

THE DAILY JOURNAL.

VOL. III.

NEW BERNE, N. C., FRIDAY, JULY 25, 1884.

NO. 99.

LOCAL NEWS.

Journal Miniature Almanac.
Sun rises, 5:03; Length of day, 14 hours, 6 minutes.
Moon sets at 9:36 p. m.

Vance and Jarvis to-night.
July is putting in some hot licks to ward the last.

New Berne Lodge, No. 443 Knights of Honor, meets to-night.

A large crowd will be at the Court House to-night to hear Jarvis and Vance.

A large crowd of excursionists from Smithfield and other points up the road, passed through for Morehead City yesterday.

We bade Maj. Credle "by, by," a few days ago, thinking that he was off for Hyde county, but we find him here yet. What's the matter?

Messrs. Howard & Jones, the champion clothiers of New Berne, are out in a new "ad" offering to sell the remainder of their spring stock at cost. They mean what they say.

The walls of the Graded school building are completed and the roof is being put on. Dr. R. H. Lewis, of Kinston College, pronounces it one of the best arranged buildings for school purposes he has seen.

Large Potato.
Mrs. Gilbert Arthur, of Little Swift creek, has sent us an Irish potato weighing one pound and five ounces. We are glad to learn that Mrs. Arthur's crop is looking generally well.

At the Court House To-Night.
The Cleveland and Scales Club will be entertained to-night at the Court House by Senator Vance and Governor Jarvis. Senator Vance will arrive on a special train at 6:30 o'clock this evening from Morehead City and the Governor will arrive on the regular mail train from the West. All who desire to hear these distinguished sons of North Carolina on the political issues of the day are cordially invited to attend.

Crops in Lower Beaufort Co.
A JOURNAL reporter interviewed Dr. M. H. Peterson, of Aurora, Beaufort Co., yesterday. The Doctor reports seasons very favorable to corn and cotton. Just enough rain—not too much, not too little. He reports, also, increased interest in school matters; says the old "pod-anger" system is giving way to the new methods.
Beaufort county has great possibilities before her and will be among the foremost counties yet.

On the Search.
A Kinston bachelor, who attended the Teachers' Chataqua, at Waynesville, was promoted by the newspapers to be one of the pedagogic fraternity.
On the strength of this, he attended the University Normal School and tried to get admission—on the girls' side of the chapel. Failing in this, he tried to persuade one of the lady teachers that she was injuring her mind by too close application to study—and that the best cure for this was a seat under the shade of a mighty oak in the campus—by his side. This resulting in failure, he has fled to Morehead to drown his sorrows—in the mazes of the german.

Personal.
George Henderson, Esq., returned from a trip to New York yesterday.
Mr. Jacob F. Parrott, of Kinston, was in the city yesterday. We see the papers put him down as a teacher at the Chataqua, recently held at Waynesville.
Mr. J. C. Wooten, of Lenoir, is in the city.
Rev. James M. Watson, Messrs. Samuel M. Mann and R. D. Farrow, of Hyde county, arrived on the Elm City on Wednesday night and left for Toisnot via A. & N. C. Railroad to attend the District Conference of the M. E. Church.
Mr. J. H. Bell left for Morehead City last night.

A Cabbage.
We have received by the kindness of D. M. Watson, Esq., a cabbage from Mr. W. W. Boomer, of Hyde county, which is about the largest yet. This one measures 35 inches in circumference, and that with all the outer leaves taken off.

We must, at the risk of becoming wearisome, again urge upon the good people of that county the importance of having specimens of their products on exhibition at the Exposition at Raleigh this fall. The county has a wide spread reputation for its corn production, but we are sure that the excellent quality of other products are comparatively unknown to the people of the State. The "Sweet" apple, known to be one of the best grown in the State; in fact, among the best, for winter use, grown in any State, should be by all means on exhibition, and many other articles of the farm and garden.

Yachting at New Berne.
We see no reason why there should not be a perfect fleet of yachts on our waters during this season of the year. There is "ample room and verge enough." There are fine breezes, and all the pretty girls have not yet left town. Before the summer of 1885 passes let us have a regatta at New Berne.

Campaign Clubs.
To aid and encourage the organization of Cleveland and Scales campaign clubs in each township in Craven county, the Central club has adopted the following:

SEC. 3, ART. III.—On the organization of Democratic Campaign Clubs in any of the townships of Craven county, and the same together with the names of the officers of said club or clubs and the members thereof being certified to the secretary of the Central Cleveland and Scales Club, the said clubs, so formed, shall be entitled to participate in this organization. The Presidents shall be, ex-officio, Vice Presidents of the Central Club and the members of the same entitled to all the privileges and prerogatives of membership in the Central Club.

We are also requested by the President of the Central Club to State that if the township executive committees will inform him when they will hold their meetings for organizing clubs he will, if they desire it, send a committee from the Central Club to aid them in effecting their organizations.

The Mecklenburg Celebration.
We have received a neat pamphlet containing the oration of Senator Geo. H. Pendleton, of Ohio, delivered at Charlotte, N. C., at the 109th anniversary of the Mecklenburg Declaration of Independence, May 20th, 1884, published by the committee. It is a chaste oration with historic facts neatly grouped together and show as a rapidly passing panorama before the audience. In his peroration he says: "Men of Mecklenburg! Out of this city went an influence which in the end established independence and created union. Shall there go out from here that ten-fold greater influence necessary to preserve both? The greater trial is before you. The danger comes from corruption, from luxury wasteful ways, from greed of gain which wasteful ways make inevitable."

"I do not doubt your virtue will be equal to this trial also; but it must be by living in the historic light of your great ancestors; by remembering that men, living men, high souled men, honest, upright, virtuous, liberty loving men are the only foundation of free States, that the first duty of every thoughtful man is, not to carve out institutions of government, but to lead his fellow citizens, by the supreme cultivation of civic virtue, to be worthy of the best institutions."

The State Exposition.
EDITOR JOURNAL:—The time for the opening of the State Exposition, on October next, at Raleigh, is rapidly approaching, and as the CITIZENS of the counties of Craven, Jones and Carteret have determined to have their counties represented, although the county authorities of those counties have felt either unable or unwilling to assist in the matter. The people have taken the matter in hand, and intend, by private and individual contributions and exertions, to make it a success. They intend to show the people of this State our resources, and to convince them that the sneer "lazy east" does not apply to us. Every time that Craven has hitherto competed with the rest of the State, she has either borne off the prize or been among the first of the competitors. Such will be the case in the approaching saturnalia with prudent management, and proper exertion. Our motto is "Try us, prove us, disprove us if you can," and we hope to enter the contest in generous rivalry or battle cry being the motto of our graded school *Palmam qui meruit, ferat*, (let him who merits it receive the prize).

But what are we doing? The gentlemen who have laid their hands to the plow have a great deal to do, and not too much time to do it. I feel confident that the public at large will help if they can only be informed how they can assist. Contributing money will help, but that is not the only way to aid and assist.

Mr. Ives, in behalf of the Fish Commission, has shown a commendable zeal and energy in having prepared, in excellent style, a large number of specimens of our fish; and Mr. Clarke and Mrs. Morgan have in addition quite a collection of taxidermic specimens of birds, animals, and reptiles, as well as fishes.

That it may be known what we have, and that additions may be made to them, I suggest to the committee to rent a convenient room—say the store, lately occupied by Mr. Pragg, at the corner of Pollok and Craven streets—secure the services of a proper person to take charge of the collection, and place the articles now on hand upon exhibition, that it may be seen what we have, and what we need. The expense involved may be readily met by placing a contribution box in the room where visitors may deposit a coin if they feel so disposed.

In my next I shall propose a plan by which the people from this section may cheaply and comfortably visit the Exposition and stay a reasonable time without a large expenditure of money.

H. BOESCH.
New Berne, July 24, 1884.

Committees Appointed.

EDITOR JOURNAL:—According to the provisions of the by-laws of the Cleveland and Scales Central Club of Craven county, adopted July 23, 1884, I have, with the kind assistance of the Vice-Presidents of the Club, appointed the following standing committees:

As the Club may not meet again for executive business in the course of the next few weeks, allow me this effectual method, of your columns, to make the appointments known to those selected to fill the various positions assigned.

Very respectfully,
CLEMMENT MANLY, Pres't.
FINANCE COMMITTEE.

Jas. W. Moore, chairman; Dr. G. W. Slover, Jos. Schwerin.

CONTRIBUTIONS.
First Ward—S. R. Street, ex-officio chm'n; Wm. Ellis, E. B. Roberts.
Second Ward—Gen. R. D. Hancock, chm'n ex-officio; W. F. Rountree, J. R. B. Carraway.
Third Ward—Phil. Holland, jr., chm'n ex-officio; Alex. Miller, Thomas Daniels.

Fourth Ward—F. G. Simmons, chm'n ex-officio; W. S. Phillips, S. H. Scott.
Fifth Ward—J. H. Hackburn, chm'n ex-officio; L. S. Wood, E. B. Hackburn.

HALL.
W. S. Wooten, chm'n; H. E. Baxter, Ralph Gray.

RECEPTION.
Clement Manly, chm'n ex-officio; Geo. Allen, A. W. Edwards.

SPEAKERS.
M. DeW. Stevenson, chm'n; E. H. Meadows, L. H. Cutler.

FLAG POLE.
Chas. K. Hancock, chm'n; John Dunn, H. B. Duffy.

MUSIC.
Matt. Manly, chm'n; James C. Roberts, A. W. Cook.

PUBLICATIONS.
Ed. Gerock, chm'n; F. W. Hancock, O. H. Guion.

ELECTION.
First Ward—S. R. Street, jr., chm'n ex-officio; James Lewis, John C. Green.
Second Ward—Gen. R. D. Hancock, chm'n ex-officio; F. P. Howell, John H. Bell.

Third Ward—Phil. Holland, chm'n ex-officio; John W. Smallwood, Joseph Rigdon.

Fourth Ward—F. G. Simmons, chm'n ex-officio; Hardy B. Lane, John R. Thomas.

Fifth Ward—J. H. Hackburn, chm'n ex-officio; A. M. Hanff.

LAWS AND REGULATIONS.
George Ash, chm'n; W. P. Burrus, J. Havens.

Some Impressions Made on a Stranger.
EDITOR JOURNAL:—Being some time in your city on business, I have taken advantage of some leisure hours to visit some points of interest.

THE NEW BERNE ACADEMY.
Feeling very great interest in the educational prosperity of our section of the State, I have visited this institution several times. Although the roof is not yet up, still the first view strikes the observer most favorably. Its proportions are so nearly perfect that it is impossible to guess at the dimensions. Its extreme neatness displays most excellent taste in somebody. There is a delightful want of any extraordinary effort at architectural display. Although the portico or porch is yet to be built, still we can safely predict that it will not detract from the present dignified appearance.

The internal arrangements are peculiarly well fitted for school purposes. The wide hallways, the many windows, the sliding doors, the ventilators, the furnaces, the deadened floors, the hat and cloak rooms, all indicate that careful attention to details so essential to the comfort of pupils.

New Bernians certainly ought to be proud of this beautiful building.

BREEZES.
Your up-country visitor has enjoyed the refreshing breezes which blow almost constantly over your city, and which temper the heat most delightfully.

Nowhere else do we know of a place where you can get a pleasant sail and a glorious bath for only ten cents.

My host of the Gaston House knows well how to entertain his guests; and to his kind attention we owe the delights of a pleasant room and most wholesome meals.

SCHOOLMAN.
New Berne, July 24th.

A Disastrous Fire.
EDITOR JOURNAL:—The turpentine distillery of Geo. W. Smith, of Silverdale, was totally consumed by fire this (Wednesday) morning at 11 o'clock, together with 67 casks spirits turpentine and a large amount of resin and crude turpentine. The fire originated between the kettle and brick work around the same. Loss, about \$2,000, with no insurance.

E. B. HARGETT.

Remember
That watermelons bought of William Weinstein will be delivered free of charge in any part of the city.

Notice.
On account of running an excursion from Washington to New Berne on Tuesday, July 29th, the steamer Elm City will not make her trip to Hyde county until Wednesday morning, July 30th, at 8 o'clock a. m.

RALPH GRAY, Ag't.

Kinston Items.

Miss Mollie Heath, of New Berne, is visiting relatives at this place.

California ostrich eggs bring \$1200 a dozen. Pink Hill will boast of a dozen or two after Anthony Davis, Esq., reads this item.

Einstein is getting in the brick and other material for the erection of his residence and brick building adjoining his present commodious brick store.

Miss Johnnie Kornegay, daughter of J. M. Kornegay, of this county, recently from St. Mary's School, Raleigh, is visiting her sister, Mrs. A. D. Parrott, at Kinston.

Hugh Humphrey, Esq., Deputy Internal Revenue Collector of the Fourth District, will be at Kinston, August 5, to take fruit distillers' bonds. "Be ye ready."

The New Berne Brass Band can tout their horns quite artistically, but they cannot begin to make music equal to the Kinston Band. This was fairly tested last Tuesday.

These cool nights and warm days are accounted for by the absence of the Lord Mayor, who, for recreation, is attending the Springs. He makes it hot, at all times, wherever he is.

Capt. E. R. Page, Mayor of Trenton, was in town last Tuesday, "wetting his whistle" occasionally with his friends. Our Mayor keeps his whistle wet at all times, especially "early and often" soon in the morning.

Judge Waters, of the Falling Creek Judicial District, is as successful as a farmer as he is as a jurist. He has five acres in watermelons, large, sweet and tempting as any of the beautiful girls within his jurisdiction.

For the edification of all courting characters, this may be said about popping the question. It is strictly a masculine institution, though it involves the presence of a woman. If a man popped all alone and no woman to catch on to his pop, he'd be a blamed fool for his trouble. Men have been known to pop at all times and in a variety of places, but those who have been there say that a good solid pop over a garden gate lays over any other sort of a pop and is the poppiest kind of a pop. All women like to hear a man pop his poppiest, and have been known to get mad if the pop was a weak, sickly kind of a pop, without style or self-respect or force of character. Men get off the best kind of a pop when they have both of their girl's hands in their own or have one of their arms around her waist. This action gives tone and force to the pop—helps to hold a fellow up while making it. Some fellows take naturally to popping and are going off all the time. To others it is a painful and laborious proceeding, only to be attempted once in a life time and then only as small a pop as they can possibly get away with. When a fellow's pop is acceptable to a girl, it instantly involves a kiss. When it is not acceptable kissing is not involved. When a fellow pops, he always pops at his best girl. No fellow ever pops at his second or third best girl. There is no exception to this rule. Popping is a very ancient and honorable institution and the girls like it. A girl who has never heard a pop never confesses as much. She invents a pop, so that the other girls cannot get the dead wood on her. We believe in popping, having experimented in that direction.

Foreign News.
LONDON, July 23.—The annual report of the Northern Spinners' Association has just been made public. It states that the cotton trade has not been prosperous during the past year. It draws attention to the competition offered by the growing spinning industry in India, and declares that this competition is becoming serious. The trade also suffers constantly and heavily, it says, from the presence of damp and sand in bales. Moreover there has lately been a serious admixture of inferior cotton in bales purporting to be of higher quality. The report urges the importance of a strict examination of bales when opened.

PARIS, July 23.—There were twenty-one deaths from cholera at Marseilles last night, and fifteen at Toulon. Several apothecaries at Toulon threaten to close their shops, because the city is distributing medicines free.

LONDON, July 23.—Advices from Corunna, Spain, report that a collision at sea had occurred between the Spanish steamer Gijon, from Corunna, for Cuba, and the British steamer Laxham. Both vessels sank. Forty-five of the Gijon's passengers and eleven of the Laxham's crew had been landed at Corunna. It was believed that the rest of the passengers and crew were saved.

The Confederate Monument.
The ladies of the New Berne Memorial Association earnestly desire to complete the monument already begun to the memory of our honored Confederate soldiers. They will need for this purpose \$450 and they feel assured that it will only be necessary to let this fact be known, to meet with a generous and ready response from every citizen of Craven county whose heart beats in sympathy with theirs in their work.

Any contribution, however small, will be thankfully received and properly used. A box will be placed at the store of Mr. Alex. Miller, who is the authorized agent to receive any money for the purpose; or it may be given to any one of the officers of the Association whose names are here subscribed:

Mrs. E. B. DAVES, President.
L. C. VASS, Vice-President.
GEORGE ALLEN, Treasurer.
C. W. McLEAN, Secretary.

may 21st

Pipe is *pipa* in Swedish, *peife* in German, *pip* in Dutch, *pipe* in Danish, *pipe* in French, *piva* in Italian, *pid* in Welsh, *piob* or *duddhen* in Irish, and the best tobacco for all is Blackwell's Durham Long Cut, the Durham Bull type, a brand whose purity is proved by the millions of smokers.

WAR! WAR! WAR!

The greatest political war perhaps for the last century is now about to open, and that every Cleveland or Blaine man may take an active part in this great political fight, it is of great importance that he should commence at once to lay in his supplies of Groceries and Dry Goods at the Great Cheap Cash Store of HUMPHREY & HOWARD'S, that he may give the necessary time to achieve the greatest victory ever gained in these United States. The war has actually begun from the Presidential Chair down to the lowest county offices. Some may cry peace, peace, but there will be no peace until every man shoulders his pocket-book and goes down to the Great Cheap Cash Store of HUMPHREY & HOWARD'S, and buys a supply of Dry Goods, Groceries, Boots and Shoes, etc. Sold at the lowest living prices. dw

Job Work.
The JOURNAL office is prepared to print Bill Heads, Letter Heads, Envelopes, Cards, Tags, Circular Envelopes, etc., in neat and handsome style, and also at prices to suit the times. Give us a trial.

Chattel Mortgages, Real Estate Mortgages, Deeds, Lien Bonds, always on hand.

Blanks for the appointment of Overseers, and for making Overseer's report, on hand.
