Harper's Magazine, ILLUSTRATED.

With the new volume, beginning in December, Harper's Magazine will conclude its thirty-fifth year. The oldest periodical of its type, it is yet, in each new volume, a new magazine, not simply because it presents fresh subjects and new pictures, but also, and chiefly, because it steadily advances in the method itself of magazine making.

Harper's Periodicals.

Table listing Harper's Periodicals: Harper's Magazine, Harper's Weekly, Harper's Bazar, Harper's Young People, Harper's Franklin Square Library.

The volumes of the Magazine begin with the numbers for June and December of each year, when no time is specified, it will be understood that the subscriber wishes to begin with the current number.

A New Definition. "I see there has been trouble on the Rio Grande, and that a number of Mexicans were killed, don't you know," said an English tourist to a Texas gentleman in Austin, the other day.

"Yes, a little fandango down there. You bet the Americans will get away with the Greasers every time," replied the Texan.

"Aw, don't you know, I can't see why you always call the people of the States Hamericans, when you talk of the other people of this country as Mexicans, and Canadians, Chilians, and Brazilians."

"Because, don't you know, it means Hammer-I-can—the Hamericans can hammer any nation on top of the ground. We hammered John Bull twice, don't you know, and we can do it again, and if any body doubts what I say I've got the tools to prove it."

As the proof appeared to be somewhere about the butt of a suspicious looking revolver, the tourist did not gainsay it, but concluded that he would get out of the beastly country at once.

Law Anecdote.

Charles Burton is one of the shrewdest lawyers in Galveston. He knows everybody in the city, and is such an excellent judge of human nature that he can infallibly predict what verdict a jury will bring in.

"Gentlemen, I'll tell what we will do. Lawyer Burton always knows what kind of a verdict a jury is going to bring in. Let us send for him and ask him what our verdict will be."

The suggestion was adopted, and Burton said they were going to find a verdict for the plaintiff, which they did. The opposing attorney, however, heard of it, and the consequence was that a new trial was granted.

The principal seasons illustrated at the roller skating rink are "fall" and "spring." Some of the remarks they provoke are summary.

Plain Questions.

Mythical ideas are fanning the public brow with the breath of prejudice, ignorance and humbuggery. Have you the remotest idea that your scrofula was created by the use of potash and mercury? No matter what the cause, B. B. B. is the peer of all other remedies. Do you presume that your troublesome catarrh is the result of mineral poisoning? B. B. B. is the quickest remedy. Are your chronic ulcers and boils and sores the result of potash and mercury? Medical gentlemen will not tell you so, but B. B. B. is the only sovereign remedy. Were your terrible kidney troubles created by mineral poisoning? Not a bit of it, but B. B. B. has proven to be a reliable remedy. Are your skin diseases, your eczema, dry dretter, etc., the effect of too much potash and mercury? The medical profession are the best judges, and they say nay, but B. B. B. makes more pronounced cures than all other preparations combined.

To any body who has disease of throat or lungs, we will send proof that Pisco's Cure for Consumption has cured the same complaints in other cases. Address, E. T. HAZELTINE, Warren, Pa.
