We were glad to see W. F. Rountree out yesterday and to learn that he is recovering from his late sickness of several days.

A fine shower of rain about 2 o'clock yesterday evening cooled the air, causing the thermometer to drop several degrees.

Capt. Sam'l W. Howard has been appointed Road Master of the Atlantic and North Carolina railroad. A good appointment.

Maybe it was the occasion, but it seemed to us that the Silver Cornet Band never did better than on Friday night at the grand rally.

On Friday at 3 o'clock p. m. the thermometer, in the shade, registered at Raleigh, 100, at New Berne, 98, and at Morehead City 81. This is sufficient testimony to prove Morehead City a summer resort of no ordinary advantages.

We have received a beautiful picture of the Southern Exposition, which opens at Louisville, Ky., Aug. 16th, and continues until Oct. 25th. The view is of the main building, which is one of the largest Exposition buildings ever erected. It covers thirteen acres of ground, and will be lighted throughout by five thousand electric lights.

The introductory speeches at the Club meeting on Friday night are complimented on every hand. "That was handsomely done," said Col. J. H. Anderson when Mr. Stevenson took his seat after introducing Gov. Jarvis, and "that little speech of Manly's in introducing Vance was the prettiest I have heard for a long time," was said by several.

Cicero Robbins has lost a subscription list containing a list of the contributors to the entertainment of the Salamander Fire Company of Washington, which will arrive here next Wednesday morning. He says the subscriptions have all been collected but one or two but he wants the list to enable him to make his report. Any one finding it will confer a favor by returning it to him.

The Watermelon Crop.
We learn that the watermelon crop of Bogue sound has been quite remunerative this season, though not so large as last year. Mr. Geo. N. Ives, a shipper, has already sent forward 15,000 and will ship as many more in a few days. Bro. N. M. Jurney will make a shipment as soon as he can decide whether his crop is citrons or watermelons. It is said that he is quite a success in building fine sailing crafts but for raising watermelons he will have to yield the palm to the Bogue sounders for a while longer.

Church Services To-day.
Baptist Church—Services at 11 a. m. and 8 p. m., conducted by Rev. S. H. Thompson, of Lexington, N. C. Seats free and the public cordially invited to attend. Sabbath School at 4 p. m.
Christ Church—W. W. Shields, Rector. Seventh Sunday after Trinity. Services at 11 a. m. and 6 p. m. Sunday School at 5 p. m. The public are always invited to attend the services of this church.
M. E. Church—Services at the Theatre by Rev. Dr. Burkhead at 11 a. m. Sunday School at 4 o'clock.

Personal.
John U. Smith, Esq., has returned from a trip to the rural districts, Politically, cotton or love.
Major Robert Bingham went down to Morehead last night. He told a reporter that he was just from the National Teacher's Association, which was held at Madison, Wisconsin. There were six thousand teachers present, the largest number of professionals that ever met together in one place for one purpose. The assembly was too large for one building, so that it was divided into two sections. Maj. Bingham read his now famous paper on "National Aid to Education." He thinks it was well received, and we have no idea but that it was heartily appreciated.
Mr. Meadows, of J. C. Bryan's farm, Jones county, was in the city Saturday and reported stalks of corn fourteen feet high and still growing. He promised to save several stalks for the Exposition.
Boymond and George Ransom, Henry and Shepherd Bryan left yesterday for Horner School, at Oxford.
Miss Matt Ransom is visiting relatives at Newton.

Second-hand Blinds Wanted.
Ten or twelve pairs of second-hand window blinds for twelve lights, 2x10 windows, wanted. Any person having such for sale can find purchasers by calling on
BARNES & PAUL,
109 1/2 E. W. St.

Boiler Overboard.
A large boiler in transit yesterday broke loose from its tackle and run in the river at the railroad wharf.

The Other Way.
Pull down the blinds, double lock the front doors; answer no rings of the bell, for this is the season to be off to the springs and fashionable resorts, and the Jenkinies must not know that we are at home in the city. That is the way the story has been told on the devices of fashion whose means had from sudden shrinkage doomed them to "a season at home."

But we now have a ruse that blacks the eye of that feminine strategy. A ruse invented by the sterner sex; which is to grab the linen duster and umbrella, push for the train about 6 p. m.; stand on the platform until the train goes, and then stealthily wend your way back home by unfrequented thoroughfares and on the morrow talk loudly of the fine breeze, elegant surf bathing, and sailing, the good fare at the Atlantic, and know more about Morehead than the old Governor ever knew himself—and maybe you won't be found out. But in speaking of the French capital be sure to call it Paris.

Meeting of Township Executive Committees.

A meeting of the Township Executive Committees was held at the court house in New Berne, July 26th, 1884.
Vine Allen Tolson, of township No. 6, was called to the chair and R. G. Mallett was appointed secretary.

On motion, the roll of townships was called and delegations from Nos. 2, 6, 7 and 8 responded.

On motion of Mr. Latham, the meeting went into the election of an Executive Committee for the county, with the following result:

Township No. 8.—Alpheus W. Wood, S. R. Street, Jr., Matt. Manly, E. H. Meadows, Philommon Holland, Jr., Jas. W. Moore, Ed. Gerock, Dr. Geo. Slover, Hardy B. Lane, J. H. Hackburn, E. S. Street, W. P. Richardson, J. A. Bryan, Enoch Wadsworth and R. D. Hancock.
Township No. 7.—Walter H. Bray, R. G. Mallett, G. L. Hardison, Jr., Mark Discaway, John S. Fisher and John W. Conner.
Township No. 6.—B. E. Williams, Jas. H. Hunter, John Dillard, V. A. Tolson and T. H. Mallison.
Township No. 5.—Abe Lee, Sam. W. Willis and Charles Nelson.
Township No. 3.—A. E. Wadsworth, Joel Kinsey, Jas. W. Lane, R. A. Russell, Jas. W. Biddle.
Township No. 2.—Fred P. Gaskins, Steven E. Whitford, Jas. A. Ernul, Alfred Gaskins, S. W. Latham.
Township No. 1.—Jas. B. Gardner, Geo. J. Dudley, Dr. D. W. Smith, Wm. Cleve, W. H. Ellison.
Township No. 9.—Sam'l Ipoek, Freeman Ernul, M. W. Carman, H. Davis, W. B. Lane.

On motion of Mr. Manly, the Secretary was instructed to notify the gentlemen named of their election and request their attendance at the court house in New Berne on Saturday, August 2nd, at 11 o'clock, for the purpose of perfecting their organization and other important business.
R. G. MALLETT, Sec'y.

EDITOR JOURNAL.—Permit a visitor to express his gratification at what he saw and heard at the "Ratification" on Friday night. Firstly and principally what he saw was the courteous attention of the members of the Club in seating the audience as it came in. Really it made one feel at ease and reminded him of some orderly theatre with its corps of ushers.
The committee, as he learned it was, acquitted themselves with more than credit to the cause they have espoused, the ticket they support and each individual members thereof. As to the speeches, space forbids that he should say more than that they were good, and with offering of thanks to the gentlemanly ushers for courtesies received, I will close.
VISITOR.

HANOVER, O., Feb. 13, 1884.
After having lung fever and pneumonia I had a dreadful cough and could not sleep at night. The doctors told me I had consumption and would die. I have taken six bottles of Pisco's Cure and my cough is entirely gone, and I am well as ever.

The Academy Green.

EDITOR JOURNAL.—Your suggestion in this morning's issue of the JOURNAL as to improving the Academy Green is a good one and I trust will be promptly acted upon as soon as the new school building is completed. I have often regretted the great lack of interest manifested by our "city fathers" in improving and beautifying our city. New Berne is naturally beautifully located, fronting two fine rivers with a climate and soil well adapted to the cultivation of flowers and trees, it would be a comparatively easy matter to make it one of the most charming cities in the country. Upon visiting the Northern cities one is struck with the beautiful parks and breathing places which adorn every city and town of any size, and the people of that section are well aware that every dollar expended in this way is well invested. The great Central Park of New York has cost that city many millions, but the cost has been several times returned in the enhanced value of property in the vicinity of the park and the taxes paid into the city's treasury. The same can be said of the beautiful Fairmount Park, of Philadelphia, and Prospect of Brooklyn. Our city is slowly but surely improving. New houses are being built in different parts; old ones painted up and our handsome new court house and school building will add greatly to the beauty of the city. Our fine shell roads are what was much needed and are already the envy of our neighboring cities of the interior who cannot get the shells for this purpose and cannot afford to pave their streets. Money expended judiciously upon the improvement of streets and roads is always a good investment for any city to make. Any one who will walk up to our beautiful cemetery this afternoon can see how easy it is to make a park and I trust our city officials will put a neat fence around the Academy Green. Keep down the weeds, the grass cut closely and we shall all see how nicely the Green (which is already well shaded) will look and what an improvement it will be to the city.

La Grange Items.

Quite a refreshing shower this, Saturday morning.
John Reid is quite sick of biliousness. Mrs. Dr. Hodges has improved sufficiently to be up.
Miss Willie Best and Miss Cora M. Faircloth, of Goldsboro, are visiting Mrs. K. E. Bizzell of our town.
Rev. Mr. McCullough, of the M. P. Church, was in town Thursday. He left for Oak Grove, Pitt county, Friday morning.

C. C. Taylor, of the JOURNAL, G. F. M. Dall, of New Berne, and Dr. W. A. J. Pollock, of Kingston, gave us a short stay Thursday.

J. D. Murphy, formerly of our Collegiate Institute, was in town Thursday. He returned to Peader county, his home, Friday.

Alex. Dawson, an aged and highly respected citizen of Lenoir Institute township, is dangerously sick. He is not expected to recover.

H. E. Dillon, Esq., is contemplating the building of two brick stores not a great while hence. That is right, gentlemen, use your money in improving the town good buildings—it will induce strangers to come and do business among us.

Dr. William Whitfield intends to permanently locate in our town shortly. We welcome him and wish him success; but don't want strangers to take this as evidence of the unhealthiness of this town and vicinity. Our community is as healthy as any in Eastern Carolina.

A number of the Democrats of the town and township met here Friday evening and formed a temporary organization of a Cleveland and Seales Club.

J. P. Joyner was chosen President, S. I. Sutton Vice-President, E. W. Bizzell Secretary.

J. Y. Joyner, J. H. Fields, W. S. Uzzell, S. I. Sutton and Shade Wooten were appointed a committee on constitution and by-laws.

G. L. Taylor, J. D. Walters, J. T. Wooten, C. W. Joyner and G. A. Pitts were appointed to receive names for membership.

R. W. Joyner, Esq., entertained the Club with a handsome little speech, in which he exposed the doings of the Republicans since the war, and showed the claims of the Democrats upon the people who desire to see the government administered according to the Constitution and the Laws.

The Club meets Friday, August 8th, at 3 o'clock p. m., at which time a constitution and by-laws will be adopted.

We hope to see every Democrat in the township enrolled as a member of the Club, and ready work from now until the election in November.

WAR! WAR! WAR!

The greatest political war perhaps for the last century is now about to open, and that every Cleveland or Blaine man may take an active part in this great political fight, it is of great importance that he should commence at once to lay in his supplies of Groceries and Dry Goods at the Great Cheap Cash Store of HUMPHREY & HOWARD'S, that he may give the necessary time to achieve the greatest victory ever gained in these United States. The war has actually begun from the Presidential Chair down to the lowest county offices. Some may cry peace, peace, but there will be no peace until every man shoulders his pocket-book and goes down to the Great Cheap Cash Store of HUMPHREY & HOWARD'S, and buys a supply of Dry Goods, Groceries, Boots and Shoes, etc. at the lowest living prices.

Kinston Items.

Our Lord Mayor has returned from Seven Springs, fully recuperated and rejuvenated. He has "wet his whistle," and law-breakers may well keep both eyes on him.

The burglars are about, and it would be well for every body to sleep with both eyes open. A few nights ago the grocery store of J. Slaughter & Co. was entered and three barrels of flour taken. About the same time the store of Jew Edwards was tried, but the robbers were driven away by the prayers of a preacher and the growls of a pet fox.

Our special tobaccoist grows in age faster than a patriarch. Last year he was returned on the tax list for 39 years old. This year the tax list makes him 50, just avoiding the poll tax. If he proceeds at this pace he will reach the age of Methuselah before he stops selling tobacco. Eleven years crowded into one! Who shall say this is not a fast age? Well, Thomas, we hope your "figures don't lie."

A horse, escaping from its owner, always "goes west." The great naturalist of Falling Creek, A. D. Parrott, Esq., says this is instinct with the horse, one never having been known to take any other direction. A careful study of this noble animal put the "go west" idea into the head of the late Horace Greeley. It is quite different, however, with a mule. It always takes the direction of the tail, and this too is the observation and experience of our aforesaid naturalist.

And now the Kinston Free Press wants to muzzle us for fear we may "kerbosh" the JOURNAL and the Democratic party. What a monster he makes of us, and what disinterested love, too, for the JOURNAL. Well, since our truthful reports cause so much "winching" by the Free Press, perhaps hereafter we shall "lie like the devil," and then we will be certain to get from that paper a genuine, heartfelt, "friendly word." Until then, of course, we can itemize only by permission of the Jupiter Tommas of the Free Press. How kind and gracious!

The "city fathers" have almost all of them deserted us. Mayor Moses is, however, at his post, contending with the passions and infirmities of human nature; Commissioner Pollock, as usual, is ministering to the ailments and accidents of the human family; Commissioner Pridden has gone to the mountains for his health; Commissioner Grainger has gone off to make fast to a "helmet," and Commissioner Loftin has gone North to study surface drainage in the city of Brooklyn. The Mayor, however, thinks he can carry this town, if not the world, on his broad shoulders.

Beaufort Items.

[From Telephone.]
The schooner *Cherubin* returned to New Berne last week from Philadelphia with a cargo of Goldsboro.

Capt. Wm. Sabiston arrived at home on Saturday night last after quite a lengthy absence.

The steamer *Lydia*, of Elizabeth City one of the steamers advertised by Major W. A. Hearne, came on Friday night last and is now plying the waters of this harbor.

Flounders are more plentiful than usual this season and in fact at present make up the bulk of the fresh fish exposed for sale in our market.

Miss Lucy Jurney, the sister of the popular preacher, has been spending a short time in Beaufort, where she has many warm friends who rejoice to bid her welcome.

The first ripe grapes of the season were brought in on Thursday, 13th inst., by Mr. L. C. Fulcher, of North river.

The queerest of all queer fish was sent up to Mr. G. N. Ives from Mr. James Guthrie, at the Cape, on Wednesday last. The species has never before been seen in these waters. It measured 5 feet 8 inches in length, had a projecting snout similar to a sword fish, the dorsal fin was more than 12 inches wide and had the appearance of a sail made of black silk. On the under side of the fish were two long prongs, having the appearance and consistency of whale bone, which, together with the sails or fins, could be folded within the body of the fish, and entirely concealed from view. The fish had no scales, and in shape and color resembled the mackerel.

STATE NEWS.

Gleaned from our Exchanges.

Greenville Eastern Reflector. We have seen design for the new Episcopal church to be built at this place. The house, if built by this plan, will be a beautiful one, and will cost between \$8,000 and \$9,000. We hope the work will be commenced at an early day.

Charlotte Democrat. Mr. John Bragg proposes to publish in this city a Democratic campaign paper to be called the "Rooster." Mr. Bragg knows how to write pointedly and plainly, and can say a good deal in a few words.—Hon. Jos. H. Wilson, the leading and oldest lawyer in this city, after recovering to some extent from a protracted illness, had a relapse last Tuesday, and has been quite low since then.

Snow Hill Telegraph. Mr. J. J. Potter, who states that he has been around a good deal lately, says that Mr. Lem Dawson, Jr., has the finest cotton he has seen, 23 acres of it averaging waist high last week.—Mrs. Penn Forrest, who lived in the lower part of the county, dropped dead a few days ago. She had prepared supper and was waiting for the family to come in when she fell

from her chair dead.—A fire occurred on the farm of Dr. W. J. Jones about three and a half miles from town on last Saturday night, which destroyed the barn and stables, one mule and a lot of feed and bacon. The loss of the tenant, Mr. William Carraway, amounted to about \$100; the buildings and mule belonged to Dr. Jones, the value of which we could not ascertain. The fire is supposed to have been the act of an incendiary. No insurance.

Notice.

On account of running an excursion from Washington to New Berne on Tuesday, July 29th, the steamer Elm City will not make her trip to Hyle county until Wednesday morning, July 30th, at 8 o'clock a. m.

On the contrary they prove of special service to those who have used calomel and other mineral poisons as medicines, and feel their injurious effects. In such cases Ayer's Pills are invaluable.
