. Bagley, Clerk of the Supreme Court, Julius Lewis, Esq., Dr. Chas. W. Dabney, Mr. S. C. Pool, Fred A. Olds, of the News and Observer, Dr. B. B. Haywood, Miss Lavine Haywood, Mr. Banker Smedes, Miss Emeline McVea. A large crowd joined them at New Berne, among whom were Maj. John Hughes, Miss Jennie Hughes, Miss Fannie Bryan, Miss Minnie Bryan, Mr. B. A. Bell, Mr. Jas. M. Howard, and others. The New York Herald reports a "hot wave" coming and this fact is driving pleasure seekers to the seashore. No better place than Morehead.

History of Durham, by H. V. Paul.

We are in receipt of a copy of this interesting volume. Durham is a remarkable town, in many respects, and especially so in its rapid attainment of commercial importance. Hence, everything connected with its growth, present prospect and future glory are of peculiar interest to the people of this community.

The author, H. V. Paul, is a native of New Berne and his memoir gives an interesting account of his early experience here in New Berne and in New York.

Of the subject matter we can only say those familiar with the history of Durham speak of the volume before us as accurate and truthful. The illustrations, its men of note are worth the price of the book. In cloth, \$2.00; board, \$1.50.

Justice.

Justice Brinson's court was the only one in the city at work yesterday. State against Philip Wiggins, for libel, was before it. Hon. C. C. Clark appearing for plaintiff and Green & Stevenson for the defence. Case sent on to the Superior court.

Justice Watson was trying to keep cool and thinking over the chances that Grover Cleveland has of becoming the successor of Chester A. Arthur on the fourth of March.

Justice Hancock spent the most of the day about the prescription counter and was investigating label cases, rather than libel cases; while the Mayor's court was all swept and garnished as for a holiday. In a word, with the single exception, peace reigned in Warwick and the blind Goddess poised herself in an attitude of extreme serenity, and those who keepeth the city watched for vigilans in vain.

AN OCEAN RACE.

Two Baltimore Schooners Start in a 4000 Miles Run to North Carolina.

There was an eight-knot breeze blowing from the northwest yesterday afternoon when the schooners Judy and Wm. M. Hines started on their four hundred mile race to Morehead City, North Carolina. The vessels were towed down the river by tugs at 5 o'clock. The tug Frank had charge of the Hines, and the Favorite towed the Judy. On board the tug Frank were Messrs. Thomas Schaal and Mr. Garrett, owners of the racing vessels: Alexander Bond, Chas. Swearer, M. Gladding, Francis Hittle, Capt. George T. McDorman, John Schaal, Michael Martin, L. T. LeCato, Thos. Rogan, Conrad Davis, George Marshall; Thomas P. Broadbelt, Capt. John Bosley, John Hart, G. W. Goswell and others. Capt. Jacob Holmes was in command of the schooner Judy, and Wm. T. Smart went along as referee for Mr. Garrett. Capt. Charles F. Terry commanded the schooner Hines, and Walter Marsh acted as referee for Mr. Schaal. The goal of the race is the buoy abreast of Morehead City.

When the vessels arrived off the new marine hospital they flung their canvas to the breeze and started off like racers. The Judy carried mainsail, foresail, two jibs, gafftopsail and staysail. The Hines carried mainsail, foresail, three jibs, gafftopsail, two topsails and staysail. The race from the start was very exciting. Both boats bowled along at a spanking pace without gaining any advantage over each other. The party on the tug Frank were considerably excited by the fine sight the vessels presented as they ran before the freshening wind with every sail drawing. The party intended to return after going as far as the Seven-Foot Knoll, but the closeness of the race determined the owners to see more of it, and they decided to go in the tug as far as Thomas' Point. Every passing steamer saluted the racers with the conventional three whistles, and ladies and gentlemen on excursion boats cheered. When the vessels had nearly reached Sandy Point the steamer Pilot Boy was signalled, and the Star reporter boarded her, while the graceful vessels passed down the horizon with the evening sun gilding their topsails. The betting was lively yesterday in nautical circles. The Judy was the favorite. The purse raced for is \$250. —Baltimore Sun, 9th.

Mr. Geo. N. Ives informs us that this important race terminated on Thursday evening by the arrival of the contesting schooners at the buoy abreast of Morehead within the space of ten minutes of each other. The Judy was the winning schooner by that "nick of time."

STATE NEWS.

Gleaned from our Exchanges.

Wilmington Review: There is an unmailable letter in the postoffice here addressed to Alfred Scales, Guilford, N. C.—The River and Harbor bill, as finally passed, gives to North Carolina rivers: Cape Fear, above Wilmington, \$50,000; Cape Fear, below Wilmington, \$200,000; Beaufort, \$20,000; Edenport bay, \$10,000; Trent river, \$10,000; Contentnea or Moccasin river, \$5,000; Currituck sound, \$5,000; Neuse river, \$20,000; New river, \$5,000; Pamlico and Tar rivers, \$5,000; Roanoke river, \$3,000; Scuppernon river, \$2,000.

Fayetteville Observer: We have been presented with several ears of Tuscarora corn by our neighbor, Mr. Walter Watson. This corn was raised in Mr. Watson's garden and is the finest early corn we have ever seen, the ears being about eighteen inches long and well filled.

We do not know what efforts are being made to make our next Fair a success, but take it for granted that the officers are doing their full duty.—From the farmers near town and those living at a distance in the county, also from the farmers of Harnett, Bladen, Sampson, Robeson, Richmond, Moore, Chatham, and other counties, we hear the most encouraging reports about crops. They say that the prospects for corn and cotton are better than they have been for years.

Chatham Record: The editor of the Record is preparing a sketch of Chatham county, which will be published in pamphlet form for free

distribution at the State Exposition.

—We mentioned, a few days ago, that our State board of agriculture had employed Prof. Chance, of Pennsylvania, to make explorations among the coal and iron deposits of this State, and now we have the pleasure of announcing that he will at once begin work on Deep river, in this county.—On last Thursday there was the heaviest fall of rain in the western part of this county that has almost ever before been known. Not only were all the streams at once swollen out of their banks, but all the flat and level places became ponds of water. Several washouts occurred in the road-bed of the C. F. & Y. V. Railroad between Siler and Egypt, but they were soon repaired. Many farmers lost a good deal of their wheat and oats which had been shocked in the fields and were washed away by the rushing waters.

Western Sentinel: Mr. J. E. Mickey threshed his wheat crop last week and claims to be the first in the vicinity of town this season to finish up this work. His yield was 650 bushels on what is known as the Holland place, and which upon the same amount of ground, ten or twenty years ago would not have been 100 bushels. This shows what our soil will do if properly cultivated.—The Moravian Church clock, probably the oldest in the State, was given a thorough cleaning one day last week for the first time in twenty years. It required a cauldron and three boxes of concentrated lye to do the job. The clock was sent to Salem from Germany during the latter part of the 17th century and the quarter hour striking apparatus made and placed in addition by Mr. Eberhart, of Salem, about the year 1800. The pendulum is ten feet long and the other works as large in proportion, and although a century, or thereabouts old, the clock has kept up a constant and correct record of time to the present day and bids fair to do many years still of good service.—Mr. J. J. Eaton bought a reaper this season, and after cutting his own crop, cut enough for his neighbors to amount to \$60, nearly what the machine cost.

Sweet Gum and Mullein.

Very few realize that in the exudation they see clinging to the Sweet Gum tree there is a powerful stimulating expectorant principle, and in the old field Mullein a mucilaginous one that is very healing to the lungs. These two principles presents in Taylor's Cherokee Remedy of Sweet Gum and Mullein a pleasant and effective cure for Croup, Whooping Cough, Colic and Consumption. Price 25c. and \$1.00. This with Dr. Biggers' Southern Remedy, an equally efficacious remedy for Croup, Colic, Diarrhea, Dysentery, and children suffering from the effects of teething, presents a little Medicine Chest no household should be without, for the speedy relief of sudden and dangerous attacks of the lungs and bowels. Ask your druggists for them. Manufactured by Walter A. Taylor, Atlanta, Ga., proprietor of Taylor's Premium Cologne. j415 dwlm

To most children the bare suggestion of a dose of castor oil is nauseating. Why not, then, when physic is necessary for the little ones, use Ayer's Cathartic Pills? They combine every essential and valuable principle of a cathartic medicine, and, being sugar-coated are easily taken.

The leaf of the Golden Belt of North Carolina, of the best of which is made Blackwell's Durham Long Cut, shows by analysis only a trace of nicotine and the nitrate. There is no poison to absorb, and none to injure the system. The absence of nerve-destroying properties, and yet the presence of delicate flavors and delicious aromas, is what gives the Durham Long Cut the topmost place in the favor of all who delight in a savory pipe.

The Confederate Monument.

The ladies of the New Berne Memoria Association earnestly desire to complete the monument already begun to the memory of our honored Confederate soldiers. They will need for this purpose \$450 and they feel assured that it will only be necessary to let this fact be known, to meet with a generous and ready response from every citizen of Craven county whose heart beats in sympathy with theirs in their work. Any contribution, however small, will be thankfully received and properly used. A box will be placed at the store of Mr. Alex. Miller, who is the authorized agent to receive any money for the purpose; or it may be given to any one of the officers of the Association whose names are here subscribed: Mrs. E. B. DAVES, President. L. C. VASS, Vice-President. GEORGE ALLEN, Treasurer. C. W. McLEAN, Secretary. may21tf
