A few buckets of water were dashed on her, but she died in a few minutes. Coroner Bates summoned a jury who, after examining several witnesses, returned a verdict that "she was accidentally burned to death while drunk."

Death of a Good Citizen.

Mr. Robt. H. Jones, of Cedar Point, Carteret county, died at his residence on Friday morning of hemorrhagic malarial fever, after an illness of about ten

Mr. Jones was a brother of our townsman, Capt. K. R. Jones. He was a Lieutenant of a company in the Second Regi-ment of N. C. troops during the war, and was often commended for his gallantry and soldierly bearing in the hour of danger. He represented the Ninth Sensional district, composed of the counties of Jones, Onslow and Carteret in the Legislature of 1881-82. He was not one of the noisy members but was always at his post, faithfully discharg-ing his duties. Carteret county has lost one of her best citizens.

Notice to Delinquents.

When the Daily JOURNAL was first ssued in New Berne, the proprietors announced that they would collect the subscription price at the end of each month, thus reversing the usual news- Daniels. paper rule which is "Cash in advance." We were compelled to adopt this course because few people had any confidence in the ability of the JOURNAL to survive three months, and we did not care to have them feel that they were running a risk to invest money in it, though we were determined to make it a success. So we have sent our collector regularly at the end of each month, not to collect money in advance for the JOURNAL, but Thanks to J. M. Howard, that prince what was actually due, and our subscribers have generally responded promptly, and we take this occasion to thank Mr. John Detrick sends us a mess of them for their liberal patronage and saur kraut and we hasten to say it is promptness in paying their subscriptions. But we have a few and we are glad to say issued during the past week; four to they are a very few, that have put off paying their bills until they have amounted to several dollars. We cannot indulge these longer. We must collect what is due us at the beginning of each month, and we propose to start on the first of January with a clean list. Our collector will call on those who are in arrears between now and then and if they want the Journal after the first, they must pay what they are due.

We have a few subscribers who have no regular place of business in the city sented on the street, which is about the only place our collector can find them. We propose to give these, and all others tunity of paying in advance at \$5.00 per annum or \$2.75 for six months.

We wish our delinquents to bear in mind that we will not have the paper delivered to them after the 1st of January unless they have paid their past

> move of our Seven Springs neighbors for a new county. Such a move has been under consideration by the citizens of this place and the surrounding country for over twelve months. Our proposition is to establish a county within these limits, subject, of course, to alterations, viz.: Beginning at Greene county line, where Lenoir Institute and Falling Creek township line insect said line, and runs with said township line to Falling Creek, then down the creek to the fork of the road near the Warters' mile, then with White Hall road to the avenue at the Harper place, then a direct line to the White Hall road, on the south side of Neuse river at the Campbell place, then with said White Hall road to the fork near the Col. Jas. Davis place, thence with the left fork of said road to Duplin county line, then with said Duplin line to a point opposite the mouth of Walnut Creek, then up the creek to the Dick Hinson place, then a direct line to the mouth of Hood swamp, where it enters into Bear creek then creek to the Dick Hinson place, then a direct line to the mouth of Hood swamp, where it enters into Bear creek, then up Hood swamp to the Goldsboro and Snow Hill road, then with said road to a fork of the public road just east of William Newsoms, then with the public road by James Britt's and John Wooten's, to the La Grange and Snow Hill road, north of Mewberne's meeting house, then with said road to the new public road, leading from said La-Grange and Snow Hill road to Hull road, then with said new road to Hull road, then with said new road to Hull road, then with Hull road to Greene county line, then to the beginning. The territory embraced would make quite a respectable county, and would include Seven Springs and much of the county site, we prefer it here for obvious reasons, but if a majority of the qualified yoters of the new county see fit to locate elsewhere, then let the will of the people govern. We hope that our friends here, and the movers in the matter at Seven Springs will meet and have a concert of action, as this can be the only way to succeed.
