A. W. Wood was the first to head the list of the Club.

The meeting last night, notwithstanding the rain, was well attended.

The schooner *Annie E. Hull* sailed Thursday evening for Philadelphia with a cargo of lumber.

Rev. B. F. Marable, of Mount Olive, will preach in the Presbyterian church on Sunday morning, at 11 o'clock. This will be the only sermon by him. His friends are invited to attend.

We hear of a sad accident at Durham yesterday evening, the caving in of a well, by which some six persons were buried. No particulars further than that some had been extricated, but in what condition unknown.

We call attention to the advertisement of the Horner School, at Oxford, N. C., in to-day's paper. This school has a reputation equal to any in the State and we commend it to any of our readers who may be contemplating sending boys away from home to school.

We have received a handsome catalogue of St. Mary's Seminary, Raleigh, N. C., founded in 1842. This school has had a number of pupils from this city in the past and we are glad to learn that there will be others going when the fall session opens. See advertisement in another column.

Among the improvements at Morehead is the plank walk between the hotels, which affords easy and comfortable travel to parties visiting the seashore and relieves pedestrians of the uncomfortable unevenness of the side walks; but notwithstanding this, a very decided impression has been made on the Street by some of the fair visitors there.

Mr. F. F. Koonce, of Ocala, Florida, was in the city on Thursday on his way to a visit to his father, Dr. Phil. Koonce, of Carteret county. He tells of a wonderful orange tree, owned by a widow, in Florida, which produces at one bearing eighteen thousand oranges. At two cents apiece this tree will bring an income of \$360 annually, equal to 6 per cent interest on a capital of \$6,000. If this widow has many such trees some of our young widowers had better look after her.

Compliment to a Virginia Lady.

The nearest and one of the handsomest of the Morehead sharpie sailing boats has been named for Miss Kate Doe, of Danville, Va., a popular young lady, spending the season at the New Berne House, Morehead City.

The "Kate Doe" is one of the largest pleasure boats in the harbor, handsomely fitted up and a very fast sailer. She was built on North river, in June, by V. R. Salter, for J. S. W. Hellen, her captain, and with her new colors and favorite name, presents an attractive appearance in the fine sharpie fleet and will be as popular with sailing parties as her namesake is among a whole host of North Carolina friends and admirers.

From the Normal School.

Mr. E. M. Koonce, of Onslow, has just returned from the Normal School at Chapel Hill, where he was awarded a diploma and Carr's map for proficiency in the art of teaching. Diplomas were awarded to 30 and maps to 14. We are glad to see the country teachers attending these Normals and preparing themselves for their work. We have often heard the proposition advanced that a teacher's wages should be no more than ordinary laborers, and we are almost persuaded that the idea is correct when applied to those who make no effort to qualify themselves for the work. But when teachers spend their money and time preparing for their profession, they should be paid well for their services. Mr. Koonce deserves credit for his enterprise and perseverance.

Church Improvement.

The New Berne Methodist Episcopal Church South have contracted for important alterations and improvements to the church building and the work has begun. This congregation has displayed great zeal in raising funds for this purpose and will expend some three or four thousand dollars on the improvement and will have a building in every way suited to the most advanced ideas of convenience and usefulness.

Mr. Carroll, of Baltimore, has the contract and will push the work to a speedy completion. The Rev. Dr. Burkhead, as pastor, has rendered efficient service in building up this church in both temporal and spiritual affairs and has been ably seconded by the Working Society, who have been indefatigable in the performance of the duties assigned them.

THE DEMOCRATS RALLYING.

A very enthusiastic meeting of the Democrats of this city was held at the court house last night, and a Cleveland and Scales Club organized.

W. M. Watson, Esq., was called to the chair and H. S. Nunn made secretary.

On motion of C. Manly, Esq., the following committee on resolutions was appointed: A. W. Wood, K. R. Jones and Edward Gerock.

On motion, Maj. John Hughes and C. Manly were added to the committee. While the committee retired to prepare resolutions Phil. Holland, jr., was loudly called for. He came forward and made a ringing speech, which was but an earnest of what may be expected of him during the canvass.

Capt. J. J. Roberson was called for and spoke encouraging words. He was always ready for a campaign, and would go into this as earnestly as ever.

The committee, through their chairman, Maj. John Hughes reported the following:

We, the Democrats of Craven county, in mass meeting assembled, do hereby ratify and endorse the nominations of the party, both Federal and State and pledge ourselves to work earnestly and continuously with all the power that in us lies from now until the polls close on the election day in November next, in order that we may claim, with justice, that we have done our whole duty in achieving the grand victory that so surely awaits us.

Resolved, That we heartily endorse the principles and doctrines set forth in the National platform adopted at Chicago and in the State platform adopted at Raleigh.

Upon presenting the report of the committee Maj. Hughes made a few remarks in his usual forcible style in which he depicted the bright prospects of the Democratic party, and dwelt upon the character and success of Grover Cleveland, the National standard bearer of the Democratic party. His remarks on the necessity of organization were pointed and had a good effect.

The resolutions were unanimously adopted.

Clement Manly, Esq., was loudly called for.

He suggested that we go into an organization of a Cleveland and Scales Club.

On motion of A. W. Wood, Clement Manly, Esq., was unanimously elected President of the Club.

The temporary chairman gave way for the President who, on taking the chair, promised to do his whole duty during the campaign, and told his hearers in clear and ringing words what they should do.

On motion, E. Gerock and H. S. Nunn were elected Secretaries.

On motion of Maj. John Hughes a committee of five were appointed on permanent organization and rules to report at a subsequent meeting to be called by the President. The following were appointed: A. W. Wood, S. R. Street, P. Holland, George Ashe and Hardy B. Lane.

About seventy-five names were enrolled, and the meeting adjourned.

Personal.

Hon. W. E. Clarke returned Thursday evening from Raleigh where he witnessed the Democratic ratification meeting which he says was a grand affair.

Gov. Jarvis, Col. Harry Skinner, Rev. J. E. Mann, and several others passed down for Morehead City last night. O. E. Guion, Esq., J. K. Willis and family of this city, also departed on the same train.

Jas. Koonce, of Sumpterville, Fla., is in the city, visiting relatives.

Councilman B. M. Gates leaves to-day for Western, N. C., where he will join his wife in spending the summer. We hope the mountain air will treat him well and he will return looking more like a "city father." In the meantime Sunday liquor law will have a rest.

Crop News.

A gentleman who has taken a stroll through Tuckahoe township, Jones county, and Pink Hill township, Lenoir county, sends us the following report:

Farmers who have poor crops don't want to see their names in print. Crops around Pleasant Hill are badly damaged by wet weather; cotton looks like it has had the ague and fever and plow hoe pills can't cure it; some are bad off for the want of work; Wm. Ballard, jr., had the best cotton seen on the stroll in that neighborhood. Fountain Williams, Esq., has a fine crop of cotton and corn; he has good land, is a good manager, a good farmer, made a good crop of wheat, and Mrs. Williams gave the stroller a good dinner. Over in Pink Hill he found some of the crops on sandy lands looking badly; W. N. Nunn has a splendid crop of cotton and corn and it has been well cultivated; he gave the stroller another good dinner and went home. He says the Democrats in Pink Hill want John F. Mewborne nominated for Register of Deeds, and he is confident he will be elected and make a good officer.

Schooner Arrivals.

The *Geo. T. Browning*, Capt. Bill Jones, from Philadelphia with a cargo of brick and hay for R. O. E. Lodge.

The *Henrietta Hill*, Capt. Hill, from Baltimore with a cargo of corn for J. A. Meadows.

The *Cherubin*, from Philadelphia, with a cargo of coal for Goldsboro.

Reply to Col. Whitford.

EDITOR JOURNAL.—It is because the JOURNAL is the friend of the business man, and by the courtesy of its editor that communications touching the interest of the people are allowed to appear in its valuable columns, and it becomes all correspondents to be brief and to the point.

Therefore I pass over the ill-grounded, ill-natured and ill-mannered assumption and allusion that Mr. Whitford makes in Friday's JOURNAL, that "Falsehood brings out truth when it is otherwise designed," and reiterate in substance what I said in former communications. I was informed by a reliable gentleman that fifty-one passengers went to Nag's Head owing to the fact of the present schedule, and the mere assertion of the agent at Tarboro that he, the agent, was informed that eight (8) left for Nag's Head does not prove that fifty-one (51) did not. My information in regard to the receipts and travel over the road was derived from sources that was deemed reliable, and visitors at Morehead City, who stated that there were less visitors there than had been for years, and we believe it and so does everybody else in this community.

We are informed that but few if any letters are on the train that reaches Goldsboro at 8 o'clock, p. m., but all the letters reach there on the 6 o'clock train, as it is the regular mail train. No connection was made by the freight train on the W. & W. R. R. with the A. & N. C. R. R. until after my first communication in your paper several weeks ago; in fact a passenger from Baltimore bound to New Berne could go by Richmond & Danville and get to New Berne just as soon and just as cheap as by the W. & W. R. R. This is, and was simply outrageous.

As a political machine I am conscious that I have as much interest in the A. & N. C. R. R. as Col. Whitford or any other man. Slurs aimed at me as to having no interest in trains and mails and being more clamorous, etc., fail to convince this community that the present schedule is right and proper and is run in the interest of the business men.

Will They.

EDITOR JOURNAL.—A communication appeared in your issue of the 16th inst. signed "X," stating that the Greenbackers of Eastern North Carolina would support the Democratic State ticket if they have no ticket of their own, but would probably support their National ticket.

Does "X" know that there was a man hung in New Orleans during the late war, which was a cold blooded murder, and does he know who that murderer was, and does he suppose that the people of North Carolina or any other Southern State will vote for a murderer for President of the United States?

Pollockville Items.

Rain is much needed now.

Crops are good through our entire section. Our farmers are of good cheer.

No items this week, on account of your itemizer being off to Beaufort and Morehead for the past two weeks enjoying the refreshing sea breeze.

A Cleveland and Scales Club was organized here last Saturday afternoon, July 12th, at 4 o'clock, after only a few hours notification and fifty or sixty names enrolled. Only a temporary organization was effected, with H. C. Foscu as President and Dr. Street as Secretary. The permanent organization will be made Saturday, July 19th. A committee of three, consisting of Messrs. Street, J. C. Bryan and J. F. White, was appointed to see about erecting a flag pole at this place. Messrs. A. Haskins, S. Hudson and Dr. N. H. Street were appointed to address the meeting at its permanent organization. So you see, even if it is in a Republican county, Pollockville was one of the first places in the State to start the ball. The black cloud of Republicanism has done nothing to quench the flame of Democracy which exists without any hope of reward in our breasts.

Greely is Found with Five of His Comrades.

The relief ships *Thetis* and *Bear* found Lieut. Greely and other survivors of the Greely expedition near Cape Sabine, in Smith's Sound, June 22d; seventeen of the twenty-five persons comprising the expedition died from starvation at the point where found, and one was drowned; the survivors are at St. John's, N. F., all now in good health, but weak; Lieut. Greely abandoned Fort Conger August 9th, 1883, and established his camp where he was found October 21st, 1883; when reached by the rescuing party under Capt. Schley and Lieut. Emory, four of the seven survivors were unable to walk and could not have survived another day.—*Wm. Star.*

Major Stedman.

Major Charles M. Stedman, Democratic candidate for Lieutenant-Governor, left for the West yesterday evening. He goes to Raleigh to confer with the Chairman of the State Executive Committee, thence to Greensboro, where, in response to a telegram from Gen. A. M. Scales, Democratic candidate for Governor, he will remain a day for consultation. From Greensboro he goes to Asheville, where he will remain until about the 10th of August, when he expects to begin his canvass of the Western counties unless otherwise

Determined by the State Executive Committee.

Major Stedman is full of zeal and enthusiasm in behalf of the Democratic State and National tickets and will do his full duty in the campaign now about to open.—*Wilmington Star.*

Washington Items.

From the Gazette.

Mr. C. K. Gallagher has a curiosity in the shape of a five leaf stem of clover.

The steamer *Washington* is up for repairs and the steamer *Beaufort* is temporarily on her route.

The infant daughter of Mr. Timothy Cutler, Annie Bertha, died on Tuesday afternoon.

Mr. Goethe Wilkens is placing the material on his lot on Market street for the erection of a residence.

Messrs. S. R. Fowle & Son are making preliminary arrangements for putting an addition to their store.

We hear of a number of young men who will go to Ocracoke on the steamer *Glide* on Saturday evening.

A correspondent of the Pamlico Enterprise strongly urges the name of E. H. Riggs, of Dare county, for the Senate in this district.

Some of the finest beef we have seen in a long time was in market on Tuesday. Yesterday some very nice oysters were obtainable.

The colored people will make an excursion to New Berne on the steamer *Edin City* on the 29th inst. Prof. Dibble has the management of the affair.

Mr. George Phillips has gone to Ocracoke with the purpose of building a bath house in the surf and running a vehicle to and from the boarding houses.

Watermelons and cantaloupes are later and scarcer this season than we have ever known.

The tinners from Norfolk, who are to put the roof on the Town Hall, arrived on Monday, and are now engaged on that work.

Little Sammie, infant son of H. H. and Annie Carrow, died on Wednesday morning last at Ocracoke, where it was carried a few days previously with a view to restoring it to health.

We are pleased to learn that our friend Mose Fowler is doing so well with his hotel undertaking at Ocracoke.

At a meeting of the Washington Light Infantry, held on Thursday night last, the company voted to accept the invitation of the Pasquotank rifles to join with them in celebrating the landing of Sir Walter Raleigh, which takes place at Nag's Head on the 23d, inst. The company have ordered a fine new flag, new belts, etc., and will go down in grand style.

The trout brought to this market from Ocracoke and other places on the coast are as poor as they well can be, dry as a bone when cooked, and really not worth purchasing.

STATE NEWS.

Gleaned from our Exchanges.

Goldsboro Messenger: The many friends of Capt. R. A. Southerland will regret to learn that he has been confined to his bed, at the Gregory House in this city, for several days, with malarial fever; and it is thought that it will be some time before he will be convalescent.—The Southern Express Company have generously reduced their rates of transportation in regard to fruit consigned to the Fruit Fair, to come off in this city July 30th and 31st. They will bring fruit to the Exposition at a third less than their regular rates.—Workmen are busily engaged at the "Arlington House," in this city, pushing it to completion, according to its original beautiful design. When completed, as Capt. Winslow hopes it will be by the Fruit Fair, it will be probably the handsomest hotel in the State.—Mr. J. F. Cords, for several years a workman in the machine shops of W. F. Korngay & Co., left last week for Raleigh, to take a position in the shops of the Raleigh & Gaston Railroad at that place.—On Tuesday morning last, in Raleigh, our esteemed townsman, Mr. W. F. Korngay, was united in the holy bonds of matrimony to Miss Annie L. Snow, of that city. The marriage was unostentatious and quiet, and the happy couple took the cars at once for a tour through the New England States, where they will spend the summer.

An Old Field Weed.

The old field Mullein has been a seeming outcast for many years but now it has suddenly attracted the attention of the medical world who now recognize it to be the best lung medicine yet discovered, when made into a tea and combined with the Sweet Gum presents into Taylor's Cherokee Remedy of Sweet Gum and Mullein a pleasant and effective cure for Croup, Whooping Cough, Colds and Consumption. Price 25cts. and \$1.00.
