Moon rises at 8:35 p. m.

Charles E. Nelson gives notice in this issue of fresh meats, etc.

Regular meeting of St. John's Lodge No. 3 A. F. & A. M. to-night.

The steamer *Stout* arrived yesterday with a cargo of general merchandise.

Mr. T. E. Hanff, on Broad street offers first-class family groceries. See "ad."

The *Defiance* sailed for Baltimore on Monday night with a cargo of lumber and cotton.

Dr. York, the Republican candidate for Governor, speaks at Trenton to-day and in this city to-night.

The *Shenandoah* brought in a large freight yesterday morning and took out a cargo of cotton in the evening.

Our Kinston itemizer has "gone back on us" for a week; but then we have "Crow Bar," which will interest our Lenoir county readers.

The Button engine for the New Berne Steam Fire Company was shipped from Waterford, N. Y., last Saturday and is expected to arrive this week.

Mr. W. H. Rountree, of Lenoir, was at the Exchange on Tuesday with the prettiest lot of cotton of the season. It brought 9.40, the top of the market.

Politics is becoming lively, and from now until the day of election speakers will be busy, throughout the State, and even down here some of the big guns will be wheeled into position.

Deputy Sheriff J. L. Hahn wants it understood that he demanded Messrs. Bryan and Stevenson at Vanceboro last Saturday a division of time, and that they refused to divide with him.

Returned Home.
Gen. Robert Ransom returned last night with his accomplished bride from an extended wedding tour. We offer them a hearty welcome and the congratulations of the JOURNAL which wishes them a happy journey through life.

Public Speaking.
Messrs. M. DeW. Stevenson and Washington Bryan will address the citizens of No. 2 township at Fulcher's on Saturday, Oct. 11th at 2 o'clock p. m. The citizens of that section should go out and hear what they have to say.

Senator Z. B. Vance will speak at Vanceboro on Tuesday, Oct. 14th, and it is proposed to eat barbecue after the speaking.

Personal.
Miss Mand H. Amyette, one of New Berne's greatest belles, is visiting friends in Raleigh.

Miss Laura Wood, Mrs. Julia A. Wooten, Jno. P. Joyner, and Jno. S. Bizzell, of La Grange, arrived in this city yesterday on their way to the Eastern Baptist Association.

Norfolk and Beaufort Direct Line.
There appears in the JOURNAL today an advertisement of a direct steam line between Morehead City, Beaufort and Norfolk, touching Hyde county and other local points along the route. The steamer *Norwood* of the line arrived at Morehead City on Sunday, and goes out on her regular run Friday morning. The line announces connecting arrangements with steamship and railroad lines North, East and West, and it is also stated that connections will be established through Bogue Sound up White Oak, and outside from Beaufort up New River.

This is a matter of no little importance to New Berne, and it will be necessary for our business men to bestir themselves.

Improvements.
Mayor Meadows' house on Broad street is nearing completion; it knocks the shine off of anything in that neighborhood.

Mr. J. A. Simpson is pushing the work on the graded school building, though it will be some weeks yet before it is completed.

The work on the M. E. Church is progressing rapidly.

E. M. Pavie is pushing work on the burnt district. He has completed the shingles in Mace's new store, broken ground for six brick stores on the old market house site, the walls of which are to be built by Peacock & Herring, about finished by the work on Watson & Daniels' ice house office, getting the wood work ready for J. F. Clark's store, the walls of which are being built by Mr. H. C. Watson, and rapidly repairing the damage done to A. S. Green's brick

Read the Law.
Perhaps some of our citizens who are engaged in the liquor traffic are not aware that they violate the law by selling or giving away liquor on the days of public speaking. Section 1079 of the Code provides:

"It shall be unlawful for any person to sell or to give away, either directly or indirectly, any spirituous liquors, wine or bitters containing alcohol, within two miles of any place at which political public speaking shall be advertised to take place, and does take place, this prohibition to continue only during the day on which said public speaking shall take place. And any person who shall violate this section shall be guilty of a misdemeanor, and be fined not less than ten dollars nor more than twenty dollars, or imprisoned not exceeding twenty days. Justices of the Peace shall have original jurisdiction of this offence, upon view, or written information duly sworn to."

Don't Like to Dun.
We see many of our exchanges calling on their subscribers to "please pay up what they owe; we don't like to dun, but we need the money, etc." Now the JOURNAL don't propose to beg people for what they justly owe us. We have a collecting agent in the field and we pay him to "dun" people, or in other words, to present our accounts, and if he sees a man who owes us and fails to "dun" him or present his account we should feel like discharging him. A man who don't want to be annoyed by a "dun" should not wait for it but go and pay up. We wish our agent to present our accounts, politely and at the proper time and place, but always unhesitatingly. A man has no business to beg for that which is justly due him.

Seven Springs Items.
Thermometer at 130 in the sun.

Our friend Henry Spence is somewhat under the weather.

Rev. Mr. Carpenter and lady are holding a protracted meeting at "Rising Sun." Bro. Dick Hatch is in attendance.

Tank Ivay came into the post-office one day last week with a letter which a man had given him in June, 1883, to have mailed for him.

It is a strange inconsistency that yells at a boy for leading a mule on the sidewalk and then allows twelve or fifteen drunken negroes to congregate on the streets cursing and swearing all night and using all kinds of obscene language for the ears of decent women and children.

Messrs. R. G. Reed and C. J. McIntire from Boston paid us a flying visit last week and made sketches of our town and surroundings. Those gentlemen were engaged in the little unpleasantness here in '93 under Gen. Foster and were here mainly to take a look of the scenes of other days.

Marshall Joyner charged on Joe Allen a few days ago with malice, as one thought, and a hickory stick, instigated by bad whiskey and the Devil. Joe resented it very properly and made ample preparations for the death of his adversary. We know Joe intended to kill him for he lopped off around the house and while Marshall was being held Joe came back with a cart load of lumber on his shoulder with which to make the coffin to bury his antagonist. Joe says it is a fine thing he can hold his temper. Joe has got a grave-yard laid off and he will kill somebody yet.

The guests of the Seawell House remember with kind recollections "old Joe," the faithful old gray that served as a motor power for the hotel back that run to and from the springs and conveyed the thirsty souls who were want to drink at the chrysalis fount of the "Sparkling Seven." Well old Joe is a real human horse and seems to understand things, so he got as mad as a March hen because the season had closed and there were no pretty ladies and fine gentlemen to carry back and forth, he got "on his ear" etc. and proceeded to get up a first class runaway. Dashing down Main-street and around by Ivey's cotton gin and the school house he made things lively. He soon came to grief by getting one of his rear pedestals hung in the buggy and Joe, the proud Joe after a whole summer of glory and good behaviour had fallen, a man on his head held him down until penitence in his eye cried "enough." Joe is now in sack-cloth and ashes for his misdeed. Nobody hurt and but little damage done.

Notice to Mariners.
Notice is hereby given that, on Oct. 15, 1884, a fog-bell, struck by machinery, will be established on the west side of the light-station buildings at Deer Island-Thoroughfare, Penobscot Bay, Maine.

During thick and foggy weather this bell will be sounded, giving a double blow at intervals of 15 seconds.

By order of the Light-House Board,
STEPHEN C. ROWAN,
Vice-Admiral U. S. Navy, Chm'n.

Wanted.

EASTERN BAPTIST ASSOCIATION.

POLLOCKVILLE, N. C., Oct. 7th, 1884.
FIRST DAY'S PROCEEDINGS.

The Eastern Baptist Association met in its fourteenth annual session, at the Church at Pollockville, N. C.

Rev. J. L. Stewart, of Clinton, N. C., Moderator, called the Association to order.

The regular clerk of the Association, L. T. Carroll, being absent Rev. J. L. Britt was requested to act as clerk pro tem.

The Association was opened with religious exercises conducted by Rev. W. M. Kennedy, of Warsaw, N. C.

The names of the churches were called and about fifty responded.

A committee of arrangements was appointed consisting of Rev. C. S. Cashwell, Chas. Whitty and Wm. Montford.

A finance committee was appointed consisting of Dr. J. Bissell, F. M. Southerland and M. H. Oata.

Rev. C. A. Jenkins and F. W. Hancock were appointed Reading clerks for this session of the Association.

Letters from the churches were read and delegates enrolled from the following churches:

Adjourned to meet to-morrow morning at 9:30 o'clock.

Cotton.
MEMPHIS, Tenn., Oct. 6.—The cotton report for the Memphis district, embracing west Tennessee, north Mississippi, north Arkansas and north Alabama, to be issued to-morrow by Messrs. Fontaine & Co., will say: "The weather during September has been unfavorable to the growing cotton crop. The hot, dry weather which was a continuance of a drought extending back through August, prevailed throughout the district until about September 20th, when there was an excessive rainfall, principally in Arkansas and Tennessee. The drought had materially affected the plant, and the rains which subsequently fell in many parts added to the damage already sustained. The favorable prospects indicated in the July report, which at that time promised an increased yield, have in this district been changed. Cotton in the main has not fruited well, neither has the plant retained its square bolls. The weather since these reports were furnished has been more reasonable, and a continuance of favorable conditions, together with a late frost, would improve a large proportion of the growing crop, especially in bottom lands, which would reduce the percentage of proportion and possibly make the yield in this district approximate that of last year."

At a recent meeting of one of our medical societies a list of more than one hundred remedies for cholera was presented. Yet a distinguished doctor stated that probably no real improvement had been made on the remedies of sixty years ago, which consisted almost wholly of calomel and opium. The French doctors are experimenting with doses of sulphate of copper as a cure. It also appears that workers in coal mines had had almost complete immunity from cholera.

La Grange Items.

Cotton selling Monday at 9 cents.
H. M. McDonald is out again after a few days confinement from sickness.

John R. Elmore died at his residence in Bucklesbury last Saturday morning, after an illness of several days.

Capt. Davis will visit the State Exposition at Raleigh sometime during the month. The day has not yet been definitely fixed.

D. W. Wood, Esq., of our township, and Miss Florence Coward of Greene, were married Oct. 1st. Also H. G. Phelps of Greene to Mrs. Barnes of Fremont, Wayne county, on the same day.

No services at the Baptist or Methodist churches here last Sunday. Rev. Mr. Roberts, Primitive Baptist, preached at the Institute building Sunday, and Rev. I. J. Taylor at the same place on Saturday.

J. G. Cox, Esq., would-be member of the Legislature, was up to our place Saturday. He was paying particular attention to the postmaster and Carter, probably thinking that if all was well with these, it was right elsewhere.

Rev. J. D. Carpenter is protracting a meeting at Byrd's school house, in Trent township. We learn that there was a very large congregation in attendance Sunday. Mrs. Carpenter is with him, and we hope to hear of good results.

Bro. Seven Springs Quill Driver will please keep us informed.

Clyde, E. W. Bizzell's little son, was badly hurt Sunday evening. In attempting to climb a pile of planks, he fell and the planks on him, in which condition he remained for some seconds.

Miss Adie M. Kirkpatrick, the first to his relief, removed three of the planks and Mr. Bizzell the others. Upon examination it was found that he had received a bad cut above the right eye, the mouth was bruised and cut, and several bruises on the head and body.

It is hoped, however, that, though painfully hurt, he is not dangerously so.

Dr. York passed down on the cars Saturday evening. We heard it whispered early in the day, that the Doctor would speak from the car platform that evening, but enquiring of those who ought to know, we could learn but little.

But seeing a crowd of such as we supposed would like to see the "game cock" we fell in, and on arrival of train after a long time found one they called Dr. York. For description see "Crow Bar's" advertisement, "Runaway." Hand-shaking occupied most of the address, and when the cars moved off we heard:

"The victory is with us. Blaine will be elected President and Dr. York Governor," a half of which we didn't believe.

Capt. J. D. Stanford, of Duplin county, has been invited to address the Cleveland and Scales Club here next Saturday, and is expected to be present. We see that Stanton, Hubbs and Moore are billed for us on that day, but hope that the speakers will so arrange that all may be heard and accommodated.

In a free government like ours, there is nothing like a free discussion of the political issues, and no party that is the friend of the people will shrink or refuse to unite in such discussions. We have been a life-long Democrat but sincerely say that if it can be shown that the Democratic party has not proved itself the party to be trusted, then turn them out and put in others, but put in one that has a better record than the Republicans.

WAR! WAR! WAR!

The greatest political war perhaps for the last century is now about to open, and that every Cleveland or Blaine man may take an active part in this great political fight, it is of great importance that he should commence at once to lay in his supplies of Groceries and Dry Goods at the Great Cheap Cash Store of HUMPHREY & HOWARD'S, that he may give the necessary time to achieve the greatest victory ever gained in these United States. The war has actually begun from the Presidential Chair down to the lowest county offices. Some may cry peace, peace, but there will be no peace until every man shoulders his pocket-book and goes down to the Great Cheap Cash Store of HUMPHREY & HOWARD'S, and buys a supply of Dry Goods, Groceries, Boots and Shoes, etc. Sold at the lowest living prices. dw

A peculiar virtue in Ayer's Sarsaparilla is that while it cleanses and purges the blood from all corruptions and impurities, and thereby roots out disease, it builds up and invigorates the whole system, and makes one young again.

Many forget that the hair and scalp need cleansing as well as the hands and feet. Extensive use of Ayer's Hair Vigor has proven that it is the best cleansing agent for the hair—that it prevents as well as removes dandruff, cools and soothes the scalp, and stimulates the hair to renewed growth and beauty.

The best evidence in the world of the purity and excellence of Blackwell's Durham Long Cut for pipe or cigarette smoking is found in the fact that the fame of this tobacco increases from year to year. This could not be the case if it were merely "kotten up to sell" or had any dubious or dangerous ingredients in it. Among millions of users of all nationalities surely some one would find out if it were impure, injurious or unpalatable. But no, the Durham Bull brand gets more popular, the demand for it wider, and smokers more enthusiastic over its delicious natural flavor.

WOMAN!

"Grace was in all her steps,
Heaven in her eye,
In every gesture dignity and love."

So appeared Mother Eve, and so may shine her fair descendants, with the exercise of common sense and proper treatment. An enormous number of female complaints are directly caused by disturbance or suppression of the Menstrual Function. In every such case that sterling and unfailing specific, BRADFIELD'S FEMALE REGULATOR, will effect relief and cure.

It is from the recipe of a most distinguished physician. It is composed of strictly official ingredients, whose happy combination has never been surpassed. It is prepared with scientific skill from the best materials. It bears the palm for constancy of strength, certainty of effect, elegance of preparation, beauty of appearance and relative cheapness. The testimony in its favor is genuine. It never fails when fairly tried.

Cartersville, Ga.
This will certify that two members of my immediate family, after having suffered for many years from menstrual irregularity, and having been treated without benefit by various medical doctors, were at length COMPLETELY CURED by one bottle of Dr. J. C. Bradfield's Female Regulator. Its effect in such cases is truly wonderful, and will make the remedy be called "Woman's Best Friend."

Yours respectfully,
JAMES W. STRANGE.
