Registration. A canyass of the Second Ward in this city showed that many Democratic voters were not registered. This is doubtless the case in other wards. Many Democrats who think their names are on the book will find on the day of election that they can't vote. We thought one of the main objects of organizing clubs was to see that every Democrat was properly registered. Committees have been appointed for this purpose,

out are they attending to this duty? Every Republican's name will be enrolled, and don't you forget it. Democrats can register, vote and elect Scales, or they can fail to register and let York ba elected. Take your choice.

The North American Review,

When the tide is at the full, it turns. Our educational methods have been in perfection, for many years; and the demands upon the pupil have constantly increased, until the necessities for grading have become imperative, and the peculiarities of the individual are almost entirely ignored. It would seem impossible to carry this further, and any change now must be in some other brightest and most fearless of American writers comes forward with a strong argument against the whole system, a protest against the grading and cram-North American Review, makes a plea for "Half-Time in Schools," which every parent and every school board ought to consider seriously. The old question, "Where are we, and where drifting?" was never more forcibly suggested than by another article in the same number, that in which Prof. Gilliam discusses "The African Problem." The facts that he gives as to the increase of the negroes in the United States, their peculiar situation and disposition, and the problem they will force upon us in the near future, call for the gravest consideration. The other articles in this number are: "Woman as a Political Factor," by Judge Robert C. Pitman; "Progress in Naval Armament," by Hobart Pasha, who thinks the United States Government has been wise in not constructing a costly navy; "Friendship in Ancient Poetry," by Principal J. C. The returns from Ohio are still incomplete. Late returns, however, indicate that the Republicans have carried the State by at least 10,000 majority, and probably not over 12,000 at the outside. The Republicans elect ten Congressmen and the Democrats elect ten, and the Eleventh district is still in doubt.

### WAR! WAR! WAR

The greatest political war perhaps for the last century is now about to open, and that every Cleveland or Blaine man may take an active part in this great political fight, it is of great importance that he should commence at once to lay in his supplies of Groceries and Dry Goods at the Great Cheap Cash Store of HUMPHREY & HOWARD'S, that he may give the necessary time to achieve the greatest victory ever gained in these United States. The war has actually begun from the Presidential Chair down to the lowest county offices. Some may cry peace, peace, but there will be no peace until every man shoulders his pocket-book and goes down to the Great Cheap Cash Store of HUMPHREY & HOWARD'S, and buys a supply of Dry Goods, Groceries, Boots and Shoes, etc. Sold at the lowest living prices, dw

#### MEMORIAL.

Officers and Brothers of Lenoir Lodge No. 471, Knights of Honor, Kinston,

Upon your committee devolves the sad and painful duty of announcing the permanent absence from our convocations of our worthy and beloved brother, ALEXANDER NICOL, whose earthly ties with family and friends were sev ered, and whose cares and labors in this world were ended, by his sudden and unexpected demise, at his residence, on the 6th inst., in the 61st year of his age.

A native of Scotland, he located in Kinston when a young man, becoming at once active in business pursuits, and being always prompt, punctual, hones and agreeable, ready and willing at all times to perform every duty incumbent on him, possessing a generous soul and a sympathetic heart, he soon won, and has ever held, the confidence and esteem of the community. His, in a great measure, was the modest, unobtrusive worth of the quiet citizen. To know his intrinsic worth required to be his intimate, personal friend, for he made no parade of his greatness; yet so normal was it in his nature, that he could be nowhere, and act in no sphere, but it would crop out all along the pathway of his teil:

He was raised to full membership in our Order on the 26th of February, A.D. 1878, and at the very meeting at which he arrived at maturity as a Knight of Honor he was elected Reporter of our Lodge, which office he continuously held, with honor to himself and entire satisfaction to the brotherhood, up to the time of his death. In consideration of protracted services as Reporter, he was made Past Dictator, by special Act of the Grand Lodge of North Carolina, at its third annual session, held in Ashville, N. C., in August, 1880, and, being elected by Lenoir Lodge, No. 471, he served as Representative in the Grand Lodge at its fourth annual session, held in Raleigh, N. C., in August, 1881.

Zealous to promote the interests of the Order, in its mission of philanthropy. QUEENSTOWN, Oct. 14.-The the faithful labors, untiring energy and Cunard line steamer Oregon, Capt. true devotion to its principles of our we could not dispense with his services strained to bow with reverential submission to that dispensation of the Suhas made vacant his wonted seat and forever hushed his familiar voice. Joy is only tender our heartfelt condolence, commending her to the protecting care of Him who has promised to be the widow's God.

And, in further testimony of our ap-preciation of our beloved brother, we recommend that the jewels and badges of our Lodge be draped in mourning to the end of the present quarter.

Recommending that this memorial be furnished to the Kinston Free Press and publish, and that a copy be sent to the widow of our deceased brother, we are, respectfully,

ravenous sort of cancerous sores, that ate great holes into my flesh and spread rapidly over my body. I received the very best medical attention; was dosed with mercury and potash until I was so crippled with mercurial rheumatism that I could scarcely hobble about; my throat and mouth were badly ulcerated my hair began to fall out. So wrecked was my general health, that I became a physical ruin and my life was a burden. For a long time I was bed-ridden, and my suffering was so intense that I prayed for death as a relief. I exhausted the whole catalogue of patent medicines, in each case following the direc-tions religiously. Each in turn seemed to aggravate the malady, and none of them benefited me in any way. When life was apparently hopeless I com-menced taking S. S. S. To this Specific lowe my life. In ten days I commenced improving, and in a short time was per-fectly well. My hair has grown out thick; my health and strength have re-turned; the ulcers in my throat and mouth are entirely cured; my appetite has returned, and for the first time in years I enjoy my food. Every sore has disappeared from my body. I weigh as much as I ever did in my life, and am perfectly healthy in every way. The very germs of the cancerous affliction are destroyed.
