The first shipment of watermelons will be made from Morehead City today.

Rev. J. M. Rose will lecture in the Presbyterian Lecture Room this evening at 8 o'clock.

Our city is in fine order and the authorities are putting it in a good sanitary condition we think.

County bonds to the amount of fifteen hundred dollars were burned by the commissioners Monday.

Leap year german at the Atlantic Hotel, Morehead City, to-night. Several of our young men will attend.

The grand boat race will come off at Morehead City on Thursday. Wonder if Bro. Journey will enter the "Annie" for the prize.

The closing lectures of Miss C. Harrison, at the Normal school in New Berne, will be delivered on Wednesday and Friday mornings at 9 o'clock. On next week Dr. R. H. Lewis, of Kinston, will be in New Berne and will deliver a number of lectures at the school.

The county commissioners were in session on Monday last for the purpose of settling with the sheriff for taxes collected for the year 1883. Two hundred and eight deeds were turned over to the county against one hundred and fifty-three last year. The insolvent poll list, however, is smaller by nearly half than last year, and, we presume, smaller than it has been in this county for many years. In this the sheriff is to be commended, for the difficult work on a tax list must be in collecting from those who list nothing but a poll. Sheriff Hahn has reduced the insolvent list in this county since the advent of the JOURNAL from about twelve hundred to four hundred. There is yet room for improvement.

At the late commencement of the University of Mississippi the degree of LL. D. was conferred by the faculty and Board of Curators upon Rev. Joseph H. Foy, D. D., of St. Louis, and Prof. Higard, the scientist, of the University of California.

We clip the above from the *Globe-Democrat* of St. Louis, which will be gratifying news to the many friends of the Rev. Dr. Foy, who has received this additional honor in his Western field of labor. The degree was deservedly conferred, and shows the appreciation of the faculty and Board of Curators conferring it, of one who, we are disposed to think, should have never been permitted to leave this State by the body of Christians to which he belongs—the Disciples—where his learning, zeal and abilities are so much needed.

**Indications.**  
General Scales and Maj. Stedman are to be at the grand rally to-night at Raleigh.  
Kinston had a rousing ratification meeting on Saturday night, bonfires, music and great enthusiasm.

Gov. Cleveland made a sensible talk to his fellow townsmen, at Albany, who serenaded him on Friday night.  
The New York Times comes to time handsomely in support of Gov. Cleveland's nomination.

W. G. Lamb, Esq., of this State, is on the committee to notify the nominees of Chicago Convention and Senator Ransom remains on the National Executive Committee.

**Not for Butler.**  
Col. Benjamin Askew, of Trenton, sends a communication in which he denies, in very strong terms, that he ever favored Butler as the nominee of the Democratic party, as stated in "Aaron's" communication of last week. We would be pleased to publish the Colonel's communication, if couched in milder terms. We believe the item was intended as a joke, and a simple denial on the part of the Colonel would have been just as effectual, and, in our opinion, more so, as the language he uses. The Colonel has always been a staunch Democrat, and if anything will cause him to lose his temper, it is for anyone to intimate that he is anything else than a Democrat. But suppose he had been in favor of Butler for the nomination, could anybody have doubted his Democracy on that ground? Most assuredly not, for Butler has served a term as the Democratic Governor of Massachusetts; was a delegate to the Chicago Convention; was on the committee to make a platform; was the champion of the minority report, and made a speech on the same. Had he not been a Democrat the convention would hardly have allowed him such privileges as were accorded him at Chicago. But we think Col. Askew has other good reasons for not wanting his name mentioned, and we cheerfully acquiesce in that.

You who enjoy a pipe or cigarette cannot appreciate the luxury fully till you try a package of Blackwell's Durham Long Cut. Don't be put off if you don't get it the first time you call at your tobacconist's. He will get it for you, if there is any life in him. The peculiar excellence of the Durham tobacco, and this brand in particular, is so well established among all appreciative smokers, that a tobacconist must be regarded as quite out of date who don't provide his customers with it.

Hall's Vegetable Sillian Hair Restorer never fails in restoring gray hair to its youthful color, lustre, and vitality. Dr. A. A. Hayes, State Assessor of Massachusetts, endorses it, and all who give it a trial will be convinced.

### On the Corner.

The number of persons claiming the comforts of the friendly shade of Dail's shed and a few stray zephyrs of summer breeze from the rippling Trent, was fully up to the average yesterday morning. Things in general were discussed and the question as to whether elevated railways are narcotic in their tendency or provocative of insomnia was well ventilated and the status of the railways unchanged. Some believing they were, and some believing they were not. The magical strength of the female phenomenon from Georgia now eliciting comment in New York, was illustrated and explained as very simple, except that you can't understand it. The situation is favorable for keeping posted in what is going on, and you can learn of right smart that is not going on at this point.

All the excursion parties by steamer pass here, all the steamer passengers pass here, and a good deal of leisure time passes here.

### Major's Court.

Charles Holland—from Saturday's court—disorderly conduct, loud and boisterous cursing on the streets or within city limits. Fined \$2 and cost, or 15 days on the streets. Wm. H. Sherman; same charge and same judgment. James Rayner, charged with same offense by Charles Holland; case dismissed at Holland's cost.

John Omney, charged with breach of the peace in assaulting W. H. Sherman; judgment \$2 and costs, or 15 days on the public streets.

The case of Lucy Williams, who was reported in Sunday's paper as convicted on the charge of keeping a disorderly house was an error. Lucy was only charged with disorderly conduct and acquitted of that, so she was not of the party fined \$5 and cost, as stated.

We feel gratified at the vigor with which the ordinance against loud and boisterous cursing on the streets or within the city limits is being enforced by the police. The offence is one easily checked and a few \$2 or \$5 penalties will soon induce parties to either curse at home or quit it.

### Notes from Morehead.

Mr. Raney, of the Atlantic, has advised from Mr. Alex. Summers, Vice-President of the Tennessee Press Association, that on the 21st or 22d inst. that body will visit the Atlantic Hotel.

The Reidsville Light Infantry, Capt. A. E. Ellington, will arrive at the Atlantic on the 21st inst. A large number of ladies and gentlemen from the Piedmont section will accompany the company, which is one of the best in the State Guard.

The boat race between the sharpies, which was to have come off on the 10th inst., has been postponed until the 17th (next Thursday). The entries will be numerous and the race will be one of the events of the season. An excursion to Morehead that day would pay well, no doubt, from Goldsboro down, or even from further up country.

Senator Vance and family will arrive this week and remain perhaps a fortnight. The Senator comes direct from Chicago. Mr. Raney will give a ball and reception in compliment to him.

The arrival of people from Raleigh and points beyond will, it is expected, be numerous this week and next. F.

**"The Annie."**  
EDITOR JOURNAL.—Rev. N. M. Journey, of Beaufort, N. C., has recently built, with his own hands, a beautiful sharpie and named her "Annie." She is perfect in model and the prettiest sharpie in the waters of Beaufort and Morehead. The "old tars" around Beaufort and Morehead say that it is wonderful that an up-country preacher can come down here and build a boat with his own hands which "takes the cake." Mr. Journey thinks the "Annie" can outcrawl all the boats she may come in contact with of her dimensions.

We have just returned from a sail with Mr. J., where we had the opportunity of testing the "Annie's" speed, as there were other boats out on the water, and we find that she is indeed, a fast sailer. If our friends of the fraternity want to see this boat and enjoy a few days repose in these July days, they can do so by stopping at the Davis House, Beaufort, N. C.

### The Schedule Again.

**EDITOR JOURNAL.**—We think all corporations should be subservient to the best interest of the business community that support them. The managers of the A. & N. C. R. R. ignore the wants and conveniences of the business men along their line of road by the running of the present schedule. They say that the passenger traffic or receipts by running in connection with the Richmond & Danville Road is enough to justify them in running their mail train as they do. There has been less travel over this road up to this time, and at this season, than has been for years. Fifty-one passengers left Tarboro last week for Nag's Head, their only objection to spending some considerable time at Morehead City (which they preferred) was the trouble, annoyance and expense caused by the delay occasioned them by the present schedule, they being compelled to lay over a night and day at Goldsboro. What think the able manipulators of the finances of the Mullet Road to this?

Postmaster General Greeham had better advertise for proposals to take the mail from Goldsboro to Morehead City and annul the contract with the A. & N. C. R. R., for the Post Office Department has for years prided itself on the quick despatch of mails, and it will certainly lower its reputation if we are to depend on the A. & N. C. R. R. for an exemplification of its fast mail system.

The managers of a railroad should, and they doubtless do, always in making a schedule, consult, first, the interest of their road; second, the interest of their road; and third, the interest of their road. When they do this they will be sure to consult every business interest along their line. We believe the managers of the A. & N. C. R. R. wish to make a schedule for their road that will redound to the interest of all, and as soon as they discover that the present schedule is not the proper one we have no doubt that they will change it. One thing is certain, they cannot make close connection with both the R. & D. and the W. & W. unless these roads will make a schedule for that purpose, and this they will not do. We are confident that at the next meeting of the directors the matter will be fully discussed and that schedule adopted that is likely to produce the best results for the road, and consequently prove advantageous to the business men and traveling public.

### La. Grange Items.

A good rain this, Friday, morning. It will be of much good.

T. B. Hyman, of the Goldsboro rice mills was in town Thursday.

We have drummers in abundance. Hardly a day but we have one or more. Some of our farmers report their crop in a grassy condition. Others might do the same and tell the truth.

Dr. J. D. Spicer, of Goldsboro, was summoned by telegraph this, Saturday, morning to visit Mr. Moses Joyner, he being very sick at his home, near this place.

James Britt and John Rouse "played" a little Saturday, and for the fun, they were called on to deposit one dollar each in the town treasury and pay the costs.

Cotton on light, or high lands, is showing red leaves at the bottom, the result of overmuch rain. Corn is looking finely on good lands and promises a good crop.

Rev. J. N. Andrews, of the M. E. Church and formerly P. C. of this Circuit, spent a part of Thursday in our place visiting Rev. J. D. Carpenter. Mr. Andrews' health is bad, and he is at Seven Springs trying the curative properties of their waters.

"Cleveland for President" is hoisted just in front of the "cigar beauty" on the top of the warehouse. The Democratic candidate for President "without a record" we hope will enter the White House, and there make as honorable a record as he has as Governor of New York. Hendricks for Vice-President gives perfect satisfaction.

A cabbage of the Jersey Wakefield variety, 30 $\frac{1}{2}$  inches in circumference, 15 $\frac{1}{2}$  inches in length, weighing 11 $\frac{1}{2}$  pounds, was shown in our town last Friday by J. N. Sutton, and grown on "Frog Point" in Bucklesberry. A beet 21 $\frac{1}{2}$  inches in circumference was shown the same day, grown in La Grange by E. W. Bizzle, Esq. Who can beat that beet, if the beet, as a beet, did beat the cabbage? Trot 'em out.

The National Cotton Exchange closes its "general remarks" on the condition of the cotton crop in June as follows: "Taking the whole cotton belt together the condition may be represented as better than at the close of May and a trifle superior to last year, with prospects, however, largely dependent upon early cessation of rain in the Atlantic States, and the crop, owing to late and deficient growth, subject to serious loss from an early frost or even one at average date. The rainfall for the week ending July 5th was excessive in the Atlantic States."

### Richlands Items.

It has been very rainy for the past week.

Politics seem to be the topic of conversation these days.  
Mr. Shade Loftin has just spent a short visit in Richlands from Kinston. Crops are excellent in this section of country. Mr. H. Henderson has the finest cotton I have seen. He found a blossom in his cotton patch on the second day of July.

Mr. Tom McGee is busily engaged at the carpenter's trade. He is erecting a fine store for Mr. J. V. Mills, and he also expects to build a fine dwelling for Mr. G. F. Humphrey, late of New Berne.

We understand that Mr. W. D. Humphrey and Mr. H. A. Creagh are going to rent the upper part of Mr. J. W. Mill's store for the use of a billiard table and a printing office. We have not yet found out the name of the paper.

Mrs. Marshburn, on her way home from church, was driving a blind horse and the horse dashed to run and she pulled the wrong reign and guided him in a ditch about three feet in width and four feet in depth, throwing her and her grandchild out of the buggy. The child was not hurt much but Mrs. Marshburn was seriously wounded but she is improving fast.

### An Old Field Weed.

The old field Mullenian has been a seeming outcast for many years but now it has suddenly attracted the attention of the medical world who now recognize it to be the best lung medicine yet discovered, when made into a tea and combined with the Sweet Gum presents into Taylor's Cherokee Remedy of Sweet Gum and Mullenian a pleasant and effective cure for Croup, Whooping Cough, Colds and Consumption. Price 25c. and \$1.00. This with Dr. Biggers' Southern Remedy, an equally efficacious remedy for Cramp, Colic, Diarrhea, Dysentery, and children suffering from the effects of teething, presents a little Medicine Chest no household should be without, for the speedy relief of sudden and dangerous attacks of the lungs and bowels. Ask your druggists for them. Manufactured by Walter A. Taylor, Atlanta, Ga., proprietor of Taylor's Premium Cologne. jy15 d4w1m

### The Confederate Monument.

The Ladies of the New Berne Memorial Association earnestly desire to complete the monument already begun to the memory of our honored Confederate soldiers. They will need for this purpose \$450 and they feel assured that it will only be necessary to let this fact be known, to meet with a generous and ready response from every citizen of Craven county whose heart beats in sympathy with theirs in their work. Any contribution, however small, will be thankfully received and properly used. A box will be placed at the store of Mr. Alex. Miller, who is the authorized agent to receive any money for the purpose, or it may be given to any one of the officers of the Association whose names are here subscribed:  
Mrs. E. B. DAVIS, President.  
L. C. VASS, Vice-President.
