A Good Mover

The Board of Trustees of the New Berne Academy at their meeting yesterday evening, appointed a committee consisting of Messrs. Alex. Miller, William Hay and John S. Long to beautify the Academy grounds. This is a good move, for if there is anything the city should take pride in it is her schools and churches. The committee is composed of gentlemen of taste and good judgment, and we doubt not will cheerfully perform the duty assigned them.

Sent to Jail.

During the term of the United States district court this week two bills of indictment were found by the grand jury against John S. Manix, late postmaster in this city, for embezzling funds of the post-office department, and one against John S. Manix and James H. Robinson for false entries on the books of the

office in this city.

Mr. Manix not being ready for trial his bond was fixed by the court at \$2,000, justified, for his appearance at the next term, and not being able to

give it was sent to jail.

It will be remembered that several months ago, special agent Askew was down here to examine the affairs of the office, the result of which was the turning the office over to the bondsmen and Mr. Manix over to a deputy marshal. He gave bond for his appearance at the present term of the court when a true bill was found. Subsequently Mr. Robinson, who was a clerk in the office, was accested upon the charge of making atries and was required to give

bond for his appearance.

WARNING TO DEMOCRATS.

Defining the Rights of Voters and the Powers of Election Officials.

The National Democratic Committee have issued a circular addressed "To the People of the United States," in which the issue involved in the present campaign is sharply defined as follows: There is only one great issue in-

volved in this campaign.

The question is whether this country shall be governed honestly and wisely

or corruptly. The election of Grover Cleveland as President and of Thomas A. Hendricks as Vice-President will insure good government.

The election of James G. Blaine as President and of John A. Logan as Vice-President will insure bad government. Mr. Blaine would not be purer as President than he was as Speaker and member of the House of Representa-
