

PUBLISHERS' ANNOUNCEMENT.

THE DAILY JOURNAL is a daily paper published daily except on Sunday, at \$1.00 per month in advance. Delivered to city subscribers at 10 cents per month.

THE NEW BERNE JOURNAL, a 32 column paper, is published every Thursday at \$1.00 per month.

ADVERTISING RATES (DAILY).—One inch (10 lines) 50 cents; one week, \$2.00; one month, \$5.00; six months, \$25.00; one year, \$45.00. Advertising under head of "City Items" 50 cents per line for each insertion.

Notices of Marriages or Deaths, not to exceed six lines will be inserted free. All additional matter will be charged 10 cents per line.

Payments for transient advertisements must be made in advance. Regular advertisements will be collected promptly at the end of each month.

Communications containing news or a discussion of local matters are solicited. No communication must expect to be published that contains questionable personalities; withhold the name of the author; or that will make more than one item of this paper.

Any person feeling aggrieved at any anonymous communication can obtain the name of the author by application at this office and showing wherein the grievance exists.

THE JOURNAL.

H. S. HUNN, Editor.

NEW BERNE, N. C., MARCH 31 1885.

Entered at the Post office at New Berne, N. C. as second-class matter.

THE President is slow to give North Carolina anything. He is probably waiting to see to whom he is indebted for his nomination, J. C. BUXTON or J. S. CARR.

The *Davidson Dispatch* observes that with a million and a half of population there are but two Republican newspapers in North Carolina. It might have added that bold, able, outspoken, genteel and self-respecting Republican paper at Raleigh might do the State some service.—*Statesville Landmark*.

Would not a Democratic paper, bold and fearless enough to condemn the wrongs committed by its own party, fill the bill? And have we not such a paper at Raleigh? The *Farmer and Mechanic* for instance. There is no doubt that good, healthy opposition, in things political proves beneficial to the people. Thirty or forty active, intelligent Republicans in the last General Assembly would, in all probability, have improved legislation.

PLANTING TREES.

The Hon. JOHN A. MARTIN, Governor of Kansas, makes two very interesting statements in his proclamation which designates April 2 as Arbor Day, when old and young turn out to plant trees. He says that "the State which the pioneers found treeless" and a desert, now bears upon its fertile bosom "more than twenty millions of fruit trees, and more than two hundred thousand acres of forest trees, all planted by our own people." And the Governor also says: "That there has been an increase in the rainfall in Kansas is fully proved by the statistics of our oldest meteorologists." Every State should establish an Arbor Day, and every citizen should remember that it is a good thing to plant trees on any day in the season.

COME ON TO NEW BERNE.

The people of Wilmington seem to be in earnest about building a railroad to Onslow county. The *Star* states that it is possible that a portion of the road will be in operation by the coming winter.

Why not extend this road to New Berne and help to carry the corn that accumulates here. An additional line of railway connecting with the interior would bring large quantities of corn to New Berne that are now turned toward Norfolk.

There is another important view of this subject. If the improvements of the harbor of Wilmington are likely to develop the depth of water on the bar that was expected, and we presume this is the case, why can not New Berne be made tributary to Wilmington instead of Norfolk? If building a road to Jacksonville will pay, surely it will pay better to extend it on to New Berne.

New Berne can never hope to build up a foreign shipping trade of any magnitude unless she could be connected direct with Beaufort harbor. We had hoped to secure this connection through the opening of Harlowe creek canal, but the government is slow to recognize the importance of this work, so we no longer expect to see vessels of larger draft than those that now go

out at Hatteras pass through that canal.

A road from Wilmington to New Berne would develop a fine farming country along the line, and encourage the concentration of the corn from the lower counties at this place.

We hope the friends of this enterprise will consider the question of coming on to New Berne. It will not hurt either of the cities to be united by a direct line of railway.

STATE NEWS

Gleaned from our Exchanges.

Winston Sentinel: 472 pupils are now registered at the graded school.—Counterfeit 25 cent pieces of 1853 are floating around and it would be well to look out for them.

Statesville Landmark: Many of the young tobacco plants have been seriously injured by the recent cold weather, and some of the farmers intend to plow up their plant beds and sow them over.—This community was startled last Sunday morning by the news of the death of Mrs. Mariana Walton, wife of Mr. W. W. Walton, which occurred at the residence of her husband in this place at 11 o'clock the night before.

Greenville Eastern Reflector: A farmer in this county has a hog that is two years old and would not weigh ten pounds dressed. The hog appears perfectly healthy and eats heartily.—Now that Greenville is sailing under a new charter and the corporate limits extended the last census returns will not answer as a guide to our population. It is the belief of many that the town now has fully double the number of inhabitants that were in it when the last census was taken.

Wilmington Star: A meeting of the corporators of the Wilmington, Onslow and East Carolina Railroad will be held in Wilmington on Tuesday, the 21st day of April, when arrangements will be made to open the books for subscriptions to the capital stock and arrangements made for organizing a company early in June, which is as soon as the charter admits. The feeling seems to be unanimous in favor of this railroad, and it will be pressed forward with energy. It is possible, we understand, that a portion of the road will be in operation by the coming winter.

Elizabeth City Falcon: Some fears are expressed concerning the condition of the Irish potato crops hereabouts, and the earliest crops of green peas have been entirely destroyed, some having lost two crops and the third sowing being in a precarious condition.—It would be hard to estimate the loss the city of New Berne has sustained in the last ten years simply because there was no comfortable place for visitors to stop at. Now let some capital be invested and a good roomy hotel conveniently located be built and put in the hands of a competent keeper, and Elizabeth City will congratulate her sister city in that she has done a good thing.

Wilson Mirror: Dr. A. B. Nobles made 76 bales of cotton on 50 acres of land.—Col. S. L. Fremont is now engaged in engineering a work of importance between New Berne and Beaufort.—G. D. Green, one of our most prominent hardware merchants, owns that death-dealing rifle which made the famous outlaw, Henry Berry Lowery a few years ago such a terror to the people of this State. The name of that ferocious specimen of daring manhood is upon the gun, and around it clusters in graphic horror the painful memories of those terrible scenes which dotted the blood-stained pathway of this bold, bad man.

Clayton Bud: A little son of Rev. J. J. Harper was accidentally shot in the arm last Monday while he and a little son of J. C. Hood, Esq., were bird hunting. It is thought his arm will have to be amputated.—The wheat crop, we are informed, does not look promising, and if it does not prove a dead failure, will be short.—It is rumored that the Wilmington and Weldon Railroad Company has bought the Midland N. C. Railroad. We do not mention this as a fact, but will not be surprised to learn that such a sale has been made, and if the rumor proves to be a fact, there is hardly room to doubt that the new proprietors will extend the road on from Smithfield to Fayetteville.

Smithfield Herald: In Wilson county, near the Johnston line, last week, Josiah Ward, a white boy, while fooling with a rabbit, emptied the load into his head through the mouth, which caused instant death.—We learn that Davy Sued, colored, of Bentonville township, was bitten by a rabbit dog, belonging to G. W. Parker, Esq., about six weeks ago. He is now very strangely affected, and is a great sufferer. He was bitten on the calf of the leg, and at one time the leg was very much swollen. It was lanced by Dr. Wellons, and now it

seems to shrink away, it gives him so much pain he seldom ever gets a good night's rest.—Masters Cebe Harper and Henry Hood went out hunting Monday, both bent on a few hours' enjoyment shooting birds and other game, but ere they had gotten out of the enclosure of the orchard, which is adjoining the yard of Rev. J. J. Harper, a distressing accident occurred. Henry used a double barrel gun, and after having emptied both barrels of the gun, he reloaded it, springing both hammers of the gun back for the purpose of placing the caps on, holding the muzzle of the gun directly in front of him, and whilst he was in the act of letting down the hammers, Cebe it seems standing about four feet in front of him, one of the barrels discharged, the whole load passing through his right arm between the elbow and shoulder, causing a serious and painful wound and shattering the bone.

A Gruesome Bill of Fare.

I have before me a menu of a dinner of the Thirteen Club of San Francisco. It is a gruesome sight. On the front page is a curious design of an owl hatching thirteen skulls. On the back is a striking picture of a skull set artistically on two cross-bones. Around both illustrations is a wide, black line. Within narrower mourning lines on the inside is printed the menu and on the opposite page is a list of thirteen ceremonies, each one of which defies a superstition. There are thirteen members only, and each one passes under a ladder to the table. As supposed unlucky things to do the list embraces the presentation of jack-knives, spilling of salt, breaking the mirror, casting the evil eye, spilling the wine, belling the black cat, cutting the nine of diamonds, spying the moon over the left shoulder. Each member at this dinner wears an opal in some setting, and toasts are proposed to the illustrious memory of Jonah, to Friday, and to the magpie and the owl—birds of evil omen. The music includes Beethoven's Funeral March the Dead March in Saul, Chopin's Funeral March, and the Brindisi, from "L'Inferno." There are numerous quotations and all of them are somber and deathly.—*San Francisco Chronicle*.

FOR THE TEETH.—The following is an excellent wash for the teeth: Dissolve two ounces of borax in three pounds of boiling water, and, before it is cold, add one tablespoonful of spirits of camphor and bottle for use. A tablespoonful of this, mixed with an equal quantity of water and applied daily with a soft brush, will preserve the teeth, extirpate all tartarous adhesion, arrest decay and make the teeth pearly white.

Bottled Advertising.
It has been demonstrated that bottled advertising is superior to any and all modes. We have adopted the plan of placing the bulk of our advertising INSIDE of the bottle and corking it up, while others do all their work on the outside. That is the reason that B. B. B. proves so valuable in the cure of all blood diseases, Rheumatism, Catarrh, Skin and Kidney affections. Merit is in the bottle and the patient is at once convinced of the fact. Large bottles \$1, three for \$3.50. Address, Blood Balm Co., Atlanta, Ga.

B. B. B.
J. M. Ellis, Atlanta, Ga., writes: I have had a severe form of Eczema, ten years, and have failed to secure relief from various doctors, and about 140 bottles of a noted remedy. It was pronounced incurable, but the use of B. B. B. has effected a cure, and I refer to Dr. D. O. C. Heery, Dr. F. F. Taber, Atlanta, Ga.
W. M. Cheshire, at W. H. Brotherton's store, Atlanta, writes: "I have had a large eating ulcer on my leg cured by the use of B. B. B."
It is decidedly a most wonderful medicine for the cure of blood diseases, and it will please everybody.

NASHVILLE, TENN., Nov. 8, 1884.
One of my customers, Mrs. L. Williams, has been using B. B. B. a short time and reported to me that its effects were simply marvelous, and that it far surpasses all other blood remedies she has used, and that she could heartily sanction anything said in its favor, as it had given her more relief than anything she had ever used before.

MOTHER'S FRIEND!
NO MORE TERROR!
NO MORE PAIN!
NO MORE DANGER!
TO
MOTHER OR CHILD.
The Dread of
Motherhood
Transformed to
HOPE
AND
JOY.
—
SAFETY AND EASE
—TO—
SUFFERING WOMAN.
This invaluable preparation is truly a triumph of scientific skill, and no more estimable benefit was ever bestowed on the mothers of the world. It not only shortens the time of labor and lessens the intensity of pain, but, better than all, it greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition highly favorable to speedy recovery, and far less liable to flooding, convulsions, and other alarming symptoms incident to lingering and painful labor. Its truly wonderful efficacy in this respect entitles the MOTHER'S FRIEND to be ranked as one of the life-saving medicines given to the world by the discoveries of modern science. From all nature of the case it will of course be understood that we cannot publish certificates concerning this REMEDY without wounding the delicacy of the mother. Yet we have hundreds of such testimonials on file, and no mother who has once used it will ever again be without it in her time of trouble.
A prominent physician lately remarked to the proprietor, that if it were permissible to make public the letters we receive, the "Mother's Friend" would outsell anything on the market.
I most earnestly entreat every female expecting to be confined, to use Mothers' Relief coupled with this remedy. I will add that during a long obstetrical practice (forty-two years), I have never known it to fail to produce a safe and quick delivery.
