### Rain at last.

Remember the cotton sale at Foster's wharf to-day at 10 o'clock.

Bishop Watson will preach at Christ church to-morrow and Sunday at 11 a. m.

The Cleveland and Scales Club will be addressed to-night by Hon. C. C. Clark.

Maj. John Hughes and Jas. A. Bryan, Esq., are to speak at Toler's store to-morrow.

The sale of the burnt cotton is to-day. Our reporter was in error as to its being yesterday.

J. T. York, a colored merchant doing business at the corner of Queen and Berns streets, has made an assignment to C. E. Palmer.

The jurors for the district court have been discharged, but the court has not adjourned.

Big time at Russell's to-day. Barbecue and speeches by several distinguished speakers.

Cotton was a little stronger yesterday. Good time to attend the sale to-day at Foster's wharf.

The Board of Trustees of the New Bern Academy meet this evening at the President's office on South Front street at 4 o'clock.

There are only three more days in which to complete the registration and be ready to open the great political battle on Tuesday morning next.

October, 1884, bids us good bye to-day. It will long be remembered by the farmers in this section as the prettiest month for farm work known for many years. Not a drop of rain has fallen to prevent work.

F. M. Simmons, Esq., made a rousing speech at Beaufort on Wednesday night. Col. Ike Young made a speech at the same time but not to the same crowd. Mr. Simmons asked for a joint discussion and division of time, but the Colonel would not consent to a fair division. So Simmons took the crowd and his own time while Col. Young enjoyed his own without much crowd.

A postal card from Raleigh informs us that Mr. T. P. Clarke, of the firm of Clarke & Morgan, has been appointed State Naturalist for North Carolina at the New Orleans Exposition, and has been requested to carry his whole collection of natural history to the great World's Exposition. His collection, we learn, has been pronounced the best on exhibition at Raleigh.

### Hally at Newport.

We received yesterday evening the following telegram from Newport:

Oct. 30th, 1884.

**NEW BERNE JOURNAL:**  
Hon. C. C. Clark spoke to a large and enthusiastic crowd here to-day and done much good for the Democratic cause. You will hear from us on the 4th of November. W. S. BELL, JR.

### Help The Orphans.

We have a letter from the Superintendent of the Orphan Asylum at Oxford stating that they were in great need of contributions in cash, winter clothing, rations, etc., etc.

We deem it only necessary to call the attention of our people to this fact in order to have them respond at once with such contributions as they can make. This Asylum is one of the noblest institutions in the State, and we believe the people of New Bern take as much pride in sustaining it as any in the State. Let the response to the appeal be made promptly.

### Off The Track.

The Exposition excursion that was run to Raleigh on Wednesday met with the usual excursion luck. Everything went smoothly until the train was leaving Goldsboro on its return to New Bern, when the passengers were beginning to congratulate themselves on having taken in the Exposition with only one day from home, and here a careless brakeman on the freight train that had just got in had left the switch open and the engine of the excursion train ran off the track and plunged against the water tank. There they were, the engine and tender off the track, and several ladies aboard who couldn't possibly stay away from the children all night. Many of the passengers gave up and walked back to the hotel, got supper and went to bed.

But Capt. Powell and Master Machinist Maddy were on hand and are equal to any emergency. They went to work and by 4 o'clock the engine and truck had been put back on the track and the passengers waked up and all took breakfast at home. But the lady who could not possibly stay from home all night learned that an excursion train can overcome all impossibilities.

### The Speaking last Night.

The Cleveland and Scales Club room last night was packed with people to hear the speeches of Messrs. Burkhead and Simmons. Mr. Burkhead led off in a very forcible speech of about forty-five minutes. In discussing the tariff he stripped it of its usual dryness, making new points and presenting them with such force and logic as to rivet the attention of the vast audience.

Mr. Simmons followed in a speech of about three quarters of an hour. He discussed the issues with such eloquence and force that the audience stuck to him as though they had never heard him before. His closing reference to Cleveland was grand and eloquent.

Both were good speeches and we believe accomplished good for the cause. Such young men as these are the hope and pride of the country in the future and we rejoice that we have such, and trust they may continue in the path of rectitude and usefulness when the older men have passed away.

At the court house there was another gathering addressed by Col. Ike Young, W. S. O'B. Robinson, Daniel Stinson and others. We could not be at both speakings, for when Burkhead turned loose in the Club room we had no disposition to divide time. We would have been pleased, however to have heard all these gentlemen, as we have no doubt they presented their side of the question as strong as could be.

The Democratic gathering was quite as large as that of the Republicans, which speaks well for them in this Republican city.

### Don't Swap.

It is rumored around that some Republicans in the city are proposing to trade Blaine off for York. That is, they offer to give a vote for Cleveland for every Democrat that will vote for York. Of course the Democrats have better sense than to entertain such a proposition. They have votes enough to elect both Cleveland and Scales by a large majority if they can get them to the ballot box.

A gentleman who was present at the speaking at Newport yesterday says the crowd was large and enthusiastic and that Hon. C. C. Clark made one of the best speeches he had heard. He thinks that much good was accomplished by the speech. Mr. Clark will address the Club in this city to-night. Turn out and hear him.

### BAPTISTS IN COUNCIL AT LA GRANGE.

WEDNESDAY, OCT. 29, 1884.

The delegates representing the twenty-one churches that withdrew from the Eastern Association met at La Grange on Wednesday to organize a new association.

The meeting was called to order by calling W. G. Brinson to the chair as temporary Moderator and F. W. Hancock as Clerk pro tem.

After prayer, a list of all the churches was called and delegates enrolled. All the churches were represented but one.

Dr. Whitfield read a constitution which was adopted as the constitution of the Association.

The name Atlantic Baptist Association was adopted as the name of the Association.

The following officers were elected for the ensuing year: Moderator, W. G. Brinson; Clerk, W. G. Britt; Treasurer, W. J. Montford.

Executive Committee—Dr. Theo. Whitfield, D. D. J. E. Peterson, W. J. Montford, F. W. Hancock, Marion Webb, J. M. Wooten, James Biddle.

Committees were appointed on Foreign, Home, State, and Associational Missions, Temperance and Periodicals, to report at the next meeting of the Association.

Pledges were made for Associational missions amounting to about \$300.

Dr. Theo. Whitfield, D.D., was appointed to preach the next introductory sermon.

Five hundred copies of the Minutes were ordered printed.

Morehead City was selected as the next place of meeting.

After prayer the Association adjourned to meet at Morehead City on the first Tuesday after the fourth Sunday in October 1885.

### The Desperate Chance.

We must remember that Dockery came within 443 votes of carrying North Carolina, and that a desperate attempt is being made to obtain our electoral votes for Blaine. The hope of defeating Cleveland rests on Blaine's carrying North Carolina. To do that, York and the Republican State ticket and the Republican county ticket in every county will be sacrificed. The revenue oligarchy hope to gain success by swapping votes. They will swap anything to get a vote for Blaine. There are 1,200 precincts in the State. They will work at every box. If they get one Democrat at every box to swap and vote for Blaine, it will be a gain of 2,400 votes—two thousand more than Bennett's majority. Let every effort be made to defeat this swapping business. We call the matter particularly to the attention of Democratic editors and chairmen of committees. Let our challengers at every polling box in the State be vigilant to prevent trading. It is our great danger. —News and Observer.

## Too Late.

Mr. EDITOR:—Several office-holders employed by the government having returned for the purpose of voting, it is claimed that persons living in the District of Columbia do not lose citizenship in their native or adopted State, as the case may be, and that they have a right to vote therein at a Presidential election. We doubt the validity of such claim; but even admitting that it is true, we submit that they have no right to register or vote in any country unless they have been residing therein at least ninety days prior to the day of election.

A man, even from an adjoining county, no matter how true a North Carolinian he may be, or how well his citizenship may be established, cannot register and vote in Craven unless he has been a resident thereof ninety days, much less can one who has been living in the District of Columbia for the last two or three years.

If those gentlemen desired to vote here, they should have returned in time to register according to the laws of the State, and not waited until it was too late to acquire citizenship in the county wherein they propose to vote. The law requires all parties registering to swear that they have been a resident of the county ninety days. Can any one who has been living in Washington City up to Oct. 6th take that oath without being guilty of perjury?

## GENERAL NEWS.

**ALBANY, Oct. 29.**—Gov. Cleveland, accompanied by his private secretary, Col. Lamont, leaves to-morrow morning at 10 o'clock for New Haven, Conn., returning to Albany the same night. On Saturday morning he leaves here for New York for the purpose of reviewing a parade of the business men, returning to Albany Saturday night. Governor Cleveland will go to Buffalo to vote and will return to the capitol Tuesday night, receiving the returns of the election at the executive chamber.

**AUGUSTA, GA., Oct. 29.**—For several days past there have been rumors aloft of a heavy defalcation on the part of George F. Jackson, president of the Enterprise cotton factory, and a committee was appointed to investigate the books of the company. Jackson confesses to the defalcation, but cannot give the amount. He claims all responsibility for the deficit. Enough is already known from the investigating committee, however, to state that the defalcation is over \$60,000 and may reach \$100,000. The money, it is stated, was lost in various operations. Notwithstanding the defalcation the company is reported to be solvent and the mill will continue to run until the stockholders' meeting, November 8. The matter creates surprise, as Jackson has been one of the most prominent and public spirited citizens.

## Notice.

The Newbern Cotton and Grain Exchange will be closed on Tuesday, Nov. 4th, it being the day of the State and National election.

By order of the Board of Directors.

To any body who has disease of throat or lungs, we will send proof that Piso's Cure for Consumption has cured the same complaints in other cases. Address, E. T. HAZELTINE, Warren, Pa.

Once you catch the flavor and fragrance of a pipe or cigarette of Blackwell's Durham Long Cut, you can appreciate this sentiment from the "Reveries of a Bachelor":—"That first taste of the new smoke, and of the fragrant leaf is very graceful; it has a bloom about it that you wish might last. It is like your first love—fresh, genial, and rapturous."

## Arsenic Pills by the Post.

J. A. Smith, of Gainesville, Ga., merchant, says: "For years I was a victim to the combined effects of Erysipelas and an aggravated case of Eczema, that baffled all medical skill. I consulted the very best physicians in the United States to no good purpose. I gave every patent medicine that was recommended a faithful trial and received no benefit. I took large quantities of potash and a pint cup full of arsenic pills. The patent medicine, pills, and potash mixtures fed instead of curing the disease. They destroyed my appetite and wrecked my system—I lost flesh and energy—I lost three years from my business and spent \$2,000 in a fruitless effort to regain my health. At last, when I began to consider my case hopeless, I commenced taking S. S. S., and in a short time I was entirely cured. I waited a year after a cure was effected, and continued to take Swift's Specific off and on as a sort of safeguard, before I was willing to make public this marvelous cure. Being assured beyond the possibility of a doubt that the cure was permanent, I wrote this history of my case for the benefit of my fellow-men."

My skin is now as smooth as it ever was when a boy. I weigh more than I ever did in my life, and my general health was never better. I passed through last winter (which was an unusually cold one) without losing a single day from my business. For the last twelve months I have had no return of the erysipelas in any shape or form, or any trace of eczema."
