#### Ocean House, Morehead City. Incidental to the change in the man-

agement of the New Berne House at Morehead, the hotel has been renamed. Under the management of Dr. Howerton it will be known as the "Ocean House." During the past ten years the Doctor has been associated with the management of the leading summer resorts of Western Carolina at Asheville and the Warm Springs, and some of the winter resorts of Florida. He goes to

Morehead for climatic reasons affecting his own health and to be in the procession moving upon the greatest Atlantic summer and winter resort of the future -Morehead City. He proposes to run a winter as well as a summer house,

and to enlarge the capacity of the hotel accommodations at the Morehead City resort, and will attract a class of visitors not heretofore turned in that direcspring of a list of Northern and North-

western visitors, and says he shall make the Ocean House as attractive to visitors next summer as any hotel on the South Atlantic coast. We wish Dr. Howerton the fullest success, and hope that his location at Morehead City will not only lead to the enlargement of his

present quarters, but to the building of more first-class hotels at Morehead and Beaufort, until Beaufort harbor shall be

in summer a Southern Long Branch, and in winter the resort of thousands of people from the North and Northwest, of the class who flock to Florida and D. McCoy; time -. scatter along the coast from Old Point to Charleston. Few of our people, we imagine, have ever taken into account the possibilities of Morehead and Beaufort as summer and winter resorts, and

we have long thought that in New Berne, Morehead and Beaufort the A. & N. C. Railroad possessed a fine field for the development of winter as well as summer travel. From what has been frenton yesterday evening and will re- done and is being done at Morehead. we think the railroad people could take

do enact: Sec. 1. That the board of city council of the city of New Berne, in Craven county, be and they are hereby authorized and empowered to issue coupon bonds of the said city of New Berne for the amount of twenty-five thousand dollars. The said bonds shall be sold at par and at no less a rate. They shall not be taxable by the said city for any purpose whatever, and the coupons shall be receivable, from and after maturity, in payment of any and all taxes or other indebtedness due the said city. Sec. 2. That the said bonds shall mature and be payable in not less than one nor more than thirty years, at the election of said board, from their date and shall bear interest at the rate of six per cent, payable annually on the first day of January at the office of the city clerk

of said city. Sec. 3. That said bonds shall be issued in denominations of from five dollars to fifty dollars. Twelve thousand dollars thereof shall be issued for the purpose of liquidating the present outstanding judgments and floating debt of the said city, and the remaining issue of thirteen

thousand dollars shall be used for the purpose of purchasing a lot or lots in the said city and constructing thereon a city hall, market house and other necessary buildings for the use of said city, and said bonds shall be used for no other purpose

Provided any amount left over after the payment of said city debt shall be transferred to and become an additional fund for the construction of said city improvements.

Sec. 4. That ten per cent of all taxes collected from the property, and thirty BROS by the said city shall be allotted and set apart from the general tax levied and collected by said city in each and every year to pay the annual interest upon said bonds, and if after paying said interest there remains in any year a sur-plus, the same shall be transferred to and become a part of the sinking fund

hereinafter provided. Sec. 5. For the purpose of paying off

as speedily as is expedient, all rents and profits accruing to the said city from

the said city hall, market house and other buildings herein provided for. shall constitute a sinking fund which shall be annually applied so far as it will go to the payment of the principal June, of said bonds, and if in any year the aggregate amount arising from said rents and profits is less than the sum hereinbefore provided for the payment of the interest on said bonds in said year, a sum sufficient to make said two sums equal shall be added thereto from

the general tax levied and collected in said years. Sec. 6. That said bonds and their

bear testimony that in all questions dis-cussed in the Index, the practical has been duly set forth. In this paragraph, therefore, we only seek to present an article worthy of commendation. After subjecting it to the above test we have

tried Swift's Specific and found it good -good as a blood purifier, good as a health tonic. In this opinion we are sustained by some of the best men of the church. Rev. Jesse H. Campbell, the Nestor of the Baptist denomination in Georgia, says: 'It is my deliberate judgment that Swift's Specific is the grandest blood purifier ever discovered. Its effects are wonderful, and I consider them almost miraculous. There is no medicine comparable to it." Dr. H. C. Hornady, one of the best known minis-

ters in our church, says: "Swift's Specific is one of the best blood purifiers in existence." These brethren speak advisedly. But

few preparations can bring forward such endorsements. The Index desires only to endorse these statements. have witnessed the beneficial effects of this medicine, not only in our own households, but in several other cases where seemingly other remedies had failed. It is purely a vegetable compound, scientifically prepared, and perfectly harmless in its composition. It renews the blood and builds up broken down systems-gives tone and vigor to the constitution, as well as restores the bloom of health to the suffering. Therefore, we do not deem it inconsistent

with the duties of a religious journal to say this much in its behalf. Treatise on Blood and Skin Diseases mailed free.

We republish to-day the act of the Legislature allowing the city of New Berne to issue bonds. It is a question of importance to the taxpayers, and one which should be considered carefully.
