County commissioners meet to-morrow.

Jones Superior Court convenes to-morrow.

The steamer Margie left last night for Washington.

Senator Vance speaks at Vancoboro on Tuesday, Oct. 14th.

Rev. Mr. Vines will preach at the Presbyterian church to-day.

Messrs. H. R. Bryan and M. DeW. Stevenson filled their appointment at Vancoboro yesterday.

Mr. H. C. Warters, contractor, has about completed the works of Watson & Daniels' office to ice house.

A. E. Kimball gives notice that he will keep the best of oysters and supply families in any quantity or condition desired.

The steamer Goldsboro arrived on Friday night with a cargo of general merchandise, and sailed last night for Baltimore with a full cargo of cotton.

The Orphan Asylum at Oxford is in need of funds. In the midst of the campaigning and Exposition the orphans should not be forgotten.

The Clyde wharf yesterday, was almost covered with stores for P. M. Draney. He makes a specialty of the "Farmer Girl" which he advertises in this issue.

The first rice of the season was brought in yesterday by Mr. T. H. Smith of this county. Mr. S. W. Smallwood was the purchaser at ninety cents per bushel.

Messrs. Philemon Holland, jr., of this city, and Chas. R. Thomas, jr., of Beaufort, made ringing speeches at Harlowe, Carteret county, on Friday night, after which a campaign club was organized.

Miss Mary Bayard Clark has issued a new volume of poems "Carolina Carols." She is very talented and her book ought to have a wide sale.—*Wilson Advance*.

Who is Miss Mary Bayard Clark, and where can a copy of the "new volume" be found?

Second Crop of Peers.

Master Fred Alphin brings us a bunch of peers of the second crop. There are four on the bunch, look vigorous and appear as if they would have matured had frost remained off for a few weeks more.

Exposition Issue.

We intend issuing an extra number of our Weekly JOURNAL next week for the Exposition. It will contain a short description of the counties of Craven, Jones, Lenoir, Onslow, Carteret, Pamlico Greene and lower Pitt. A number of copies will be sent to Clarke & Morgan for distribution.

Eclipse of the Moon.

Although it was in the almanac the eclipse of the moon took most of our citizens by surprise last evening. The eclipse began at 8 o'clock when not visible here, but it continued until 6:25. When the moon rose above the horizon the intervening planet was passing away and we only enjoyed a view of the last minutes of what was doubtless a grand sight to those living east of us.

Fay Up.

The Exposition Committee of New Berne are in need of the funds subscribed to make the county's exhibit at Raleigh. Those who have subscribed will do a good thing to pay up the money. The exhibit, while it may be, and doubtless is, a great credit to the county, yet, it is not what it can be made. There is time yet to add other articles, and promptness on the part of those who have subscribed to the fund will aid very much in making the exhibit still further attractive.

Struck Water.

James Redmond, Esq., has been boring and driving in search of water for several days at his new premises and on yesterday his efforts were crowned with success. He hopes that the supply will not only be sufficient for his purposes, but that the quality will be even better than that of the average city pumps.

The Jewels were of the opinion that Redmond was advancing to the relief of Gen. Gordon by a strategic move through the earth intending to come up in the rear with a supply of Bergner & Engels' dynamite, but when water was found and the driving and boring ceased they dismissed the speculation and took a view of the eclipse and retired somewhat surprised that any one should work so hard for nothing but water.

Personal.

Dr. Wm. Pell Ballance has returned from the North.
Mrs. Wm. Whitford and children have returned from a visit to Milton.

Gray Moss.

The New Berne Association exhibit at the State Exposition has a large lot of this valuable natural product, which is found so abundantly in our swamps. Properly cured and prepared it supplies the place of curled hair for stuffing mattresses and cushions, and thirty years ago sold for forty cents a pound. Its botanical name is *Tillandsia*, and Webster in his dictionary says: "*Tillandsia* can not bear water, and therefore I have given the name to a genus from a professor at Abo, who, in his youth, having an unpropitious passage from Stockholm to that place, no sooner set his foot on shore than he vowed never again to venture upon the sea. He changed his original name to *Tillandsia*, which means *on or by land*; and when he had subsequently occasion to return to Sweden, he preferred a circuitous journey of two hundred Swedish miles, through Lapland, to avoid going eight miles by sea."

Church Services To-Day.

Presbyterian Church—Services by the Pastor, Rev. L. C. Vass, at 11 a. m. Subject: "The Homeward Voyage." At 7:30, Subject: "Paul's doctrine of Aggressive Christianity." Sabbath School, Wm. Hollister, Superintendent. A cordial invitation is given to the public to attend all these services. Ushers at the doors.

M. E. Church, South. Services at the 4:40 at 11 a. m. by the Presiding Elder, J. E. Mann. Sunday school at the usual hour. The public are invited to attend.

Christ Church, V. W. Shields, Rector. Seventeenth Sunday after Trinity. Services at 11 a. m.—Holy Communion—and at 5:30 p. m. Sunday school at 4:30 p. m. The public are always invited to attend the services of this church.

Baptist Church, Rev. C. A. Jenkins, Pastor. Services at 11 a. m. and 7 p. m. Seats free, and the public cordially invited to attend.

More Rest.

Apropos of the article we copied yesterday on rising too early we give the following from an exchange. If a man's business demands that he keep open at night, then he should have a double set of clerks, and not work the life out of a young fellow before he reaches the age of manhood:

A health authority says: Great workers must be great resters. Every man who has clerks in his employ ought to know what their sleeping habits are. The young man who is up till three or four o'clock in the morning and must in his appearance at the bank or store at nine or ten o'clock and work all the day, cannot repeat this process many days without a certain shakiness coming into his system, which he will endeavor to steady by some delusive stimulus. It is in this way that many a young man begins his career to ruin. He need not necessarily have been in bad company. He has lost his sleep, and losing sleep is losing strength and grace.

Attention Oyster Farmers.

Lt. Francis Winslow, U. S. Navy, has been ordered by the Secretary of the Navy to report to Mr. S. G. Worth, and will lecture on oyster farming before the fishermen's convention on the 15th inst., at the exposition.—*News and Observer*.

Our oystermen, and all who live on the coast should attend and hear this lecture. The development of the oyster industry of North Carolina is hardly begun, and those who wish to be among the first to reap the rich reward that surely awaits those who go about it intelligently and earnestly, should begin to prepare for it. In addition to the lecture of Lieut. Winslow we think Mr. Geo. N. Ives, of Beaufort, has been appointed to prepare a paper on the same subject. Oystermen and fishermen should be at the Exposition on the 15th.

To any body who has disease of throat or lungs, we will send proof that Pisco's Cure for Consumption has cured the same complaints in other cases. Address, E. T. HAZELTINE, Warren, Pa.

A Kaleidoscope Free.

Every boy and girl should send to W. S. Bond & Co., York, Pa., for a free sample copy of *The Kaleidoscope*, which is the prettiest little magazine for boys and girls you ever saw, for 50 cts. a year. It would pay teachers to invest a cent in a postal card to send their address for sample copy. It is just what ought to be introduced into every school as supplementary reading.

La Grange Items.

Rev. Mr. Carpenter filled his appointment at Hickory Grove Tuesday night: small but attentive congregation.

Cotton has "busted." The quantity "busted" last summer, the price "busted" the first of this week, and a lot of people will be "busted" or we are very much mistaken. But little of the staple in this market, and selling for 82 cents.

Judge Fowle spoke here to-day to a small but appreciative crowd. It is useless to say a word about his speech. Years ago he won the name "Silver-tongued Orator of North Carolina," and to-day he has shown that he deserves to retain it.

We notice Col. N. B. Whitfield and J. M. Komegay, Esq., of Trent township, in town Friday. If all the Democrats of the county were as true to vote, and vote for the Democratic candidates, as those in Trent township, somebody would get left November 4th, sure.

J. H. Fields, our hotel proprietor, has been priding himself on having as good, if not the best team in town. Imagine his feelings the other morning when he had "Mac" and "Bob" harnessed to take a drummer to Snow Hill, and the drummer said, "right nice pair of little ponies."

The editorial part of the *Baptist Review* was here Tuesday, enquiring after the doings of the Hickory Grove Church last Saturday, we learn. For the information of those who appear to feel so much for the church, we think we are authorized to say that the church at that place will take care of itself, and at the same time not injure any one else.

Dr. F. M. Rountree, Democratic candidate for Senator, J. W. Grainger, candidate for the House, George Hodges, candidate for Register, H. J. House, J. R. Uzzell, Esqrs., and others from Kinston, Mr. Cobb the *Messenger's* representative, and Mr. Mayo, representative of the *Kinston Free Press*, were here to-day.

We imagine that the Republicans are getting down to steady work. Carter has been quieted, and—well, we see a heap. Every once in a while some one goes to Goldsboro, and then to Kinston, and then some one else goes, and so on. We don't know that these things have any particular meaning, but people are very suspicious and will notice things in election times. Look out, Democrats, they will fool you if they can.

It was reported here last Wednesday that a secret political meeting was held in Institute township a night or two ago, at which J. G. Cox, the Republican candidate to represent Lenoir county in the next legislature, aided by two and a half gallons of whisky, presided. It is said that the colored voters, for whose benefit the meeting was held, were all sworn in, which means, we suppose, to vote for the Republican party. We had supposed that the days of these secret night meetings had passed, that the Republicans had risen above such things, and that they were willing to go before the people on their merits. But the old tricks of 1876 and other years are being played—the dog is again at his vomit, the sow is wallowing in the mire. Is it possible that the party can only exist by corruption, fraud, treachery and deceit? How can any man claiming to be an honorable citizen support a party having to resort to such means to obtain office? We unhesitatingly say that we don't envy the stomach of any one who can gulp down any such dose, or vote for a party, or any part thereof, engaged in such tricks or methods. We believe the party is to-day what it was ten years ago, the change being in the circumstances and not in the party. Give them the same chances, and you'll see the same tricks.

WAR! WAR! WAR!

The greatest political war perhaps for the last century is now about to open, and that every Cleveland or Blaine man may take an active part in this great political fight, it is of great importance that he should commence at once to lay in his supplies of Groceries and Dry Goods at the Great Cheap Cash Store of HUMPHREY & HOWARDS', that he may give the necessary time to achieve the greatest victory ever gained in these United States. The war has actually begun from the Presidential Chair down to the lowest counter office. Some may cry peace, peace, but there will be no peace until every man shoulders his pocket-book and goes down to the Great Cheap Cash Store of HUMPHREY & HOWARDS', and buys a supply of Dry Goods, Groceries, Boots and Shoes, etc. Sold at the lowest living prices, etc.

Polkoville Items.

Very hot and dry for October.

Short crop of cotton is the general opinion; not so good as last year.

The general health of our vicinity is much better now than it has been for the past two months.

Seed cotton comes in very slowly and sells for \$2.60 to \$2.35 per hundred. Fresh pork 8 cts. per pound.

Who will reply to Dr. York at Trenton Wednesday. Look out for him and let him beware of what he may say.

The telephone office has been removed to Mr. Foy's warehouse, where a new and nicely fitted up office has been prepared for it. It is now entirely private, as no one is allowed in this part of the office while a message is being sent or received.

We notice among the improvements going on in our town that the Baptist Church has received a new coat of paint, which has added much to its appearance; also Mr. Hudson is having the whitewash brush applied to his surroundings; Mr. A. G. Barrus is also having a part of his house re-covered.

The Baptist Association commences in Polkoville on Tuesday, October 7th, and a grand time is expected by all. Our pastor, the Rev. Mr. Cashwell, has been very busily engaged in getting all things ready and making everything convenient for all who may come. There is but one regret, and that is that it is the same time of the Superior Court at Trenton.

What has become of the lodge room and school building that was so much talked of in the spring? A part of the lumber now lays on the ground rotting and the balance I understand is in the mill yard. Why not start the ball and let us have the building up so as to start the spring term of the school in Polkoville? Who will take the matter in hand and give it a start?

Grand Oration to Governor Cleveland.

BUFFALO, N. Y., Oct. 3.—Nearly everybody in Buffalo was talking to-day about the great demonstration last night in honor of Governor Cleveland. The weather had become beautifully clear after yesterday's storm and a large number of visiting organizations remained in town for the purpose of paying their respect to the distinguished visitor.

After breakfast at his rooms, with his Albany friends, he received the first callers at 9:30 a. m. From that hour until he took his luncheon at 2:30 o'clock, there was an uninterrupted stream of visitors, including persons in all conditions of life. For each he had a hearty handshake and a pleasant word of greeting. Among those who visited him were many of his old friends and acquaintances in Buffalo, who had known him when he came here a poor boy. This afternoon the Governor drove about the city, visiting his old friends, many of whom he had not seen since his election to the gubernatorial chair. This evening the Governor dined at the residence of Mrs. Walter Cary, whose guest he was. Mrs. Cary has long been prominent in the highest society circles of the Queen City. Her elegant mansion on Delaware avenue, the finest and handsomest thoroughfare in Buffalo, was the scene of a brilliant gathering in honor of the Governor.

A DIALOGUE OVER THE BACK FENCE.—"I see by the newspapers that the men who run the corporal nation have got a Board of Health."

"Yes, and if they're only going to have one board they might as well split it up into kindlings. They ought to supply every family with a board."

"That's what I say. One board isn't enough. Now, we are so far away that the board can't improve our health a bit, and my husband pays as much taxes as anybody. Since they got the board my Johnny has had the cholera in phanton, Willie mashed his toe with a brick, and baby got a peach seed in his throat. There! I must go—baby just tumbled out of the high chair. One more board of health would make a demand for \$75 worth of coffins in our family."—*Yreka, Cal., Register*.

RUNAWAY!
\$5,000 REWARD.

Runaway from the discussion in the City of Raleigh, on the night of the 2nd inst., Dr. Tyre York, a candidate for Governor of North Carolina, who says, if he is elected, he will put all the negroes in it—1. Said Dr. Tyre York is about 55 years of age, 6 feet 2 inches high, has had teeth, wears a No. 6 hat and a No. 12 boot. When speaking he exhibits a long, boney finger about 15 inches in length, and often uses the words "I'll be ding'd" in his speeches. His language is neither chaste, elegant or dignified, and will at once be known when he says he is the same old Tyre, the game cock of the old blue hen stripe.

The above reward will be paid (in Confederate money) for the capture and safe delivery of the said Dr. Tyre York to Gen'l. Scales at any of his appointments until the 4th of November next.

All newspapers favorable to the capture of the said Dr. Tyre York will please insert this notice, and forward all bills to Dr. Mott, Chairman of the Republican Executive Committee, for payment. CROW BAR.

ANECDOTE OF MILO.

Milo, the wrestler, a Grecian of gigantic strength, being desirous of giving a convincing proof of his powers, undertook to rive in twain the stump of a gnarled oak, but his hands being taken in the rift, he perished miserably of hunger and thirst. This anecdote teaches us the extreme folly of taking the stump when it is not absolutely sure how things are going to come out.—*Life*.

Sweet Gum and Mullein.

The sweet gum, as gathered from a tree of the same name, growing along the small streams in the Southern States, contains a stimulating expectorant principle that loosens the phlegm producing the early morning cough, and stimulates the child to throw off the false membrane in croup and whooping cough. When combined with the healing mucilaginous principle in the mullein plant of the old fields, presents in TAYLOR'S CHEROKEE REMEDY OF SWEET GUM AND MULLEIN, the finest known remedy for Coughs, Croup, Whooping Cough and Consumption; and so palatable, any child is pleased to take it. Ask your druggist for it. Send two-cent stamp for Taylor's Riddle Book, which is not only for the amusement of the little ones who will gather around your knee to hear the puzzling questions, but containing information for the health and welfare of every home.

WALTER A. TAYLOR, Atlanta, Ga.

Speaking of Raleigh's first expedition to Carolina, Bancroft says: "The keenest observer was H. riot, the historian. He observed the culture of tobacco; accustomed himself to its use, and was a firm believer in its healing virtues." This was in 1585. The famous tobacco of the Indian council, is now that of the Golden Tobacco Belt of North Carolina. It is no longer crude leaf as the Indians smoked it, but still a natural and pure leaf, prepared for the pipe or cigarette in the shape of Blackwell's Durham Long Cut.

Sufferers from the effects of quinine, used as a remedy for chills and fever, will appreciate Ayer's Cure, a powerful tonic bitter, composed wholly of vegetable substances, without a particle of any noxious drug. Its action is peculiar, prompt and powerful, breaking up the chill, curing the fever, and expelling the poison from the system, yet leaving no harmful or unpleasant effect upon the patient.

The best is the cheapest. Buy Shriver's Indian Vermifuge, as it is guaranteed to destroy and expel worms—the child's greatest enemy. w
