Last Sunday in March.

Warm showers yesterday made the peas look green and flourishing.

The plasterers are at work on the lower rooms of the new court house. The schooner Gertrude T. Browning, Capt. Jones, arrived from Philadelphia

vesterday with a cargo of kainit. The walls of the old brickstore on the

corner of South Front and Middle, left by the late fire, were being pulled down yesterday.

Mr. J. H. Stevenson, living about seven miles from the city, brought in a bunch of radishes yesterday as large as hickory nuts. Shipments will be sent forward in a few days.

L. H. Cutler is "out of the fire" and wants to see his old customers, and new ones, too, at the Odd Fellows' building, on Middle street. Housekeepers ought to read his "ad."

Personal.

Mrs. S. R. Street, jr., has returned from a visit to Danville, Va.

Mrs. Hugh J. Lovick has returned from Washington, N. C., whither she was called to see her mother who died on the Srd inst.

Mr. H. W. Wahab arrived from Hyde county yesterday.

Geninterested as the large ones. Gen-erally, it is more difficult for a man owning five hun-dred or a thousand dollars worth of property to meet the demands of the sheriff than it is for one owning fifteen or twenty thousand. EDITOR JOURNAL :- Hearing that the managers of the Wilmington & Weldon road have promised to make Mr. Washington Bryan the General Superintend-ent of the A. & N. C. road, in cas, they become the lessees, and he, in consideration of such promise, is trying to pro-dure proxies, from the stockholders in this community, for the purpose of voting their stock in favor of a lease to his employees, we should like to know whether the rumor is true or false. If true, it should be made public, that

our citizens may not unwittingly place their proxies in the hands of a man pledged to a competing corporation, whose interests conflict with the interests of our road, and can be promoted only at the expense and damage of this section of country. If false, Mr. Bryan should set himself

right by denying the report. Hoping that the rumor is unfounded

ORANGE PRESBYTERY. HENDERSON, N. C., March 27. DEAR JOURNAL-Henderson has passed from her infancy since I last looked upon her. Twelve years ago (a citizen told me) there were about half a dozen stores here. Now the town has nearly 3,000 inhabitants, and many handsome buildings. The court house is a very creditable hall of justice, and is awaiting in its tower a statue of Gov. Vance. which will be most appropriate, since this is Vance county. Tobacco is the wealth of the town. There are fifty-one buyers of the leaf here; four immense warehouses, where the sales or breaks warehouses, where the sales or *Oreaxs* ship in the county are held, and about eight million pounds are annually sold. The average price will be about 15c. a pound, but much sells for \$25 and \$50 and \$75, and up to \$250 per hundred pounds. Good News for Railway Route Agents. The Postmaster General, it is understood, has said that applicants for position in the railway mail service might just as well withdraw their papers, as removals in this branch will only be made for good cause. Its employees are, for the service rendered, the poorest paid of any of the government ser-vants. It has been said that the industry

required to be an efficient railway postal clerk would make a man prominent in any of the professions. Postmaster General Vilas says that this class of public servants ought to know at once that their places are not to be farmed out by politicians, and that he expects to continue the mail service just as it has been developed by the experience of

Too many people seem to think that a religious newspaper should be confined to the discussion of moral and religious subjects only, forgetting that religion has to do both with the bodies and souls mh28 d3m of men. "Prove all things, hold fast that which is good,"has as much to do with the practical side of life as it has with the moral side. Our readers will with the moral side. Our readers will bear testimony that in all questions dis-cussed in the Index, the practical has been duly set forth. In this paragraph, therefore, we only seek to present an article worthy of commendation. After subjecting it to the above test we have tried Swift's Specific and found it good -good as a blood purifier, good as a health tonlo.
