The Shenandoah carried out a full cargo yesterday evening consisting of cotton, clams, fish, eggs, rice, etc.

The speaking of Hon. Josephine Bartenie Lorenie in the interest of William Gutierrez has been postponed until Monday night.

We occasionally see some very fine beef in market. A quarter of this was swung in front of B. Swert's stand yesterday evening.

Messrs. Peacock & Herring, of Smithfield, have closed a contract with Mr. W. H. Pearce for two brick stores on the corner of Middle and South Front streets.

Mr. C. W. Brown has contracted with Mr. T. A. Green for building a brick store on Middle street, in the fire district.

New Judges.

The Governor on yesterday commissioned the following judges: Henry C. Connor, of Wilson, for the third district; R. H. Battle, of Raleigh, for the fourth district; and W. J. Montgomery, of Concord, for the eighth district. These gentlemen have been appointed under the recent act of the legislature; which increased the number of judges in the State from nine to twelve.—*News and Observer.*

Personal.

Rev. G. W. Sanderlin was in the city on Friday and left on the Shenandoah for his farm in Pasquotank county. He is putting in a large crop of rice this year.

Mr. Brautigam, of the firm of Vogel & Brautigam, of New York, has been in the city a few days examining the truck outlook, which he says is good. He predicts a good price for potatoes this spring, as the old stock on hand is smaller than last year. He returned on the Shenandoah yesterday evening.

Bonding The City Debt.

"Why don't you take a position on bonding the city debt?" said a friend yesterday. Well, perhaps we ought, and we will.

We think it would be better for the taxpayers, and non-taxpayers too, to bond the present indebtedness of the city and issue bonds for the building of a city hall, market house, engine house, etc., than to let the debt remain in its present shape, and rent buildings as they are now doing; therefore, on the day of election, unless some one can convince us that we are wrong, and that something else would be better, we expect to vote "Ratification," and we do it for the following reasons:

1st. The debt is a just one, and ought to be paid.

2d. The city has not the funds to pay it with.

3d. If the city was compelled to pay it all in one, two or even three years, the tax would be more than the people ought to bear; the act allowing the bonds to be issued gives us thirty years to pay it, and they have to be taken at par.

4th. The city ought to own buildings instead of renting them. We have not the money to build them. By issuing the bonds, which must be placed at par,

the buildings can be put up and enough saved in the way of rents to pay for them in much less time than thirty years.

5th. By issuing the bonds for the indebtedness and for these improvements the taxes will not be increased.

If any one thinks he can give better reasons for voting "Rejection" than can be given for "Ratification" we would like to hear them.

Distribution of Bibles.

Rev. T. L. Troy, traveling agent of the American Bible Society, called to see us yesterday. He has just completed the canvass of Lenoir county and is now on his way to canvass Pamlico. He is doing a good work, and we commend him to the people of that county. Here is a summary of his work in Lenoir county:

No. of families visited 1711.
No. of families found without a bible 769.
No. destitute families supplied 231.
No. of individuals supplied 48.
No. of volumes sold 648.
No. volumes donated 236.
I left 485 families without a bible. I did not consider them too poor to purchase and as they did not buy—I had to leave them unsupplied.

I received the following sums from churches and individuals as aid to the Society, viz:

Methodist church La Grange \$6.15.
Methodist church Kinston \$33.71.
Disciple church Kinston \$3.41.
Zion Methodist Kinston \$3.11.
Missionary Baptist La Grange \$4.45.
Christian Chapel Free Will Baptist \$3.15.
Capt. Davis' School, La Grange, \$10.00.
Woodington church \$8.25.
Citizens of Kinston \$7.25.
From other individuals \$13.75.
Be it said to the honor of Capt. Davis' school that the faculty, and I think every student paid something. Where is the school that can beat that?
Two dollars of the \$10 paid by the school, was paid at the Baptist church, which made really \$6.45 collected in that church.

Last Week of the Colored Graded School.

EDITOR JOURNAL.—On last Wednesday several of the leading men of our city met in the Colored Graded School building, and were very agreeably surprised to see so many children in attendance. At half-past 10 o'clock the Principal gave the signal, and all of the grades began marching into the chapel. Soon it was discovered that there were not seats enough to accommodate the vast crowd, in many instances two had to occupy the same seat. The Principal announced that instead of the 570 pupils enrolled last year he had, from the report of all the teachers, enrolled 617 pupils, and the average attendance was correspondingly great, viz., 346. After this announcement Rev. Christmas, pastor of the Baptist Church, made a short but eloquent speech, followed by Rev. Mitchell of the Christian Baptist Church, who endorsed the good work done in the school. George H. White, Esq., made a strong plea for education; his remarks were well taken. Rev. Sampson, of the A. M. E. Church, encouraged the pupils to be honest and honorable at all times; this venerable father gave good advice. Rev. Casey, of the Episcopal Church, thought that it should be a pleasure for the boys and girls to attend the school. Next, Rev. Thurber, of the St. Andrews Chapel, A. M. E. Z. Church, made a strong speech in favor of the Graded School and its management by competent colored teachers. He then took a unanimous vote of teachers, pupils and visitors upon the following resolutions, introduced by H. H. Gaston, a member of the eighth grade, viz.:

"We, the pupils, having been under the care and protection of the principal and his corps of teachers during this school term, ending March the 20th, 1885.

"And whereas the school discipline is used in this school with such firmness, and such interest manifested in us by our principal; therefore,

"Be it resolved, that the principal, John A. Savage, be entreated to remain with us.

"Secondly, be it resolved, that we believe him to be a truthful, upright and competent teacher.

"MANY PUPILS."
This session of the school closed Friday.

England and Russia.

LONDON, March 26.—After official hours to-day foreign bonds became flat, owing to the calling out of the reserves and the militia. Consols and Russian, Turkish and Egyptian securities were the principal sufferers by the decline. Paris bourse was flat. Rentes closed at the lowest figure of the day owing to the Tonquin defeat.

LONDON, March 26.—In accordance with the Queen's message the war office has called out the army reserves and the militia. Preparations for war continue with great activity.

The army of the Bombay presidency has been ordered to prepare for active service.

The government is considering the proposals which Russia has made to Turkey in regard to forming an alliance. The Standard is still hopeful of peace. It says Russia's finances are unable to bear the strain of war, that no power except Germany is able or willing to supply a loan to Russia, and that it is doubtful whether even Germany could do so.

To any body who has disease of throat or lungs, we will send proof that Fiso's Cure for Consumption has cured the same complaints in other cases. Address, E. T. HARRINGTON, Warren, Pa.

The President Surprises the Church-Going People of Washington.
Washington special to Boston Herald: The decision of President Cleveland to attend the Rev. Byron Sunderland's Presbyterian church became known to-day, and will occasion quite as much talk in Washington as any act of the administration. Several Presbyterian churches have competed for the honor and profit attached to the "President's church" at the capital, but no one ever thought of suggesting that it was possible that Dr. Sunderland's church would be the choice of a Democratic President. Its pastor has been known for thirty years ago he took such a part as to cause a split in his congregation, which took away the pro-slavery members and the bulk of wealth and respectability of the congregation. His loyalty at the outbreak of the war drove many others away, and the church has never recovered from the loss of so many good-paying members, and has since been feeble pecuniarily.

Yesterday a note from Mr. Lamont came to Dr. Sunderland requesting him to send to the President a diagram of the church, with the pews and their price, which was sent. A pew was selected, a check given for the rent for a year, and this morning Miss Cleveland and Mrs. Hoyt took their seats in "the President's pew," much to the surprise of the congregation, not one of whom knew of the President's intention.

Thirty-five years ago Dr. Sunderland was pastor of a Presbyterian church in Buffalo, and came from that city to Washington. Among those who attended his church there was Mrs. Cleveland, the President's mother, and in all probability the little boy Grover was often taken to hear the man who will now preach to him as President. Miss Cleveland, some days ago, recalled to the President's mind the many times she had heard her mother speak in warmest terms of regard for the pastor, Byron Sunderland, who was then noted for his impassioned eloquence and sturdy zeal.

Dr. Sunderland's church is situated on Four and half street, between D. and C. in an unobtrusive part of the city, although it was once the favorite residence quarter. The building is large and has a seating capacity as great as any in the city. At present the congregation is small, and probably there is not a Democratic member in the church. There has never been since the war any distinction made in the church on account of color, in the reception of applicants for membership, and there are several colored members. It was the pastor's act in inviting Fred Douglas to speak from his pulpit twenty years ago that caused the withdrawal of many of its members.

SUAKIM, March 25.—General Graham's forward movement and attack on Osman Digna is fixed for next Friday. The dead Arabs found upon the field near Tamar after the recent engagements were very much emaciated, providing that Osman Digna is short of food. Two powerful native tribes have rebelled against the Mahdi.

SPRINGFIELD, Ill., March 25.—At the joint session of the Illinois Legislature to-day the balloting for United States Senator was again ineffectual. The Democrats refused to vote, and there was one Republican absentee.

COFFEYVILLE, Kan., March 24.—The Oklahoma colonists of Coffeyville are seeking to get a large force into Oklahoma while Gen. Hatch is busy watching Capt. Couch at Arkansas City. The plan is to send in men in small squads and scatter them over the country, keeping scouts riding to warn them of the approach of troops. They have received large reinforcements from Texas, and propose to wear out the Ninth Cavalry by long marches. Several wagons loaded with supplies for the colonists were started from here on Sunday.

Taking Care of the Body.

The Christian Index, the leading organ of the Baptist Church in the South, published in Atlanta, Ga., in its issue of Dec. 4, 1884, has the following editorial:

"Too many people seem to think that a religious newspaper should be confined to the discussion of moral and religious subjects only, forgetting that religion has to do both with the bodies and souls of men. 'Prove all things, hold fast that which is good,' has as much to do with the practical side of life as it has with the moral side. Our readers will bear testimony that in all questions discussed in the Index, the practical has been duly set forth. In this paragraph, therefore, we only seek to present an article worthy of commendation. After subjecting it to the above test we have tried Swift's Specific and found it good—good as a blood purifier, good as a health tonic. In this opinion we are sustained by some of the best men of the church. Rev. Jesse H. Campbell, the Nestor of the Baptist denomination in Georgia, says: 'It is my deliberate judgment that Swift's Specific is the greatest blood purifier ever discovered. Its effects are wonderful, and I consider them almost miraculous. There is no medicine comparable to it.' Dr. H. C. Hornady, one of the best known ministers in our church, says: 'Swift's Specific is one of the best blood purifiers in existence.'"

These brethren speak advisedly. But few preparations can bring forward such endorsements. The Index desires only to endorse these statements. We have witnessed the beneficial effects of this medicine not only in our own households, but in several other cases where seemingly other remedies had failed. It is purely a vegetable compound, scientifically prepared, and perfectly harmless in its composition. It renews the blood and builds up broken down systems—gives tone and vigor to the constitution, as well as restores the bloom of health to the suffering. Therefore, we do not deem it inconsistent with the duties of a religious journal to say this much in its behalf.
