Was your printed stationery burned  
during the late fire? If it was, you can  
have it supplied at the JOURNAL office  
on short notice and at low rates.

Dr. JAS. F. LONG has located in the  
Cooper building, next to the Brinson  
building and opposite Mr. H. R. Bryan's  
office, on South Front. 14 ct.

The JOURNAL office is in receipt of a  
handsome lot of Envelopes. Call round  
if you are in need of any and have them  
printed nicely.

Tramps are somewhat numerous in  
town.

Athena Lodge No. 8, K. of P., meets  
to-night.

Mr. H. B. Buffly left yesterday for the  
North to purchase his spring stock.

We regret to see that our former  
townsman, J. L. H. Missillier, is one of  
the parties burned out at Henderson  
yesterday.

We learn that estimates are making  
for the erection of buildings on nearly  
all the lots of the burnt district. Brick  
will be the material used.

Repairs on the Eubank property, dam-  
aged by the fire on Saturday morning,  
are progressing and a portion of the  
occupants are already back.

The snow was not quite deep enough  
yesterday for the purposes of the ball-  
ing brigade, and but little of that  
amusement was engaged in.

Saturday night, Sunday and Sunday  
night the weather was trying to early  
truck, but just how it stood the snap  
cannot at present be ascertained.

An expert assures us that the peach  
blooms were not sufficiently advanced,  
in this section to be materially injured  
by the cold, wet weather of the past  
few days. Hope he is correct.

The meeting of the North Carolina  
Teachers' Assembly takes place on June  
9th and continues till July 3d. It is to  
be held at Black Mountains, a most  
beautiful location on the Blue Ridge.

The fare for round trip from Wil-  
mington to New Orleans has been re-  
duced to \$29.40, good for fifteen days.  
We think a reduction from this place  
would induce some to go who probably  
will not otherwise.

That was a splendid sleigh ride that  
an enterprising youth was taking yester-  
day morning with his sled hitched to  
the rear of a milk wagon on its rounds  
delivering milk to customers. The  
power cost nothing, as the sled added  
but little to the draft and the milk man  
had to go any how.

**Personal.**  
Mr. D. F. Jarvis has taken position as  
salesman with Mr. H. B. Duff. Mr.  
Jarvis was for sometime with Mr. Asa  
Jones, and has many warm friends in  
this community who will be pleased to  
learn of his new position.

Mrs. Dr. J. P. Bryan, of Kinston, is  
visiting relatives in the city.

Capt. J. M. White is in the city look-  
ing after the carbonate of lime and  
other business.

**Prayer Meeting.**  
The weekly prayer meeting in the  
Presbyterian church will be conducted  
to-night (Tuesday) by the pastor, Rev.  
L. C. Vass, at 7:30 o'clock. A full at-  
tendance is requested. Every one is  
welcomed.

**Unfortunate.**  
The Carteret Telephone comes to us  
one day behind time, in consequence of  
having the misfortune to get knocked  
into "pi," after the form was made up.  
Bro. Potter, through energy and push,  
went to press after the loss of but one  
day, which was good work. He shows  
a specimen of "pied matter" in his  
columns which will inform the uninitiated  
how the thing works.

A wit who has seen it says he ought  
to have used at least one column of it  
under the head of "The War in Egypt."

**Second Snow in March.**  
From the present weather indications,  
winter is not disposed to leave us in  
any undue haste. Saturday night a cold  
rain set in and continued all night  
with a northerly wind prevailing. All  
day Sunday was damp, drizzly and quite  
cold, changing after night from rain to  
snow, so that yesterday morning the  
ground was covered with about an inch  
of that wintry fleece. This rapid suc-  
cession of snow storms is unusual in  
this section, but after all is not the  
worst feature of departing winter; not  
near so destructive to early trucking as  
sleet and continued cold rains.

**Shell Hancock Street.**  
Our attention has been called to the  
necessity of having Hancock street  
shelled, the same as others which  
the city has improved in that way. The  
track of the railroad through the center  
has been nicely filled up, which leaves  
the sides declining towards the ditches  
in such a manner as to wash by the fall  
of rain, even of moderate duration, thus  
putting the drive-way on either side in  
a bad condition. Whether this is a  
work proper for the city authorities or  
for the railroad company, we are not  
advised, but suppose an allusion to it  
is sufficient to move whichever it is,  
to a matter of such importance.

**Honor to a New Berne Book**  
Rev. Principal John Cairns, D. D.,  
LL. D., one of the most learned and dis-  
tinguished theologians and college  
presidents in Great Britain, has written  
the following notice of the little book  
on "Amusements and the Christian  
Life," by Rev. L. C. Vass, New Berne,  
N. C.

"EDINBURGH, Feb. 2, 1885.  
"I have read with much interest the  
work of the Rev. L. C. Vass, of New  
Berne, North Carolina, on "Amusements  
and the Christian Life." It displays  
more than ordinary research in  
regard to the relation of the Primitive  
Christians to the amusements of their  
age, and pleads earnestly and success-  
fully for the cultivation of the same un-  
worldly spirit in our own times.

"The clearness and grace of the style,  
and the general soundness and solidity  
of the matter, recommend this little  
work to wide consideration, which its  
adoption by the Presbyterian Board of  
Publication will also tend to secure."  
—JOHN CAIRNS.

Rev. J. N. Waddell, D. D., Chancellor  
of the Southwestern Presbyterian Uni-  
versity, Tennessee, in a published re-  
view says, "the author, Rev. L. C. Vass,  
has adopted a novel method of treating  
this hackneyed subject, by first discuss-  
ing the principles and habits of the  
Christian churches nearest the times of  
Christ and His Apostles, and then com-  
paring them with those that character-  
ize the modern churches. \* \* \*

"The judicious and appropriate selec-  
tions of illustrations, of the opinions  
and practices of the Primitive Church  
which is found in this historical sketch,  
can not be too highly commended. The  
style also in which the book is written  
is clear and attractive, and the entire  
volume is one that will repay a diligent  
perusal."

Highly commendatory articles on this  
book have appeared in the *News and  
Observer*, *Christian Advocate* (Methodist),  
*Biblical Recorder* (Baptist), all of Bal-  
legh, N. C.; in the *Wilmington Morning  
Star*, the *Fayetteville Observer*, *Carolina  
Watchman*, of Salisbury; and Presby-  
terian papers in Philadelphia, Rich-  
mond, Louisville, New Orleans, and  
elsewhere.

We hope the work will do good. It  
can be obtained in New Berne from  
Messrs. Geo. Allen & Co., or Mr. Henry  
Hall, for 50 cents, postpaid.

Capt. H. S. Nunn, of New Berne  
JOURNAL, flashed through Kinston on  
Saturday—hardly giving his friends a  
chance to say "How dy."

A Kinston merchant suggested to a  
farmer, on Monday, to go and plough  
under the snow—to lighten his land and  
fertilize it. The farmer did not so  
see it.

Pleasant—when a man puts his hand  
on his pocket book and says: "I want  
to see you a minute." Unpleasant—  
when a man wants to you a minute with  
your hands on your pocket book.

One case before the Mayor this week  
—a colored boy, for stealing a gate latch  
and a few eggs. The average number  
of arrests per week for last five weeks  
was two. We have a well governed, or  
well behaved town.

When a steamer blows its whistle  
down the river, a great rush is made by  
large and small, white and colored, for  
the wharf. Cause of excitement—fish.  
When Coker fails, we try the steamer;  
when the steamer fails, we try the  
butcher, and content ourselves with  
tough beef.

Carry down your broken glass and  
crockery and have them cemented to-  
gether by Dr. Scott. Also send and get  
fresh parched peanuts for 6 cts. per  
quart at Scott's, on South Front street  
between Hancock and Middle streets,  
Newbern, N. C. Look for cement and  
peanut sign at the door. Try a bottle  
of Scott's Liniment and Blood Tonic for  
Rheumatism, etc. Satisfaction guaran-  
teed.

### FIRE AT HENDERSON.

Special to the JOURNAL.  
HALEIGH, N. C., March 23.

Among the prominent business houses  
destroyed by fire at Henderson last  
night were the stores of C. G. Davis,  
Cheatham & Co., Lassiter, Missillier,  
Owen Davis, Hawkins & Finch. All  
the buildings burned were on what is  
known as the "railroad side of town."  
In all fourteen stores were burned be-  
sides a number of small buildings.  
Some goods were saved, most of them  
in damaged condition. The loss has  
not yet been calculated, but is estimat-  
ed to approximate one hundred thou-  
sand dollars. Among the stores  
were the following: Finch  
& Co., liquors; Hawkins & Co.,  
grocers; Owen Davis, drugs; Missillier,  
hardware; Lassiter & Son, general mer-  
chandise; M. Summerfield, clothing;  
C. G. Davis, general merchandise; M.  
Dorsey, drugs; J. H. Goodrich & Co.,  
general merchandise; L. D. H. White-  
head, liquors. The insurance amounts  
to about sixty thousand dollars, and is  
held by Northern companies, except  
ten thousand, by a home company of  
Raleigh.

### Swansboro Items.

Mr. C. B. Frazzell is teaching school  
on New River at this time.

Only two new comers this week—at  
George Littleton's and our Doctor's.

Fish are scarce again. I haven't seen  
trout in a oon's age, and the mullets  
have disappeared.

Mr. D. S. Rodger's little girl died this  
week. Mr. Cox is still very sick, and  
Mr. Coston is still improving.

Mrs. D. G. Ward has two fine bronze  
turkeys, the largest I ever saw, cost  
\$7.00. The breed were first imported  
here by Dr. Ennett, of Carteret, I be-  
lieve.

Oh, such a cold, cold March down  
here. Such a beautiful snow as we had  
last Wednesday, three inches deep on  
a level, but it soon melted, and now the  
ice has taken its place.

Farmers are doing but little; a few  
are ready to plant corn only. Gardens  
are behind. Ned Mattocks has the best  
one in the place, and that is not very  
good. We have just plowed up ours,  
and will plant when the weather gets  
warm if it ever does.

Mr. Sol Gorto is making great im-  
provements on his farm in the way of  
building new fences, new piazza to his  
dwelling and turning things around  
generally. Friend Sol and Bud Cahah  
are looking well, and may be looking for  
something else, for all I know.

W. O. Quinn, Tom. Henderson,  
Henry Jarman, Jas. A. Mattocks and  
two daughters, Miss Maggie Freeman  
and brother and Dr. G. N. Ennett, wife  
and children are in town. Also, Dr.  
A. F. Mallett and others, all visiting the  
S. D. Club entertainment last night,  
which came off all right, according to  
former programme, with great success.  
A full house and an appreciative audi-  
ence with a good set of actors makes  
our club one of the best in the State,  
and our chief, Harry Mallett, is indeed  
a star teacher in every respect. His  
school is progressing finely.

No one married this week, but quite  
a novel wedding occurred a few days  
back on New River, in which the groom  
was so excited that he didn't know what  
to say when the Squire asked the usual  
question, "Will you take," etc. "Don't  
know," says C., but reckon so. I tell  
you I was so awful scared that I hardly  
knew whether I stood on my head or my  
heels." Another couple got married,  
and the groom kissed one of the grooms-  
men by mistake for the bride. How-  
ever, all's well that ends well.

### Fire at Trenton, N. J.

TRENTON, N. J., March 21.—A large  
portion of the capitol building, in this  
city, was burned at an early hour this  
morning. The chancery office, contain-  
ing all the records of the courts, State  
deeds, etc., was destroyed.  
The loss will not fall much below  
\$100,000.

### A Little Gold Was Spent.

Mr. Z. A. Clark, of Atlanta, Ga., in  
speaking of \$480.00 in gold, desires to  
say to the readers of this paper that the  
whole of the above amount was spent in  
a fruitless effort in finding relief from  
a terrible Blood Poison affecting his body,  
limbs and nose—presenting ugly run-  
ning ulcers. He is now sound and well  
having been cured by the most speedy  
and wonderful remedy ever before  
known, and any interested party who  
may need a Blood Purifier will learn  
from him that three bottles of B. B. B.  
restored his appetite, healed all ulcers,  
relieved his kidneys, and added twenty-  
one pounds to his weight in thirty days.

### STATE NEWS.

Gleaned from our Exchanges.

**Warrenton Journal:** The Penn-  
sylvanians that have recently set-  
tled in this section express them-  
selves as being well pleased, and a  
great many more are expected to  
settle here soon.

**Wilmington Star:** The ten year  
old daughter of Capt. J. W. Potter,  
whose accidental burning at the  
house of her grandfather in Brun-  
swick county, a week or two ago, was  
mentioned in the *Star*, died of her  
injuries Wednesday.

**Asheboro Courier:** Messrs. Lid-  
dell & Co., of Charlotte, received an  
order from their agent in New  
Orleans for one of their "Standard  
Saw Mills" to be shipped to Costa  
Rica in the lower part of Central  
America. This is what the Expo-  
sition does.

**Wadesboro Intelligencer:** There  
came near being a whole family  
poisoned in Wadesboro a few days  
ago, owing to the criminal careles-  
ness of some countryman who had  
sold eggs to a grocer, one of which  
had arsenic in it. When people  
poison eggs for dogs, they should  
be careful to see that the eggs are  
eaten by the dogs or destroyed.  
The selling of such eggs should be  
made an indictable offence, whether  
harm comes of it or not.

**Plymouth Examiner:** During  
the recent frosty night which sud-  
denly succeeded by snow, a young  
man met with a singular catastro-  
phe. He went home with his  
young lady and stood outside talk-  
ing with her. The honeyed words  
so charmed him that the minutes  
glided by unheeded. When he at  
last said good-night and prepared  
to leave his fair companion, he  
found himself unable to move. He  
was actually frozen down and could  
not lift his feet. The girl went in  
to the kitchen and returned with a  
kettle of hot water with which she  
proceeded to thaw out her impris-  
oned lover.

**Wilmington Review:** About 4  
o'clock this morning a young lady  
living in the house with her brother-  
in-law, in the southern portion of  
the city, awoke and saw a colored  
man peering into her room. There  
was a lamp burning in the room at  
the time, and when the intruder  
saw that he was discovered he ran  
down stairs and out of the back  
door, which had been opened when  
he entered so as to permit a hasty  
egress should occasion require it.  
He had entered by opening a win-  
dow in the passage. The young  
lady made no outcry until after the  
scamp had gone, so that when her  
brother-in-law and the remainder  
of the family were aroused the  
scamp had made good his escape.  
Nothing was taken from the house.

### CLIPPINGS.

In a scotch divorce case which re-  
cently came before the Court of Session,  
the couple had been married for thirty-  
five years, and the wife (who was the  
petitioner) was the mother of fifteen  
children.

A new machine for bicycle practice,  
designed by Dr. Sargent, has been put  
in the Harvard College gymnasium. It  
consists of a stationary wheel, over  
which is a seat which can be raised or  
lowered at pleasure to accommodate  
any one. The pressure on the wheel  
can be so regulated as to make the work  
as hard or easy as is desired.

"Letter carriers here," says a Salt  
Lake City despatch to the *Alta Californi-  
an*, "are having a unique experience.  
On account of late polygamist arrests  
here, all the Mormons have been severe-  
ly warned against talking to strangers,  
giving their names, or residence. The  
carriers in their rounds knock at doors,  
and a scurrying ensues inside. A child  
answers the door. It is asked who  
lives there, and it often refuses to tell.  
It does not know the names of the neighbors,  
or where its father or mother is to  
be found. The uniform is a sign of the  
enemy, and no information is to be  
had."

The question whether money found  
in a shop belongs to the keeper of the  
place or the finder is often disputed. A  
writer in the *Pharmaceutical Record* re-  
lates that a customer in a drug store  
once picked up a dollar note from the  
floor between two parallel counters. He  
inquired if any one in the store had lost  
it, and finding they had not, he appropri-  
ated it. His claims to it being dis-  
puted, the case was submitted to a  
lawyer, who said: "The open passage  
between the two counters was dedicated  
to the public, not in fee simple, but as a  
highway which they were invited to  
occupy for purposes of traffic." So the  
finder kept the dollar.

### Taking Care of the Body.

The Christian Index, the leading or-  
gan of the Baptist Church in the South,  
published in Atlanta, Ga., in its issue of  
Dec. 4, 1884, has the following edito-  
rial:  
Too many people seem to think that a  
religious newspaper should be confined to  
the discussion of moral and religious  
subjects only, forgetting that religion  
has to do both with the bodies and souls  
of men. "Prove all things, hold fast  
that which is good," has as much to do  
with the practical side of life as it has  
with the moral side. Our readers will

bear testimony that in all questions dis-  
cussed in the Index, the practical has  
been duly set forth. In this paragraph,  
therefore, we only seek to present an  
article worthy of commendation. After  
subjecting it to the above test we have  
tried Swift's Specific and found it good  
—good as a blood purifier, good as a  
health tonic. In this opinion we are  
sustained by some of the best men of  
the church. Rev. Jesse H. Campbell,  
the Nestor of the Baptist denomination  
in Georgia, says: "It is my deliberate  
judgment that Swift's Specific is the  
greatest blood purifier ever discovered.  
Its effects are wonderful, and I consider  
them almost miraculous. There is no  
medicine comparable to it." Dr. H. C.  
Hornady, one of the best known minis-  
ters in our church, says: "Swift's Spec-  
ific is one of the best blood purifiers in  
existence."

These brethren speak advisedly. But  
few preparations can bring forward  
such endorsements. The Index desires  
only to endorse these statements. We  
have witnessed the beneficial effects of  
this medicine, not only in our own  
households, but in several other cases  
where seemingly other remedies had  
failed. It is purely a vegetable com-  
pound, scientifically prepared, and per-  
fectly harmless in its composition. It  
renews the blood and builds up broken  
down systems—gives tone and vigor to  
the constitution, as well as restores the  
bloom of health to the suffering. There-  
fore, we do not deem it inconsistent  
with the duties of a religious journal to  
say this much in its behalf.
