How a "Corner" is Worked. The speculators in the grain markets often engineer a rise or a decline in prices...

During last August or before, an immense amount of corn was sold short in this market for September delivery.

Those sellers who filled in or bought back what they sold before the price got too high, escaped from the trap set for them with but little loss...

THE BEE-HIVE is still flourishing under its new management, with the addition of Mr. A. Byron Carroll as clerk...

Scrofula. I have had hereditary scrofula broken out on me for eight years. My mother and one sister died with it...

Eczema. I was affected for nearly four years with eczema. The doctors called it at first erysipelas. I was treated by physicians. I used about thirty bottles and have had no trouble with it since...

My daughter, seven years old, has been afflicted with eczema for two years, and after trying other remedies in vain, I gave her Swift's Specific (S. S.), and one and a half bottles cured her sound and well.
