The dormer windows for the court  
house roof have arrived.

The steamer *Margie* arrived on Sun-  
day night, bringing the Kitty Rhoades  
troupe.

Prof. Nye had many calls at the  
Gaston House yesterday. He has a fine  
display of optical goods.

Moses Bryan says he has lived under  
a Democratic administration before,  
and he "contains" no fears.

Mr. John French brings us an Irish  
potato grown between the roots of a  
large horse tooth. It is a toothsome  
looking potato.

President Arthur has issued his pro-  
clamation setting aside Thursday, the  
27th of November, as a day of thank-  
sgiving and praise.

Parties are beginning to move into  
Burris and Moore's brick store. D. N.  
Kilburn occupies the one next to Wat-  
son & Daniels' ice house.

The county canvassers of New York  
State meet to-day to canvass the vote of  
last Tuesday. We hope they will defi-  
nitely determine for whom the State  
cast her vote.

The regular quarterly meeting of the  
"Ladies Memorial Association" will be  
held at the residence of Mrs. Daves,  
this afternoon, 11th of November,  
at 4 o'clock. The members are all in-  
vited to attend.

Our Stonewall correspondent writes  
us that the JOURNAL failed to reach  
there last Saturday and he blames the  
postmaster at this place for the delay.  
We will say in justice to the postmaster  
here, that he says our mail for Stone-  
wall was not put in the office in time,  
though our mailing clerk says it was  
put in as early as usual.

Thanks to Judge Green for a number  
of Florida oranges. They were grown  
on his daughters' farm near Ocala, and  
are very delicious in flavor. Among  
the number was a Tangarene, or "Kid  
Glove" orange. The juice of this va-  
riety, it is said, will not stain a glove,  
and is very sweet, though not as large  
as the ordinary orange.

Wm. Keellings, col., appeared before  
His Honor the Mayor yesterday morn-  
ing under the charge of disorderly con-  
duct. It appeared in the evidence that  
he got rather noisy on Saturday night,  
cursed out the Democrats and was in  
for a cursing spree generally. He was  
fined \$5.00 and cost, but not having the  
cash was sent over to Craven street ho-  
tel, where he will be entertained by  
Norris Green for a while.

Personal.  
Jas. A. Bryan, Esq., and wife have  
gone to New York to meet friends who  
have been on a European tour.

Clement Manly, Esq., has gone North.

The Official Vote of Jones.  
We have at last received the official  
vote of Jones county, which is as fol-  
lows:

For Electors—Cleveland 754, Blaine

747.

For Governor—Scales 746, York 755.

For Senator—Cyrus Thompson 715,

Page 599.

For the House of Representatives—P.

M. Pearsons 774, S. D. Strayhorn 699.

For Sheriff—John C. Parker 558, S. E.

Koonce 649, B. F. Dillahun 232.

For Register of Deeds—Kenneth F.

Worce 594, Isaac T. Wilson 869.

Taking the vote for Governor, it is a

net Democratic gain over the vote of

1880 of 212.

Let Us Give Thanks.

WASHINGTON, D. C., November 7.—By  
the President of the U. S. of America—  
a proclamation: The season is nigh  
when it is the yearly wont of this peo-  
ple to observe the day appointed for that  
purpose by the President as the especial  
occasion for thanksgiving unto God.

Now, therefore, I, Chester A. Arthur,  
President of the United States, do here-  
by designate as such a day of quiet  
thanksgiving, Thursday, 27th day of  
this present November, and I do recom-  
mend that throughout the land the  
people ceasing from their accustomed  
occupations, do then keep holiday at  
their several homes and at their several  
places of worship and with heart and  
voice pay reverent acknowledgment to  
the Giver of all good for the countless  
blessings wherewith He hath visited  
this nation.

In witness whereof, I have hereunto  
set my hand and caused the seal of the  
United States to be affixed.

Done, at the city of Washington, this  
7th day of November, in the year of our  
Lord one thousand eight hundred and  
eighty-four and of the independence of  
the United States the one hundred and  
sixth.

Chester A. Arthur,  
By the President,  
Frederick T. Huntington,  
Secretary of State.

### Political Lies.

We are tired of the many contradic-  
tory reports sent out about the vote of  
New York. On Saturday night we re-  
ceived a telegram from Mr. Jas. A.  
Bryan, at Weldon, which stated that he  
had just seen Senator Ransom and he  
had a telegram from New York stating  
that Whitelaw Reid had conceded the  
election of Cleveland. We also saw an-  
other telegram from Senator Ransom  
which confirmed this report, namely:  
that he had a telegram from New York  
stating that Whitelaw Reid, editor of  
the *Tribune* had conceded the election  
of Cleveland.

But Whitelaw Reid telegraphs Mr. T.  
A. Henry, of this city, that the report is  
entirely false; that he never had con-  
ceded the State of New York to Cleve-  
land.

Now why should such a telegram  
have been sent to Senator Ransom? If  
it will take the official count of the  
vote of New York to decide who has a  
plurality of the vote why not let the  
people know it that they may wait pa-  
tiently for the result? We have received  
Sunday's *Tribune*, and in order that our  
Democratic friends may know what  
Whitelaw Reid does say, we copy a  
leading editorial:

### THE NEXT PRESIDENT.

Apparently public opinion among  
men only moderately interested in poli-  
tics is tending to the belief that Mr.  
Cleveland is somehow or other to be the  
next President. The anxiety on the  
part of the business community to have  
the Presidential question settled is very  
marked. This feeling has an important  
effect in influencing public judgment to  
reach as quickly as possible the conclu-  
sion that he has been elected President  
by a small plurality of the vote of this  
State. We are unable to arrive at this  
conclusion ourselves. We still believe  
that Mr. Blaine has been elected Presi-  
dent by the honest vote of the people of  
this State, and that the official canvass,  
involving a rigorous scrutiny and ac-  
curate revision of the returns from  
every voting district, will confirm this  
judgment. Meanwhile we advise every-  
body to wait as patiently as they can  
for this final investigation, and when the  
decision is rendered to abide by it as  
good citizens and loyal Americans.

While we believe that Mr. Blaine has  
been elected by the honest vote of this  
State, and that an honest count and an  
honest canvass will prove this to the  
satisfaction of all fair-minded men, we  
shall be ready to acknowledge a mis-  
take in judgment if the decision of this  
final court of appeal be in favor of Mr.  
Cleveland. If the Democratic candidate  
shall finally be declared to be elected by  
any plurality, no matter how small,  
of the honest vote of this State, we  
shall not forget either the duty or the  
responsibility of American citizen-  
ship. If he be elected, he will cease to  
be the candidate of the Democratic  
party; he will become the Chief Magis-  
trate of the Nation, and by virtue of  
his office will be entitled to the respect  
of the American people without regard  
to party.

It is almost unnecessary to add that  
if Mr. Cleveland be officially declared  
to be the President-elect, we shall judge  
of him by the future, and not by the  
past. All past scores will be wiped out;  
we shall begin afresh, and judge of him  
by his official acts. It will be our pub-  
lic duty to watch his Administration  
closely, but it will be equally a duty  
and a privilege to give loyal support to  
his Administration, whenever his public  
acts will warrant approval. This we  
pledge ourselves to do in advance of the  
final decision; and we dare say that our  
friends, the enemy, as we not only hope,  
but believe, shall prove to be the next  
President.

### The Theatre Last Night.

Miss Kittie Rhoades was greeted last  
night with an elegant and fashionable  
audience. M'Liss was well rendered  
and Miss Kittie received good support  
from the troupe.

The orchestra afforded fine music and  
the entertainment was a good one.  
Judge Bessinger played his part ac-  
cording to the statutes. Appear in  
"Confusion" to-night.

### Foreign Rice.

Some days ago, we noted the immense  
production of rice in the East Indies,  
also the large export to England and  
the Continent. We did so as general  
information, but more especially for the  
benefit of parties interested in the cul-  
ture in our midst. We did not do it  
for the purpose of exciting alarm or ap-  
prehension, but that there might be a  
better understanding of this matter  
which is of vital importance to so many,  
viz.: the possible and probable effect of  
the East India crop on our home pro-  
duction. Hitherto the competition has  
been in the midsummer or when our  
crop has fallen short. It is now becom-  
ing apparent that the imports are steady  
increasing, and that either the tariff  
must be raised, or the product put down  
to a competitive basis. The foe is no  
longer a distant one, but now appears  
right at our very doors. We note the  
arrival of considerable parcels of Ran-  
goun in the rough at Savannah. It is  
even worse for us than the competition  
via Norfolk, for the vessels coming  
from Liverpool to Savannah being un-  
able to induce other freights, offer un-  
usually cheap rates on rice. This bring-  
ing of "coals to New Castle" has greatly  
depressed prices in Savannah. This is  
of course the immediate effect, still it  
may happen that the style may not  
meet the popular favor. This is a some-  
what slender thread on which to base a  
hope, for it is a patent fact that no mills  
in the world can equal those of the  
United States in either economy of  
treatment and elegance of result. We  
shall watch the out-turn of this lot and  
note its quality and price.

### Swansboro Items.

Miss Mat. Pearce had to give up her  
school on account of sickness.

C. B. Frazell is in the insurance  
business; quit school for a while.

Miss Minnie Ward from here is visit-  
ing her cousin, Mrs. F. J. Fulford, in  
New Berne.

The dry weather here causes sickness,  
for this is one of the healthiest places in  
North Carolina.

Turpentine low, cotton low and short,  
fish low and money high, good for the  
poor people said Dr. York.

The farmers are about done housing  
their crops and most of them have very  
short ones, too. Merchants are doing  
very little for the time of year.

Mr. G. W. Ward has just  
arrived from the convict camp  
in Craven county and report Road  
nearly finished from Trenton to Core  
Creek.

Our shipping department is dull;  
Captains Joe Bloodgood, M. Bloodgood,  
A. Dennis, Joe Moore, Hardy Jones and  
J. Moore all waiting for loads for their  
crafts.

Well, if Blaine is elected, what of it?  
he is not the first Rad and Ras that has  
been elected since the war, and won't  
be the last if he can help it, that is, we  
mean if he is elected.

We are catching fish by the thou-  
sands, mostly little mullets. Friday, the  
7th, Capt. Eden Yeomans, at his fishery,  
Shelly Point, caught near 12,000, and  
they are cheap, selling for 50 cents per  
hundred, 14 inches in size. It seems  
that they don't pay any attention to the  
fish law in Onslow. Guess they will  
repeat it when the next Legislature  
meets.

W. E. Mattocks and Nash Dennis are  
the boss fishermen now, but we think  
Pete can beat Nash, with hook and line,  
a little. A day or two ago Pete caught  
a large red drum fish with hook and  
line that weighed 31, and now Nash  
may be seen mornings before it is light  
padding his boat to the place to hunt for  
a bigger drum. As yet he hasn't  
caught him.

Maj. Russell and sons, Dave Ward  
and Jonas Jones went to New Berne to  
the circus; said they had to have some  
fun somewhere; so they voted for Cleve-  
land and Scales, cursed Dr. York and  
his party, bid good-bye to all the Blaine-  
ites, took a drink at George W. Smith's  
as they passed by there and went on  
their way rejoicing and singing, "I'm  
going to see de surkus if it costs as  
much as 15 cents," and I think they did.

More sickness in our little town than  
has been for five years. No deaths  
have occurred in our midst, but several  
have died around us, among them Mr.  
Thos. B. Holland, an old and much re-  
spected citizen, who departed this life  
last Sunday at his home near here. Mr.  
Holland has been for a long time af-  
flicted with paralysis; has not been able  
to walk for two years, but bore his suf-  
fering with meekness and died with the  
hope of a Christian home above, for he  
was a strict member of the Methodist  
church. Aged about 64 years.

The election passed off very quietly  
here. All the Democratic nominees  
were elected in this county. Dr. F. H.  
Blount was almost unanimously elected  
constable, Messrs. Pittman and Blood-  
good receiving one vote each, only. The  
Doctor has been very busy for two  
months, but says he is having a little  
rest now. All the sick except Mrs. L. T.  
Sparks and Mr. Kilby Willis are con-  
siderably better. Only a short time  
ago Mr. Sparks lost his house by fire,  
with nearly everything in it, and now  
his family are down sick, partly from  
the effects of the fire. Mr. S. thinks the  
house was set on fire by some one in the  
foolish attempt to dig money, and from  
all and good signs, this may be true.

We will tell you a small snake story.  
Miss Viola Provoy and sister were out  
in the yard feeding or attending to  
chickens, when they came suddenly upon  
a large rattlesnake, and if they  
had not been very brave girls would,  
we guess, have screamed, squealed,  
shrieked, howled, fainted, or some-  
thing else, perhaps, but they didn't do  
any of that and they didn't do like Mrs.  
H. and Mr. F. sometime ago like Mrs.  
H. and shot guns, but quietly pro-  
ceeded; yes, run, but not away from  
the snake; they ran towards him, and  
with sticks and poles soon dispatched  
the rascal. We generally call the Rad-  
ical party rascals, but in this case we  
don't see any, or very little difference,  
and call the snake rascal. The snake  
was killed and had 14 rattles, was 6 feet  
long, measured 5 1/2 inches in diameter,  
16 inches in circumference, and didn't  
have a rabbit or coon to measure around  
either. We don't tell this story as a  
large snake story, but think it a pretty  
fine one, considering the principle ac-  
tors were little girls. Now Viola, don't  
get mad because we call you little; we  
would not do anything to keep you  
from getting married if we could, but  
think you don't want to do that now.

To any body who has disease of throat  
or lungs, we will send proof that Piso's  
Cure for Consumption has cured the  
same complaints in other cases. Ad-  
dress,

Debility in adults is often caused by  
worms. The change from childhood to  
manhood is not sufficient to rid the sys-  
tem of this awful plague. Shiner's  
Indian Vermifuge will expel them and  
restore health and a bright complexion.

What a pipe of execrable stuff!  
What a cigarette rolled out of drugged  
or deteriorated leaf! Bahl! Get Black-  
well's Durham Long Cut, for pipe or  
cigarette, and then you are sure of a  
pure, fragrant smoke.

Avoid the harsh, irritating, gripping  
compounds so often sold as purging  
medicines, and correct the irregularities

### Work of the Western Union Company.

The magnitude of the business done  
by the Western Union Telegraph Com-  
pany in the last two days can only be  
estimated. Nearly all its offices  
throughout the country were kept open  
Tuesday night and all its operators  
were on duty. General Somerville,  
who has charge of the press business of  
the company, said yesterday: "It is  
utterly impossible to say how many dis-  
patches have been handled in the last  
twenty-four hours. All the lines have  
been loaded with business, but no check  
was kept on the great bulk of it because  
it was free. We had nearly 12,000 ex-  
tra offices open yesterday, and every  
operator was busy. The 'good-night'  
was not given until 5:30 a. m. Wed-  
nesday. I think that the extra expen-  
ses in gathering and sending election  
returns will amount to fully \$10,000."  
—N. Y. Tribune.

COLUMBUS, O., Nov. 6.—Three  
bridges on the Straitsville branch  
of the Columbus, Hocking Valley  
and Toledo road have been burned.  
Loss about \$10,000. The wires  
were cut and communication with  
the general offices was thus shut off  
till to-day. The bridges were all  
in the same neighborhood, between  
Straitsville and Nelsonville. Be-  
fore firing the bridges a party of  
unknown men appeared in Murray  
City and threw bombs from the  
hillsides, which were exploded.

PHILADELPHIA, Nov. 6.—Mr.  
George W. Childs gave the Farm-  
ers' Club dinner to-day at his  
country house, Wooton. Among  
those present were Gen. Simon  
Cameron, ex-Speaker Samuel J.  
Randall, the Hon. Wayne Mac-  
Veagh, George B. Roberts, Presi-  
dent Pennsylvania Railroad; Sena-  
tor J. D. Cameron, Judges Green  
and Biddle, D. O. Mills, R. Lenox  
Kennedy, and Whitelaw Reid, of  
New York. Twenty-four gentle-  
men sat down to dinner.

### Notice to Mariners.

Notice is hereby given that, on and  
after this date, an electric light will be  
exhibited from the structure recently  
erected at Hell Gate, on Hallett's Point,  
Astoria, N. Y.

The structure consists of a skeleton  
iron tower 250 feet high, on top of  
which are nine powerful electric lights  
arranged in an arc comprising 270 de-  
grees of the horizon.  
This light is designed to illuminate  
the channel through Hell Gate rather  
than as a beacon-light. It will, how-  
ever, unless accidentally extinguished,  
be visible on Long Island Sound, from a  
height of 18 feet above the water, until  
cut out by Whitestone Point.

Vessels approaching from the east-  
ward intending to go through Hell  
Gate should note, after passing White-  
stone Point, whether or not the light is  
visible.

By order of the Lighthouse Board:  
STEPHEN C. ROWAN,  
Vice-Admiral U. S. Navy, Chm'n.

As a purifier, Ayer's Sarsaparilla acts  
directly and promptly. A single bottle  
will prove its merits. Many thousands  
of people are yearly saved from danger-  
ous fevers by the exercise of a little  
timely care in properly cleansing the  
system by the use of this remedy.

### DIED.

Sunday night, November 9th, after an  
illness of about nine days, Mrs. Elvira  
Wooten, wife of John W. Wooten, Esq.,  
The deceased leaves five little chil-  
dren and a large circle of friends and  
relatives to mourn her death.
