Pure Carbonate of Lime

A Natural Fertilizer.

We are now prepared to supply the farmers of Eastern North Carolina with

Pure Carbonate of Lime, ground at our Mill in New Berne. This is lime made of oyster shell, fresh from the bed, and is far superior to burnt lime, as it contains much animal mat-

ter. It is one of the Cheapest and Best Fertilizers

now in the Market. Composted with cotton seed or stable manure it makes a complete fertilizer, and is indispensable to the fertility of the soil.

As the supply will be limited, farmers are requested to send in orders immediately.

From time immemorial, no one will preend to deny the fact that kisses have been held in high repute by both sexes-whether active or passive. It has been decided that a LEGAL KISS implies ACTION on both parties; but when a lady simply consents to be kissed without action of her lips, it consti tutes only a PASSIVE kiss-a sweet deprived of its nectar.
