FOUND—By the City Marshal, on a post at the corner of South Front and Craven streets, a pair of ladies shoes. The owner can obtain the same by calling at the station and paying for this notice.

New Samples and New Goods at 102 1/2 N. M. GASKILL'S.
100 barrels Rock Lime just received. GEO. ALLEN & Co.
1,000 old papers for sale at the JOURNAL Office.

Dr. JAS. F. LONG has located in the Cooper building, next to the Brinson building and opposite Mr. H. R. Bryan's office, on South Front. 14 6t

The cotton platform was cleaned off yesterday.

New Berne Lodge, No. 443, Knights of Honor, meets to-night.

Spring weather, and the garden peas are making good use of it.

Dr. Wm. Pell Balance was shipping goods yesterday to Mount Airy.

The steamer Trent has been raised, and made a trip to Jolly Old Field yesterday.

The Rochester German and Fire Associations paid all their losses of the recent fire in this city on yesterday.

The first snake of the season was killed near the JOURNAL office yesterday. He was almost seven inches long.

M. H. Sultan, who was burned out in the recent fire, has resumed business at the store formerly occupied by Asa Jones.

The board of trustees of the New Berne Academy will meet this evening at the president's office on South Front street, at 8 o'clock.

The Imperial and Scottish Union and National insurance companies, represented in this city by Watson & Street, paid off their losses yesterday sustained by the late fire.

The City Marshal has made quite an improvement in the appearance of things around the police quarters. That is right; set a good example first, then if others do not follow enforce the ordinances.

Several of our townsmen threatened to go fishing yesterday. One insurance agent put it upon the ground of leisure, as he had insured everybody in town and there was no farther business for the day.

We have several enquiries about when the lecture on chartered corporations and that other place will take place. We cannot answer, but presume it will be deferred until the election on bonding the city debt.

Ward politics are looming up. We are requested to announce that a speech will be made at Hancock's corner to-night on the subject. The speaker's name is so long we can't remember it; John Green can give information concerning it.

We have received a copy of the descriptive pamphlet of the Atlantic Hotel and Morehead City as a summer resort, issued by R. B. Raney & Co. The illustrations of the building, exterior and dining room, the pavilion on the banks, and the sail boats, are striking in their resemblance of the originals; and the popularity of the hotel and Morehead as a seaside resort is attested by numerous sketches written by those who had enjoyed the advantages for pleasure and health there to be found. We bespeak for the proprietors increased patronage the coming season.

Notice to Shippers.
Owing to an accident to the steamer Trent, there will be no boat for Trenton and intermediate landings to-day. Will resume regular trips next week.

Personal.
Mr. Charles Soidler, of the firm of P. Lorillard & Co., of N. Y., is in the city, accompanied by his traveling salesman, Mr. C. N. Romaine.

Messrs. C. Stevens and John W. Mills, of Richlands, are in the city. They report no corn planting yet.

E. M. Foscoe, Esq., was in the city yesterday with the last of his cotton crop of 1884.

Rev. Mr. Vass and Mr. Geo. Allen are attending the meeting of Orange Presbytery at Henderson.

Messrs. J. W. Moore and Hugh J. Lovick left for a trip to Washington, N. C., yesterday.

Mr. Mayo, of the Kinston Free Press, is in the city in the interest of his paper.

Can't Be Trusted.
EDITOR JOURNAL:—Allow me to say a word in your paper in behalf of the community in which I live. Has the Fourth Ward come to this—has it fallen so low that not one of its own residents can be trusted as an inspector of the election in a ward which is dear to her children. We stand in amazement to see who dare falter at the post of duty.

Miss Bettie Warren has an excellent school on the hill.
One of the murder cases has been tried and the prisoner found guilty of manslaughter. Two others to be tried this week.

Mr. Hardy, of the Wilson Advance, was in to see us and gave us some very nice music on the organ and the old-fashioned harp.

Capt. I. A. Sugg is getting up a petition to the railroad authorities to have the schedule changed. Hope he will succeed. Nothing tires a man's patience more than waiting for the cars.

Judge Gudgey impresses every one with his straightforward, plain and sensible manner in the dispatch of business of the court. There seems to be as much difference in judges as there is in horses.

March seems to have borrowed from January this year, and we hope will not have to make its legendary requisition on April. On Monday morning the earth was again clad in a beautiful garb of heaven's manufacture.

"Coal, more coal," is the cry. We will give the readers of the JOURNAL a puzzle this week; thus—

Please answer in two weeks.

Capt. Swift Galloway, congenial soul, is stopping at the James hotel. We called at his room, had a friendly smoke and a pleasant chat, and enjoyed his company immensely. The Capt. is doing efficient work in prosecuting the rascals who are going about the country seeking whom they may devour and bringing them to justice. Long may he wave.

Last Tuesday night a heavy snow fell which covered the earth to the depth of 10 inches. Robin shooting was excellent, and the boys brought in dead loads of them. Some sleighing was engaged in and one fellow slipped around the public square on a bee gun, seventeen times, drawn by a crank-sided bay with crooked legs. Three cow-bells and a tin-pan answered for sleigh-bells.

England and Russia.
LONDON, March 25.—The cabinet held a special session this afternoon on the Afghan difficulty. It was resolved to firmly demand of Russia that she commence forthwith the work of delimiting the Afghan frontier in accordance with the understanding under which Sir Peter Lumsden and British surveying party have passed so many months in the Ameer's dominion. All officers belonging to the British Indian army and now in Europe on furlough have been ordered to immediately return to their respective regiments.

The tension between Russia and England over the Afghan frontier question has increased. The stock market is excited; British consols are 1/2 and Russian securities 1 per cent lower than at the close of the market last evening.

The stock market at the close to-day was depressed, under the influence of the increase in the preparations for war. Consols closed at 97 1/16, the lowest figure yet reached since the commencement of the Anglo-Russian dispute. Russians fell 1 to 1 1/2 per cent this afternoon. News from the continent shows that all the continental bourses sympathized with the financial situation in London and that prices towards the close were flat.

LONDON, March 25.—Some excitement prevails here to-day over reports from Constantinople to the effect that the Porte has asked the advice of Prince Bismarck in regard to the Russo-Russian alliance against England.

Earl Granville, secretary of State for foreign affairs, to-day sent for Musurus Pasha, the Turkish ambassador, and Hassan Tehmi Pasha, special envoy of the Sultan, and had a special interview with them. It is rumored that the interview was owing to a report from Constantinople of a Russo-Turkish alliance against England.

CHICAGO, Ill., March 25.—The N. K. Fairbanks canning company, of this city, has received orders, for the use of the British army, for 4,000,000 pounds of canned beef, and the Armour packing company is also to supply 5,400,000 pounds. The supposition is these orders are to meet a war emergency.

BOSTON, Mass., March 25.—The Herald prints the following: Private cable dispatches, received in Boston from reliable sources say: "There is great excitement in London. It is reported that 25,000 militia have been ordered out. Rumors are thick that Russia has rejected the English proposals."

WASHINGTON, March 25.—The President sent the following nominations to the Senate to-day: Samuel S. Cox, of New York, to be envoy extraordinary and minister plenipotentiary of the United States to Turkey; Capt. David B. Harmony, of New York, to be chief of the bureau of yards and docks department of the navy, with the relative rank of commodore. To be postmasters: Mrs. Elizabeth S. Herbert, at Newberry, C. H., S. C.; Donald J. Auld, at Sumter, C. H., S. C.; W. D. Whetzel, at Gainesville, Ga.; J. R. McCullum, at Newnan, Ga.; L. Healy Grubbs, at Decatur, Ala.

LONDON, March 25.—The bark Charlotte, from Wilmington, N. C., for Stettin, Germany, was sunk March 23rd by a collision with the bark Erato, from Pisagua, near Dangness. The crew are at Dover, England.

The War in the Soudan.

SUAKIM, March 23.—The Guards at an early hour this morning were sent out to the zereba erected yesterday by Gen. McNeill to render such assistance as might be needed. After the battle of yesterday Gen. McNeill was left unmolested. He was found to be well entrenched in the zereba, which is situated about seven miles southwest of Suakim. The Guards were sent back by Gen. McNeill for water and provisions. They made the return journey without being molested. A force of infantry and cavalry, with supplies of water and provisions, escorted by a convoy of the Guards, was at once despatched to Gen. McNeill. The zereba is to be shifted because of the intolerable effects of the rapid decomposition of the hundreds of bodies of slain Arabs and camels lying close around.

The British loss in Sunday's battle was 5 officers and 51 privates killed and 170 men wounded. Official accounts place the loss of the Arabs at 1,000. If this figure is correct, the losses of the enemy exceeded those of the British less than in any battle of the last three years. In the rush made by Osman Digma's men they broke through one corner of the zereba. The British recovered promptly and killed every Arab who had got behind the lines.

A number of heavy guns have been landed by the seamen and will be at once forwarded to the front. A general advance toward Tamai will be made to-night by Gen. Graham. During this advance Suakim will be garrisoned by sailors. The British positions on the road to Tamai are all well re-enforced and safely held. Osman Digma has 25,000 men at Tamai. Gen. Graham, it is expected, will reach Tamai and give Osman Digma battle to-morrow. It will be a pitched fight, and probably greater than any hitherto waged in the Soudan.

A spy reports that the hostile Arabs are growing in numbers in and around Hasheen. The heat is great. Two hundred and fifty sick and wounded will to-day sail for England.

Gen. Graham began this evening to move his whole force from Suakim toward Tamai. The troops under Gen. McNeill left the zereba where the battle was fought yesterday and advanced about a mile toward Tamai, where they constructed another zereba, the enemy making no opposition. It was found impossible to encamp near the battlefield, owing to the fetid emanations from the bodies of the enemy's dead, and the carcasses of camels and horses.

At daybreak to-morrow Gen. Graham will resume the advance.

KORTI, March 23.—Gen. Wolseley has ordered the evacuation of Korti. Cases of typhoid fever, dysentery and sunstroke are increasing among the troops. The heat is intense. The troops will proceed to the entrenched lines at Dubbeh, Aani and Dongola.

LONDON, March 25.—Advices from Massowah say that the rebels who had been re-enforced from Berber attacked Kassala, but were repulsed. The Governor of Kassala states that he can hold out for some time, and will burn the town rather than submit to the rebels. It is supposed that he has received a fresh supply of provisions.

Carry down your broken glass and crockery and have them cemented together by Dr. Scott. Also send and get fresh parched peanuts for 6 cts per quart at Scott's, on South Front street between Hancock and Middle streets, Newbern, N. C. Look for cement and peanut sign at the door. Try a bottle of Scott's Lintiment and Blood Tonic for Rheumatism, etc. Satisfaction guaranteed. mar16d

Taking Care of the Body.
The Christian Index, the leading organ of the Baptist Church in the South, published in Atlanta, Ga., in its issue of Dec. 4, 1884, has the following editorial:

Too many people seem to think that a religious newspaper should be confined to the discussion of moral and religious subjects only, forgetting that religion has to do both with the bodies and souls of men. "Prove all things, hold fast that which is good," has as much to do with the practical side of life as it has with the moral side. Our readers will bear testimony that in all questions discussed in the Index, the practical has been duly set forth. In this paragraph, therefore, we only seek to present an article worthy of commendation. After subjecting it to the above test we have tried Swift's Specific and found it good—good as a blood purifier, good as a health tonic. In this opinion we are sustained by some of the best men of

the church. Rev. Jesse H. Campbell, the Nestor of the Baptist denomination in Georgia, says: "It is my deliberate judgment that Swift's Specific is the greatest blood purifier ever discovered. Its effects are wonderful, and I consider them almost miraculous. There is no medicine comparable to it." Dr. H. C. Hornady, one of the best known ministers in our church, says: "Swift's Specific is one of the best blood purifiers in existence."
These brethren speak advisedly. But few preparations can bring forward such endorsements. The Index desires only to endorse these statements. We have witnessed the beneficial effects of this medicine, not only in our own households, but in several other cases where seemingly other remedies had failed. It is purely a vegetable compound, scientifically prepared, and perfectly harmless in its composition. It renews the blood and builds up broken down systems—gives tone and vigor to the constitution, as well as restores the bloom of health to the suffering. Therefore, we do not deem it inconsistent with the duties of a religious journal to say this much in its behalf.
