

# THE DAILY JOURNAL.

VOL. III.

NEW BERNE, N. C., THURSDAY, OCTOBER 16, 1884.

NO. 171.

## LOCAL NEWS.

### Journal Minutiae Almanac.

Sun rises, 6:09 | Length of day,  
Sun sets, 5:22 | 11 hours, 13 minutes.  
Moon rises at 3:44 a. m.

### Registers.

Overcoats and fires are in demand.  
The cold wave has come but no rain.  
One thousand laughs at the theatre to-night.

Regular meeting of Cosmopolitan Council, No. 211, American Legion of Honor, to-night.

Those who are disappointed about the elections in West Virginia and Ohio, ought to go and hear Haverly to-night and laugh it off.

The steamer *Defiance* that was burned yesterday morning was one of the best freight boats on the line between this city and Baltimore.

On and after to-day round trip tickets limited to five days, to Raleigh, including admission to Exposition, will be on sale at \$9.70 from New Berne.

The schooner *E. K. Wilson*, Capt. Henry Clogg, arrived from Baltimore Tuesday night with a cargo of 1100 sacks of salt for R. O. E. Lodge.

Do the Democrats know how many voters in the city have not registered, and how many have registered anew while their names remain on the books of a neighboring ward or precinct?

We have heard that the Republicans had high hopes of capturing Swift Creek, the only Democratic township in the county, on account of the many Democrats up there who hold to the Greenback doctrine; but while at Vanceboro on Tuesday we heard that a Greenback orator had been in the neighborhood advocating Blaine, and York and that the Democrats want none of that sort of stuff in their'n.

We are often asked where the registration books of some ward can be found. B. M. Gates gives notice in the Daily Journal for the First Ward, J. H. Bell we believe has the book for the Second Ward at the City Clerk's office, and E. G. Hill, Esq., has the book at his office for one precinct of the Fifth Ward. Where the others are we do not know, but will again inform the Registrars of all that we will insert a notice for a few days free of charge in the JOURNAL if sent to our office.

### Personal.

Mrs. Judge Seymour and family have returned from their summer visit North. Dr. Milton Selby and family, of Hyde county, are at the Gaston House, on their return from a trip North and to the Exposition.

Sheriff S. E. Koonce and Dr. J. H. Scarborough, of Trenton, passed through for the Exposition on yesterday morning.

Mr. T. E. Button, of the Button Fire Engine Co., Waterford, N. Y., is in the city.

Owen H. Guion, Esq., of the firm of Holland & Guion, leaves this morning for England on professional business.

### Progress of the Campaign.

The Democrats have had a Cleveland and Seales Central Campaign Club organized in this city for over two months. Up to this time reports have been made from two wards, the 2nd and 3rd, by the committee on contributions, and from two, the 2nd and 4th, by the committee on election. The 2nd Ward has responded liberally in contributions and has polled its vote; the 4th Ward has polled its vote but reported no contributions. The other wards have not been heard from. We mention these facts to show the progress of the canvass and the interest being taken in the election in this city and to remind our Democratic friends that it is but three weeks till the election. Whatever is done must be done quickly.

### Public Speaking.

Chairman Battle has made several appointments in Pamlico county for Hon. C. O. Clark, of this city, and he is to address the Cleveland and Seales Club in this city on Friday night, October 31st. Mr. Clark is one of the best speakers in North Carolina and we doubt not his speeches will have a telling effect for the Democrats in November.

Philemon Holland, Esq., the Democratic candidate for the Senate, will address the people at Core Creek on Saturday, October 19th.

Clement Manly, Esq., will address the people of Jones county today at Mayville.

Messrs. H. B. Bryan and M. DeW. Stevenson are billed to speak at Brock's store, ninth township, on Saturday, the 19th.

Senator Ransom has an appointment to speak at Trenton on the 20th of October.

### The Elections.

The latest election returns show that Ohio is Republican by 16,000 to 20,000 majority and West Virginia Democratic by 10,000. The majorities in both these States are probably larger than was expected. The Democrats had conceded Ohio to the Republicans by ten to fifteen thousand, but did not expect to do so well in West Virginia. So both sides have enough to encourage them to fight it unto death. In the mean time the Democrats in North Carolina had better wake up and go to work in earnest.

### Court Adjourned.

Onslow Superior Court adjourned on Tuesday night and our New Berne attorneys, Messrs. Stevenson, Bryan, Simmons, Manly, Holland and Clarke have returned. There was a large crowd present on Monday and Tuesday. Speeches were made by Maj. C. W. McClammy, Col. Ed. D. Hall, Hon. W. J. Green and H. R. Brynn, Esq.

Onslow is thoroughly aroused and will give Cleveland and Seales a majority like unto that received by Tilden and Vance in 1876.

### Steamer *Defiance* Burned.

On Wednesday morning at 2 o'clock fire was discovered in the hold of the steamer *Defiance*, which had just finished loading with cotton at the railroad wharf, having taken on about seven hundred bales, the most of which belonged to parties at Smithfield and Goldsboro. The alarm was given and the fire department promptly rushed to the scene, but the fire being below, they could do nothing to check the progress of the flames. Some near two hundred bales of the cargo were taken off and the steamer was driven down to Salter's wharf and scuttled. In the mean time the fire engines were removed and a steady stream from both was turned on, but the strong wind prevailing from the North put the firemen to great disadvantage, and in spite of all their efforts the steamer was burned to the water's edge.

The estimated damages to cotton is \$25,000; to the steamer about \$25,000. Capt. Anson Wallace, while rendering assistance to the boat's crew, fell from the upper deck and was seriously hurt.

### About New Berne.

The doctors tell us that the health of this city was never better than it has been the last summer. With a healthy and mild climate, cheap goods, a splendid market, and with school facilities equal to any town in the State, we see no reason why New Berne should not be in the front rank of progressive towns in the State. Cotton, corn, rice and other produce will command as good a price in New Berne as any town in North Carolina save perhaps Wilmington. Now what we want is to get people to market their produce here because we believe they will be benefited by so doing. They will not only obtain fair prices, compared with other markets for what they sell, but they can buy goods as cheap here as in any market in the State. If all the men who own property in New Berne would put their heads together for the purpose of devising ways and means to give the old town a shove off, we would be growing before we knew it; indeed we believe we are already on the boom. Look at the burnt district, how it is rising, Phoenix-like, in brick and mortar; our new court house will be one among the finest in the State; our new school building would be a credit to any thriving town, and our churches will compare favorably with those in any town of similar size. When we think of the general depression in business circles, throughout the country, there is no need of complaint about dull times in New Berne. We are on the boom and let's boom her.

**Henry Brown**  
Keeps the best oyster—clean and nice—on board the flat at the market dock. oct16th

The most fastidious smokers are editors, lawyers, doctors, preachers, students and gentlemen of taste and leisure. Whether they incline to the pipe or cigarette, they must have a guarantee of a pure, mild, fragrant, ethereal tobacco, which will bring comfort without injury, and inspiration without excess. They therefore use, to the exclusion of all other tobaccos, Blackwell's Durham Long Cut. They know about the soil and climate in which it grows, its freedom from impurities and its peculiar flavor and fragrance. Therefore their confidence.

**CHATTANOOGA, Oct. 13.**—Since July 9th a drouth has prevailed in lower West Tennessee, North Georgia and North Alabama the region of which Chattanooga is the centre. A special to the Times indicates that all farming interests are seriously imperilled, and unless there is rain soon, the result will be disastrous. Grazing lands are burned up and creeks are dry. The Tennessee river at this point is within three inches of its lowest stage ever known.

### EXPOSITION NOTES.

The Exposition Company have thought of the comfort of their visitors by providing ice water at every door in the buildings.

The editors were pleased with their trip to the big State Exposition. They all say it was a grand display, and advise their readers to attend.

This week the colored people hold their fair inside the Exposition grounds. Next week the State Agricultural Society will hold their fair and award premiums.

On the 21st and 23d Northern men who have located in the State are to assemble and are requested to make themselves known to J. T. Patrick, immigration agent.

When you visit the Exposition don't fail to see the huge chunks of gold that are in the Agricultural Department's display, and the mammoth trunk of a hollow cypress tree which is used by the Albarcora exhibit as an office. There are too many attractions to call attention even to one tenth of the greater ones. But don't fail to see the Ben Butler fish which Commissioner Worth has in his display and you will be convinced that the waters contain as unsightly creatures as the land.

It now only costs one cent per mile to attend the State Exposition. The rates having been reduced this week.

The Exposition will positively close on the 28th of this month and those desiring to attend must go at once.

The theatrical performances in Raleigh during the Exposition are exceedingly interesting.

The rate of board in Raleigh is very low. The people are trying to show that they are not as selfish as some outsiders have accused them. When you visit the Exposition go to the City Intelligence office, next door to Stronach's store on the corner next to the capitol and you will be sent to a private house, where the rates are low.

Carry your boys to the great State Exposition and let them learn of State pride, which will make them love home and not desire to go West.

Near fifty counties display at the Exposition and it is worth a trip to Raleigh to see either one of them.

### THE ELECTIONS.

**COLUMBUS, O., Oct. 15—1:45 A. M.**—Eight hundred and twenty-eight wards and precincts show a net Democratic gain of 1,248 over the vote for secretary of State in 1880. The same wards and precincts show a net Republican gain of 12,629 over the vote for Governor in 1883. The Democratic candidate for Congress in the 6th district is probably elected.

**YOUNGSTOWN, O., Oct. 15.**—Isaac H. Taylor, Republican, for Congress from the 18th district, is elected by about 6,000.

**TOLEDO, Oct. 15—3:30 A. M.**—The Republicans generally are still claiming the election of Romeis to Congress by a small majority, though the more conservative are not counting confidently on such a result.

Robinson's vote will fall below that for the remainder of the State ticket, his majority being estimated in Republican quarters at from 300 to 400. The result shows that the Germans voted as they did three years ago, before the temperance agitation in the State.

**CINCINNATI, Oct. 15.**—Both the Democratic and the Republican press this morning agree that yesterday's election in Cincinnati was the bloodiest ever held here. The Democratic papers assert that a thousand deputy marshals were employed mainly in intimidating honest voters, while the Republican press construes the conduct of the police force and the deputy sheriffs in similar manner, comparing it to the Mississippi policy.

The Republicans claim a majority of 20,000 in the State, and the Democrats concede 10,000. The following Congressmen are elected: Republicans—Benj. Butterworth, Gen. Chas. E. Brown, John F. Sinks, John Little, W. C. Cooper, Albert C. Thompson, C. H. Grosvenor, J. D. Taylor, J. H. Taylor, Ezra B. Taylor, William McKinley, Democrats—Benj. Le Fevre, W. D. Hill, George Seney, E. F. Ellsberry, Joseph Outhwaite, Beriah Wilkins, Geo. W. Geddes, W. A. Foran. Doubtful—Third district, very close; tenth district, chances in favor of Romeis.

**DAYTON, O., Oct. 15.**—John F. Sinks, Rep., is elected to Congress from this 4th district by 150 majority.

Montgomery county returns, from which all are in, gives 595 Democratic majority for the State ticket, a gain of 170. The Republicans elected their sheriff, McWeir. The Republican circuit judges in the second district are elected by 3,500 majority. The citizens are wild in their demonstration and bonfires are lighted and the roar of cannon and music disturb peaceful slumbers.

**CINCINNATI, O., Oct. 15.**—Full election returns show that Robinson, the Republican candidate for secretary of State, received in this county 22,884 votes and Newman, the Democratic candidate 20,646; Robinson over Newman 2,238. Martin A. Poran, Democrat for Congressman from the 31st district, a part of this county, received 19,315, and O. C. Burnt, Republican, 17,714; Poran over Burnt 1,601. The wards and townships of the 19th district give E. H. Taylor, Republican, 4,419, and Horace Ayers, Democrat, 2,112; Republican

### FOREIGN NEWS.

**LONDON, Oct. 12.**—The announcement that the Irish Nationalists were about to import Irish-American speakers has caused an unexpected sensation in Dublin. The Tories and Orangemen are organizing meetings to neutralize the effect of the imported eloquence. They are also taking practical measures to head off the Irishmen who are coming from America. They have procured from certain cities in the United States authenticated reports of violent speeches made by Alexander Sullivan, the late President of the Irish League; Patrick Ford, the editor of the *Irish World*, and John Finerty, who was the fighting editor of the Chicago *Times*, and is now a Congressman. These copies have been formally submitted to the Dublin Castle authorities with a view to inducing Earl Spencer to proclaim the meetings at which Messrs. Sullivan, Ford, and Finerty are expected to speak. All of these gentlemen and some other good speakers will arrive in Ireland soon after the general elections in the United States. Their voices will of course, be raised in favor of the Home Rule party, and it is evident that the other party look upon them as no mean antagonists.

**BERLIN, Oct. 12.**—The election agitation is increasing. A meeting which was to have been addressed by Prof. Virchow was dissolved by the authorities on account of a formal error in the notice of the meeting sent to the police. Influential Conservative groups are agitating against Herren Stoecker and Wagner, the anti-Jewish leaders. There have been Socialist riots at Brandenburg. A mob there tore up the street pavement and attacked the police with the stones. The military was called out and several persons were wounded on both sides. Numerous attacks were made.

**LONDON, Oct. 12.**—It is reported that Gen. Lord Wolseley has sent to the War Office despatches in which he bitterly complains that his advance has been paralyzed by the failure of the commissariat and transport service. He says that the railway to the first cataract is broken down, that the stores at Wady-Halfa are inadequate, that the camel corps is without camels, and that the equipments of the corps have been found to be in a rotten condition.

**MADRID, Oct. 13.**—The official *Gazette* announces that the cholera epidemic in Spain is at an end.

### Importance of Trifles.

"Trifles make perfection, and perfection is no trifle," said the old Greek sculptor to a stupid critic, who observing the artist giving the finishing touches to his statue, objected that he was wasting his time on trifles. A writer in an English magazine illustrates the importance of trifles in sculpture by an anecdote of Gibson, one of the great sculptors of the last generation.

The writer was visiting him in Rome not long before his death, when he found him busy with his beautiful "Pandora"—finished as it seemed, but still "in the clay."

There she stood—a model of refined grace—her box in her hand. The old man sat before it, and talked and philosophized somewhat in the tones, and after the fashion, of the late Mr. Carlyle.

As he talked, he would gaze at his figure, and wetting his finger, would now and again pass it down the surface of a limb, giving a faint depression, or scraping off a film as faint.

"Bless you," he said, "there's a month's work on it yet."

To any body who has disease of throat or lungs, we will send proof that Piso's Cure for Consumption has cured the same complaints in other cases. Address, E. T. HAZELTINE, Warren, Pa.

Shriner's Indian Vermifuge is perfectly safe and easily administered. It is cheap and will give satisfaction. Try it.

If you would have appetite, flesh, color, strength, and vigor, take Ayer's Sarsaparilla, which will confer them upon you in rapid succession.

### Job Work.

The JOURNAL office is prepared to print Bill Heads, Letter Heads, Envelopes, Cards, Tags, Circular Envelopes, etc., in neat and handsome style, and also at prices to suit the times. Give us a trial.

Chattel Mortgages, Real Estate Mortgages, Deeds, Lien Bonds, always on hand.

Blank for the appointment of Overseers, and for making Overseer's reports.

### A Case Without Hope.

Jno. R. Booker, of Macon, Ga., writes: "In 1878 I was attacked by the most ravenous sort of cancerous sores, that ate great holes into my flesh and spread rapidly over my body. I received the very best medical attention; was dosed with mercury and potash until I was so crippled with mercurial rheumatism that I could scarcely hobble about; my throat and mouth were badly ulcerated; my hair began to fall out. So wrecked was my general health, that I became a physical ruin and my life was a burden. For a long time I was bed-ridden, and my suffering was so intense that I prayed for death as a relief. I exhausted the whole catalogue of patent medicines, in each case following the directions religiously. Each in turn seemed to aggravate the malady, and none of them benefited me in any way. When life was apparently hopeless I commenced taking S. S. S. To this Specific I owe my life. In ten days I commenced improving, and in a short time was perfectly well. My hair has grown out thick; my health and strength have returned; the ulcers in my throat and mouth are entirely cured; my appetite has returned, and for the first time in years I enjoy my food. Every sore has disappeared from my body. I weigh as much as I ever did in my life, and am perfectly healthy in every way. The very germs of the cancerous affliction are destroyed. Not only is the malady that was trying on my life, and which every one pronounced incurable, entirely cured, but I am also relieved of the bad effects of the mercury and potash mixtures that I was fed on for years." Beware of Potash and Mercury mixtures, gotten up to imitate our specific, they are dangerous.

Treatise on Blood and Skin Diseases mailed free.

The Swift Specific Co., Drawer 3, Atlanta, Ga., 159 W. 23d St., N. Y., and 1205 Chestnut St., Phila.
