## LOCAL NEWS.

**Journal Miniature Almanac.**  
Sun rises, 7:01 | Length of day,  
Sun sets, 4:47 | 19 hours, 46 minutes.  
Moon rises at 1:33 a. m.

Freights continue good on the A. & N. C. Railroad.

One of our fish dealers predicts a good run of shad this season.

The Goldsboro Messenger will be out in full size next Wednesday.

The Goldsboro left for Norfolk yesterday with a full cargo of cotton.

The Lenoir County Teachers' Association meets at La Grange to-day.

Several cart loads of New river mullets and trout in the market yesterday.

The Shenandoah carried out a full cargo of rice and cotton yesterday evening.

Let every taxpayer attend the meeting at the court house next Tuesday night.

The steamer Snow Hill arrived from Contentnea river yesterday loaded down with cotton.

The steamer Elm City arrived from Bayboro last night with freights and passengers.

Our market is now well supplied with fish. Rock, white perch, trout, drum and hickory shad are the leading varieties.

The schooner Henrietta Hill, Capt. Hill, arrived from Charleston yesterday with a cargo of fertilizers for Roberts Bros.

The young gents and Misses of the Z. B. and P. Club had a very pleasant party at the residence of Thos. Daniels, Esq., last night.

The truck farmers are setting out cabbage. The shower on Thursday night was a great help to those just planted out.

A good sized sturgeon was to be seen at Watson & Daniel's fish house yesterday. Rather early for this species of the funny tribe.

Mr. R. B. Nixon is opening a shoe store at the Cleveland and Scales club room. He proposes to set sail under a successful banner.

About one thousand bushels of rice in market yesterday and several thousand on the day before. The market is firm at \$1.03 for a good article.

Capt. W. T. Taylor was in the city yesterday on crutches, having mistaken his foot for a chunk of wood a few days ago and stove an axe into it.

Mr. Reuben Berry & Co. have moved into the iron building near the market wharf which was burned in the late fire and rebuilt by Mr. U. S. Mace.

Rev. Dr. Burkhead will occupy the pulpit of the Presbyterian Church next Sabbath. Rev. L. C. Vass is absent at Scotland Neck, preaching for Rev. S. L. Wilson.

We were pleased to see on our streets again yesterday L. J. Moore, Esq., who was taken sick during the session of the Superior court here. He is looking thin, but is cheerful and will soon be able to attend to business.

Sheriff Meyer Hahn, of Craven county, has the honor of being the first to settle his taxes with the State Treasurer. He paid in the following: Tax from schedule B and C, \$1,766; special taxes, \$671.72; total, \$2,437.72.—*News and Observer.*

The young gentlemen of Bayboro, so we learn from the *Enterprise*, propose to have a leap year supper and ball on the night of the 23rd inst. The managers are W. H. Gaskins, W. E. Nichols, S. W. Ferebee, J. T. Cooper and J. W. Hooker.

Deputy Sheriff J. L. Hahn reports that George Washington, who, it will be remembered, was sent to the penitentiary for twenty years for killing a sailor in this city, is now almost a first class shoe maker, and wears his standing collar as he used to.

The *News and Observer* says: R. B. Raney & Co., proprietors of the Atlantic hotel, will soon publish and circulate all through the South a handsomely illustrated pamphlet descriptive of the merits of that delightful summer resort. Five thousand copies will be printed.

On our editorial page is an article on "Manure for Potatoes." It is from the pen of Joseph Harris, a practical farmer, author of "Harris on the Pig" and "Walks and Talks on the Farm" as published in the *American Agriculturist*. Our farmers who intend planting Irish potatoes for market the coming season should read it.

**Demorest's Magazine.**  
We have received the January number of *Demorest's Magazine*, which is full of interesting reading matter. The frontispiece is a steel engraving of the beautiful and immortalized Charlotte Corday, who, during the French revolution, sacrificed herself to save the life of a manly citizen.

**Personal.**  
Rudolph Duffy, Esq., of Onslow, is in the city.

Mr. W. B. Murrill, of Onslow, is in the city.

Mr. J. O. Frazzle, of Onslow, was in the city yesterday with a load of fine New river trout.

J. W. Bryan, Esq., of Goldsboro, is in the city on his return from a visit to Stonewall.

**Teachers' Association.**  
EDITOR JOURNAL:—Allow me space in your paper to state to the public the progress of our Craven County Teachers' Association. Whereas, a number of the officers and members met on Saturday, December 6, at the colored graded school building on West street.

Meeting convened at half past twelve o'clock. The minutes of the previous meeting were read and approved, and also other business was attended to, after which the president gave out certain work to be done and presented at the next meeting.

Meeting adjourned until the first Saturday in January 1885. All friends of education are invited to attend.

ALEXANDER BASS, President.  
J. G. SUTTON, Jr., Secretary.

**Jones County Items.**  
Hog killings are plentiful now in our section.

The public schools are now open in nearly every district in the county.

I see that our people are securing their Christmas turkeys, for fear that the price will be too high a little later.

A few of our farmers have gone to work in earnest notwithstanding the many drawbacks of the past season, determined to succeed if success is attainable.

We have been blessed with a fine rain, and now we have cold, fair weather, the very kind for the farmers to prepare their firewood and to make rails to fence their farms.

Persons who have to rent their farms are now looking around trying to better themselves. I hear that there are many who are moving now, getting ready to make an early start for another year.

Dr. James H. Scarborough was all smiles and good humor on Saturday morning last. I enquired why the doctor was in such fine humor, and was informed that there had arrived at his home a little stranger who had come to stay—a fine little girl.

A couple of colored boys, tramping through Cypress Creek township last Saturday, while passing the farm of Mr. Ben. Brock, took it into their heads that as Mr. Brock had such a fine drove of turkeys they would just help themselves, but they were discovered by some of Mr. Brock's tenants, who caught them and turned them over to the proper authorities, and in default of bail were sent to the Trenton jail.

I heard a couple of darkeys discussing the tariff; one remarked that he was sorry that Blaine was defeated, because said he, "Cleveland will take all the duties off everything and cause our factories to stop. And then," said he, "England will just send enough things here for us to use and charge us what she pleases." "No, sir," said the other, "just look at matches; our people charged us five cents for two papers worth of tariff, and Congress took it off. England then sent 'em here so plenty that a nigger can afford to bite de pot wid 'em and not broke at dat."

The town of Trenton has a large number of good looking young men, but I have been informed that some of them will change their condition shortly, as all the vacant houses in the town has been engaged for the next year by the single men and furniture ordered to fill them. Should not be surprised to hear that several more dwellings will be needed in a short time. All right, young gentlemen; glad to hear that you are pursuing the only course that will bring to you contentment and prosperity through life.

Trenton township has more unmarried men than any other township in the county; will not some of our knowing ones inform us why this state of things exist? Some of our young men say that times are so hard that they are afraid that they could not make a living, were they to marry. I do not consider this any excuse at all, as many of our young men waste enough money to support a wife decently; then why not do it, and thereby bring about a different state of things? Instead of so many old bachelors housekeepers that are making up their own beds, cooking and washing dishes, let them seek out a good wife and bring her to their homes, and my word for it, gentlemen, you will never regret it.

**Williamston Again in Flames.**  
News and Observer.

ROCKY MOUNT, N. C., Dec. 11.  
Another large fire occurred in Williamston last night about 12 o'clock, burning the large livery stable in front of Kirby's hotel, including Stubbs' office. The horses and vehicles were saved. The hotel caught several times, as well as other buildings, but were put out by hard work of the citizens. The fire originated in the back of the stables among some fodder or hay. The loss is not estimated. If there was any insurance the amount is not known.

**Notice**  
To the people of New Berne and surrounding vicinity; you are hereby called to assemble in mass meeting on the 16th day of December, A. D. 1884, at 8 o'clock, sharp, at the new Odd Fellows' Hall, to consider and devise plans for the celebration of the Emancipation Proclamation on the first day of January, 1885.

By order of W. H. DEWEY, Chairman.  
M. P. HOLLS, Secretary.

## Stonewall Items.

Jno. W. Bryan, of Goldsboro, is on a visit to his relatives and friends in Pamlico.

Mr. T. B. Hyman, of the Goldsboro rice mill, is in this place buying rice for milling purposes.

Mr. Lawrence Miller is the happy recipient of a fine girl baby. It is not the first by any means.

Mr. Jas. Martin, of Dawson's Creek, one of our best citizens, died on last Monday of consumption.

Geo. W. Lukins and Mack Lane were sporting a tandem team to a buggy on Thursday in this place, the first that was ever in Pamlico.

Covington E., 14 months old, a son of T. A. Hadder of this place, died Wednesday evening at 7 o'clock; a kink or slip of his intestines the cause.

Mrs. Molly Lampert, the wife of Max Lampert, living near here, died Thursday morning; congestive child the cause. She leaves four small children.

Some miserable curs are destroying sheep among us. I had six killed in August past, and on last Sunday night they were attacked again. Out of 33 head of as fine grade Cotswold as can be found, only 23 are left, and nearly all of them are maimed so I am sure part of them will die. Is there no remedy?

**Crop Report.**  
WASHINGTON, Dec. 10.—The department of agriculture reports to-day the prices of farm products in the home markets. The tendency to a general decline of prices appears to have depressed values somewhat, aside from the abundant supply. The average price of corn is 26 cents, which is one cent lower than the average for 1879, when the supply in proportion to the population was quite as large. It has been lower out twice in ten years; in 1877-78, after two previous years of abundance. It is the highest in Florida, 80 cents per bushel; and the lowest price is 18 cents in Nebraska; Kansas 22, Iowa 23, Missouri 26, Illinois and Minnesota 31, Indiana and Mississippi 34, Michigan 40, Ohio 41, Kentucky 43. It is 52 in Pennsylvania, 54 in New Jersey and 60 in New York. The range of values in the South Atlantic States is from 39 in Delaware to 72 in South Carolina, and 80 in Florida, increasing in the order of movement, except that Georgia reports 65 cents; in the more Western States 54 in Tennessee; 61 in Alabama; 62 in Mississippi and Texas, and 67 in Louisiana. The average farm price of wheat is 65 cents per bushel, against 91 cents last December. The December price in thirteen years has previously been below one dollar per bushel but five times—in 1874, 1878, 1880, 1882 and 1883. The average in Nebraska is 42 cents 45 in Kansas; 46 in Dakota; 50 in Minnesota; 55 in Iowa; 62 in Missouri; 63 in Illinois; 67 in Indiana; 74 in Michigan, and 75 in Ohio. The average home-grown wheat in New England exceeds one dollar; in New York it is 85 cents; in Pennsylvania 86. It is 89 cents in Virginia and 83 in Maryland. The average value of oats is 28 cents, against 33 cents last December, and 37 against 35 in 1882. The present value is the lowest ever reported by the department. The lowest State average is 19 cents. In Nebraska the highest is 60; in Florida, Iowa and Minnesota, 20 cents; Kansas 22; Illinois 23; Indiana 27, and Ohio 29. The range is from 42 to 60 in the South. The plantation price of cotton reported ranges from 9 to 9 1/2 per pound. It is 9 in Tennessee, Arkansas and Texas, 9 cents and 2 mills in Louisiana, 9 cents and 3 mills in the Carolinas and Virginia.

The average farm price of the entire crop of potatoes is 40 cents per bushel. The lowest is 25 cents in Michigan. The average in New York is 30 cents, 42 in Ohio, 35 in Maryland, 34 in Illinois, 28 in Iowa, 29 in Nebraska.

**The Latest News.**  
BALTIMORE, Dec. 11.—At the centenary conference this morning Bishop Wilson, of M. E. Church South, occupied the chair. Prayer was offered by Rev. A. S. Hunt, agent of the American Bible Society, after which the minutes were read by Rev. J. S. Martin, of West Virginia. A resolution calling for a grand temperance demonstration during the session of the conference was referred to the executive committee. The special order of the day, the review of the superintendency of Asbury, and what he did for Methodism, by Rev. J. Boring, of the M. E. Church, South, was read by Wm. S. Thompson, the venerable Dr. Boring being unequal to the task. The essay was a general review of the labors of Asbury, the difficulties he overcame and the success that ultimately crowned his work. The reading of the essay on Asbury was followed by an address by Rev. A. Wheeler, on the relations of John Wesley to American Methodism. This was a discussion of the subject of the itineracy. The bishop made a report, recommending that the two temperance mass meetings be held on Saturday next, under the auspices of the conference, which was adopted. Adjourned.

Tone up the system by the use of Ayer's Sarsaparilla. It will make you feel like a new person. Thousands have found health and relief from suffering by the use of this great blood purifier when all other means failed.

To any body who has disease of throat or lungs, we will send proof that Piao's Cure for Consumption has cured the same complaints in other cases. Address, E. T. HAZELTINE, Warren, Pa.

## GENERAL NEWS.

At a recent carnival in Denver, Col., all the guests appeared in costumes made entirely of paper.

Congressman Follett of the First Ohio district will contest the election of Benjamin Butterworth to the Forty-ninth Congress.

A movement is on foot to secure from the Secretary of the Treasury a recommendation that legislative action be taken for the relief of the whiskey dealers.

KINGSTON, Ont., Dec. 9.—The citizens of this place are becoming alarmed by farmers from the small-populated village of Stoco visiting the Kingston market. Measures will be taken by the authorities to prevent such visits while danger of infection exists.

BOSTON, Dec. 9.—Hugh O'Brien, the Democratic candidate for Mayor, was elected to-day by a plurality of 3,424 over Augustus P. Martin, the present Mayor, who was the Republican and Citizen's candidate. The total vote was 51,936, a falling off of about 7,000 from the vote at the national election.

By a peculiar concatenation of events, the free traders are generally in favor of protection to the Louisiana sugar industry and the protectionists are against it. This is because the Government receipts from the importation of sugar are about \$50,000,000, and if that should be done away with the revenue would need very little further reduction, and the remaining protective features of the tariff could stand without disturbance. This is the reason why the free traders are for a little protection in Louisiana. Alas that expediency should so often be the foundation of principle!—*N. Y. Sun.*

LITTLE ROCK, Dec. 9.—Joseph Cook, leader of the gang that robbed the passengers on the Pine Bluff train on Saturday night, confessed this morning, and implicated Clifford, Adolph Parker, and Kline, his confederates. Clifford and Parker are in custody here, and Kline is reported to have been captured in Garland county this afternoon, and will be brought here immediately. They are all young men, and residents of this city except Clifford, who came here three weeks ago from Chicago. Parker is the son of a leading furniture dealer of this city, and only 17 years old. The police have recovered nearly all the property and money that the gang got on the train.

MONTREAL, Dec. 9.—Before Vennor died he had completed the manuscript of his almanac for 1885, which has just been issued from the press here. In his general forecast, he says we are in a "moist period," which will continue for two years, extending over the Northern and Middle States and Canada. The fall of 1884 he predicted would be very open, with a mild, unsettled winter to follow, with great falls of rain and snow. He also predicted an unusually green Christmas and a mild New Year. As far as eastern Canada is concerned, the forecasts have been fulfilled almost to the letter. The country is destitute of snow, and the rivers are free from ice, with mild, rainy weather.

NEW ORLEANS, Dec. 9.—"The world," said Director-General Burke yesterday, "never witnessed an exposition of the magnitude of this. There are more machinery, more art, more agriculture, and more exhibits of the natural resources of America, than the world has seen before at one time. Two thousand car loads of material have been carried to the Exposition, and the buildings are not yet half full. Two thousand car loads of freight are on wheels or in vessels, and we shall open with more in position than has ever been seen in an exhibition heretofore. Applications for space have been allotted for British, French, Belgian, Prussian, Austrian, Italian, Spanish, Chinese, Japanese, Siamese, Central American, and Mexican exhibits, covering 160,000 square feet of space. Our floor space is about 2,500,000 square feet, and we shall not be able to allot space for a week, because the ground floor and the galleries are full to overflowing. We shall add a building 400 feet long to the main building, and have it finished by Dec. 16, although not a post is up."

**Sweet Gum and Mullein.**  
The sweet gum, as gathered from a tree of the same name, growing along the small streams in the Southern States, contains a stimulating expectorant principle that loosens the phlegm producing the early morning cough, and stimulates the child to throw off the false membrane in croup and whooping cough. When combined with the healing mucilaginous principle in the mullein plant
