FELLOW CITIZENS:—As Secretary of the Cleveland and Scales Club of this place, I congratulate you on the intelligence just received of the triumphant election of Cleveland and Hendricks as President and Vice-President of the United States of America. This is the happiest political day of my life, if the report is true. The government of the United States is safe. Old Simeon said when he saw the Saviour, "Lord lettest law, he insisted upon the observance of thou thy servant depart in peace for I the "statutes" under any and all cirhairs go down to my grave shouting the general government is safe. The government is re-deemed, the constitution is safe and to be a good Democrat is one step on the road to heaven. The golden is once more to be planted in its place. We have the greatest country and govern-ment in the world. The sun in all its circuit round the globe don't shine on just such an extent of territory, climate, soil and production and civil and religious liberty as this of ours. Then let the American Eagle, the bird of heaven, light on the loftiest crag of the Rocky fonntains and there sing his glorious sonntains and there sing has generally song of free institutions and free government, for all our citizens are sovernigns, 'clothed with the ballot, a free ballot, both white, black and grisly gray. > New York State has seen some close elections in the past, both on President and on Governor. In 1828 General Jackson had only 5,350 more votes in the State than John Quincy Adams. This was the first time Presidential electors were chosen by popular vote, a majority of only 6,749 in 1864. Still closer votes have been seen in gubernatorial elections. Washington Hunt de-feated Horatio Seymour for Governor in 1850 by 262 votes, and four years later Seymour suffered the same fate again at the hands of Myron H. Clark, this better; does not pain me at all. It is time by 309 votes.

Debility in adults is often caused by worms. The change from childhood to manhood is not sufficient to rid the system of this awful plague. Shriner's Indian Vermifuge will expel them and restore health and a bright complexion.

#### Epithelioma or Skin Cancer.

This form of cancer is the most prevalent type, and is in many cases fatal, as it gradually eats away until it destroys life. It would seem that Swift's Specific is indeed a specific for this scourge.

Mrs. K. A. Armstrong, Verona, Miss.

writes under date of May 16, 1884: "After taking six bottles of Swift's Specific the cancer is healing; is greatly reduced in size. It now gives me no pain, and my general health has so much improved that I am able to be up and attend to my household duties-something I had not been able to do in sev eral years. I feel that it will cure me."
Mr. M. N. Clayton, of Red Clay, Ga.,
writes under recent date: "All painful
sensations in my cancer are decreasing.
I feel decidedly better, and the cancer
has commenced to heal."

Dr. M. F. Crumley, Oglethorpe, Ga., writes under date of May 10th; "Mr. Naves, who had such a terrible cancer on his face, is about well. New skin has grown all over his face, and looks almost as well as it ever did, and I would ike some of your company to see him. Messrs. J. & J. B. Harter, of North Manchester, Ind., write under date of May 1st: "The lady with cancer is im-proving right along. The Specific in-creased the discharge for the first few days, but the soreness is gone and she is much better."
